BOARD OF COMMISSIONERS Bob White, Chairman Michael Payment, Vice-Chairman Paul M. Beaumont J. Owen Etheridge Mary "Kitty" Etheridge Selina Jarvis Kevin McCord

153 Courthouse Road, Suite 201 Currituck, North Carolina 27929 Telephone (252) 232-2075 / Fax (252) 232-3551 Benjamin C. Stikeleather County Manager Donald Ike McRee County Attorney Leeann Walton Clerk to the Board

December 20, 2019

The Board of Commissioners Currituck County, North Carolina

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of Currituck County for the fiscal year ended June 30, 2019. The financial statements and supplemental schedules contained herein have been audited by the independent, certified public accounting firm of Carr, Riggs & Ingram, LLC, and that firm's unmodified opinion is included in the Financial Section of this report. The report itself, however, is presented by the County, which is responsible for the accuracy of the data and for the completeness and fairness of its presentation including all disclosures. We believe the data presented is accurate in all material respects; that it is presented in a manner designed to set forth fairly the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included.

This report consists of management's representations concerning the finances of Currituck County. To provide a reasonable basis for making these representations, management of Currituck County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of Currituck County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, Currituck County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Generally accepted accounting principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County of Currituck's MD&A can be found immediately following the report of the independent auditors.

#### **DESCRIPTION OF THE COUNTY**

Founded in 1668, Currituck (Indian for "land of the wild goose") is the most northeastern county in North Carolina. Currituck County is one of the state's four original counties. In addition to the more than 22 miles of

beaches along the Atlantic Ocean, the County has numerous sounds, rivers, and creeks that provide some of the most memorable game fishing, waterfowl hunting, and other recreational activities that can be experienced. The County has a permanent population of approximately 27,978; although, the strong tourism industry produces a large seasonal population that results in an average daily population from mid-April through September estimated to be approximately 45,000 to 55,000. There are no incorporated areas located within Currituck County.

The County has a Commissioner-Manager form of government. The Board of Commissioners consists of seven members that serve staggered four-year terms. Members are elected County-wide on a partisan basis in even numbered years. The Commissioners hold policy-making and legislative authority. They also annually adopt a balanced budget and establish a tax rate for the support of County operations. The Commissioners appoint the county manager whose responsibility it is to implement policies, manage daily operations, and appoint department heads.

The County provides its citizens with a wide range of services that include public safety, transportation, environmental protection, economic and physical development, human services, cultural and recreational services, and others. This report includes all the County's activities in maintaining these services. The County also extends financial support to certain boards, agencies, and commissions to assist their efforts in serving citizens. Among these are the Currituck County Board of Education, Albemarle Regional Health Services, Albemarle Commission, Albemarle Regional Solid Waste Authority, East Albemarle Regional Library and others.

#### ECONOMIC CONDITIONS AND OUTLOOK

Currituck County's leading "industry" is travel and tourism and related services. The Currituck Outer Banks is a major destination for tourists and more vacationers are visiting the Outer Banks during the non-peak months of March through May and September through November. The longer tourist season is stabilizing rental income and other economic benefits to local businesses. Although construction has slowed significantly, development continues throughout the County.

Currituck County is in the Hampton Roads Metropolitan Statistical Area (MSA). Currituck, located within sixteen miles of Interstate 64 and the Chesapeake Expressway, makes the county convenient to the Norfolk International Airport and to the deepwater ports in Hampton Roads. This favorable location continues to attract residents and the population has increased 18.18 percent from 2010 to 2019.

Not surprisingly, the largest businesses in Currituck County are intimately related to governmental activities and Travel and Tourism: retail trade, real estate and accommodation/services. The largest employers in Currituck County are Currituck County Board of Education, the County of Currituck Government and Academi Training Center LLC, followed by employee staffing, a grocery store, retail, realty, health services and fast food.

During the past year, the ad valorem tax base increased from \$6,246,566,250 to \$6,403,894,792, an increase of 2.52 percent, which reflects an increase in construction within the County. The octennial revaluation as required by the North Carolina General Statutes became effective on January 1, 2013. The county-wide tax rate for the fiscal year ending June 30, 2019 was \$0.48 per \$100, which is favorable for new residents and businesses.

Currituck County continues its commitment to expand the Parks and Recreation facilities within the County. The County is currently designing a recreation facility for the Moyock area. Continued expansion of the multiuse paths, NC 12 beautification projects, and design of a Maritime Museum are in process on the Currituck Outer Banks. The Ocean Sands water and sewer district sewer expansion was completed this year and demolition of the old sewer plant is in process. To summarize, the County's very favorable tax rate, mild climate, location, improving regional transportation systems and overall quality of life ensure that its economic outlook is bright.

#### **MAJOR INITIATIVES**

During the year the County was involved in a number of major projects, some of which will not be completed until future years. Highlights of these projects are discussed in the following paragraphs.

The Board of Commissioners and the Currituck County Board of Education continue their joint commitment of providing adequate school facilities. Both of the above boards are working together to meet the needs to maintain quality education for the children of our County. Although there are no major public school capital projects at this time, the County continues to work with the Board of Education to maintain the current facilities. The primary focus has been to maintain the current school facilities through upgrades of HVAC systems, energy management and roof replacements in existing facilities. (The Currituck County Board of Education is a separate reporting entity apart from the County; a detailed discussion of their activities and initiatives can be found in their Comprehensive Annual Financial Report.)

The County also had several initiatives in process throughout this year. Expansion of the airport runways continued to be a priority and design was underway at the end of this fiscal year. Design of a public safety facility in Maple, a park in Moyock and connection of the Detention Center to the sewer located in Maple Commerce Park are the major County governmental projects for the upcoming year.

#### **Factors Affecting Financial Condition**

In government, much more than in business, the budget is an integral part of a unit's accounting system and daily operations. An annual or projected budget ordinance, as amended by the governing body, creates a legal limit on spending authorizations. For Currituck County, annual budgets are adopted for the General, Special Revenue (except the Multi-Year Grant Fund), Tourism Development Authority Fund, Capital Projects (except the County Governmental Facilities Fund and the School Facilities Fund) and Enterprise Operating Funds. Multi-year project budgets are adopted for the Multi-Year Grant Fund, the County Governmental Facilities Fund, the School Facilities Fund, the Southern Outer Banks Water Construction Fund, and the Mainland Central Sewer Construction Fund. Appropriations in the General Fund and the Special Revenue Funds are made at the departmental level; Capital Projects appropriations are made at the project level; and Enterprise Fund appropriations are made at the function level. However, for internal accounting purposes, budgetary control is generally maintained by object class (line item account). Purchase orders that would create an over encumbrance at that level are not written until appropriations are made available either through budget amendments or intradepartmental transfers approved by the county manager. The county manager may transfer amounts within a department up to \$10,000 or between departments within the same fund up to \$1,000 providing an official report on such transfers at the next regular meeting of the Board of Commissioners, or make interfund loans for a period of not more than sixty days. However, the county manager may not transfer any amounts between funds or from any contingency line items within any funds.

In accordance with State law, the County's budget is prepared on the modified accrual basis, and its accounting records also are maintained on that basis. Under modified accrual accounting, revenues are recorded when they are both measurable and available. Expenditures are recorded when a fund liability is incurred, except for unmatured principal and interest on long-term debt and certain compensated absences. Governmental Fund types, such as the County's General Fund, Special Revenue Funds, Capital Projects Fund, and Agency Funds are reported on the modified accrual basis in the financial statements. The County's Enterprise and the Pension Trust Fund are reported on the full accrual basis in the financial statements, under which revenues are recorded when earned and expenses are recorded when incurred.

County management is responsible for the accounting system and for establishing and maintaining an internal control structure. The internal control structure is designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition; (2) the reliability of

financial records for preparing financial statements in conformity with generally accepted accounting principles and maintaining accountability for assets; and (3) compliance with applicable laws and regulations related to federal and State financial assistance programs. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits require estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the County's internal accounting controls adequately protect assets and provide reasonable assurance of the proper recording of financial transactions. As part of the County's single audit (discussed in more detail in a later paragraph), the independent auditor performed a review of the County's internal control structure. This review was not an audit and no opinion was issued on the County's internal control structure; however, the procedures performed by the independent auditor did not indicate any material internal control weaknesses or reportable conditions.

**Local Economy.** Currituck County enjoys a favorable economic environment due to the tourism industry. The County recognizes the importance of tourism to our economy and in an effort to assist potential visitors to have more access to information on the area, the County established a Visitor's Center in Corolla and a Welcome Center, located on the North Carolina and Virginia state lines.

In addition to tourism, the County is also focusing on several Economic Development priorities and projects. The Currituck Station Mega-Site is a long-term economic development plan developed for Currituck County to bring residential and commercial opportunities to the county over the next three decades. The 3,000-acre site in Moyock will include retail stores, medical offices, and even locations for high-tech industrial warehouse distribution and advanced manufacturing businesses with a variety of residential areas.

Other priorities include priming the mainland for future development around the Mid-Currituck Bridge; encouraging business growth in Lower Currituck to build on the momentum triggered by the H2OBX Waterpark; and working to identify and stimulate new industry clusters within the county that have the most potential for spurring job growth and investment.

Also worth noting are the continued development of the Maple Commerce Park and the addition of a new College of the Albemarle Public Safety Training Center in Maple.

**Long-term Financial Planning.** The governing board has developed a long-term construction plan for both County governmental facilities and education facilities, which are funded by the County even though they are assets of the school. The County has committed to construction of a Public Safety facility in cooperation with the College of the Albemarle to provide fire and rescue training for Northeastern North Carolina. In addition, within the next ten years, the County anticipates continued demands for additional recreational, emergency response facilities, utility expansion and schools.

**Cash management policies and practices.** Cash temporarily idle during the year was invested in savings accounts, certificates of deposit, obligations of the U. S. Treasury, commercial paper and the North Carolina Cash Management Trust throughout the year. The maturities range from 220 days to 3.51 years. The average yield on investments was 0.391% for savings accounts, 2.550% for commercial paper and 2.200% for federal agencies.

**Risk management.** The County participates in the North Carolina Association of County Commissioners (NCACC) property and general liability, worker's compensation. The pools provide coverage for property, general liability, vehicle, crime, professional liability, environmental impairment, and worker's compensation benefits. The County contracts with CIGNA to provide health insurance benefits to full-time employees. The County also maintains flood insurance on structures located in flood prone areas. As of June 30, 2019 the Whalehead Club, Bridal suite restroom facility at Historic Corolla Park, and the Moyock Library were covered by flood insurance.

#### **OTHER INFORMATION**

Currituck County is required by State law (G.S. 159-34) to have an annual independent financial audit. A compliance audit on federal and State financial assistance programs is also required under the federal Single Audit Act of 1996 and the State Single Audit Implementation Act. The County's auditors, Carr, Riggs and Ingram, LLC., were selected through a formal request for proposals process. The Auditors' report on the General Purpose Financial Statements is included in the Financial Section of this report. The auditors' reports required as a part of the single audit are found in the Compliance Section of this report. The findings and questioned costs reported in the Compliance Section are subject to a subsequent review by the appropriate grantor agencies. This review could result in reimbursements to grantor agencies if some expenditures are deemed inappropriate. However, every effort has been made to insure that all disbursements are made in compliance with the applicable financial assistance program provisions. Required refunds, if any, should be immaterial.

This is the seventeenth Comprehensive Annual Financial Report prepared by Currituck County. It is the County's intention to submit this year's report to the Government Finance Officers Association (GFOA) for its Certificate of Achievement for Excellence in Financial Reporting Program. This program recognizes governmental units that publish easily read and efficiently organized Comprehensive Annual Financial Reports that conform to program standards. A Certificate of Achievement is the highest form of recognition awarded in the field of governmental financial reporting.

#### AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Currituck for its comprehensive annual financial report for the fiscal year ended June 30, 2018. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Preparation of this report would not have been possible without the dedicated efforts of the entire staff of the Finance Department and support from the Administrative, Human Resources and Tax Departments. Credit must also be given to the governing board for their support for maintaining the highest standards of professionalism in the management of the Currituck County finances.

Respectfully submitted,

Benjamin C. Stikeleather

#### Independent Auditors' Report

To the Board of County Commissioners Currituck County, North Carolina

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Currituck County, North Carolina as of and for the year then ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Currituck County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Currituck County ABC Board, which represents 100 percent of the assets, net position and revenues of the aggregate discretely presented component unit. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Currituck County ABC Board is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Currituck County ABC Board were not audited in accordance with *Governmental Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we

express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# **Opinions**

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Currituck County, North Carolina as of June 30, 2019, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund and the Tourism Development Authority for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Other Matters**

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Other Postemployment Benefits' Schedules of Changes in the Total OPEB Liability and Related Ratios, the Local Government Employee's Retirement System Schedules of the County's Proportionate Share of Net Pension Liability and County Contributions, the Register of Deeds' Supplemental Pension Fund Schedules of the County's Proportionate Share of the Net Pension Asset and County Contributions and the Firefighters' and Rescue Squad Workers' Pension Fund Schedules of the County's Proportionate Share of the Net Pension Liability and County Contributions on pages 19 through 30, 105, 106, 107, and 109, the Law Enforcement Officers' Special Separation Allowance Schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, page 108, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

# Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Currituck County, North Carolina. The combining and individual fund statements, budgetary schedules, other schedules as well as the accompanying Schedule of Expenditures of Federal and State Awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements the underlying accounting and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory information and the statistical sections have not been subjected to the auditing procedures applied on the audit of the basic financial statements, and accordingly, we do not express an opinion or provide assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2019 on our consideration of Currituck County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting are porting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Currituck County's internal control over financial reporting and compliance.

#### Management's Discussion and Analysis

As management of Currituck County, we offer readers of Currituck County's financial statements this narrative overview and analysis of the financial activities of Currituck County for the fiscal year ended June 30, 2019. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements which follow this narrative.

## Financial Highlights

- The assets and deferred outflows of resources of Currituck County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$198,856,200(*net position*).
- The government's total net position increased by \$9,018,328 due to increases in the completion of capital projects funded in prior years and increases in tax collections.
- As of the close of the current fiscal year, Currituck County's governmental funds reported combined ending fund balances of \$85,807,533, after a net increase in fund balance of \$11,949,023. Approximately 46.23% of this total amount, or \$39,664,696, is restricted or nonspendable.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$12,199,631 or 25.32% of total general fund expenditures for the fiscal year.
- Currituck County's governmental funds debt decreased by \$1,580,311 or 49.13% during the current fiscal year.
- Currituck County's proprietary funds debt decreased by \$4,060,000 or 16.25%, which is attributed to early retirement of debt for the Mainland Central Sewer System and by making scheduled payments for previous outstanding debt.
- Currently, the County does not hold any debt that has been rated by investment rating agencies.

This discussion and analysis are intended to serve as an introduction to Currituck County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Currituck County.

# **Required Components of Annual Financial Report**

# **Basic Financial Statements**

The first two statements (Exhibits 1 and 2) in the basic financial statements are the Government-wide Financial Statements. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3 through 11) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, supplemental information is provided to show details about the County's nonmajor governmental funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension plans.

## **Government-wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how it has changed. Net position is the difference between the County's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gage the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the County's basic services such as public safety, parks and recreation, and general administration. Property taxes and State and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the water and sewer and solid waste services offered by Currituck County. The final category is the component unit. Although legally separate from the County, the ABC Board is important to the County because the County is financially accountable for the Board by appointing its members and because the Board is required to distribute its profits to the County.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

# **Fund Financial Statements**

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Currituck County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Currituck County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds** – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds

are reported using an accounting method called *modified accrual accounting*. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or fewer financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Currituck County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

**Proprietary Funds** – Currituck County has one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Currituck County uses enterprise funds to account for its water and sewer activity and for its solid waste operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

**Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Currituck County has three fiduciary funds, one of which is a post-employment retiree benefits fund and the other two are agency funds to account for fines and forfeitures and the social services trust fund.

**Notes to the Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 47 of this report.

**Other Information** – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Currituck County's progress in funding its obligation to provide pension and other benefits to its employees. Required supplementary information can be found beginning on page 104 of this report.

#### **Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as one useful indicator of a The County's assets and deferred outflows of government's financial condition. resources exceeded liabilities and deferred inflows of resources by \$198,856,200 as of June 30, 2019. The County's net position increased by \$9,018,328 for the fiscal year ended June 30, 2019. One of the largest portions \$127,884,298 (64.31%) reflects the County's net investment in capital assets (e.g. land, buildings, machinery, and equipment). As of June 30, 2019, long-term debt in governmental activities was for stormwater drainage for the Whalehead subdivision. Currituck County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Currituck County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these An additional portion of Currituck County's net position \$39,590,510 liabilities. (19.91%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$31,381,392 (15.78%) is unrestricted.

Net position:												
Net investment in capital assets		93,267,704		98,629,299	34,616,594		28,527,935		127,884,298		127,157,234	
Restricted		39,590,510		35,385,491	-		-		39,590,510		35,385,491	
Unrestricted Total net position	\$	15,328,578 148,186,792	\$	9,057,138 143,071,928	\$ 16,052,814 50,669,408	\$	18,238,009 46,765,944	\$	31,381,392 198,856,200	\$	27,295,147 189,837,872	

Several particular aspects of the County's financial operations influenced the total unrestricted governmental net position:

- Continued diligence in the collection of property taxes by maintaining a collection percentage of 99.09%, higher than the statewide average of 98.92%.
- Management's proactive stance on monitoring spending across County departments to ensure compliance with the budget.
- Continued low cost of debt

**Governmental activities**. Governmental activities increased the County's net position by \$5,114,864. Key elements of this decrease are as follows:

- Increased revenues from property and other taxes
- Increased revenues from other taxes resulting from increased land transfers
- Increased revenues from charges for services

**Business-type activities**: Business-type activities increased Currituck County's net position by \$3,903,464. The main element of this increase is from increased consumption revenue in public utility systems and retirement of debt in the Mainland Central Sewer system.

The cumulative effect of all activities increased Currituck County's net position by \$9,018,328.

#### **Financial Analysis of the County's Funds**

As noted earlier, Currituck County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**. The focus of Currituck County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Currituck County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of Currituck County. At the end of the current fiscal year, Currituck County's unassigned fund balance available in the General Fund was \$12,199,631, while total fund balance reached \$23,580,379. The County currently has an available fund balance of 25.32% of general fund expenditures, while total fund balance represents 48.93% of that same amount.

Figure 4 below illustrates the changes in fund balances for the County's governmental funds as compared to the prior year.

	2019 Total	2018 Total	Change in Fund Balances			
General	\$ 23,580,379	\$ 20,903,382	\$ 2,676,997			
County Governmental Facilities	15,851,043	11,727,704	4,123,339			
School Facilities	7,420,975	6,326,217	1,094,758			
Tourism Development Authority	16,482,964	14,350,042	2,132,922			
Transfer Tax Capital Fund	11,460,153	11,856,794	(396,641)			
Other Governmental	11,012,019	8,694,371	2,317,648			
	\$ 85,807,533	\$ 73,858,510	\$ 11,949,023			

#### Figure 4 Changes in Fund Balances for Governmental Funds

Increased revenues from property and other taxes, as well as debt retirement account for the increased fund balance in the General fund. The total fund balance for the County Governmental Facilities and School Facilities reflect increases due to funding of projects in the current year that will be completed in future years. Fund balances in the Tourism Development Authority Fund, which increased due to increases in visitors to our beaches, are for tourism promotion and tourism related expenditures, which funds a portion of the recreation expansion projects. Decrease in fund balance in the Transfer Tax Capital Fund is due to retirement of debt in the Mainland Sewer fund that was funded though increases in transfer taxes. The increase in fund balance for the other governmental funds is the result of funding for capital projects that will be completed in future years. At June 30, 2019, the governmental funds of Currituck County reported a combined fund balance of \$85,807,533, a 16.18% increase over last year. This increase is primarily due to increases in revenues from property taxes and other taxes.

**General Fund Budgetary Highlights**: During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Highlights of the budgetary variances for the General Fund are shown in Figure 5.

Figure 5 General Fund Budget to Actual Summary

Total amendments to the General Fund increased budgeted revenues by \$1,261,954. General fund revenues recognized increases over the prior year, with a total revenue increase of \$1,964,359. The overall actual General fund revenues were \$3,123,819 greater than budget, primarily due to increased property tax collections and other tax revenues. The final budget for expenditures was \$51,749,268, which was a \$1,562,199 increase over the original budget. The increase from the original budget is primarily due

to the carry-forward of funds from the prior year for projects that were not completed by year end and increased costs for public safety.

**Proprietary Funds**. Currituck County's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Solid Waste Fund at the end of the fiscal year amounted to \$2,438,736, and those for the Water and Sewer Districts totaled \$13,614,078. The total change in net position for the proprietary funds is shown in Figure 6.

	June 30 2019	 June 30 2018	Change in et Position

#### **Capital Asset and Debt Administration**

**Capital assets.** Currituck County's capital assets for its governmental and business – type activities as of June 30, 2019, totals \$150,430,123, net of depreciation. These assets include buildings, land, machinery and equipment, park facilities, water and sewer distribution systems and vehicles.

Major capital asset transactions during the year include:

- Design of the Public Safety Facility
- Connecting Corolla Phase V
- Ocean Sands Sewer replacement and expansion

Additional information on the County's capital assets can be found in note III.A. 5, beginning on page 65 of the Basic Financial Statements.

**Long-term Debt**. As of June 30, 2019, Currituck County had total bonded debt outstanding of \$12,035,000, which is backed by certain revenues of the Mainland Water System. The County also had installment purchase agreements for stormwater improvements in the Whalehead Subdivision Watershed Service District, Southern Outer Banks Water System and Ocean Sands Water and Sewer District, with outstanding balances of \$1,635,825, \$2,125,000, and \$6,750,000, respectively. These debt instruments are backed by their respective assets.

Currituck County's total debt decreased by \$2,718,379 (4.40%) during the past fiscal year. This decrease is due to early retirement of debt for the Mainland Central Sewer District. This debt is also offset by making scheduled payments on existing debt.

As mentioned in the financial highlights section of this document, Currituck County retired all debt that was rated by rating agencies in prior fiscal year. Currently the County has no rated debt.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Currituck County is \$501,800,758, see Schedule 10, page 188. The County has no bonds authorized but unissued at June 30, 2019.

Additional information regarding Currituck County's long-term debt can be found in note III.B.7 of this audited financial report.

# Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the economy of the County.

• As of June 30, 2019, Currituck County had one of the lowest unemployment rates in the State with a rate of 3.7%, compared to the State average of 5.1%.

#### **Budget Highlights for the Fiscal Year Ending June 30, 2020**

**Governmental Activities:** Currituck County's octennial revaluation became effective for the 2014 fiscal year. Governmental fund revenues in the general funds are budgeted conservatively with a 4.34% decrease from the actual revenues received for the year ended June 30, 2019 due to collections of motor vehicle taxes for overlapping years and increases in permits and fees realized after the budget was adopted.

Budgeted expenditures in the General Fund are anticipated to be \$51,264,951 before transfers to other funds, approximately 0.94% decrease over the prior year budget. The County anticipates growth due to increases in construction and expenses are anticipated to be steady in proportion to this growth.

The County is in the process of construction of a Public Safety and Training facility in the upcoming fiscal year. This project will be funded through revenues accumulated in prior years, debt of \$21,400,000 that was approved in October 2019 and funding from various capital grants.

**Business – type Activities:** For the upcoming fiscal year, the County will continue to evaluate the operations of all business-type activities. Expansion of the Ocean Sands Sewer system replacement was completed in the current fiscal year and this project still has the removal of the old system that will be completed in the fiscal year ending June 30, 2020. The County is also in the process of considering options for sewer expansion in the northern Currituck mainland.

#### **Requests for Information**

This report is designed to provide an overview of the County's finances for those with an interest in this area. This document is also available online at www.currituckgovernment.com under the Finance Department. Questions concerning any of the information found in this report or requests for additional information should be directed to the Currituck County Finance Director, Currituck County Finance Department, 153 Courthouse Road, Suite 101, Currituck, North Carolina 27929 or e-mail Sandra.Hill@CurrituckCountyNC.gov.

#### Exhibit 5

#### County of Currituck, North Carolina Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:	
Net changes in fund balances - total governmental funds	\$ 11,949,023
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period	(5,927,608)
Cost of capital asset disposed of during the year, not recognized on modified accrual basis	(961,139)
Benefit payments and pension administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position	89,140
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	1,483,750
Contributions and pension administration costs for OPEB are deferred outflows of resources on the Statement of Net Position	387,799
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds	(29,013)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	1,580,311
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	 (3,457,399)
Total changes in net position of governmental activities	 \$5,114,864

The notes to the financial statements are an integral part of this statement.

#### County of Currituck, North Carolina Notes to the Financial Statements For the Fiscal Year Ended June 30, 2019

#### I. Summary of Significant Accounting Policies

The accounting policies of Currituck County and its component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

#### A. <u>Reporting Entity</u>

Founded in 1668, Currituck (Indian for "land of the wild goose") is the most northeastern county in North Carolina. Of the 100 counties established under North Carolina General Statute 153A-10, Currituck County is one of the State's four original counties. A seven-member Board of Commissioners govern the County.

As required by generally accepted accounting principles, these financial statements present the County and its component units; legally separate entities for which the County is financially accountable. The two blended component units, although legally separate entities, are, in substance, part of the County's operations. The two discretely presented component units are reported in separate columns in the County's combined financial statements in order to emphasize that they are legally separate from the County.

	Reporting		Separate Financial
Component Unit	Method	Criteria for Inclusion	Statements
Ocean Sands Water and Sewer District	Blended	Ocean Sands Water and Sewer District (Ocean Sands) is part of the Ocean Sands planned unit development on the North Carolina Outer Banks. North Carolina law authorizes counties to create water and sewer districts, such as Ocean Sands, to facilitate the construction, operations and financing of water and sewer utility improvements in defined areas. The County management and staff supervise and operate the Ocean Sands Water and Sewer system. Under North Carolina General Statute 162A-89, the County Board of Commissioners also serves as the governing board of Ocean Sands.	
Tourism Development Authority	Blended	The Currituck County Tourism Development Authority is a public authority established to expend the net proceeds of the tax levied for a room occupancy tax and shall promote travel, tourism and conventions in the County, sponsor tourist-related events and activities in the county, and finance tourist-related capital projects in the county. It is composed of eight members: seven voting members and one ex officio nonvoting member. The ex officio nonvoting member shall be the county's designated travel and tourism representative and the voting members are the county commissioners of Currituck County. County management oversees all operations of the Tourism Development Authority.	

Component Unit	Reporting Method	Criteria for Inclusion	Separate Financial Statements
Currituck County Alcoholic Beverage Control Board	Discrete	The Currituck County Alcoholic Beverage Control Board (ABC Board) is a corporate body with powers outlined by North Carolina General Statute 18B-701. The County Board of Commissioners appoints the members of the ABC Board's governing board. The ABC Board is required by state statute to distribute its surpluses, after other required distributions, to the General Fund of the County. The ABC Board, which has a June 30 year-end, is presented as a proprietary fund.	ABC Board 6664 Caratoke Highway Grandy, NC 27939

#### B. Basis of Presentation, Basis of Accounting

#### **Basis of Presentation, Measurement Focus – Basis of Accounting**

*Government-wide Statements*: The statement of net position and the statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Interfund services provided and used are not eliminated in the consolidation process. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements*: The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The County reports the following major governmental funds:

*General Fund.* This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Revaluation Fund and the Land Banking Fund are legally budgeted funds under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54 they are consolidated in the General Fund.

*Tourism Development Authority Fund.* This fund accounts for all financial resources associated with Occupancy Tax. House Bill 555, ratified on May 18, 1987, established an Occupancy Tax for the County. There have been amendments throughout the years and the latest amendment to this legislation was House Bill 1721, ratified July 13, 2004. This names the sitting Board of Commissioners as the Tourism Development Authority Board with the Director of Travel and Tourism and the County Finance Director as ex officio members and is also presented as a blended component unit. The Carova Beach Service District is a legally budgeted fund under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54 it is consolidated in the Tourism Development Authority Fund.

*Transfer Tax Capital Fund.* This fund accounts for financial resources accumulated from the excise tax on instruments conveying real property in Currituck County, approved by the General Assembly in September 1985, to be used by the county only for capital expenditures for solid waste and county-operated buildings and related equipment or to retire any indebtedness incurred by the county for these purposes.

*County Governmental Facilities Fund.* This is a multi-year fund that accumulates resources and accounts for financial resources for construction of governmental facilities that will span more than one fiscal year.

*School Facilities Fund.* This is a multi-year fund that accumulates resources and accounts for financial resources for construction of school facilities that will span more than one fiscal year.

The County reports the following major enterprise funds:

*Solid Waste Fund.* This fund accounts for the operation, maintenance, and development of the Maple transfer station, various convenience centers throughout the County and residential collection on the Currituck Outer Banks.

*Ocean Sands Water and Sewer District Fund.* This fund is used to account for financial resources accumulated through a district tax and users fees for the operations of the water and sewer district within the Ocean Sands Water and Sewer District in Corolla.

*Mainland Water Fund.* This fund is used to account for the operations of the water system on the Currituck mainland.

*Mainland Central Sewer Fund.* This fund is used to account for the operations of the sewer systems on the Currituck mainland, which currently runs from the Moyock Welcome Center in Moyock to the Walnut Island Sewer Plant in Grandy.

*Southern Outer Banks Water System Fund.* This fund is used to account for the operations of the water system on the Currituck beach.

The County reports the following fiduciary fund types:

*Pension Agency Fund.* Pension agency funds are used to report resources that are required to be held in accounts for the members and beneficiaries of define benefit pension plans, defined contribution plans, or other postemployment benefit plans, but are not in a qualified trust account. The Other Postemployment Benefits Fund accounts for the County's contribution for healthcare coverage provided to qualified retirees.

*Agency Funds*. Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains the following agency funds: the Social Services Fund, which accounts for moneys deposited with the Department of Social Services for the benefit of certain individuals; the Fines and Forfeitures Fund, which accounts for various legal fines and forfeitures that the County is required to remit to Currituck County Board of Education; and the Deed of Trust Fee Fund which accounts for the five dollars of each fee collected by the register of deeds for registering or filing a deed of trust or mortgage and is remitted to the State Treasurer on a monthly basis.

*Non-major Funds.* The County maintains seventeen legally budgeted funds. The Multi-year Grant Fund, Emergency Telephone System Fund, Corolla Fire District Fund, Guinea Mill Watershed Improvement Fund, Hog Bridge Ditch Watershed Improvement Fund, Moyock Watershed Improvement Fund, Northwest Watershed Improvement Fund, Ocean Sands North/Crowne Pointe Watershed Improvements Fund, Whalehead Watershed Improvement Fund, and the Whalehead Beach Solid Waste Service District Fund are reported as non-major special revenue funds. The Fire Equipment Replacement Fund, Capital Improvements Fund, and School Capital Fund are reported as non-major capital projects funds. Mainland Water System Development Fees Fund, Mainland Central Sewer System Development Fees Fund, Ocean Sands Water and Sewer System Development Fees Fund, Maple Commerce Park Sewer Fund, Moyock Commons Sewer Fund and Walnut Island Sewer Fund are reported as non-major proprietary funds.

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

*Government-wide, Proprietary, and Fiduciary Fund Financial Statements.* The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

*Governmental Fund Financial Statements*. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. As of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the County, are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there is both restricted and unrestricted net position available to finance the

program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

# C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, Revaluation, Land Banking, Corolla Fire District, Tourism Development Authority, Carova Beach Special Revenue, Emergency Telephone System, Whalehead Beach Solid Waste, six Watershed Special Revenue Funds, Fire Equipment Replacement, Capital Improvements, School Capital, Transfer Tax Capital and the Enterprise operating Funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Multi-year Grant Special Revenue Fund, County Governmental Construction, School Facilities Construction and Enterprise Construction Funds. The Enterprise Construction Funds are consolidated with the enterprise operating funds for reporting purposes.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds and at the project level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations. The County Manager is authorized by the budget ordinance to transfer appropriations within the funds under the following conditions:

- 1. He may transfer amounts between departments within the same fund up to one thousand dollars, providing an official report on such transfers to the Board of Commissioners at their next regularly scheduled meeting.
- 2. He may make interfund loans for a period of not more that sixty days (60).
- 3. He may not transfer any amounts between funds or from any contingency line items within any funds.

The governing board must approve all amendments. During the year, several immaterial amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

# D. Assets, Liabilities, Deferred Inflows and Outflows of Resources, and Fund Equity

# 1. <u>Deposits and Investments</u>

All deposits of the County and the Currituck County ABC Board are made in board-designated official depositories and are secured as required by G.S. 159-31. The County and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

The majority of the County and the ABC Board's investments are carried at fair value. Nonparticipating interest earning contracts are accounted for at cost. The North Carolina Capital Management Trust (NCCMT) is a SEC registered money market mutual fund allowable by G.S. 159-30(c)(8). The NCCMT Government Portfolio is a 2a-7 fund maintaining an AAAm rating from S&P. The NCCMT Term Portfolio is a bond fund, has no rating and has a duration of .11 years. Both the NCCMT Government and Term Portfolios are reported at fair value.

#### 2. Cash and Cash Equivalents

The County pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The Currituck ABC Board considers demand deposits and investments purchased with an original maturity of three months or less, which are not limited as to use, to be cash and cash equivalents.

#### 3. <u>Restricted Assets</u>

Customer deposits held by the County before any services are supplied are restricted to the service for which the deposit was collected. Money in the Tax Revaluation Fund is classified as restricted per North Carolina General Statute 153A-150. Money in the School Facilities Fund is classified as restricted because its use is restricted per North Carolina General Statute 159-18 through 22. Money in the Ocean Sands Water and Sewer District Fund are unspent debt proceeds. Money in the Mainland Water Fund, Mainland Central Sewer Fund and Southern Outer Banks Water Fund are customer deposits. Money in the Mainland Water System Development Fees Fund, Mainland Central Sewer System Development Fees Fund, and Southern Outer Banks Water System Development Fees Fund, and Southern Outer Banks Water System Development Fees Fund, and Southern Outer Banks Water System Development Fees Fund, and Southern Outer Banks Water System Development Fees Fund, and Southern Outer Banks Water System Development Fees Fund, and Southern Outer Banks Water System Development Fees Fund, and Southern Outer Banks Water System Development Fees Fund, and Southern Outer Banks Water System Development Fees Fund, and Southern Outer Banks Water System Development Fees Fund, Carolina General Statute 162A-211(a)-(e).

Total Restricted Cash		\$ 3,397,906	

#### Currituck County Restricted Cash

#### 4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2018. As allowed by State law, the County has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the County's General Fund, ad valorem tax revenues are reported net of such discounts.

#### 5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

#### 6. <u>Inventories and Prepaid Items</u>

The inventories of the County and the ABC Board are valued at cost (first-in, first-out), which approximates market. Inventory of the County consists of expendable supplies that are recorded as expenditures when consumed (consumption method). The inventory of the County's enterprise funds as well as those of the ABC consists of materials and supplies held for consumption or resale. The cost of the inventory carried in the County's enterprise funds and that of the ABC Board is recorded as an expense as it is consumed or sold.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

### 7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement received after July 1, 2015 are recorded at acquisition cost rather than fair value. Certain items acquired before July 1, 1970 are recorded at an estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The capitalization threshold for County assets is \$5,000. Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

	Years
Buildings	40
Furniture and equipment	5-7
Vehicles	5-7

Capital assets of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

	Years
Buildings	30
Other equipment	5-10
Office furniture and equipment	5
Vehicles	5
Leasehold improvements	7-10

#### 8. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has several items that meet this criterion - pension related deferrals, and contributions made to the OPEB and pension plans in the current fiscal year. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has only four items that meet the criterion for this category - prepaid taxes, special assessments receivable, OPEB and other pension related deferrals.

# 9. Long-term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources.

#### 10. <u>Compensated Absences</u>

The vacation policy of the County provides for the accumulation of up to Two Hundred Forty (240) hours of earned vacation leave with such leave being fully vested when earned. For the County's governmental funds, the current portion of the accumulated vacation pay is not considered to be material; therefore, no expenditure or liability has been reported. For the County's proprietary funds an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The ABC Board employees earn one week of vacation in the first year, two weeks per year at completion of one year until fifteen years of service are completed and three weeks per year for additional years of service. Employees may choose to take the vacation time or be compensated for it. Accumulated earned vacation at June 30, 2019 and 2018 amounted to approximately \$4,544 and \$4,544, respectively, and is all considered current.

The sick leave policies of the County and the ABC Board provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since none of the entities have any obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

# 11. <u>Net Position/Fund Balances</u>

#### **Net Position**

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represent constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through state statute.

#### **Fund Balances**

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact,

Inventories – portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance – This classification includes revenue sources that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted Stabilization of State Statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S.159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Emergency Telephone System – portion of fund balance this is restricted by revenue source to pay for 911 services.

Restricted for Fire Protection – portion of fund balance that is restricted by revenue source for fire protection expenditures.

Restricted for County Governmental Assets – portion of fund balance that is restricted by revenue source for construction or purchase of governmental assets.

Restricted for School Capital Assets – portion of fund balance that can only be used for School Capital per G.S. 159-18-22.

Restricted for Tourism – portion of fund balance than can only be used for Tourism promotion or Tourism related expenditures.

Restricted for Watershed Improvements – portion of fund balance that can only be used for watershed improvements in certain special revenue districts.

Restricted for Whalehead Beach Solid Waste – portion of fund balance that can only be used for solid waste activities in the Whalehead Beach service district.

Committed Fund Balance – Portion of fund balance that can only be used for specific purpose imposed by majority vote of the County of Currituck's governing body. The governing body approves the appropriation through the annual budget ordinance; any changes of specific purposes requires majority action by the governing body.

Committed for Carova Beach Service District – portion of fund balance that can only be used in the Carova Beach service district.

Committed to Fire Protection Services – portion of fund balance that can only be used for fire protection throughout the County.

Committed to Fire Equipment Replacement – portion of fund balance that can only be used for purchase or replacement of capital assets for fire protection.

Committed to County Governmental Assets – portion of fund balance that can only be used for County Governmental assets.

Committed to School Capital Assets – portion of fund balance that can only be used for School Capital assets.

Committed for Tax Revaluation – portion of fund balance that can only be used for Tax Revaluation.

Assigned Fund Balance – portion of fund balance that the Currituck County governing board has budgeted.

Assigned for subsequent year's expenditures – portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation; however, the budget ordinance authorizes the manager to modify the appropriations by resource or appropriation within funds up to \$10,000.

Unassigned Fund Balance – Portion of fund balance that has not been restricted, committed or assigned to specific purposes or other funds.

Currituck County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Director will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds and County funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned find balance and lastly unassigned fund balance. The Finance Director has the authority to deviate from this policy if it is in the best interest of the County.

# 12. Defined Benefit Pension

The County participates in three cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System (LGERS), the Registers of Deeds' Supplemental Pension Fund (RODSPF), and the Law Enforcement Officers' Special Separation Allowance (LEOSSA) (collectively, the "state-administered defined benefit pension plans"). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans' fiduciary net positions have been determined on

the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans. Investments are reported at fair value.

For purposes of measuring the net pension expense, information about the fiduciary net position of the Firefighters' and Rescue Squad Workers' Pension Fund (FRSWPF) and additions to/deductions from FRSWPF's fiduciary net position have been determined on the same basis as they are reported by FRSWPF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# 13. <u>Other Postemployment Benefits</u>

The net position of the County's Healthcare Benefits Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the Total OPEB liability, deferred outflows of resources, and deferred inflows of resources related to other postemployment benefits, OPEB expense, and information about assets, liabilities, and additions to/deductions from the OPEB Plan's net position. Benefit payments are recognized when due and payable in accordance with the benefit terms.

**E.** <u>Use of Estimates</u> – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**F.** <u>New Accounting Standards Adopted</u> – In fiscal year 2019, the County adopted the following financial accounting standards issued by the GASB:

GASB Statement No. 83, Certain Asset Retirement Obligations ("GASB 83"), requires that a government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability. GASB 83 will be effective for the fiscal years beginning after June 15, 2018. Currently, this new standard has minimal effect on the County's financial statements.

GASB Statement No. 85, Omnibus 2017 ("GASB 85"), seeks to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). GASB 85 will be effective for the fiscal years beginning after June 15, 2017. This new standard has minimal effect on the County's financial statements.

GASB Statement No. 86, Certain Debt Extinguishment Issues ("GASB 86"), seeks to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing

resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. GASB 86 will be effective for the fiscal years beginning after June 15, 2017. Currently, this new standard has minimal effect on the County's financial statements.

GASB Statement No. 88, Certain Disclosures Related to Debt ("GASB 88"), seeks to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with financeirelated to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. GASB 88 will be effective for the fiscal years beginning after June 15, 2018. Currently, this new standard has minimal effect on the County's financial statements.

# G. Accounting Standards Issued But Not Yet Effective

GASB Statement No. 84, Fiduciary Activities ("GASB 84"), seeks to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. GASB 84 will be effective for the fiscal years beginning after December 15, 2018. The County is reviewing this standard to determine the effect on the County's financial statements.

GASB Statement No. 87, Leases ("GASB 87"), seeks to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. GASB 87 will be effective for the fiscal years beginning after December 15, 2019. The County is reviewing this standard to determine the effect on the County's financial statements.

GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period ("GASB 89"), seeks to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. This Statement establishes accounting requirements for interest cost

incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements,* which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The County is reviewing this standard to determine the effect on the County's financial statements.

# H. <u>Reconciliation of Government-wide and Fund Financial Statements</u> 1. <u>Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.</u>

The governmental fund balance sheet includes a reconciliation between fund balance - total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. The net adjustment of \$62,379,259 consists of several elements as follows:

Description	Amount
Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds (total capital assets on government-wide statement in governmental activities column)	\$ 167,566,157
Less accumulated depreciation	(72,662,628)
Net capital assets	 94,903,529
Net pension asset	66,643
Contributions to the pension plan in the current fiscal year	1,483,750
Contributions to OPEB plan in the current fiscal year	387,799
Benefit payments and pension administration costs for LEOSSA	89,140
Net pension liability	(6,448,511)
Total pension liability	(2,290,154)
Deferred inflows of resources for taxes and special assessments receivable	449,051
Pension related deferrals	3,544,590
OPEB related deferrals	(2,977,300)
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not reported in the fund statements:	
Bonds, leases, and installment financing Compensated absences Other postemployment benefits	 (1,635,825) (1,283,814) (23,909,639)
Total adjustment	\$ 62,379,259

# 2. <u>Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities</u>

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. There are several elements of that total adjustment of (\$6,834,159) as follows:

Description	Amount			
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities	\$	4,772,735		
Cost of disposed capital asset not recorded on fund statement		(1,014,298)		
Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements.		(10,700,343)		
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net position in the government- wide statements		1,580,311		
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities		1,483,750		
Benefit payments and administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position		89,140		
Contributions to the OPEB plan are deferred outflows of resources on the Statement of Net Position		387,799		
Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements. Compensated absenses OPEB expense Pension expense		14,286 (1,506,154) (1,912,372)		
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements.				
Decrease in deferred inflows of resources - taxes receivable - at end of year Reversal of deferred tax revenue recorded at 7/1/18 Recording of tax receipts deferred in the fund statements as of 6/30/19		(478,064) 449,051		
Total adjustment	\$	(6,834,159)		

# II. Stewardship, Compliance, and Accountability

#### A. <u>Excess of Expenditures Over Appropriations</u>

For the fiscal year ended June 30, 2019, the expenditures made in the Solid Waste fund exceeded the authorized appropriations made by the governing board for related activities by \$150,330. The County will more closely monitor its budget and ensure all expenditures are properly authorized.

### **III. Detail Notes on All Funds**

#### A. Assets

# 1. Deposits

All of the County's and the ABC Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County and the ABC Board, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County or the ABC Board or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County or the ABC Board under the Pooling Method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County relies on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G. S. 159-31 when designating official depositories and verifying that deposits are properly secured. The ABC Board has no formal policy regarding custodial credit risk for deposits.

At June 30, 2019, the County's deposits had a carrying amount of \$19,623,640 and a bank balance of \$24,171,188. Of the bank balance, \$500,000 was covered by federal depository insurance and \$17,098,560 in interest bearing deposits were covered by collateral held under the Pooling Method.

At June 30, 2019, the County had \$2,935 cash on hand.

At June 30, 2019, the carrying amount of deposits for Currituck County ABC Board was \$1,346,210. At June 30, 2019 the ABC Board's deposits had a bank balance of \$1,298,765. Of this amount, \$250,000 was covered by federal depository insurance and the remainder was covered by collateral held under the Pooling Method.

At June 30, 2019, the ABC Board had \$5,000 cash on hand.

#### 2. Investments

	•	0				
	Valuation					
	Measurement		Less Than			
Investment Type	Method	Fair Value	6 Months	6	-12 Months	1-5 Years
Commercial Paper	Fair Value - Level 2	\$ 16,859,758	\$ -	\$	14,856,799	\$ 2,002,959
Federal agencies	Fair Value - Level 1	37,343,984	-		2,154,020	35,189,964
NC Capital Management Trust:						
Government Portfolio	Fair Value - Level 1	19,273,590	N/A		N/A	N/A
Term Portfolio*	Fair Value - Level 1	 10,193,146	10,193,146		-	-
Total Investments		\$ 83,670,478	\$ 10,193,146	\$	17,010,819	\$ 37,192,923

As of June 30, 2019, the County had the following investments and maturities:

\*As of June 30, 2019, the NCCMT Term Portfolio has a duration of 0.11 years. Because the NCCMT Government and Term Portfolios have weighted average maturities of less than 90 days, they are presented as investments with maturities of less than 6 months.

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level 2: Debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

*Interest Rate Risk.* Although the County does not have a formal policy of the length of maturities in the investment portfolio, the County staggers maturities and does not purchase investments with maturities greater than five years.

*Credit Risk.* The County limits investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs); however, the County had no formal policy on managing credit risk. As of June 30, 2019, the County's investments in commercial paper were rated P1 by Standard & Poor's, F1 by Fitch Ratings, and A1 by Moody's Investors Service. The County's investments in the NC Capital Management Trust Government Portfolio carried a credit rating of AAA by Standard & Poor's as of June 30, 2019. The County's investment in the NC Capital Management Trust Term Portfolio is authorized to invest in obligations of the US government and agencies, and in high grade money market instruments as permitted under North Carolina General Statute 159-30 as amended. The County's investment in US Agencies (Federal Home Loan Bank) are rated AAA by Standard & Poor's and Aaa by Moody's Investors Service.

*Custodial Credit Risk.* For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of June 30, 2019, the County had no investments held by a counter-party that were not in the County's name. The County had no policy on custodial credit risk.

*Concentration of Credit Risk.* The County places no limit on the amount that the County may invest in any one issuer. More than 5 percent of the County's investments are in North Carolina Capital Management Trust Cash Portfolio, Federal Home Loan Mortgage Corporation, North Carolina Capital Manage Trust Term Portfolio, Federal Home Loan Bank, Federal Farm Credit Bank and JP Morgan Commercial Paper. These investments are 23.25%, 22.64%, 12.30%, 10.06%, 8.73% and 6.33%, respectively, of the County's total investments.

#### 3. Property Tax - Use-Value Assessment on Certain Lands

In accordance with the general statutes, agriculture, horticulture, and forestland may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

Year Levied	Tax	Interest		Total
2016	\$ 1,065,852	\$ 349,067	7 \$	1,414,919
2017	1,069,359	253,973	3	1,323,332
2018	1,070,566	157,908	3	1,228,474
2019	1,072,904	61,692	2	1,134,596
Total	\$ 4,278,681	\$ 822,640	) \$	5,101,321

#### 4. <u>Receivables</u>

Receivables at the government-wide level at June 30, 2019, were as follows:

				Taxes and				
			Re	lated Accrued	Du	e from Other		
	A	accounts		Interest		Governments		Total
Governmental Activities:								
General	\$	221,336	\$	453,877	\$	2,315,148	\$	2,990,361

# 2. <u>Pension Plan and Other Post Employment Obligations</u>

### a. Local Governmental Employees' Retirement System

*Plan Description.* The County and the ABC Board are participating employers in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at <u>www.osc.nc.gov</u>.

*Benefits Provided.* LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or

at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

*Contributions.* Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2019, was 8.50% of compensation for law enforcement officers and 7.81% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$1,570,923 and contributions to the pension plan from the ABC Board were \$20,258 for the year ended June 30, 2019.

*Refunds of Contributions* – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported a liability of \$6,849,189 for its proportionate share of the net pension liability. The ABC Board reported a liability of \$93,470 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of

future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2019, the County's proportion was .28871%, which was an increase of .01906% from its proportion measured as of June 30, 2018. The ABC Board's proportion was 0.00394%, which was a decrease of 0.00022% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2019, the County recognized pension expense of \$1,840,045 and the ABC Board recognized pension expense of \$24,955. At June 30, 2019, the County and ABC Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	COUNTY			ABC BOARD				
	0	Deferred outflows of Resources	In	eferred flows of esources	Ou	eferred tflows of esources	Infl	ferred lows of lources
Differences between expected and actual experience	\$	1,056,667	\$	35,456	\$	14,420	\$	484
Changes of assumptions		1,817,510		-		24,803		-
Net difference between projected and actual earnings on pension plan investments		940,190		-		12,831		-
Changes in proportion and differences between County contributions and proportionate share of contributions		35,473		155,267		703		5,422
County contributions subsequent to the measurement date Total	\$	1,570,923 5,420,763	\$		\$	20,258 73,015	\$	- 5,906

\$1,570,923 reported as deferred outflows of resources related to pensions resulting from County contributions and \$20,258 reported as deferred outflows of resources related to pensions resulting from ABC Board contributions subsequent to the measurement date will be recognized as decreases of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	COUNTY	ABC BOARD
Year ended June 30:		
2020	\$1,796,632	\$23,728
2021	1,165,698	14,430
2022	188,575	1,572
2023	508,212	7,121
2024	-	-
Thereafter	-	-
	\$3,659,117	\$46,851

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 percent, including inflation and
	productivity factor
Investment rate of return	7.0 percent, net of pension plan investment
	expense, including inflation

The plan currently uses mortality rates based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2017, asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

*Discount rate.* The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension liability to changes in the discount rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)		Discount Rate (7.00%)		1% Increase (8.00%)	
County's proportionate share of the net pension liability (asset)	\$	16,452,344	\$	6,849,189	\$	(1,175,359)
ABC Board's proportionate share of the net pension liability (asset)	\$	$224,\!524$	\$	93,470	\$	(16,040)

*Pension plan fiduciary net position.* Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

# b. Law Enforcement Officers' Special Separation Allowance

# 1. Plan Description.

Currituck County administers a public employee retirement system (the *Separation Allowance*), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2017, the Separation Allowance's membership consisted of:

Retirees receiving benefits Active plan members Total

2
63
 65

# 2. Summary of Significant Accounting Policies.

*Basis of Accounting.* The County has chosen to fund the Separation Allowance on a pay as you go basis by making a deposit to the Post Employment Benefits Fund from the General fund. The amount of this contribution is based on the prior year actuarial study. Pension expenditures are made from the Post Employment Benefits Fund, which is maintained on the modified accrual basis of accounting. Employer contributions to the plan are recognized when due and when the County has made a formal commitment to provide the contributions. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 73.

# 3. Actuarial Assumptions

The Entry Age Normal actuarial cost method was used in the December 31, 2017 valuation. The total pension liability (TPL) was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Projected salary increases	3.50 to 7.35 percent, including inflation and
	productivity factor
Discount rate	3.64 percent

The discount rate used to measure the TPL is the S & P Municipal Bond 20 Year High Grade Rate Index.

**Deaths After Retirement (Healthy)** – RP-2014 Health Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 104% for males and 100% for females.

**Deaths Before Retirement** - RP-2014 Employee base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015.

**Deaths After Retirement (Beneficiary)** – RP-2014 Health Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 123% for males and females.

**Deaths After Retirement (Disabled)** – RP-2014 Disabled Retiree base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 103% for males and 99% for females.

# 4. Contributions.

The County is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the Post-Employment Benefits Fund operating budget. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The County paid \$71,566 as benefits came due for the reporting period.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported a total pension liability of \$2,290,154. The total pension liability was measured as of December 31, 2018 based on a December 31, 2017 actuarial valuation. The total pension liability was rolled forward to December 31, 2018 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2019, the County recognized pension expense of \$199,753.

	Deferred		Ι	Deferred
	Outflows of		Inflows of	
	R	esources	R	esources
Difference between expected and actual experience	\$	88,332	\$	-
Changes of assumptions		103,291		103,761
County benefit payments and plan administrative expense				
made subsequent to the measurement date		89,140		-
Total	\$	280,763	\$	103,761

\$89,140 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ending June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2020	\$ 21,630
2021	21,630
2022	21,630
2023	23,437
2024	(258)
Thereafter	 (207)
	\$ 87,862

Sensitivity of the County's total pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 3.64 percent, as well as what the County's total pension liability would be if it were calculated using a discount rate that is 1percentage-point lower (2.64 percent) or 1-percentage-point higher (4.64 percent) than the current rate:

	-	% Decrease (2.64%)		Discount Rate (3.64%)		% Increase (4.64%)
Total pension liability	\$	2,486,253	\$	2,290,154	\$	2,110,771

# Schedule of Changes in Total Pension Liability Law Enforcement Officers' Special Separation Allowance

		2019
Beginning balance	\$ 2	2,247,435
Service Cost		107,514
Interest on the total pension liability		69,888
Changes of benefit terms		-
Differences between expected and actual experience in the		
measurement of the total pension liability		28,862
Changes of assumptions or other inputs		(91,979)
Benefit payments		(71,566)
Other changes		-
Ending balance of the total pension liability	\$ 2	2,290,154

Changes of assumptions. The Municipal Bond Index Rate increased from 3.16% to 3.64%.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study as of December 31, 2014.

### c. <u>Supplemental Retirement Income Plan for Law Enforcement Officers</u>

*Plan Description.* The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

*Funding Policy*. Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan.

Contributions for the year ended June 30, 2019, were \$277,495, which consisted of \$187,182 from the County and \$90,313 from the law enforcement officers. No amounts were forfeited.

# d. <u>Supplemental Retirement Income Plan for County Employees</u>

*Plan Description.* The County, by passage of a local resolution, has elected to contribute to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to County employees not engaged in law enforcement activities. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Non-Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Non-Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

*Funding Policy*. The County established a contribution amount equal to 5.68% of each employee's salary, and all amounts contributed are vested immediately. Also, the employees may make voluntary contributions to the plan. Contributions for the year ended June 30, 2019 were \$1,293,693 which consisted of \$912,787 from the County and \$380,906 from the county employees. No amounts were forfeited.

### e. Registers of Deeds' Supplemental Pension Fund

*Plan Description.* Currituck County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Resisters of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

*Benefits Provided.* An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

*Contributions.* Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$3,450 for the year ended June 30, 2019.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported an asset of \$66,643 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2018. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2018, the County's proportion was 0.40236%, which was an increase of 0.0089% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the County recognized pension expense of \$14,208. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Inf	eferred lows of sources
Differences between expected and actual experience	\$	587	\$	3,042
Change in Assumptions		3,134		-
Net difference between projected and actual earnings on pension plan investments Changes in proportion and differences between		10,622		-
County contributions and proportionate share of contributions County contributions subsequent to the		1,652		1,283
measurement date		3,450		-
Total	\$	19,445	\$	4,325

\$3,450 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

#### Year ended June 30:

	2020	\$ 6,731
	2021	160
	2022	3,130
	2023	1,649
	2024	-
Thereafter		-
		\$ 11,670

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.5 to 7.75 percent, including inflation and
	productivity factor
Investment rate of return	3.75 percent, net of pension plan investment
	expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2019 is 1.4%.

The information above is based on 30 year expectations developed with the consulting actuary for the 2019 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

*Discount rate.* The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that contributions from employers will be made at statutorily required rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.75 percent, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75 percent) or 1-percentage-point higher (4.75 percent) than the current rate:

	Discount					
		Decrease 2.75%)	(	Rate 3.75%)		o Increase 4.75%)
County's proportionate share of the						
net pension liability (asset)	\$	(52,544)	\$	(66,643)	\$	(78,533)

*Pension plan fiduciary net position.* Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

### **f.** <u>Pension Liabilities (Assets)</u>, <u>Pension Expense</u>, and <u>Deferred Outflows of Resources and Deferred</u> <u>Inflows of Resources Related to Pensions</u>

The net pension liability for LGERS and ROD was measured as of December 31, 2017, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The total pension liability for LEOSSA was measured as of June 30, 2018, with an actuarial valuation date of December 31, 2017. The County's proportion of the net pension liability (asset) was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	LGERS	ROD	]	LEOSSA	Total
Proportionate Share of Net Pension Liability (Asset) Proportion of the Net Pension Liability	\$ 6,849,189	\$ (66,643)	\$	-	\$ 6,782,546
(Asset)	0.28871%	0.40236%		n/a	
Total Pension Liability	-	-	\$	2,290,154	\$ 2,290,154
Pension Expense	\$ 1,840,045	\$ 14,208	\$	199,753	\$ 2,054,006

At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	LGERS	ROD	L	EOSSA	Total
<b>Deferred Outflows of Resources</b>					
Differences between expected and actual experience	\$ 1,056,667	\$ 587	\$	88,332	\$ 1,145,586
Changes of assumptions	1,817,510	3,134		103,291	1,923,935
Net difference between projected and actual earnings on pension plan investments	940,190	10,622		-	950,812
Changes in proportion and differences between County contributions and proportionate share of contributions	35,473	1,652		-	37,125
County contributions (LGERS,ROD)/benefit payments and administration costs (LEOSSA) subsequent to the measurement date	1,570,923	3,450		89,140	1,663,513
<b>Deferred Inflows of Resources</b>					_
Differences between expected and actual experience	\$ 35,456	\$ 3,042	\$	-	\$ 38,498
Changes of assumptions	-	-		103,761	103,761
Changes in proportion and differences between County contributions and proportionate share of contributions	155,267	1,283		-	156,550

### g. Firefighters' and Rescue Squad Workers' Pension Fund

*Plan Description.* The State of North Carolina contributes, on behalf of the County of Currituck, to the Firefighters' and Rescue Squad Workers' Pension Fund (FRSWPF), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the State of North Carolina. FRSWPF provides pension benefits for eligible fire and rescue squad workers who have elected to become members of the fund. Article 86 of G.S. Chapter 58 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Firefighters' and Rescue Squad Workers' Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Firefighters' and Rescue Squad Workers' Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

*Benefits Provided.* FRSWPF provides retirement and survivor benefits. The present retirement benefit is \$170 per month. Plan members are eligible to receive the monthly benefit at age 55 with 20 years of creditable service as a firefighter or rescue squad worker, and have terminated duties as a firefighter or rescue squad worker. Eligible beneficiaries of members who die before beginning to receive the benefit will receive the amount paid by the member and contributions paid on the member's behalf into the plan. Eligible beneficiaries of members who die after beginning to receive benefits will be paid the amount the member contributed minus the benefits collected.

*Contributions*. Plan members are required to contribute \$10 per month to the plan. The State, a nonemployer contributor, funds the plan through appropriations. The County does not contribute to the plan. Contribution provisions are established by General Statute 58-86 and may be amended only by the North Carolina General Assembly. For the fiscal year ending June 30, 2018, the State contributed \$17,952,000 to the plan. The County of Currituck's proportionate share of the State's contribution is \$45,112.

*Refunds of Contributions* – Plan members who are no longer eligible or choose not to participate in the plan may file an application for a refund of their contributions. Refunds include the member's contributions and contributions paid by others on the member's behalf. No interest will be paid on the amount of the refund. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by FRSWPF.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported no liability for its proportionate share of the net pension liability, as the State provides 100% pension support to the County through its appropriations to the FRSWPF. The total portion of the net pension liability that was associated with the County and supported by the State was \$122,733. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of

June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers. As the County is not projected to make any future contributions to the plan, its proportionate share at June 30, 2018 and at June 30, 2017 was 0%.

For the year ended June 30, 2019, the County recognized pension expense of \$34,903 and revenue of \$34,903 for support provided by the State. At June 30, 2019, the County reported no deferred outflows of resources and no deferred inflows of resources related to pensions.

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Not applicable
Investment rate of return	7.00 percent, net of pension plan investment
	expense, including inflation

For more information regarding actuarial assumptions, including mortality tables, the actuarial experience study, the consideration of future ad hoc COLA amounts, the development of the projected long-term investment returns, and the asset allocation policy, refer to the discussion of actuarial assumptions for the LGERS plan in Section a. of this note.

*Discount rate*. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Pension plan fiduciary net position.* Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

### h. <u>Deferred Compensation Plan</u>

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or an unforeseeable emergency. All assets and income of the plan are held in trust by a third party administrator for the exclusive benefit of the plan participants and their beneficiaries.

### i. Other Post Employment Benefits

### **Healthcare Benefits**

Plan Description. According to a County resolution, the County administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). The County Board has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits Provided. Prior to September 2, 2007, retirees qualified for pro-rated healthcare benefits beginning with ten years of active service. Employees hired on or after January 8, 2017 qualified for retiree healthcare benefits with 20 years of active service. Employees hired on or after January 8, 2017 do not qualify for retiree healthcare benefits. Retirees who are eligible for coverage receive the same coverage as active employees until the retiree is eligible for Medicare. Coverage for all retirees who are eligible for Medicare will be transferred to a Medicare Supplemental plan after qualifying for Medicare. The County governing board may amend the benefit provisions. A separate report was not issued for the plan.

Retired Employees' Years		Date Hired September 1, 2007 through	
of	Prior to	January 7, 2017	On or after
Creditable Service	September 1, 2007		January 8, 2017
Less than 10 years	Not eligible for coverage	Not eligible for coverage	Not eligible for coverage
10 to less than 15 years	County pays 50%	Not eligible for coverage	Not eligible for coverage
15 to less than 20 years	County pays 75%	Not eligible for coverage	Not eligible for coverage
20+ years	County pays 100%	County pays 100%	Not eligible for coverage

Membership of the HCB Plan consisted of the following at June 30, 2018, the date of the latest actuarial valuation:

	Employees
Inactive Employees or Beneficiaries Currently Receiving Benefits	58
Inactive Members Entitled to but not yet receiving benefits	0
Active plan members	299
Total	357

### **Total OPEB Liability**

The County's total OPEB liability of \$25,909,882 was measured as of June 30, 2018 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation Real wage growth Wage inflation	2.50 % 1.00 % 3.50 %
Salary increases, including wage inflation General employees Firefighters Law Enforcement Officers	3.50% - 7.75% 3.50% - 7.75% 3.50% - 7.35%
Municipal Bond Index Rate	2.560
Prior Measurement Date Measurement Date	3.56% 3.89%
Health Care Cost Trends	
Pre-Medicare	7.25% for 2018 decreasing to an ultimate rate of 4.75% by 2028
Medicare	5.38% for 2018 decreasing to an ultimate rate of 4.75% by 2022
Dental	4.00%

The discount rate used to measure TOL was based on the June average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by the Bond Buyer.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

The actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2018 valuation were based on a review of recent plan experience done concurrently with the June 30, 2018 valuation.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 – December 31, 2014, adopted by the LGERS Board.

### **Changes in the Total OPEB Liability**

	Total C	<b>PEB</b> Liability
Balance at July 1/2018	\$	25,159,771
Changes for the year		
Service cost		1,391,990
Interest		890,861
Changes of benefit terms		-
Differences between expected and actual experience		194,486
Changes in assumptions or other inputs		(1,453,656)
Benefit payments		(273,570)
Net changes		750,111
Balance at 6/30/2019	\$	25,909,882

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.89 percent) or 1-percentage-point higher (4.89 percent) than the current discount rate:

	2.89% Decrease	Discount Rate (3.89%)		4.8	9% Increase
Total OPEB liability	\$ 31,164,121	\$	25,909,882	\$	21,829,364

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	19	% Decrease	 Trend Rate	1% Increase			
Total OPEB liability	\$	21,331,406	\$ 25,909,882	\$	31,971,908		

# **OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended June 30, 2019, the County recognized OPEB expense of \$1,805,709. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Defe	rred Outflows of	Def	erred Inflows of
		Resources		Resources
Differences between expected and actual experience				
	\$	170,681	\$	20,361
Changes of assumptions		-		3,376,693
Benefit payments and administrative costs made				
subsequent to the measurement date		395,689		-
Total	\$	566,370	\$	3,397,054

\$395,689 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

### Year ended June 30:

2020	\$ (482,500)
2021	(482,500)
2022	(482,500)
2023	(482,500)
2024	(482,500)
Thereafter	(813,873)
	\$ (3,226,373)

### j. Other Employment Benefits

### **Death Benefits**

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multipleemployer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

### 3. <u>Closure and Postclosure Care Costs - Maple Landfill Facility</u>

The County closed its Maple landfill facility, Airport Road, on April 7, 1994, at which time its waste stream began to flow to a private, regional municipal solid waste landfill through the Albemarle Regional Solid Waste Authority. Federal and State laws required the County to place a final cover on the facility when it stopped accepting waste and to perform certain maintenance and monitoring functions at the site for five years after closure. Total estimated closure and postclosure care cost was \$512,949. As of June 30, 2002, this liability was paid in full. These amounts are based on what it would cost to perform all closure and postclosure care in fiscal year 2002. Actual costs may be higher due to inflation, changes in technology, or changes in the regulations. Since the County met the conditions of the extended closure date of April 9, 1994, it is subject to the financial assurance regulations. However, the County has accumulated resources for the payment of closure and postclosure care costs.

## 4. Deferred Outflows and Inflows of Resources

# 5. <u>Risk Management</u>

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in three self-funded risk-financing pools administered by the North Carolina Association of County Commissioners. Through these pools, the County obtains property coverage equal to replacement cost

values of owned property subject to a limit of \$125.5 million for any one occurrence, general, auto, professional, and employment practices liability coverage of \$2 million per occurrence, auto physical damage coverage for owned autos at actual cash value, crime coverage of \$250,000 per occurrence, workers' compensation coverage up to the statutory limits, and health and dental insurance for County employees. The pools are audited annually by certified public accountants, and the audited financial statements are available to the County upon request. Two of the pools are reinsured through a multistate public entity captive for single occurrence losses in excess of \$500,000 up to a \$2 million limit for liability coverage, \$600,000 of aggregate annual losses in excess of \$50,000 per occurrence for property, auto physical damage, and crime coverage, and single occurrence losses of \$350,000 for workers' compensation. For health and dental insurance, the County is reinsured through the Pool for individual losses in excess of \$50,000 and aggregate annual losses in excess of \$115% of expected claims. The pool is reinsured through commercial carrier for individual losses in excess of \$100,000.

The County carries flood insurance through the National Flood Insurance Plan (NFIP). Because the County is in an area of the State that has been mapped and designated an "A" area (an area close to a river, lake or stream) by the Federal Emergency Management Agency, the County is eligible to purchase coverage of \$500,000 per structure through NFIP. The County currently has this coverage on the Whalehead Hunt Club and Restrooms Historic Corolla Park and the Moyock Library.

In accordance with G. S. 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The Director of Finance and tax collector are each individually bonded for \$50,000 each. The remaining employees that have access to funds are bonded under a blanket bond for \$25,000.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

The ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The ABC Board has property, general liability, auto liability, workmen's compensation and employee health coverage. The ABC Board does not have liquor legal liability coverage. There have been no significant reductions in insurance coverage from the prior year and settled claims have not exceeded coverage in any of the past three fiscal years.

### 6. <u>Contingent Liabilities</u>

At June 30, 2019, the County was a defendant to various lawsuits. In the opinion of the County's management and the County attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position.

# 7. Long-Term Obligations

# a. Direct Placement Installment Purchase

# Serviced by the County's General Fund:

<b>\$3,800,000</b> 2013 Installment Purchase Agreement for storm water improvements in the Whalehead Watershed Improvement Service District dated January 23, 2013 with semi-annual principal and interest payments due July 23 and March 23, \$380,000 2020 through 2023 interest at 1.95%.	\$1,520,000
<b>\$2,100,000</b> 2010 Installment Purchase Agreement for stormwater improvements in the Whalehead Watershed Improvement Service District dated March 18, 2010 with semi-annual principal and interest payments due September 18; \$115,825 2020 interest at 1.61%. – Interest rate modified February 1, 2013.	115,825
Total serviced by the General Fund	\$1,635,825
Serviced by the Ocean Sands Water and Sewer District Fund: \$7,500,000 2017 Installment Purchase Agreement for replacement of the Ocean Sands Sewer, dated October 27, 2017 with semi-annual principal payments and interest payments due June 19 and December 19, \$500,000 2020 through 2032; \$250,000 2033; interest at 2.45%.	\$6,750,000
Serviced by the Southern Outer Banks Water System Fund: \$8,500,000 2011 Installment Purchase Agreement for purchase of the Carolina Water System that serves Corolla Light, the Pine Island water System and the Currituck Club water system and to refund the existing 2004 debt, dated October 20, 2011 with semi-annual principal payments and interest payments due April 20 and October 20, \$850,000 2020 through 2021 and \$425,000 2022; interest at 2.38%.	2,125,000
Total serviced by the Enterprise Funds	\$8,875,000
Total Direct Placement Installment Purchase Debt	\$10,510,825

	\$	1,635,825	\$	67,623	\$	8,875,000	\$	1,233,488	

Annual debt service requirements to maturity for the County's and the Districts' installment purchase agreement debts are as follows:

### b. General Obligation Indebtedness

As of June 30, 2019, there is no general obligation debt serviced by the County's general fund or the County proprietary funds.

At June 30, 2019, Currituck County had no bonds authorized but un-issued and a legal debt margin of \$501,800,758.

### c. <u>Revenue Bonds</u>

The County also issues bonds where the government pledges income derived from the acquired or constructed assets to pay dent service. No amounts outstanding at the end of the current fiscal year related to bonds issued in prior years. On March 20, 2008, \$19,000,000 of revenue bonds were issued to finance construction of a reverse osmosis water treatment facility and to expand the distribution system on the County mainland.

The rate covenant for this debt requires the County to fix service charges and from time to time to revise such charges in such manner that the net revenues for each fiscal year shall not be less than an amount necessary to provide debt service coverage of one hundred fifteen percent (115%) of the debt service requirement for all senior indebtedness for such fiscal year and one hundred percent (100%) of the debt service requirement for all subordinate debt for such fiscal year. If at the end of any fiscal year the County is not in compliance with the rate covenant, the County shall immediately notify the Local Government Commission and request an independent consulting engineer to submit a written report and recommendations with respect to increases in the County's rate, fees and other charges and improvements in the operations of and the services rendered by the Mainland Water System and the County's accounting and billing procedures necessary to bring the County into compliance with the rate covenant. The report and recommendations shall be filed with the Paying Agent, the County and the County shall promptly revise its rates, fees, charges, operations and services in conformity with the report and recommendations of the independent consulting engineer to the extent permitted by law. Currituck County is in compliance with the rate covenant at year end.

On October 15, 2014, \$9,500,000 of the outstanding debt was partially refunded, reducing the interest rate on that portion to 2.98%.

On February 1, 2015, the remaining \$6,415,000 of the outstanding debt was refunded reducing the interest rate on that portion to 2.71%.

Revenue bonds outstanding at year end are as follows:

### **Revenue bonds serviced by the Mainland Water System Fund:**

<b>\$19,000,000</b> 2008 Revenue Bonds for Mainland Water reverse osmosis	
plant and distribution system expansion, dated March 20, 2008 with	
annual principal payments due March 1 and semi-annual interest payments	
due March 1 and September 1; interest at 2.98 and 2.71%.	\$12,035,000
Total Revenue Bond debt	\$12,035,000

Annual debt service requirements to maturity for the revenue bonds are as follows:

	Business-type Activities						
Year Ending							
June 30		Principal		Interest			
2020	\$	1,135,000	\$	345,545			
2021		1,180,000		312,958			
2022		1,225,000		279,078			
2023		1,280,000		243,906			
2024		1,330,000		207,155			
2023-2028		5,885,000		431,671			
Total	\$	12,035,000	\$	1,820,313			

**Debt Related to Capital Activities** – Of the total Governmental Activities debt listed, all \$1,635,825 relates to assets the County holds title. There is no unspent restricted cash related to this debt.

# d. Long-Term Obligation Activity

The following is a summary of changes in the County's long-term obligations for the fiscal year ended June 30, 2019:

		Balance				Balance	Cu	rent Portion of
Governmental activities:	Ju	ine 30, 2018	Increases	Decreases	Jı	une 30, 2019		Balance
Direct placement installment purchase	\$	3,216,136	\$ -	\$ 1,580,311	\$	1,635,825	\$	495,825

Total outstanding debt	(1,635,825)	(20,910,000)		
Total capital assets, net of depreciation and debt	\$ 93,267,704	\$ 34,616,594		

### E. Fund Balance

Currituck County has a revenue spending policy that provides policy for programs with multiple revenue sources. The Finance Director will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds, county funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Director has the authority to deviate from this policy if it is in the best interest of the County.

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

Total fund balance - General Fund	\$ 23,580,379
Less:	
Inventories	1,834
County Governmental Assets	3,643,345
Stabilization by State Statute	2,915,353
Appropriated Fund Balance in subsequent budget	3,776,870
Fire Protection	171,020
Tax Revaluation	872,326
Remaining Fund Balance	12,199,631

Currituck County has not adopted a minimum fund balance policy for the General Fund.

### III. Joint Ventures

### Albemarle Regional Health Services

The Board of Commissioners voted to join the all ready existing joint venture that operates Albemarle Regional Health Services with the State of North Carolina and four other counties became effective July 1, 1999. The area Boards of Commissioners appoints the fifteen member governing board. The County has an ongoing financial responsibility for Albemarle Regional Health Services because the County is required by State statute to provide public health services either directly or jointly with other counties. The County contributed \$130,175 to Albemarle Regional Health Services during the fiscal year ended June 30, 2019, for administrative and program expenses. The participating governments do not have any equity interest in the joint venture, so no equity interest has been reflected in the financial statements at June 30, 2019. Complete financial statements may be obtained from the administrative offices at Albemarle Regional Health Services, Post Office Box 189, Elizabeth City, North Carolina 27909.

### **Trillium Health Resources**

The County participates in a joint venture to operate Trillium Health Resources with 19 other local governments. Currituck County appoints one board member to the twenty-four member board of the Center. The County has an ongoing financial responsibility for the joint venture because the Center's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Center, so no equity interest has been reflected in the financial statements at June 30, 2019. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$49,012 to the Center to supplement its activities. Complete financial statements may be obtained from Joy Futrell, Vice President of Operations, Trillium Health Resources, 144 Community College Road, Ahoskie, North Carolina 29710.

### Albemarle Regional Solid Waste Authority

The County participates in a joint venture to operate the Albemarle Regional Solid Waste Authority (Authority) with seven other counties, each of which appoints one voting and one nonvoting member to the Authority's governing board. The Authority was created to serve the solid waste disposal needs of the member counties and has subsequently contracted with a private regional landfill for waste disposal. The County has an ongoing financial responsibility for the Authority because it is legally obligated under an intergovernmental agreement for a portion of the Authority's administrative expenses, determined on a per capita basis among the members. The County contributed \$76,372 to the Authority during the fiscal year ended June 30, 2019, for administrative expenses. The participating governments do not have any equity interest in the joint venture, so no equity interest has been reflected in the financial statements at June 30, 2019. Complete financial statements for the Authority may be obtained from the Authority's administrative offices at Albemarle Regional Solid Waste Authority, Post Office Box 189, Elizabeth City, North Carolina 27907.

### East Albemarle Regional Library

The County participates in a joint venture to operate the East Albemarle Regional Library (Library) with four other counties. The Library's nine member Board of Trustees is appointed by the area

Boards of Commissioners as follows: Dare County (3), Currituck County (3), and Camden and Pasquotank Counties (3). Each county is responsible for the cost of its own facilities, the maintenance and operation of those facilities and the majority of the related personnel cost. The County has an ongoing financial responsibility for the joint venture because the Library's continued existence depends on the participating governments' continued funding. The County's annual appropriation is shown as a department in the General Fund and for the year ended June 30, 2019, expenditures were \$549,601. None of the participating governments have any equity interest in the Library, so no equity interest has been reflected the financial statement at June 30, 2019. Complete financial statements for the Library may be obtained from the Library's administrative offices at East Albemarle Regional Library, 205 East Main Street, Elizabeth City, North Carolina 27909.

### IV. Jointly Governed Organization

### Albemarle Commission

The County, in conjunction with nine other counties and fourteen municipalities, established the Albemarle Commission (Commission) to coordinate funding received from various federal and State agencies. Each participating county appoints four members and each participating municipality appoints two members of the Commission's governing board. The County paid membership fees of \$22,580 to the Commission during the fiscal year ended June 30, 2019.

### V. Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures of the County.

	 Federal	State
Special Supplemental Nutrition Program for Women,	\$ 219,845	\$ -
Infant and Children		
Supplemental Nutrition Assistance Program	2,210,175	-
Temporary Assistance for Needy Families	67,309	-
Adoption Assistance	32,421	7,900
Foster Care - Title IV-E	30,230	6,219
Chafee Foster Care Independence Program	3,428	
Medical Assistance Program	12,434,898	6,346,996
Children's Health Insurance Program	346,743	-
Child Welfare Services Adoption	-	129,853
State / County Special Assistance Program	-	177,994
Total	\$ 15,345,049	\$ 6,668,962

# VI. <u>Summary Disclosure of Significant Commitments and Contingencies</u>

### Federal and State Assisted Programs

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

# VII. <u>Related Party Transactions</u>

The County made payments of \$1,652 to C T Mechanical Inc. from July 1, 2018 through June 30, 2019. Commissioner Michael Payment, sworn in to office on December 1, 2014, is a principal owner of this business.

# VIII. Significant Effects of Subsequent Events

On September 27, 2019, the County closed on an installment purchase debt in the amount of \$21,400,000 with Branch Bank and Trust Company to construct a Public Safety and Training Facility. The debt principal payments will be made in semi-annual payments of \$1,070,000 for ten years. The final payment will become due on September 27, 2030.

## Independent Auditors' Report On Internal Control Over Financial Reporting And On Compliance and Other Matters Based On An Audit Of Financial Statements Performed In Accordance With *Government Auditing Standards*

To the Board of County Commissioners Currituck County, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Currituck, North Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprises the County of Currituck's basic financial statements, and have issued our report thereon dated December 20, 2019. Our report includes a reference to other auditors who audited the financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Currituck County ABC Board was not audited in accordance with *Government Auditing Standards*.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County of Currituck's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Currituck's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal

control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies. [2019-001]

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Currituck's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Currituck County's Response to Findings

Currituck County's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Independent Auditors' Report On Compliance With Requirements Applicable To Each Major Federal Program And Internal Control Over Compliance In Accordance With OMB Uniform Guidance and the State Single Audit Implementation Act

To the Board of County Commissioners Currituck County, North Carolina

## **Report on Compliance for Each Major Federal Program**

We have audited the County of Currituck, North Carolina, compliance with the types of compliance requirements described in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the County of Currituck's major federal programs for the year ended June 30, 2019. The County of Currituck's major federal programs are identified in the summary of Auditors' results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with the Federal and State statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

## Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County of Currituck's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance), and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County of Currituck's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County of Currituck's compliance.

## **Opinion on Each Major Federal Program**

In our opinion, the County of Currituck complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

## **Report on Internal Control Over Compliance**

Management of the County of Currituck is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County of Currituck's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance is a control over compliance with a type of compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance control over compliance with a type of compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Section II Financial Statement Findings

## **Significant Deficiency**

2019-001 Excess of Expenditure over Appropriation

Criteria: G.S. 159-28(a) states that no obligation may be incurred in a function accounted for in a fund included in the budget ordinance unless the budget ordinance includes an appropriation authorizing the obligation and an unencumbered balance remains in the appropriation sufficient to pay in the current fiscal year the sums obligated by the transaction for the current fiscal year.

Condition: For the fiscal year ended June 30, 2019, expenditures made in the Solid Waste Fund exceeded the authorized appropriations made by the governing board by \$150,330.

Effect: Moneys were spent that had not been obligated and appropriated.

Cause: Invoices for service months of May and June 2019 for trash collection and disposal were received after the last meeting of the fiscal year for the Governing Body. These invoices totaled \$528,896, which were higher than anticipated and budgeted.

Recommendation: Before an obligation is to incur that will exceed the amount that was previously approved in the budget ordinance, an amendment to the budget should be adopted.

View of responsible officials: The County agrees with this finding.

Section III	Federal Award Findings and Questioned Costs
None Reported	
Section IV	State Award Findings and Questioned Costs

The County did not provide federal funds to subrecipients for the fiscal year ended June 30, 2019.

Notes to the Schedule of Expenditures of Federal and State Financial Awards

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Currituck County under the program of the federal government and the State of North Carolina for the year ended June 30, 2019. The information in the SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Currituck County, it is not intended to and does not present the financial position, changes in net position or cash flows of Currituck County.

#### Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Cluster of Programs

Federal programs with different Catalog of Federal Domestic Assistance (CFDA) numbers that are closely related because they share common compliance requirements are defined as a cluster by the Uniform Guidance. The following clusters are separately identified in the SEFSA, Medicaid Cluster, Supplemental Nutrition Assistance Program (SNAP) Cluster, Temporary Assistance for Needy Families (TANF) Cluster, and Child Care Development Fund (CCDF) Cluster. The following are clustered by the NC Department of Health and Human Services are treated separately for state audit requirement purposes. Foster Care and Adoption.

continued

#### Note 4: Federal Pass-Through Funds

The County is also the sub-recipient of federal funds that have been subjected to testing and are reported as expenditures and listed as federal passthrough funds. Federal awards other than those indicated as pass-through are considered to be direct.

#### Note 5: Contingencies

Grant monies received and disbursed by the County are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon experience, the County does not believe that such disallowance, if any, would have a material effect on the financial position of the County.

## Note 6: Noncash Assistance

The County did not receive any federal noncash assistance for the fiscal year ended June 30, 2019.

## Note 7: Indirect Cost Rate

The County has elected not to use the 10% de Minimis indirect cost rate.

#### Note 8: Loans and Loan Guarantees

The County did not have any loans or loan guarantee programs required to be reported on the SEFSA.

#### Note 9: Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients.

Program Title	CFDA No.	Federal	State
Special Supplemental Nutrition Program for Women, Infant and Children	10.557	219,845	-
