Independent Auditors' Report

To the Board of County Commissioners
Duplin County, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Duplin County, North Carolina, as of and for the year then ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Duplin County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Duplin County TDA were not audited in accordance with *Governmental Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors

Members
American Institute of CPAs – N.C. Association of CPAs – AICPA Division of Firms

consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinions, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Duplin County, North Carolina as of June 30, 2019, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Other Postemployment Benefits Schedules of Changes in the Net OPEB Liability and Related Ratios, the Local Government Employees' Retirement System Schedules of the County's Proportionate Share of Net Pension Liability and County Contributions, and the Register of Deeds' Supplemental Pension Fund Schedule of the County's Proportionate Share of the Net Pension Asset and Schedule of County Contributions, the Law Enforcement Officers' Special Separation Allowance schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Duplin County, North Carolina. The combining and individual fund statements, budgetary schedules, other schedules as well as the accompanying Schedule of Expenditures of Federal and State Awards, *Title 2 U.S. Code of Federal Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the *State Single Audit Implementation Act* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2020 on our consideration of Duplin County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Duplin County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis

As management of Duplin County, we offer readers of Duplin County's (the "County") financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2019. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

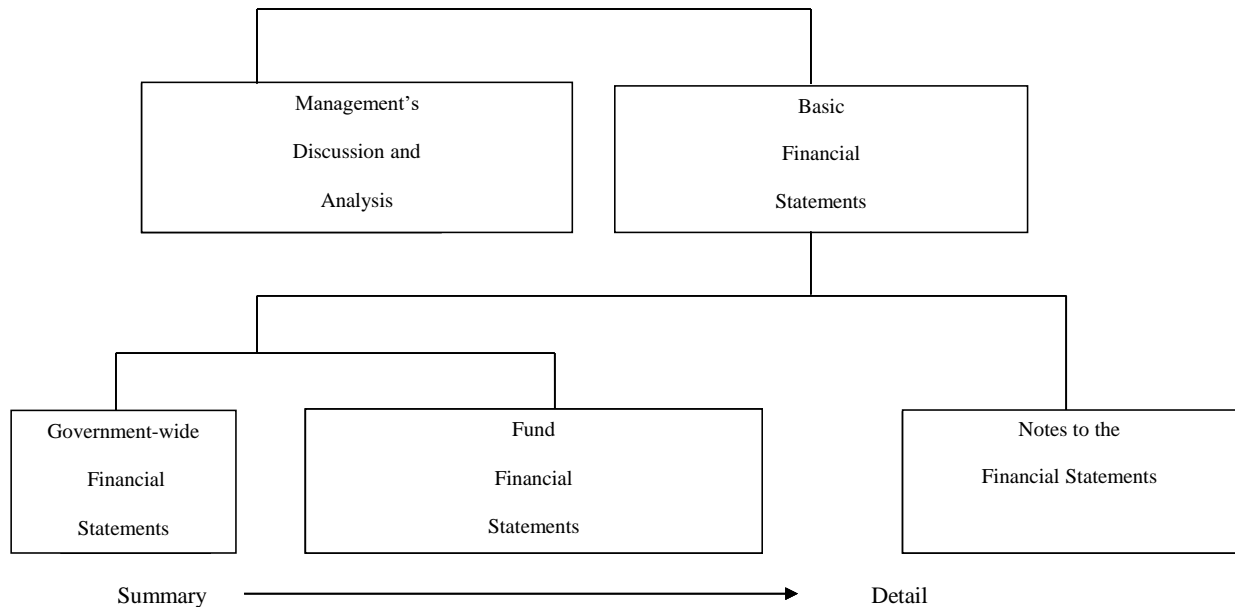

Financial Highlights

- The assets and deferred outflows of resources of Duplin County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$22,355,504 (net position).
- The government's total net position increased by \$6,288,313 due to increases in both the net position in the governmental activities and business-type activities.
- As of the close of the current fiscal year, Duplin County's governmental funds reported combined ending fund balances of \$30,389,757, after a net increase in fund balance of \$3,158,184. Approximately 77% of this total amount, or \$23,332,687 is restricted or non-spendable.
- At the end of the current fiscal year, unassigned fund balance for the consolidated General Fund was \$7,061,327 or 13% of total General Fund expenditures.
- Duplin County's total debt decreased by \$3,228,772 during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Duplin County's basic financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Duplin County.

**Required Components of Annual Financial Report
Figure 1**

Basic Financial Statements

The first two statements (Exhibits 1&2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3-9) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the government fund statements; 2) the budgetary comparison statements; 3) the proprietary governmental funds statements; 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's major and non-major governmental funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the Notes is the required supplemental information. This section contains funding information about the County's Other Post Employment Benefit Plan and Pension Plans.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how it has changed. Net position is the difference between the County's total assets and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities, 2) business-type activities, and 3) component units. The governmental activities include most of the County's basic services such as general government, public safety, human services, cultural and recreational, economic and physical development, environmental protection, and education. Property taxes, local option sales taxes and state grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the water operations, solid waste operations, transportation services and airport operations. The final category is the component unit. Duplin County Tourism Development Authority is legally separate from the County however the County is financially accountable for the Authority by approving all new members that are elected by the Authority.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The Fund Financial Statements (see Figure 1) provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Duplin County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the North Carolina General Statutes or the County's budget ordinance. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary fund.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in the governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a current financial focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds - Duplin County has two different kinds of proprietary funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Duplin County uses enterprise funds to account for its water activities, solid waste operations, transportation services, and airport operations. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among functions of the County. The County uses an internal service fund to account for one activity – to administer its self-insured hospital insurance policy. Because this activity benefits predominantly governmental rather than business-type activities, the internal service fund has been included within the governmental activities in the government-wide financial statements.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Duplin County has five agency funds.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information - In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Duplin County's progress in funding its obligation to provide pension and other post-employment benefits to its employees.

Government Wide Financial Analysis

As noted earlier, net position, over time, may serve as a useful indicator of a government's financial position. For Duplin County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$22,355,504 at the close of the most recent fiscal year.

By far, the largest portion, \$52,859,183 (236%), of Duplin County's net position reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. Duplin County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Duplin County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to repay these liabilities.

At the end of the current fiscal year, Duplin County had an additional portion net position \$21,800,046 (98%) that represents resources subject to external restrictions on how they may be used. The remaining balance of (\$52,303,725) is unrestricted.

Duplin County's Net Position
Figure 2

	Governmental Activities		Business-Type Activities		Total	
	2019	2018	2019	2018	2019	2018
Current and other assets	\$ 43,245,391	\$ 40,683,053	\$ 14,963,902	\$ 13,714,414	\$ 58,209,293	\$ 54,397,467

Long-term liabilities outstanding	91,522,439	93,978,095	18,829,107	19,502,242	110,351,546	113,480,337
Other liabilities	4,591,137	1,295,678	2,514,697	1,609,061	7,105,834	2,904,739
Total liabilities	96,113,576	95,273,773	21,343,804	21,111,303	117,457,380	116,385,076
Deferred inflows of resources	3,032,971	2,271,568	257,455	185,006	3,290,426	2,456,574
Net Position:						
Net investment in capital assets	11,562,302	11,724,958	41,296,881	36,959,869	52,859,183	48,684,827
Restricted	19,983,788	14,578,586	1,816,258	1,553,958	21,800,046	16,132,544
Unrestricted	(61,601,005)	(58,094,126)	9,297,280	9,343,947	(52,303,725)	(48,750,179)
Total net position	\$ (30,054,915)	\$ (31,790,582)	\$ 52,410,419	\$ 47,857,774	\$ 22,355,504	\$ 16,067,192

Several aspects of the County's financial operations positively influenced the total unrestricted governmental net position:

- Continued diligence in the collection of property taxes by maintaining a collection percentage of 97.39%.
- Management's proactive stance on monitoring spending across County departments to ensure compliance with the budget.

Governmental activities: Governmental activities increased the County's net position by \$1,735,667.

Business-type activities: Business-type activities increased the County's net position by \$4,552,646.

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Duplin County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, the County's fund balance available in the General Fund was \$7,061,327 while total fund balance reached \$19,352,389. The County currently has an unassigned fund balance of 13% GF expenditures while total fund balance represents 34% of the same amount.

At June 30, 2019, the governmental funds of the County reported a combined fund balance of \$30,389,757, a \$3,158,184 increase over last year.

General Fund Budgetary Highlights:

During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

Proprietary Funds: The County's proprietary funds provide the same type of information found in the government-wide statements but in more detail. The total increase in net position was \$4,552,646.

Capital Asset and Debt Administration

Capital assets. The Duplin County's investment in capital assets for its governmental and business-type activities as of June 30, 2019, totals \$79,237,323 (net of accumulated depreciation). These assets include land, buildings, automotive equipment, office and other equipment, and water and sewer lines.

Major capital assets transactions during the year include:

- Runway widening/overlay
- 3 2019 Startrans Senator
- 2020 Roll Off Truck

Total	\$ 63,387,870	\$ 65,743,130	\$ 17,068,382	\$ 17,941,894	\$ 80,456,252	\$ 83,685,024

Duplin County's total governmental debt decreased by \$3,228,772 during the past fiscal year. This decrease is primarily due to current debt service payments.

Duplin County maintains an AA- bond rating from Standard and Poor's Corporation and was assigned an A+ long-term rating on the 2016 Series Limited-Obligation Bonds that were issued for County school facility enhancements. This bond rating is a clear indication of the sound financial condition of Duplin County.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Duplin County is \$297,964,706.

Additional information regarding Duplin County's long-term debt can be found in the Notes to the Financial Statements.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the County.

- Our population of 60,130 has grown over the past few years mainly due to the growth of the Hispanic population being permanently located in Duplin as compared to being a seasonal workforce.
- The assessed value of real and personal property increased by \$247,225,323 or 5.79%.

Budget Highlights for the Fiscal Year Ending June 30, 2020

Governmental Activities

The County approved an original \$58,266,622 million general fund budget. This represents a slight increase over the original budget adopted for FY 2019 and a decrease over the final budget for FY 2019. The property rate for tax year FY 2020 increased to \$0.735 per hundred dollar valuation.

Business-type Activities

The County has not increased its tipping fees in the solid waste fund. The water funds' rates remained at prior year amounts. The Transportation fund rate schedule for FY 2019-2020 remained at a flat rate fee per trip of \$8.00.

Economic Forecast

Duplin County's economy has historically been based on agriculture. According to the North Carolina Department of Agriculture's 2018 statistics, Duplin County ranks number 1 in the state in cash receipts from the sale of pork and poultry with total sales for all livestock and crops county wide of \$1.063 billion. Duplin County is also recognized as an important agricultural producer nationally. The 2012 U.S. Census of Agriculture ranks Duplin County 20th of 3,079 U.S. counties in market value of agricultural products sold; with 90% of the value generated by livestock sales.

Poultry production continues to expand in Duplin County. Following a 2018 fire that destroyed the House of Raeford's Wallace plant, the company announced plans to partner with the county and the state to invest \$30 million in a new processing plant thereby retaining 600 existing jobs and creating 600 new jobs over the next two years.

The Duplin County Economic Development Commission has identified 4 strategic markets as potential growth segments: Logistics and distribution, Alternative Energy Production, Food Processing and Defense.

A network of 6 primary highways intersects with I-40, the state's major east-west artery. The county has four-lane access to the region's population centers; deep water ports at Wilmington and Morehead City; and the military installations of Marine Corps Base Camp Lejeune, Fort Bragg, and Seymour Johnson Air Force Base.

The production of alternative clean energy is an emerging agribusiness growth opportunity for the county.

In 2016, Carbon Cycle Energy broke ground on a \$100 million plant that will produce biogas from agricultural and food waste. The company has contracts with Piedmont Natural Gas to deliver biogas directly into the natural gas pipeline that traverses the county.

In 2018 Optima KV began converting hog waste to natural gas that utilizes covered hog lagoons to capture methane which is scrubbed and pressurized and inserted directly onto a Piedmont Natural Gas pipeline. The project is the first of its kind that is operational in Duplin County.

Other similar projects are in development in Duplin County to produce compost and natural gas from hog waste and poultry litter.

Manufacturing, including agricultural related food processing, is an important segment of the County's employment. Approximately 30% of the county's workforce is employed in agricultural related processing and manufacturing. Of the ten largest employers in the county, six are engaged in agricultural production, manufacturing or food processing.

Requests for Information

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Duplin County Finance Office, PO Box 950, Kenansville, N.C. 28349.

Duplin County, North Carolina
Statement of Revenues, Expenditures, and Changes in Fund Balance
Governmental Funds
For the Year Ended June 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balance - total government funds	\$ 3,158,184
--	--------------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current year.

Capital outlay expenditures which were capitalized.	1,250,507	
Depreciation expense for governmental assets.	(1,599,710)	(349,203)

Change in inventory	61,009
---------------------	--------

Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities.	1,493,724
---	-----------

Internal service fund operations that primarily support governmental activities.	(30,546)
--	----------

Revenues reported in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds - change in deferred inflows of resources for tax revenues.	1,620,851
--	-----------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.	(6,179,899)
--	-------------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net of these differences in the treatment of long-term debt and related items.	1,961,547
---	-----------

Total changes in net position of governmental activities	\$ 1,735,667
--	--------------

NOTES TO THE FINANCIAL STATEMENTS

DUPLIN COUNTY, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2019

I. Summary of Significant Accounting Policies

The accounting policies of Duplin County, North Carolina and its component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The County, which is governed by a five-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component units, legally-separate entities for which the County is financially accountable. The Duplin County Water Districts (the "Districts"), which have a June 30th year-end, are presented as if they were a separate proprietary fund of the County (blended presentation). The Districts do not issue separate financial statements. Duplin County Industrial Facility and Pollution Control Financing Authority (the Authority) exists to issue and service revenue bond debt of private businesses for economic development purposes. The Authority has no financial transactions or account balances; therefore, it is not presented in the basic financial statements. The Duplin County Tourism Development Authority has elected not to issue separate financial statements, but to include all relevant information required by generally accepted accounting principles as supplementary information in the County's Comprehensive Annual Financial Report.

Component Unit	Reporting Method	Criteria for Inclusion	Separate Financial Statement
Duplin County Water District	Blended	Under State law [NCGS 162A-89], the County's board of commissioners also serve as the governing board for the District	None issued.
Duplin County Industrial Facility and Pollution Control Financing Authority	Discrete	The Authority is governed by a six-member board of commissioners that is appointed by the County commissioners. The County can remove any commissioner of the Authority with or without cause.	None issued.
Duplin County Tourism Development Authority	Discrete	The Authority exists to promote tourism within the county. The County commissioners appointed the original governing board of the Authority. All new members to the board are now nominated and selected by the Authority board, but subject to the approval of the County commissioners.	None issued.

B. Basis of Presentation – Basis of Accounting

Basis of Presentation, Measurement Focus - Basis of Accounting

Government-wide Statements : The statement of net position and the statement of activities display information about the primary government's net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements : The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies, result from non-exchange transactions. Other non-operating items such as investment earnings are ancillary activities.

The County reports the following major governmental funds:

General Fund - This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Capital Reserve Fund is a legally budgeted fund under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54 they are consolidated in the General Fund.

Capital Projects Fund - This fund accounts for various capital projects undertaken by the County, including the capital improvements projects for the County school system.

Debt Service Fund - This fund accounts for cash reserves that are used to pay principal and interest for governmental activity type debt.

The County reports the following major enterprise funds:

Water Fund - This fund is used to account for the operations of the County water districts.

Solid Waste Fund - This fund is used to account for the operations of the County solid waste districts.

Airport Commission Fund - This fund is used to account for the operations of the County airport.

The County reports the following fund types:

Agency Funds: Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains the following agency funds: the Social Services Fund, which accounts for moneys deposited with the Department of Social Services for the benefit of certain individuals; the County Agency Fund which accounts for monies deposited for various cooperative extension programs, sheriff execution monies collected from individuals and businesses, the jail inmate trust funds, and the County attorney's trust fund; the Ad Valorem and Motor Vehicle Tax Fund, which accounts for registered motor vehicle property taxes that are billed by the State and collected by the State and the County for various municipalities within the County but that are not revenues to the County; the Register of Deeds Fund which accounts for the \$5 of each fee collected by the register of deeds for registering a deed of trust or mortgage; and the Board of Education Fines and Forfeitures Fund which accounts for various legal fines and forfeitures required to be remitted to the Board of Education.

Internal Service Fund - This fund is used to account for the County's participation in the self-insured hospital insurance plan.

Non-major Funds: The Emergency Telephone System Fund, Automation Enhancement and Preservation Fund, Revaluation Reserve Fund, Community Development Revolving Loan Fund, School Planning Allocation Fund, Fire District Fund, CDBG 12-C-2494 Fund, CDBG 12-C-2414 Fund, CDBG 2015-I-Project Fund, and County Trust Fund, are reported as non-major special revenue funds. The Industrial Expansion Capital Project Fund, Capital Project School Fund, and Capital Project JSCC Fund are reported as a non-major capital project funds. The Transportation Development Plan Fund is reported as a non-major enterprise fund.

C. Measurement Focus, Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year on the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements – The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for agency funds which have no measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements – Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. As of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2014 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the County, are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the general, special revenue (excluding the Capital Reserve and Grant projects), and the enterprise funds. All annual appropriations lapse at the fiscal year end. Project ordinances are adopted for the Capital Projects, Capital Reserve, Grant projects, and Enterprise Capital Project funds. The Enterprise Capital Project funds are consolidated with the enterprise operating funds for reporting purposes. All budgets are prepared using the modified accrual basis of accounting, which is consistent with the accounting system used to record transactions. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the object level for the multi-year funds. Amendments by the board are required for any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$10,000. The County manager may move up to \$10,000 between line items appropriations and must provide a list of such changes to the Board at the next meeting. The governing board must approve all amendments. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget to cover that time until the annual ordinance can be adopted. A budget calendar is included in the North Carolina General Statutes, which prescribes the last day on which certain steps of the budget procedure are to be performed. The following schedule lists the tasks to be performed and the date by which each is required to be completed.

April 30	Each department head will transmit to the budget officer the departmental budget requests and revenue estimates for the budget year.
June 1	The budget and the budget message shall be submitted to the governing board. The public hearing on the budget should be scheduled at this time.
July 1	The budget ordinance shall be adopted by the governing board.

As required by State law [G.S. 159-26(d)], the County maintains encumbrance accounts, which are considered to be "budgetary accounts". Encumbrances outstanding at year-end represent the estimated amounts of the expenditures ultimately to result if unperformed contracts in progress at year-end are completed. Encumbrances outstanding at year-end do not constitute expenditures or liabilities.

E. Assets, Liabilities, Deferred Outflow/Inflows of Resources and Fund Equity**1. Deposits and Investments**

All deposits of the County and the Duplin County Tourism Development Authority are made in board-designated official depositories and are secured as required by G.S. 159-31. The County may designate as an official depository any bank or savings association whose principal office is located in North Carolina. Also, the County and Tourism Development Authority may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County and the Tourism Development Authority to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

The County's investments are carried at fair value. Non-participating interest earning investment contracts are accounted for at cost. The North Carolina Capital Management Trust (NCCMT) is a SEC registered money market mutual fund allowable by G.S. 159-30(c)(8). The NCCMT Government Portfolio is a 2a-7 fund maintaining an AAAM rating from S&P. The NCCMT Term Portfolio is a bond fund, has no rating and has a duration of .11 years. Both the NCCMT Government and Term Portfolios are reported at fair value.

2. Cash and Cash Equivalents

The County pools monies from several funds to facilitate disbursement and investment and maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. Duplin County Tourism Development Authority considers demand deposits and investments purchased with an original maturity of three months or less and which are not limited as to use to be cash and cash equivalents.

3. Restricted Assets

Customer deposits held by the County before any services are supplied are restricted to the service for which the deposit was collected. In the Solid Waste Fund, funds have been restricted to provide for future environmental contingencies. Money in the Tax Revaluation Fund is also classified as restricted assets because its use is restricted per North Carolina General Statute 153A-150. Money in the School Planning Allocation Fund is classified as restricted assets because its use is restricted to education by the North Carolina Public School Building Capital Fund. Restricted cash and cash equivalents consists of the following at June 30, 2019:

Governmental Activities:	
Revaluation	\$ 686,332
Debt Service Fund	31,055
School Planning Allocation Fund - Public School Building Capital Fund	<u>2,751,591</u>
Total governmental activities	<u>\$ 3,468,978</u>
Business-Type Activities:	
Water Fund:	
Customer Deposits	\$ 477,105
Airport Commission Fund	223,856
Solid Waste Fund - Environmental Contingencies	<u>1,115,297</u>
Total business-type activities	<u>\$ 1,816,258</u>
Total restricted cash	<u>\$ 5,285,236</u>

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1st the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, penalties and interest do not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2018.

5. Allowance for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventories and Prepaid Items

The inventories of the County are valued at average cost, which approximates market. The County's General Fund inventory consists of expendable supplies that are recorded as expenditures when purchased. The inventory of the County's enterprise funds consists of materials and supplies held for consumption or resale. The cost of the inventory carried in the County's enterprise funds is recorded as an expense as it is consumed or sold. Occasionally, certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. The County's minimum capitalization amount for capital assets is \$5,000. Certain items acquired before July 1, 1970, are recorded at an estimated historical cost. The total of such estimates is not considered large enough that errors would be material when the capital assets are considered as a whole. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

<u>Asset Class</u>	<u>Years</u>
Water plants and distribution systems	50
Airport terminals and runways	20 - 50
Building and improvements	20 - 50
Equipment	10
Vehicles	5

8. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has several items that meet this criterion – a deferred loss on refunding of debt, pension related deferrals, and contributions made to the pension plan in the current fiscal year. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has several items that meet the criterion for this category – taxes receivable, accounts receivable, and prepaid taxes, and other pension related deferrals.

9. Long-term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as an other financing source.

10. Compensated Absences

The vacation policy of the County and the Tourism Development Authority provides for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. For the County's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned.

The sick leave policies of the County and Tourism Development Authority provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither entity has any obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

11. Interfund Transactions

Interfund services provided are accounted for as revenue or expenses in the government-wide financial statements since they would be treated as such if they involved organizations external to the County. Transactions that constitute reimbursements to a fund or expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

12. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

13. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represent constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance - This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net Position and Restricted Fund Balance on the face of the balance sheet.

Restricted for Grants/Projects - portion of fund balance that is restricted by revenue source to pay for grant related expenditures or remaining portion of projects in process.

Restricted for Register of Deeds - portion of fund balance restricted by State statute for automation enhancement (software) improvements.

Restricted for Federally Seized Assets - portion of fund balance that is restricted by revenue source to pay for public safety expenditures.

Restricted for Health - portion of fund balance that is restricted by revenue source for health services to citizens.

Restricted for Economic Development - portion of fund balance that is restricted by revenue source for economic and physical development activities.

Restricted for Sheriff - portion of fund balance that is restricted by revenue source for sheriff expenditures.

Restricted for Inspections - portion of fund balance that is restricted by revenue source for inspection expenditures.

Restricted for Event Center - portion of fund balance that is restricted by revenue source for event center expenditures.

Restricted for Daycare - portion of fund balance that is restricted by revenue source for daycare services.

Restricted for Schools - portion of fund balance that can only be used for School Capital per G.S. 159-18-22.

Restricted for E-911 - portion of fund balance that is restricted by revenue source for emergency services.

Restricted for Tax Revaluation - portion of fund balance that can only be used for tax revaluation.

Restricted fund balance at June 30, 2019 is as follows:

Purpose	General Fund	Other Governmental Funds
Restricted:		
Stabilization by State Statute	\$ 6,437,034	\$ 1,911,279
Register of Deeds	-	11,592
School Capital	-	6,811,893
Human services	594,464	-
Economic development	1,022,145	-
Tax revaluation	-	738,065
Public safety	201,065	457,500
Total	<u>\$ 8,254,708</u>	<u>\$ 9,930,329</u>

Committed Fund Balance – portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of Duplin County's governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Committed for Economic Development – portion of fund balance in the Community Development Revolving Loan Fund that can only be used for economic development activities.

Committed for Capital Improvements – portion of fund balance that can only be used for capital improvements.

Committed for Debt Service - portion of fund balance committed by the Board to be used to service outstanding debt.

Purpose	General Fund	Other Governmental Funds
Committed:		
Various Programs	\$ -	\$ 180,684
Economic Development	-	294,053
Capital Improvements	899,048	3,151
Debt Service	-	633,408
Total	<u>\$ 899,048</u>	<u>\$ 1,111,296</u>

Assigned Fund Balance – portion of fund balance that the County intends to use for specific purposes.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed.

Unassigned Fund Balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

Duplin County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds, and county funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the County.

14. Defined Benefit Pension Plans and OPEB Plans

The County participates in three cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System (LERS), the Registers of Deeds' Supplemental Pension Fund (RODSPF), and the Law Enforcement Officers' Special Separation Allowance (LEOSSA) (collectively, the "state-administered defined benefit pension plans"). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans' fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans. Investments are reported at fair value.

15. Adoption of New Financial Accounting Standards

The following GASB Statements recently issued and adopted by the GASB impacted the Board's financial statements:

GASB Statement No. 77, Tax Abatement Disclosures ("GASB 77"), requires governments that enter into tax abatement agreements to disclose: (1) Brief descriptive information concerning the agreement; (2) The gross dollar amount of taxes abated during the period; and (3) Commitments made by government, other than to abate taxes, that are part of the tax abatement agreement. GASB 77 will be effective for fiscal years beginning after December 15, 2015. Currently, this new standard has minimal effect on the County's financial statements.

The County implemented GASB issued Statement No. 82 – Pension Issues-an amendment of GASB Statements No. 67, No. 68, and No. 73. This Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The County has implemented this provision for the year ended June 30, 2018. The implementation of this statement had no effect on net position of the County.

The County implemented GASB issued Statement No. 80 – Blending Requirements for Certain Component Units – An Amendment of GASB Statement No. 14. The objective of this Statement is to improve financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units included in the financial reporting entity pursuant to the provisions of Statement No. 39, determining whether certain organizations are component units.

In June 2015, the GASB issued Statement No. 75 – Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This Statement replaces the requirements of Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, as amended, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans, for OPEB. **The County is currently assessing the impact of GASB 84 on the financial statements for the year ending June 30, 2019.**

In March 2017, the GASB issued Statement No. 85 – Omnibus 2017. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). **The County is currently assessing the impact of GASB 85 on the financial statements for the year ending June 30, 2019.**

In March 2016, the GASB issued Statement No. 81 – Irrevocable Split-Interest Agreements. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. This Statement requires that a government that receives resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement. Furthermore, this Statement requires that a government recognize assets representing its beneficial interests in irrevocable split-interest agreements that are administered by a third party, if the government controls the present service capacity of the beneficial interests. This Statement requires that a government recognize revenue when the resources become applicable to the reporting period. **The County is currently assessing the impact of GASB 81 on the financial statements for the year ending June 30, 2019.**

Future Accounting Pronouncements

In November 2016, the GASB issued Statement No. 83 – Certain Asset Retirement Obligations. This Statement will enhance comparability of financial statements among governments by establishing uniform criteria for governments to recognize and measure certain AROs, including obligations that may not have been previously reported. This Statement also will enhance the decision-usefulness of the information provided to financial statement users by requiring disclosures related to those AROs. The County is currently assessing the impact of GASB 83 on the financial statements for the year ending June 30, 2019.

In January 2017, the GASB issued Statement No. 84 – Fiduciary Activities. The requirements of this Statement will enhance consistency and comparability by (1) establishing specific criteria for identifying activities that should be reported as fiduciary activities and (2) clarifying whether and how business-type activities should report their fiduciary activities. Greater consistency and comparability enhances the value provided by the information reported in financial statements for assessing government accountability and stewardship. The County is currently assessing the impact of GASB 84 on the financial statements for the year ending June 30, 2020.

In June 2017, the GASB issued Statement No. 87 – Leases which seeks to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The County is currently assessing the impact of GASB 87 on the financial statements for the year ending June 30, 2021.

Reconciliation of Government-wide & Fund Financial Statements**1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position**

The governmental fund balance sheet includes a reconciliation between fund balance-total governmental funds and net position-governmental activities as reported in the government-wide statement of net position. The net adjustment of \$(60,444,672) consists of the following elements as follows:

Description	Amount
Capital assets used in governmental activities are not financial resources and therefore not reported in the funds (total capital assets on government-wide statement in governmental activities column)	\$ 43,673,859
Less accumulated depreciation.	(22,801,799)
Net capital assets.	20,872,060
Internal service fund activities to benefit governmental activities	1,299,756
Net pension asset.	63,185
Contributions to the pension plan in the current fiscal year are deferred outflows of resources on the Statement of Net Position.	4,974,181
Deferred inflows of resources reported in the fund statements but not the government-wide. Unavailable taxes and accounts receivable, net.	9,163,244
Liabilities for deferred inflows of resources reported in the fund statements but not the government-wide.	(2,796,745)
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not recorded in the fund statements:	
Long-term debts, including bonds and notes payable	(63,387,870)
Accrued interest payable	(225,674)
Net pension liability - LGERS	(1,655,277)
Net pension liability - LEOSSA	(7,047,827)
OPEB payable	(20,538,721)
Compensated absences	(1,164,984)
Total adjustment	<u>\$ (60,444,672)</u>

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances-total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. There are several elements of that total adjustment of \$(1,422,517) as follows:

Description	Amount
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the Statement of Activities	\$ 1,250,507
Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the Statement of Activities but not in the fund statements	(1,599,710)
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net position in the government-wide statements	1,961,547
Change in inventory.	61,009
Internal service fund activities to benefit governmental activities	(30,546)
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	1,493,724
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in fund statements	
Increase/Decrease in deferred inflows of resources- taxes receivable- at year end	
Taxes receivable	454,878
Unavailable revenues	1,165,973
Expenses reported in the Statement of Activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements. This includes accrued interest payable, compensated absences, pension expense and OPEB.	(6,179,899)
Total adjustment	<u>\$ (1,422,517)</u>

II. Stewardship, Compliance, and Accountability

A. Significant Violations of Finance-Related Legal and Contractual Provisions

Noncompliance with North Carolina General Statutes

Timeliness of audit submission. The county has implemented security features to prevent this in the future.

B. Deficit Fund Balance or Net Position of Individual Funds

The Capital Project Fund has a deficit fund balance due to timing issues related to income.

C. Excess of Expenditures over Appropriations

None.

III. Detail Notes on All FundsA. Assets1. Deposits

All of the County and Tourism Development Authority's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's or the Tourism Development Authority's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County and Tourism Development Authority, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County, the Tourism Development Authority, or the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County or Tourism Development Authority under the Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County and Tourism Development Authority rely on the State Treasurer to monitor those financial institutions. The County and Tourism Development Authority analyze the financial soundness of any other financial institution used by the County or Tourism Development Authority. The County and Tourism Development Authority comply with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. Neither the County nor Tourism Development Authority has a policy regarding custodial credit risk for deposits.

At June 30, 2019 the carrying amount of the County's deposits was \$6,287,035 and the bank balance was \$7,061,066. Of the bank balance, \$250,000 was covered by federal depository insurance and \$00 was covered by collateral held under the Pooling Method.

At June 30, 2019 the carrying amount of the Tourism Development Authority's deposits was \$37,967 and the bank balance was \$37,967. The entire bank balance was covered by federal depository insurance at June 30, 2019.

At June 30, 2019 the carrying amount of the Agency funds deposits was \$310,396 and the bank balance was \$310,396. The entire bank balance was covered by federal depository insurance at June 30, 2019.

2. Investments

At June 30, 2019, the County's investment balances consisted of \$33,756,495 held in the North Carolina Capital Management Cash Portfolio, which carried a credit rating of AAAM by Standard and Poor's. The County's investments in the North Carolina Capital Management Trust are exempt from risk categorization because the County does not own any identifiable securities in these mutual funds. The County has no policy regarding credit risk. These amounts are included within cash on the statement of net position.

At June 30, 2019, the Tourism Development Authority's investments consisted of \$310,396 in the North Carolina Capital Management Trust's Cash Portfolio, which carried a credit rating of AAAM by Standard and Poor's. The Authority has no policy on credit risk. These amounts are included within cash on the statement of net position.

3. Property Tax - Use-Value Assessment on Certain Lands

In accordance with the general statutes, agriculture, horticulture, and forestland may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the two preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present-use value eligibility is lost. These amounts have not been recorded in the financial statements.

Year Levied	Tax	Interest	Total
2016	5,089,163	120,868	\$ 5,210,030
2017	4,845,162	71,466	4,916,628
2018	4,984,591	28,661	5,013,252
2019	5,124,020	-	5,124,020
Total	\$ 20,042,936	\$ 220,995	\$ 20,263,931

4. Receivables

Receivables at the government-wide level at June 30, 2019 were as follows:

	Accounts	Taxes & Related Accrued Interest	Due From Other Governments	Total
Governmental Activities:				
General	\$ 13,074,604	\$ 1,835,385	\$ 314,666	\$ 15,224,655
Other Governmental	1,909,861	-	-	1,909,861
Total Receivables	14,984,465	1,835,385	-	16,819,850
Allowance for Doubtful Accounts	-	(650,334)	-	(650,334)
Total Governmental	<u>\$ 14,984,465</u>	<u>\$ 1,185,051</u>	<u>\$ 314,666</u>	<u>\$ 16,484,182</u>
Business-Type Activities:				
Airport	\$ 43,110	\$ -	\$ -	\$ 43,110
County Water Fund	490,652	-	-	490,652
Solid Waste Fund	718,301	-	-	718,301
Transportation	158,219	-	-	158,219
Allowance for Doubtful Accounts	(49,065)	-	-	(49,065)
Total Business-Type	<u>\$ 1,361,217</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,361,217</u>

The Tourism Development Authority's receivables are accounts receivable. Management expects all accounts receivable to be collected; therefore, no allowance for doubtful accounts has been recorded.

5. Capital Assets**Primary Government**

Capital asset activity for the year ended June 30, 2019, was as follows:

	Beginning Balances July 1, 2018	Increases	Decreases	Adjustment	Ending Balances June 30, 2019

3. Pension Plan and Other Post Employment Obligations**a. Local Governmental Employees' Retirement System**

Plan Description. Duplin County is a participating employer in the statewide Local Governmental Employees' Retirement System (LERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic postretirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2019, was 8.50% of compensation for law enforcement officers and 7.84% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$1,627,860 for the year ended June 30, 2019.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported a liability of \$7,680,694 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2018, the County's proportion was 0.32376%, which was an decrease of 0.02783% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the County recognized pension expense of \$2,139,447. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,184,949	\$ 39,761
Changes of assumptions	1,613,646	-
Net difference between projected and actual earnings on pension plan investments	1,054,330	-
Changes in proportion and differences between County contributions and proportionate share of contributions	36,350	306,148
County contributions subsequent to the measurement date	1,627,860	-
Total	<u>\$ 5,517,135</u>	<u>\$ 345,909</u>

\$1,627,860 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	
2020	1,990,296
2021	1,260,551
2022	159,796
2023	132,723
2024	-
Thereafter	-
Total	<u>\$ 3,543,366</u>

At June 30, 2019 the TDA reported a liability of \$39,618 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The TDA's proportion of the net pension liability was based on a projection of the TDA's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2018, the TDA's proportion was 0.00167% which was an increase of 0.00004% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the TDA recognized pension expense of \$12,593. At June 30, 2019, the TDA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 6,112	\$ 205
Changes of assumptions	10,513	-
Net difference between projected and actual earnings on pension plan investments	5,439	-
Changes in proportion and differences between County contributions and proportionate share of contributions	4,185	3,362
County contributions subsequent to the measurement date	6,281	-
Total	<u>\$ 32,530</u>	<u>\$ 3,567</u>

\$6,281 reported as deferred outflows of resources related to pensions resulting from TDA contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	
2020	12,048
2021	7,673
2022	304
2023	2,657
2024	-
Thereafter	-
Total	<u>\$ 22,682</u>

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary Increases	3.50 to 7.75 percent, including inflation and productivity factor
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2017 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of
		Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2017 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 7.00 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1 % Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
County's proportionate share of the net pension liability (asset)	\$18,449,693	\$7,680,694	(\$1,318,050)
TDA's proportionate share of the net pension liability (asset)	\$95,166	\$39,618	(\$6,799)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers Special Separation Allowance(1) Plan Description

Duplin County administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At the December 31, 2017, the Separation Allowance's membership consisted of:

Retirees Receiving Benefits	5
Terminated Plan Members Entitled to, But Not Yet Receiving Benefits	-
Active Plan Members	<u>72</u>
Total	<u><u>77</u></u>

(2) Summary of Significant Accounting Policies

Basis of Accounting - The County has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 73.

(3) Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2017 valuation. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 to 7.35 percent, including inflation and productivity factor
Discount rate	3.16 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2018.

Mortality Rates

Deaths After Retirement (Healthy): Mortality rates are based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table. The RP-2014 annuitant tables have no rates prior to age 50. The RP-2014 Total Data Set Employee Mortality Table is used for ages less than 50.

Deaths After Retirement (Disabled): Mortality rates are based on the RP-2014 Total Data Set for Disabled Annuitants Mortality Table. Rates for male members are multiplied by 103% for all ages. Rates for female members are multiplied by 99% for all ages.

Deaths Before Retirement: Mortality rates are based on the RP-2014 Total Data Set Employee Mortality Table.

Mortality Projection: All mortality rates are projected from 2014 using generational improvement with Scale MP-2015.

(4) Contributions

The County is required by article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. The County paid \$90,382 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported a total pension liability of \$1,655,277. The total pension liability was measured as of December 31, 2018 based on a December 31, 2017 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2018 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2019, the County recognized pension expense of \$128,139.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 33,951	\$ 70,714
Changes of assumptions and other inputs	71,621	75,992
Benefit payments and administrative expenses subsequent to the measurement date.	-	-
	<u>\$ 105,572</u>	<u>\$ 146,706</u>

\$0 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	
2020	(10,674)
2021	(10,674)
2022	(10,674)
2023	(5,996)
2024	(3,116)
Thereafter	-
	<u>\$ (41,134)</u>

Sensitivity of the County's total pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 3.64 percent, as well as what the County's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.64 percent) or 1-percentage-point higher (4.64 percent) than the current rate:

	1% Decrease (2.64%)	Discount Rate (3.64%)	1% Increase (4.64 %)
Total pension liability	\$ 1,797,335	\$ 1,655,277	\$ 1,526,060

Schedule of Changes in Total Pension Liability Law Enforcement Officers' Special Separation Allowance

	2019
Beginning balance	\$ 1,632,207
Service Cost	88,663
Interest on the total pension liability	50,150
Changes of benefit terms	-
Differences between expected and actual experience in the measurement of the total pension liability	41,175
Changes of assumptions or other inputs	(66,536)
Benefit payments	(90,382)
Other changes	-
Ending balance of the total pension liability	<u>\$ 1,655,277</u>

Changes of assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 3.16 percent at June 30, 2017 to 3.64 percent at June 30, 2018.

Changes in Benefit Terms. Reported compensation adjusted to reflect the assumed rate of pay as of the valuation date.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. Duplin County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included on the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Funding Policy: Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2019 were \$258,887 which includes \$140,857 from the County and \$118,030 from the employees.

d. Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

e. Register of Deeds' Supplemental Pension Fund

Plan Description. Duplin County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Registers of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$5,094 for the year ended June 30, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported an asset of \$63,185 for its proportionate share of the net pension asset. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2018, the County's proportion was 0.37017%, which was a decrease of 0.02157% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the County recognized pension expense of \$16,336. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 557	\$ 2,884
Changes of assumptions	2,972	-
Net difference between projected and actual earnings on pension plan investments	10,071	-
Changes in proportion and differences between County contributions and proportionate share of contributions	4,094	246
County contributions subsequent to the measurement date	5,094	
Total	<u>\$ 22,788</u>	<u>\$ 3,130</u>

\$5,094 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	
2020	8,533
2021	1,499
2022	2,968
2023	1,564
2024	-
Total	<u>\$ 14,564</u>

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary Increases	3.50 to 7.75 percent, including inflation and productivity factor
Investment rate of return	3.75 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2018 is 1.4%.

The information above is based on 30 year expectations developed with the consulting actuary for the 2019 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00 %. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that contributions from employers will be made at statutorily required rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.75 percent, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75 percent) or 1-percentage-point higher (4.75 percent) than the current rate:

	1 % Decrease (2.75%)	Discount Rate (3.75%)	1% Increase (4.75%)
County's proportionate share of the net pension liability (asset)	\$49,817	\$63,185	\$74,457

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

e. Pension Liabilities, Pension Expense, and Deferred Outflows of Recourses and Deferred Inflows of Resources Related to Pensions

The net pension liability for LGERS and ROD was measured as of December 31, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability for LEOSSA was measured as of June 30, 2018, with an actuarial valuation date of December 31, 2017. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>LGERS</u>		<u>ROD</u>		<u>LEOSSA</u>		<u>Total</u>
Proportionate Share of Net Pension Liability (Asset)	\$	7,680,694	\$	(63,185)	\$	-	\$ 7,617,509
Proportion of the Net Pension Liability (Asset)		0.32376%		0.37017%		n/a	
Total Pension Liability	\$	-	\$	-	\$	1,655,277	\$ 1,655,277
Pension Expense	\$	2,139,447	\$	16,336	\$	128,139	\$ 2,283,922

As June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	LGERS	ROD	LEOSSA	Total
<u>Deferred Outflows of Resources</u>				
Differences between expected and actual experience	\$ 1,184,949	\$ 557	\$ 33,951	\$ 1,219,457
Changes of assumptions	1,613,646	2,972	71,621	1,688,239
Net difference between projected and actual earnings on pension plan investments	1,054,330	10,071	-	1,064,401
Changes in proportion and differences between County contributions and proportionate share of contributions	36,350	4,094	-	40,444
County contributions (LGERS, ROD)/benefit payments and administration costs (LEOSSA) subsequent to the measurement date	1,627,860	5,094	-	1,632,954
<u>Deferred Inflows of Resources</u>				
Difference between expected and actual experience	\$ 39,761	\$ 2,884	\$ 70,714	\$ 113,359
Changes of assumptions	-	-	75,992	75,992
Changes in proportion and differences between County contributions and proportionate share of contributions	306,148	246	-	306,394

g. Other Post Employment Benefits

Healthcare Benefits

Plan Description - Under the terms of the County resolution, the County administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). As of July 1, 2006, this plan provides postemployment healthcare benefits to retirees of the County, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least twenty years of creditable service with the County. The County pays the full cost of coverage for these benefits through private insurers. The County Board may amend the benefit provisions. A separate report was not issued for the plan. If hired after January 8, 2013 no health benefits will be paid for retirees.

Membership of the HCB Plan consisted of the following at December 31, 2018, the date of latest actuarial valuation:

	Employees
Retirees and dependents receiving benefits	110
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	546
Total	656

Funding Policy - The County pays the full cost of coverage for the healthcare benefits paid to qualified retirees under a County resolution that can be amended by the County Board. The County has chosen to fund the healthcare benefits on a pay as you go basis.

Total OPEB Liability

The County's total OPEB liability of \$22,383,088 was measured as of December 31, 2018 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.5 percent
Salary increases	3.5-7.75 percent, average, including inflation
Discount rate	3.89 percent
Healthcare cost trend rates	7.50% for 2018 decreasing to an ultimate rate of 5.00% by 2023

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of the measurement date.

Total OPEB Liability	
Balance at July 1, 2018	\$ 22,296,173
Changes for the year	
Service cost	1,061,558
Interest	784,397
Changes of benefit terms	-
Differences between expected and actual experience	12,813
Changes in assumptions or other inputs	(1,242,135)
Benefit Payments	(529,718)
Net changes	86,915
Balance at June 30, 2019	\$ 22,383,088

Changes in assumptions and other inputs reflect a change in the discount rate from 3.56% to 3.89%.

Mortality rates were based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 2010 through December 2014.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.89 percent) or 1-percentage-point higher (3.89 percent) than the current discount rate:

	1 % Decrease (2.89%)	Discount Rate (3.89%)	1% Increase (4.89%)
Total OPEB Liability	\$26,476,824	\$22,383,088	\$19,156,788

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1 % Decrease	Current	1% Increase
Total OPEB Liability	\$18,167,055	\$22,383,088	\$27,311,884

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the County recognized OPEB expense of \$1,414,777. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 11,199	\$ 58,571
Net difference between projected and actual earnings on pension plan investments	-	-
Changes in proportion and differences between County contributions and proportionate share of contributions	-	-
Changes of assumptions	-	2,499,884
County contributions subsequent to the measurement date	-	-
Total	\$ 11,199	\$ 2,558,455

\$0 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	
2020	(439,818)
2021	(439,818)
2022	(439,818)
2023	(439,818)
2024	(439,818)
Thereafter	(348,166)
Total	\$ (2,547,256)

Deferred Outflows and Inflows of Resources

	Deferred Outflows of Resources	Deferred Inflows of Resources
(Pensions, OPEB) - difference between expected and actual experience	\$ 1,230,656	\$ 171,930
(Pensions, OPEB) - Net difference between projected and actual investment earnings	1,064,401	-
(Pensions) - change in proportion and difference between employer contributions and proportionate share of contributions	40,444	306,394
(Pensions, OPEB) - change in assumptions	1,688,239	2,575,876
Contributions to pension plan subsequent to measurement date (LGERS, ROD)	1,632,954	-
Benefit payments for the OPEB plan paid subsequent to measurement date	-	-
Benefit payments and admin costs paid subsequent to the measurement date (LEOSSA)	-	-
Prepaid taxes not yet earned (General)	-	235,602
Prepaid taxes not yet earned (Special Revenue)	-	624

Taxes receivable, net, less penalties (Special Revenue)	-	53,307
Total	<u>\$ 5,656,694</u>	<u>\$ 4,475,477</u>

h. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

4. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; injuries to employees; and natural disasters. The County obtains property insurance coverage and general liability coverage for these risks through commercial carriers. The County also obtains health insurance for County employees through a self-insured plan. Based on past experience, management believes that the County's coverage's are sufficient.

In accordance with G.S. 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The Director of Finance and tax collector are each individually bonded for \$100,000 each. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.

The County carries commercial insurance for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims from these risks have not exceeded the total commercial insurance coverage in any of the last three fiscal years. The County does not carry flood insurance as there doesn't appear to be any exposure to County-owned properties.

5. Contingent Liabilities

At June 30, 2019, in the opinion of the County's management and the County attorney, there are no legal matters that will have a material adverse effect on the County's financial position.

6. Long-Term Obligations

All general obligation bonds serviced by the County's Water Districts are collateralized by the full faith, credit and taxing power of the County. Duplin County Water Districts issue general obligation bonds to provide funds for the acquisition and construction of major water system capital improvements. These bonds, which are recorded in each individual Water District's Fund, are collateralized by the full faith, credit, and taxing power of the Districts. Principal and interest payments are appropriated when due.

All of the 2012 Advance Refunding Bonds issued by the water districts (blended component unit) were sold to Duplin County. Due to the blended presentation of the water districts these bonds have been reclassified as Due from water districts – GO Bonds and Due to County – GO Bonds in the Statement of Fund Net Position (Exhibit 6). Subsequently, these balances, along with the associated investment earnings and interest expense have been eliminated in the government-wide financial statements (Exhibits 1 and 2)

In April, 2016, the County issued \$52,640,000 in Limited Obligation Bonds to finance various school improvement projects. The bonds were issued at a premium of \$7,874,251, which is being amortized over the term of the bonds.

The County's limited obligation bonds payable at June 30, 2019 are comprised of the following individual issues:

Limited obligation bonds serviced by the General Fund:

\$52,640,000 Limited Obligation Bonds, requiring annual payments ranging from \$1,775,000 due in 2017 up to \$3,875,000 in the final year of 2036. Interest is payable semiannually at rates ranging from 3-5% through the life of the debt issue.	\$ 47,385,000
--	---------------

Limited obligation bonds serviced by the Water Districts:

Water District B - \$1,920,000 2012 Advance Refunding Bonds due in annual principal installments ranging from \$70,000 to \$100,000 plus semi-annual interest payments through June 1, 2034; interest at 3.68 percent.	\$ 1,375,000
--	--------------

Water District D - \$3,760,000 2012 Advance Refunding Bonds due in annual principal installments ranging from \$110,000 to \$185,000 plus semi-annual interest payments through June 1, 2037; interest at 3.98 percent.	2,935,000
---	-----------

b. Notes Payable

As authorized by state law [G.S. 160A-20 and 153A-158.1], the County has financed various property acquisitions and improvements through notes payable with the United States Department of Agriculture and the North Carolina Department of Environment and Natural Resources. The County's notes payable at June 30, 2019 are comprised of the following individual notes:

Serviced by the County's General Fund:

\$11,000,000 2005 United States Department of Agriculture Loan to finance the construction of the Duplin County Events Center; due in annual installments of \$578,270 including interest through 2045; interest at 4.125 percent. \$ 9,309,758

Serviced by the County's Water Districts:

Water District F - \$490,199 1998 North Carolina Clean Water Revolving Loan to finance water system improvements; due in annual installments of \$24,510 plus interest through 2020; interest at 2.60 percent. 24,510

Albertson Water Fund - \$368,110 2001 North Carolina Clean Water Revolving Loan to finance water system improvements; due in annual installments of \$18,406 plus interest through 2023; interest at 2.87 percent. 73,624

Water District D - \$463,507 2010 ARRA Revolving Loan to finance water system improvements; due in annual installments of \$23,170 through 2030; no stated interest rate. 254,870

Water District E - \$183,531 State Revolving Loan to finance water system improvements; due in annual installments of \$9,177 through 2034; no stated interest rate. 117,390

Water District F - \$2,349,157 State Revolving Loan to finance water system improvements; due in annual installments of \$117,421 through 2034; interest at 2.01 percent. 1,761,322

Water District G - \$202,554 State Revolving Loan to finance water system improvements; due in annual installments of \$8,899 through 2034; no stated interest rate. 133,485

Water Districts E and G - \$646,000 2014 United States Department of Agriculture Loan to finance the construction of a sewer system near Interstate 40; due in annual installments of \$29,852 including interest beginning in 2017 and ending in 2054; interest at 3.25 percent. Payments due in 2015 and 2016 are interest only. 618,572

Albertson - BF Grady Sewer - \$1,175,000 Revolving Loan to finance sewer system improvements; due in annual installments of \$58,750 through 2037; no stated interest rate. The principle forgiveness was given for this loan in 2019 in the amount of \$629,494. 486,756

Total business-type activities notes payable \$ 3,470,529

For Duplin County, the following summarizes the annual requirements for notes payable, including interest of \$6,297,106 for governmental activities and \$882,963 for business-type activities:

Fiscal Year Ending June 30,	Governmental-type Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2020	194,243	384,027	237,019	58,260
2021	202,255	376,015	212,825	54,418

Advance Refunding

On July 12, 2012, the County issued \$16,861,772 in general obligation advance refunding bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust for the purpose of general resources for all future debt service payments of \$16,593,300 of general obligation bonds in all of the County's water districts. As a result, the refunded bonds are considered to be deceased and the liability will be removed from the business-type activities column of the statement of net position beginning with the fiscal year that began on July 1, 2012. The reacquisition price exceeded the net carrying amount of the old debt by \$268,471. This amount is being netted against the new debt and amortized over the life of the refunded debt which is shorter than the life of the new debt issued. This advance refunding was undertaken to reduce total debt service payments over the next 25 years by \$3,137,797 and resulted in an economic gain of \$1,853,412.

Debt Related to Capital Activities

Of the total Governmental Activities debt listed, only \$ 9,309,758 relates to assets the County holds title.

c. Long-Term Obligation Activity

The following is a summary of the changes in the County's long-term obligations for the year ended June 30, 2019:

	Balance 6/30/2018	Increases	Decreases	Balance 6/30/2019	Current Portion
Governmental Activities					
Limited obligation bonds	\$ 56,246,825	\$ -	\$ (2,168,713)	\$ 54,078,112	\$ 1,845,000

Transportation Waste Activities					
Net pension liability (LGERS)	88,090	37,873	-	125,963	-
Other post-employment benefit	365,657	1,426	-	367,083	-
Compensated absences	23,963	-	(18)	23,945	4,789
Total transportation activities	<u>\$ 477,710</u>	<u>\$ 39,299</u>	<u>\$ (18)</u>	<u>\$ 516,991</u>	<u>\$ 4,789</u>
Total business-type activities	<u>\$ 20,355,662</u>	<u>\$ 199,092</u>	<u>\$ (877,256)</u>	<u>\$ 19,677,498</u>	<u>\$ 848,391</u>

Compensated absences for governmental activities typically have been liquidated in the general fund and are accounted for on a LIFO basis, assuming that employees are taking leave time as it is earned.

At June 30, 2019, Duplin County had no bonds authorized, but unissued, and a legal debt margin of approximately \$297,964,706.

d. Conduit Debt Obligations

Duplin County Industrial Facility and Pollution Control Financing Authority have issued industrial revenue bonds to provide financial assistance to private businesses for economic development purposes. These bonds are secured by the properties financed as well as letters of credit and are payable solely from payments received from the private businesses served by the bond issuance. The County, the Authority, the State, nor any political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2019, there were no industrial revenue bonds outstanding.

IV. Interfund Balances and Activity

a. Transfers to/from Other Funds

Transfers in (out) for the year ended June 30, 2019 are summarized below:

<u>Fund</u>	<u>To</u>	<u>From</u>
From General Fund	\$ 13,326	
To Capital Reserve Fund		\$ 13,326
From School Reserve Fund	\$ 2,341,760	
To Debt Service Fund		2,341,760
From General Fund	\$ 19,663	
To Automation Preservation Fund		19,663
From General Fund	\$ 198,349	
To Airport Commission Fund		198,349
To General Fund	\$ 2,235,934	
To Debt Service Fund		\$ 2,235,934
From Water Fund	\$ 88,603	
To Debt Service Fund		\$ 88,603
Total	<u>\$ 4,897,635</u>	<u>\$ 4,897,635</u>

All of the above were for operating expenditures.

c. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

Total fund balance - General Fund	\$ 19,352,389
Less:	
Stabilization by State Statute	6,437,034
Nonspendable - inventory	201,380
Appropriated Fund Balance	2,935,926
Public Safety	201,065
Economic development	1,921,193
Human services	594,464
Remaining Fund Balance	\$ 7,061,327

Duplin County had adopted a minimum fund balance policy for the General Fund which instructs management to conduct business of the County in such a manner that available fund balance is at least equal to or greater than 8% of budgeted expenditures.

V. Related Organization

The County's governing board is responsible for appointing the members of the board of the Industrial Revenue Bond Authority, but the County's accountability for this organization does not extend beyond making these appointments. The Authority exists to issue and service revenue bond debt for private business for economic development purposes. Its primary revenues are the payments to service the issued debt that are received from the businesses involved. The County is not responsible for the debt issued by the Authority and the Authority's debt is not included in determining the County's legal debt limit.

VI. Joint Ventures

The County in conjunction with several other counties participates in a joint venture to operate Eastpointe Human Services, a managed care organization. Each participating government appoints board members to Eastpointe's board. The County has an ongoing financial responsibility for the joint venture because Eastpointe's continued existence depends on the participating governments' continued funding. The County contributed \$224,474 to the joint venture during the year ended June 30, 2019. None of the participating governments have any equity interest in the joint venture, so no equity interest has been reflected in the County's financial statements at June 30, 2019. Complete financial statements for Eastpointe Human Services can be obtained from their office in Beulaville, North Carolina.

The County in conjunction with the State of North Carolina and the Duplin County Board of Education participates in a joint venture to operate James Sprunt Community College. Each of the three participants appoints four members of the thirteen member board of trustees of the community college. The president of the community college's student government serves as an ex officio non-voting member of the community college's board of trustees. The community college is included as a component unit of the State. The County has the basic responsibility for providing funding for the facilities of the community college and also provides some financial support for the community college's operations. The County has an ongoing financial responsibility for the community college because of the statutory responsibilities to provide funding for the community college's facilities. The County contributed \$2,133,500 to the community college for operating and capital purposes, respectively, during the fiscal year ended June 30, 2019. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2019. Complete financial statements for the community college may be obtained from the community college's administrative offices at Highway 11 South, Kenansville, North Carolina.

VII. Summary Disclosure of Significant Commitments and Contingencies

Federal and State Assisted Programs

The County has received proceeds from federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. no provision has been made in the accompanying financial statements for the refund of grant moneys.

VIII. Significant Effects of Subsequent Events

There are no subsequent events that would have a material affect on the financial statements. Subsequent events have been analyzed through the date that the financial statements were available to be issued.

PROPRIETARY FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

**Report On Internal Control Over Financial Reporting And On Compliance and Other
Matters Based On An Audit Of Financial Statements Performed In Accordance With
*Government Auditing Standards***

Independent Auditors' Report

To the Board of County Commissioners
Duplin County, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Duplin County, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprises the Duplin County's basic financial statements, and have issued our report thereon dated June 25, 2020. The financial statements of the Duplin TDA were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Duplin County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Duplin County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be a material weakness, listed as 2019-002.

A significant deficiency is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be a significant deficiency, listed as 2019-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Duplin County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items, listed as 2019-002.

Duplin County's Response to Findings

Duplin County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; With OMB Uniform Guidance and the State Single Audit Implementation Act

Independent Auditors' Report

To the Board of County Commissioners
Duplin County, North Carolina

Report on Compliance for Each Major Federal Program

We have audited Duplin County's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Duplin County's major federal programs for the year ended June 30, 2019. Duplin County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Duplin County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Those standards, the OMB Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Duplin County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Duplin County's compliance.

Basis for Qualified Opinion on Medical Assistance Program

As described in the accompanying schedule of findings and questioned costs, Duplin County did not comply with requirements regarding the CFDA 93.778 Medical Assistance Program as described in finding number 2019-002 for Eligibility. Compliance with such requirements is necessary, in our opinion, for Duplin County to comply with the requirements applicable to that program.

Qualified Opinion on Medical Assistance Program

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Duplin County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the Medical Assistance Program for the year ended June 30, 2019.

Unmodified Opinion the Other Major Federal Program

In our opinion, Duplin County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its other major federal programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2019-002. Our opinion on each major federal program is not modified with respect to these matters.

Duplin County's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of Duplin County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Duplin County's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2019 – 002 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Duplin County's response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report On Compliance For Each Major State Program; Report on Internal Control Over Compliance; In accordance with OMB Uniform Guidance; and the State Single Audit Implementation Act

Independent Auditors' Report

To the Board of County Commissioners
Duplin County, North Carolina

Report on Compliance for Each Major State Program

We have audited Duplin County, North Carolina, compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Duplin County's major state programs for the year ended June 30, 2019. Duplin County's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Duplin County's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and applicable sections of Title 2 US Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the *State Single Audit Implementation Act*. Those standards, *Uniform Guidance*, and the *State Single Audit Implementation Act* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Duplin County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Duplin County's compliance.

Opinion on Each Major State Program

In our opinion, Duplin County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of Duplin County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Duplin County's internal control over compliance with the types of requirements that could have a direct and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Wilmington, North Carolina

June 25, 2020

DUPLIN COUNTY, NORTH CAROLINA
Schedule of Findings and Questioned Costs
For the Fiscal Year Ended June 30, 2019

Section I. Summary of Auditors' Results

Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance to GAAP: Unmodified.

Internal control over financial reporting:

- Material Weakness(es) identified? ☒ yes ☐ no
- Significant deficiency(s) identified? ☒ yes ☐ none reported
- Noncompliance material to financial statements noted? ☒ yes ☐ no

Federal Awards

Internal control over major federal programs:

- Material Weakness(es) identified? ☒ yes ☐ no
- Significant deficiency(s) identified? ☒ yes ☐ none reported

Type of auditor's report issued on compliance for major federal programs: Unmodified for all federal programs except for Medical Assistance Program (Title XIX – Medicaid)

Any audit findings disclosed that are required to be reported in accordance with Section 2 CFR 200.516(a)? ☒ yes ☐ no

Identification of major federal programs:

CFDA # Program Name

93.778 Medical Assistance Program (Title XIX – Medicaid)
97.036 Disaster Grants – Public Assistance (Presidentially Declared Disasters)

Dollar threshold used to distinguish between Type A and Type B Programs

Auditee qualified as low-risk auditee? yes ☒ no

State Awards

Internal control over major State programs:

- Material Weakness(es) identified? yes ☒ no
- Significant deficiency(s) identified that are not considered to be a material weakness. yes ☒ none reported

Type of auditor's report issued on compliance for major State programs: Unmodified.

Any audit findings disclosed that are required to be reported in accordance with the State Single Audit Implementation Act yes ☒ no

Identification of major State programs:

Program Name
Public School Building Capital Fund – Lottery
Proceeds Airport Improvement Program
Disaster Grants – Public Assistance (Presidentially Declared Disasters - Which is a State match on a federal program.

DUPLIN COUNTY, NORTH CAROLINA
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2019

Section II – Financial Statement Findings

SIGNIFICANT DEFICIENCY

Finding: 2019 – 001 Timeliness of Audit Report Submission

Criteria: The June 30, 2019 audit was submitted passed the required due date. This is a violation of G.S. 159-34.

Condition: Required reports to the State of North Carolina were not filed by the required due date.

Context: The County had a cyber-attack that delayed the assembly of financial information. This delayed the completion of the County's audit.

Effect: The reports are a requirement of General Statutes, lateness created the statue violation.

Identification of a repeat finding: This is a repeat finding from the immediate previous audit, 2018-001.

Cause: A cyber-attack delayed the assembly of financial information.

Recommendation: The county has implemented security features to prevent this in the future.

Views of responsible officials and planned corrective actions: The County agrees with this finding and has already taken action.

MATERIAL WEAKNESS

Finding: 2019 – 002 See Federal
Findings

DUPLIN COUNTY, NORTH CAROLINA
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2019

Section III – Federal Award Findings and Questioned Costs

US Department of Agriculture
Passed through the NC Dept. of Health and Human Services
Program Name: Medical Assistance Program (Medicaid; Title XIX)
CFDA # 93.778

Finding: 2019 – 002

MATERIAL WEAKNESS
MATERIAL NONCOMPLIANCE

Criteria: Medicaid for Aged, Blind and Disabled case records should contain documentation that verifications were done in preparation of the application and these items will agree to reports in the NC FAST system. In this process, the countable resources should be calculated correctly and agree back to the amounts in the NC FAST system. Any items discovered in the verification process should be considered countable or non-countable resources and explained within the documentation.

Condition: There were twenty four errors discovered during our procedures that resources in the county documentation and those same resources contained in NC FAST were not the same amounts or files containing resources were not properly documented to be considered countable or non-countable. The errors were as follows: Two (2) did not have child support referrals completed, Eight (8) did not have accurate budget calculations in NC FAST, Eight (8) lacked sufficient required documentation, Four (4) did not have accurate resource calculations, Two (2) contained inaccurate family size calculations

Questioned Costs: There was no affect to eligibility and there were no questioned costs.

Context: We examined 60 Medicaid applicants to re-determine eligibility. These findings were disclosed in a separately issued report to the North Carolina Department of Health and Human Services and are being reported with the financial statement audit as it relates to Medicaid administrative cost compliance audit.

Effect: For those certifications/re-certifications there was a chance that information was not properly documented and reconciled to NC FAST which affect countable resource and a participant could have been approved for benefits that they were not eligible.

Identification of a repeat finding: This is a repeat finding from the immediate previous audit, 2018-002. Although, the finding is different than that in 2018, but still involves the Medicaid intake process.

Cause: Ineffective record keeping and ineffective case review process, incomplete documentation, and incorrect application of rules for purposes of determining eligibility.

Recommendation: Files should be reviewed internally to ensure proper documentation is in place for eligibility. Workers should be retrained on what files should contain and the importance of complete and accurate record keeping. We recommend that all files include online verifications, documented resources of income and those amounts agree to information in NC FAST. The results found or documentation made in case notes that clearly indicates what actions were performed and the results of those actions.

Views of responsible officials and planned corrective actions: The County agrees with the finding. Supervisors will perform second party reviews to ensure proper documentation is contained in files to support eligibility determinations. Workers will be retrained on what information should be maintained in case files, the importance of complete and accurate record keeping, and reserve calculations. The County finance office will also participating in the review process.

Corrective Action Plan
June 30, 2019

Section II – Financial Statement Findings

Finding 2019 – 001 Name of contact person: Tracy Chestnutt, Finance Officer

Corrective Action: The county will ensure timeliness of required filings.

Proposed Completion Date: Immediately.

Section III – Federal Award Findings and Questioned Costs

Finding 2019 – 002 Name of contact person: Susan Thigpen, Director

Corrective Action: Procedures and controls are being developed for caseworkers to follow. Medicaid caseworkers will receive additional training on the newly created “Documentation Policy” to remind each of the policies and procedures to be followed in the application process. In addition, second party reviews will be conducted to monitor the actual application of the policy. The finance office will assist with these reviews.

Proposed Completion Date: Certain controls are currently being created and reviewed. Management will continue to monitor the progress of this issue and modify the controls as needed.

DUPLIN COUNTY, NORTH CAROLINA
SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS
For the Year Ended June 30, 2019

Grantor/Pass-through Grantor/Program Title	Federal CFDA Number	State/ Pass-through Grantor's Number	Federal (Direct & Pass-through) Expenditures	State Expenditures	Passed-through to Subrecipients	Local Expenditures
Notes to the Schedule of Expenditures of Federal and State Financial Awards:						

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of the Duplin County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2019. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Duplin County, it is not intended to and does not present the financial position, changes in net position or cash flows of Duplin County.

Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Indirect Cost Rate

Duplin County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4: Cluster of Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Subsidized Child Care and Foster Care and Adoption

Note 5: Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures
