Independent Auditor's Report

To the Honorable Mayor
and Members of the Town Council
Bladenboro, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bladenboro, North Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bladenboro, North Carolina as of June 30, 2019, and the respective changes in financial position and cash flows, where appropriate, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Asset/(Liability) and Contributions on pages 43 and 44, and the Law Enforcement Officers' Special Separation Allowance schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll on pages 45 and 46 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Town of Bladenboro, North Carolina. The combining and individual fund statements, budgetary schedules, and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements, budgetary schedules and other schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us. In our opinion, based on our audit, the procedures performed as described above, the combining and individual fund statements, budgetary schedules other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 21, 2019 on our consideration of Town of Bladenboro's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Bladenboro's internal control over financial reporting and compliance.

Town of Bladenboro
Management's Discussion and Analysis

As management of the Town of Bladenboro, we offer readers of the Town of Bladenboro's financial statements this narrative overview and analysis of the financial activities of the Town of Bladenboro for the fiscal year ended June 30, 2019. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Financial Highlights

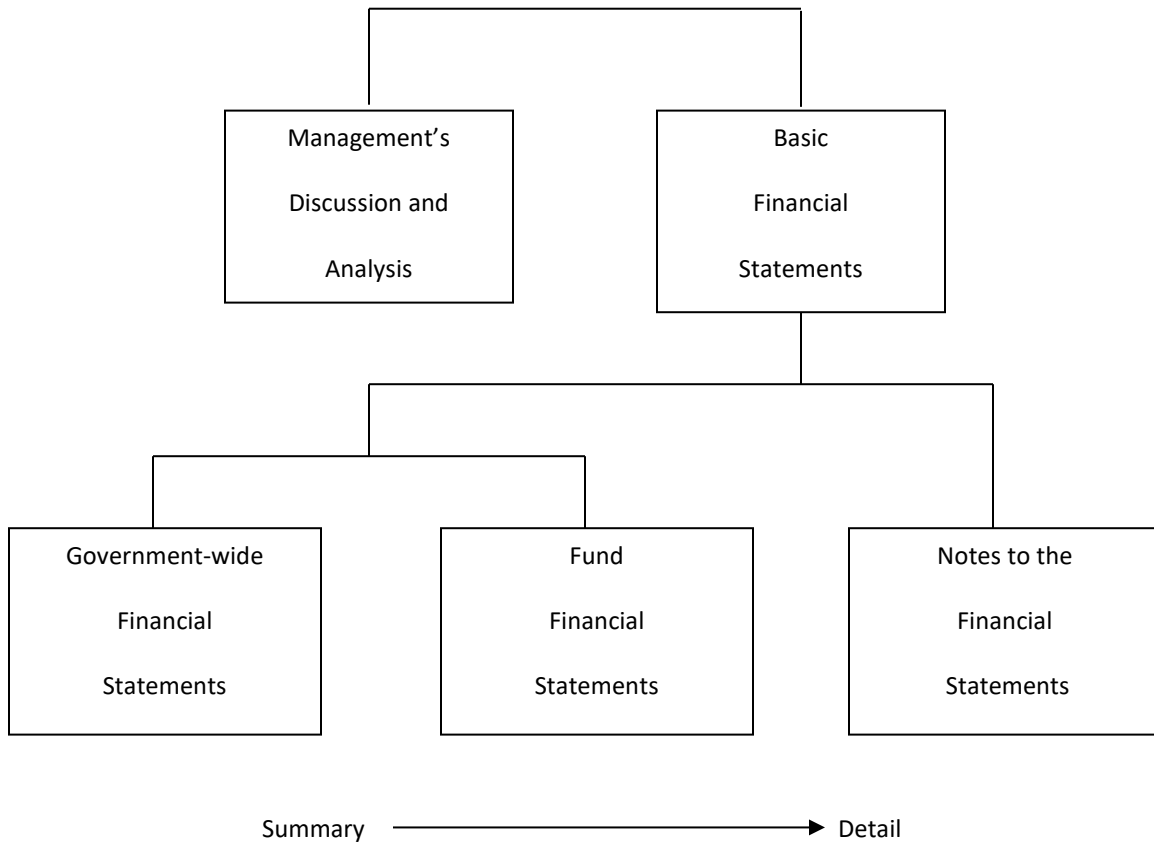

- The assets and deferred outflows of resources of the Town of Bladenboro exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$10,038,371 (net position).
- The government's total net position increased by \$35,063 primarily due to the decrease in the business type activity net position.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$823,324 an increase of \$245,208. Approximately 23 percent of this total amount or \$191,288 is restricted or non-spendable.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$506,406, or 36 percent of the total general fund expenditures for the fiscal year.
- The Town of Bladenboro's total debt decreased by \$7,174 during the current fiscal year. The key factor in this change was scheduled debt payments exceeding newly issued installment purchase debt.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Town of Bladenboro's basic financial statements. The Town's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Bladenboro.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the North Carolina General Statutes also can be found in this part of the statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net position and how it has changed. Net position is the difference between the Town's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities; and 2) business-type activities. The governmental activities include most of the Town's basic services such as public safety, sanitation and general administration. Property taxes finance most of these activities. The business-type activities are those that the Town charges customers to provide. These include the water and sewer services offered by the Town of Bladenboro.

The government-wide financial statements are Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements (see Figure 1) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Bladenboro, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of the Town of Bladenboro can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town of Bladenboro's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Bladenboro adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds – The Town of Bladenboro has only one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Town of Bladenboro uses enterprise funds to account for its water and sewer activity. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 21-42 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Town of Bladenboro's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 43 of this report

Interdependence with Other Entities: The Town depends on financial resources flowing from, or associated with, both the Federal Government and the State of North Carolina. Because of this dependency, the Town is subject to changes in specific flows of intergovernmental revenues based on modifications to Federal and State laws and Federal and State appropriations.

Increase(Decrease) in Net Position	233,636	40,049	(198,573)	(81,509)	35,063	(41,460)
Net Position, beginning	2,504,236	2,464,187	7,499,072	7,580,581	10,003,308	10,044,768
Net Position, ending	<u>\$ 2,737,872</u>	<u>\$ 2,504,236</u>	<u>\$ 7,300,499</u>	<u>\$ 7,499,072</u>	<u>\$ 10,038,371</u>	<u>\$ 10,003,308</u>

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of resources of the Town of Bladenboro exceeded liabilities and deferred inflows by \$10,038,371 as of June 30, 2019. The Town's net position increased by \$35,063 for the fiscal year ended June 30, 2019. However, the largest portion \$8,935,796 (89%) reflects the Town's net investment in capital assets (e.g. land, buildings, machinery, and equipment). The Town of Bladenboro uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town's net position \$191,288 (2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$911,287 (9%) is unrestricted.

Several particular aspects of the Town's financial operations positively influenced the total unrestricted governmental net position, including the following:

- A tax collection percentage of 93.79%, which is less than the statewide average of 97.68%.
- Overall operating costs held constant.
- Growth in the water and sewer fund.

Town of Bladenboro's Changes in Net Position

Governmental activities: Governmental activities increased the Town's net position by \$233,636. Key elements of this increase are as follows:

- Property taxes increased.

Business-type activities: Business-type activities refer to the Water/Sewer Fund and decreased the Town of Bladenboro's net position by \$198,573. Key elements of this decrease are as follows:

- Operating expenses increased.
- Services revenues decreased due to a large commercial industry temporary ceasing operations.

Financial Analysis of the Town of Bladenboro's Funds

As noted earlier, the Town of Bladenboro uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of The Town of Bladenboro's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the Town of Bladenboro. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$506,406 while total fund balance reached \$805,232. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 38% of the total General Fund expenditures. Total fund balance represents 60% of that same amount.

At June 30, 2019, the governmental funds of the Town reported a combined fund balance of \$823,324 with a 42% increase over last year. Included in this change in fund balance is an increase in fund balance of the General Fund.

General Fund Budgetary Highlights: During the fiscal year, the Town of Bladenboro revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

Revenues were more than the budgeted amounts primarily because revenue was budgeted conservatively, as were the expenditures. The Town was able to comply with its budgetary requirements.

Proprietary Funds. The Town of Bladenboro's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water and Sewer fund at the end of the fiscal year amounted to \$318,458. The decrease in net position for this fund was \$198,573. Other factors concerning the finances of this fund have already been addressed in the discussion of the Town of Bladenboro's business-type activities.

Capital Asset and Debt Administration

Capital assets. The Town of Bladenboro's investment in capital assets for its governmental and business-type activities as of June 30, 2019, totals \$10,069,094 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, park facilities, and vehicles.

Major capital asset transactions during the year include the following additions (there were no significant demolitions or disposals):

- Police vehicle.

**Town of Bladenboro's Capital Assets

Additional information on the Town's capital assets can be found in notes beginning on page 29 of this report.

Long-term Debt. As of June 30, 2019, the Town of Bladenboro had no bonded debt outstanding.

Town of Bladenboro's Outstanding Debt

The Town of Bladenboro's General Fund debt decreased by \$7,174 due to regular scheduled debt payments exceeding newly acquired installment purchase debt.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The Town of Bladenboro's legal debt margin is \$6,097,515.

Additional information regarding the Town of Bladenboro's long-term debt can be found in the notes beginning on page 39 of this report.

Economic Factors and Next Year's Budgets and Rates

For the upcoming year, management does not expect any surge of new development within the Town.

Due to Bladenboro's size, it is difficult to show any real increase in jobs within the Town's boundaries. Management reviews the County of Bladen's economic conditions to monitor for effects on the economy of the Town.

The economy appears to be on the upswing with new industries relocating to the industrial park that will increase tax base and water and sewer service revenue.

The property tax rate for the Town is not expected to change for the coming budget year.

Budget Highlights for the Fiscal Year Ending June 30, 2020

Governmental Activities: Property taxes will remain the same and garbage collection rates will increase 3.1% for 2019-2020. General Fund expenditures have been budgeted accordingly with only a small increase from the 2018-2019 Budget. The Town will continue its commitment to reducing the cost of delivering services.

Business - type Activities: The water and sewer rates in the Town will increase by 3.5%.

Requests for Information

This report is designed to provide an overview of the Town of Bladenboro's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the attention of Town Clerk, Town of Bladenboro, P.O. Box 455, N.C. 28320. You may also call 910-863-3655.

Town of Bladenboro, North Carolina
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance
Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2019

Exhibit 4,
Continued

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$	245,208
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		
Capital outlay expenditures which were capitalized	\$	102,569
Depreciation expense for governmental assets	<u>(126,287)</u>	(23,718)
Contributions to the pension plan in the current fiscal year are deferred outflows of resources on the Statement of Net Activities		29,123
Benefit payments paid and administrative expense for the LEOSSA are not included on the Statement of Activities		7,981
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		
Change in unavailable revenue for tax revenues.		5,565
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.		
New long-term debt issued	(61,600)	
Principal payments on long-term debt	60,023	
Increase in accrued interest payable	<u>(310)</u>	(1,887)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Compensated absences	8,320	
Pension expense	<u>(36,956)</u>	<u>(28,636)</u>
Total changes in net position of governmental activities.	\$	<u><u>233,636</u></u>

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

NOTE 1: Summary of Significant Accounting Policies

The accounting policies of the Town of Bladenboro, North Carolina conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of Bladenboro is a municipal corporation, which is governed by an elected mayor and a six-member council. As required by generally accepted accounting principles, these financial statements present the Town.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental and business-type activities* of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category—*governmental and proprietary*—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

The Town reports the following major government funds:

General Fund – The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are general government, public safety and street maintenance.

PARTF Park Capital Project Fund – This fund is used to account for the construction of a new park and facilities.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

The Town reports the following major enterprise funds:

Water and Sewer Fund - This fund is used to account for the Town's water and sewer operations.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town of Bladenboro because the tax is levied by Bladen County and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund and the Enterprise Fund. All annual appropriations lapse at fiscal year-end. Project ordinances are adopted for the Capital Project Funds. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds and at the project level for the multi-year funds. The Budget Officer is authorized by the budget ordinance to transfer appropriations between departments within a fund; however, any revisions that alter total expenditures of any fund must be approved by the governing board. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers the time until annual ordinance can be adopted.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Fund Equity

Deposits and Investments

All deposits of the Town are made in board-designated official depositories and are secured as required by State law [G. S. 159-31]. The Town may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town may establish time deposit accounts such as Now and SuperNow accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States, obligations of the State of North Carolina, bonds and notes of any North Carolina local government or public authority, obligations of certain non-guaranteed federal agencies, certain high quality issues of commercial paper and bankers' acceptances, and the North Carolina Capital Management Trust (NCCMT). The Town's investments are reported at fair value. Non-participating interest earning investment contracts are accounted for at cost. The NCCMT Government Portfolio, a SEC-registered (2a-7) external investment pool, is measured at fair value. The NCCMT- Term Portfolio is bond fund, has no rating and is measured at fair value. As of June 30, 2019, the Term portfolio has a duration of .11 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

In accordance with State law, the Town has invested in securities which are callable and which provide for periodic interest rate increases in specific increments until maturity. These investments are reported at fair value as determined by quoted market prices.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and considered cash and cash equivalents.

Restricted Assets

Customer deposits held by the Town before any services are supplied are restricted to the service for which the deposit was collected. Powell Bill funds are also classified as restricted cash because it can be expended only for the purposes of maintaining, repairing, constructing, reconstructing or widening of local streets per G.S. 136-41.1 through 136-41.4.

Town of Bladenboro Restricted Cash	
Governmental Activities	
General Fund	
Streets	\$ 2,934
Total Governmental Activities	\$ 2,934
Business Type Activities	
Water and Sewer Fund	
Customer Deposits	\$ 72,103
Total Business Type Activities	\$ 72,103
Total Restricted Cash	\$ 75,037

Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2018. As allowed by State law, the Town has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the Town's General Fund, ad valorem tax revenues are reported net of such discounts.

Allowance for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

Inventory

The inventories of the Town are valued at cost (first-in, first-out), which approximates market. The inventories of the Town's Enterprise Fund consist of materials and supplies held for subsequent use. The cost of this inventory is expensed when consumed rather than when purchased.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization costs are as follows: land, \$5,000; Buildings, improvements, substations, lines, and other plant and distribution systems, \$5,000; infrastructure, \$5,000; furniture and equipment, \$5,000; and vehicles, \$5,000. Donated capital assets received prior to June 30, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 30, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Infrastructure	30
Buildings	45
Improvements	25
Motor Vehicles	5
Equipment	5-10
Plant Assets	50

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town has one item that meet this criterion, pension deferrals for the fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has three items that meet the criterion for this category - prepaid taxes, property taxes receivable, and pension deferrals.

Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as an other financing source.

Compensated Absences

The vacation policy of the Town provides for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. For the Town's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

The Town's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Town does not have any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets, restricted and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Fund Balance

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. There were no non-spendable items for the Town.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Streets - Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Restricted for Debt Service – USDA requires 10% of each annual payment to be reserved until the amount reaches one year's payment.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

Committed Fund Balance –portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of Town of Bladenboro’s governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation. Any changes or removal of specific purpose requires majority action by the governing body. Below is the only description of committed fund balance.

Committed for Parks and Recreation – portion of fund balance assigned for the future use to make improvements to the Town’s recreation facilities.

Assigned Fund Balance – portion of fund balance that Town of Bladenboro intends to use for specific purposes.

Subsequent year’s expenditures – portion of fund balance that is appropriated in the next year’s budget that is not already classified in restricted or committed. The governing body approves the appropriation and any modifications to the original budget.

Unassigned fund balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town of Bladenboro adheres to the North Carolina Local Government Commission’s recommendation of a minimum fund balance for the general fund which instructs management to conduct the business of the Town in such a manner that available fund balance does not go below eight percent of budgeted expenditures. Any portion of the general fund balance in excess of 8% of budgeted expenditures may be appropriated for one-time expenditures and may not be used for any purpose that would obligate the Town in a future budget.

Defined Benefit Cost Sharing Plans

For purposes of measuring the net pension (asset)/liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees’ Retirement System (LERS) and additions to/deductions from LERS’ fiduciary net position have been determined on the same basis as they are reported by LERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town of Bladenboro’s employer contributions are recognized when due and the Town of Bladenboro has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LERS. Investments are reported at fair value.

NOTE 2: Stewardship, Compliance and Accountability

A. Significant Violations of Finance-Related Legal and Contractual Provisions

Noncompliance with N.C. General Statutes

None.

B. Deficit in Fund Balance or Net Position of Individual Funds

None.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

NOTE 3: Detail Notes on All Funds

A. Assets

Deposits

All of the Town's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's agent(s) in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town, these deposits are considered to be held by the Town's agents in their name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town or with the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town under the Pooling Method, the potential exists for the under-collateralization. This risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2019, the Town's deposits had a carrying amount of \$975,547 and a bank balance of \$1,050,231. Of the bank balance, \$735,983 was covered by federal depository insurance and the remaining \$239,564 was covered by collateral and held under the Pooling Method.

Investments

At June 30, 2019, the Town had \$109,664 invested with the North Carolina Capital Management Trust's Government Portfolio which carried a credit rating of AAAM by Standard and Poor's. The Town has no formal policy regarding credit risk of its investments.

Receivables – Allowances for Doubtful Accounts

The amounts presented in the Balance Sheet and the Statement of Net Position are net of the following allowances for doubtful accounts:

B. Liabilities

Pension Plan Obligations

1. Local Governmental Employees' Retirement System

Plan Description. The Town of Bladenboro is a participating employer in the statewide Local Governmental Employees' Retirement System (LERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. Town of Bladenboro employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town of Bladenboro's contractually required contribution rate for the year ended June 30, 2019, was 8.50% of compensation for law enforcement officers and 7.75% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town of Bladenboro were \$41,604 for the year ended June 30, 2019.

Refunds of Contributions – Town employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the Town reported a liability of \$194,532 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2018, the Town's proportion was 0.00820%, which was an increase of 0.00117% from its proportion measured as of June 30, 2017.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

For the year ended June 30, 2019, the Town recognized pension expense of \$51,284. At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 30,012	\$ 1,007
Changes of assumptions	51,621	-
Net difference between projected and actual earnings on pension plan investments	26,704	-
Changes in proportion and differences between Town contributions and proportionate share of contributions	8,606	10,455
Town contributions subsequent to the measurement date	41,604	-
Total	<u>\$ 158,547</u>	<u>\$ 11,462</u>

\$41,604 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as an increase of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2020	\$ 49,457
2021	33,396
2022	5,246
2023	17,382
2024	-
Thereafter	-
	<u>\$ 105,481</u>

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 to 8.10 percent, including inflation and productivity factor
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2018 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2017 asset, liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's proportionate share of the net pension asset to changes in the discount rate. The following presents the Town's proportionate share of the net pension asset calculated using the discount rate of 7.00 percent, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
Town's proportionate share of the net pension liability (asset)	\$ 467,283	\$ 194,532	\$ (33,383)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

2. Law Enforcement Officers Special Separation Allowance

Plan Description

The Town of Bladenboro administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service.. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Town has made no contributions to this plan. A separate report was not issued for the plan.

All full-time Town law enforcement officers are covered by the Separation Allowance. At December 31, 2018, the Separation Allowance's membership consisted of:

Retirees receiving benefits	2
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	<u>6</u>
Total	<u><u>8</u></u>

Summary of Significant Accounting Policies

Basis of Accounting – The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 73.

Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2017 valuation. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.50 to 7.35 percent, including inflation and productivity factor
Discount rate	3.64%

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2017.

Mortality rates are based on the RP-2000 Mortality tables with adjustments for mortality improvements based on Scale AA.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

Contributions

The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. The Town paid \$15,849 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the Town reported a total pension liability of \$79,862. The total pension liability was measured as of December 31, 2018 based on a December 31, 2017 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2018 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2019, the Town recognized pension expense of \$10,507.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 23,283	\$ 5,877
Changes of assumptions and other inputs	1,471	2,678
Benefit payments and administrative expenses subsequent to the measurement date.	7,981	-
Total	<u>\$ 32,735</u>	<u>\$ 8,555</u>

\$7,981 paid as benefits came due and \$0 of administrative expenses subsequent to the measurement date have been reported as deferred outflows of resources and will be recognized as a decrease of the total pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2020	\$ 3,616
2021	3,616
2022	4,736
2023	4,231
2024	-
Thereafter	-
	<u>\$ 16,199</u>

Sensitivity of the Town's total pension liability to changes in the discount rate. The following presents the Town's total pension liability calculated using the discount rate of 3.64 percent, as well as what the Town's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.64 percent) or 1-percentage-point higher (4.64 percent) than the current rate:

	1% Decrease (2.64%)	Discount Rate (3.64%)	1% Increase (4.64%)
Total Pension Liability	\$ 85,545	\$ 79,862	\$ 74,524

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

	2019
Beginning balance	\$ 63,536
Service Cost	4,650
Interest on the total pension liability	1,741
Changes of benefit terms	-
Differences between expected and actual experience in the measurement of the total pension liability	29,492
Changes of assumptions or other inputs	(2,685)
Benefit payments	(16,872)
Other changes	-
Ending balance of the total pension liability	<u>\$ 79,862</u>

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources of Related to Pensions

Following is information related to the proportionate share and pension expense for all pension plans:

	LGERS	LEOSSA	Total
Pension Expense	\$ 51,284	\$ 10,507	61,791
Pension Liability	194,532	79,862	\$ 274,394

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

3. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description - The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy - Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2019 were \$12,575, which consisted of \$9,700 from the Town and \$2,875 from the law enforcement officers. The Town also provides for all other employees the same plan with a 5% Town contribution rate. Contributions for the year ended June 30, 2019 were \$17,235, which consisted of \$13,645 from the Town and \$3,590 from the employees.

4. Firefighter's and Rescue Squad Workers' Pension Fund

Plan Description - The State of North Carolina contributes, on behalf of the Town of Bladenboro, to the Firefighter's and Rescue Squad Workers' Pension Fund (Fund), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the State of North Carolina. The FRSWPF provides pension benefits for eligible fire and rescue squad workers that have elected to become members of the Fund. Article 86 of G.S. Chapter 58 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Firefighter's and Rescue Squad Workers' Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Contributions - Plan members are required to contribute \$10 per month to the Fund. The State, a non-employer contributor, funds the plan through appropriations. The Town does not contribute to the Fund. Contribution requirements of plan members and the State of North Carolina are established and may be amended by the North Carolina General Assembly.

5. Other Employment Benefits

The Town has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan and not by the Town, the Town does not determine the numbers of eligible participants. The Town has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the postemployment benefit amount and the other benefit amount. The Town considers these contributions to be immaterial.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

6. Deferred Outflows and Inflows of Resources

The Town has several deferred outflows of resources. Deferred outflows of resources are comprised of the following:

Source	Amount
Contributions to pension plan in current fiscal year	\$ 41,604
Benefit payments made and administrative expenses for LEOSSA	7,981
Differences between expected and actual experience	53,295
Changes of assumptions	53,092
Net difference between projected and actual earnings on pension plan investments	26,704
Changes in proportion and differences between employer contributions and proportionate share of	8,606
Total	\$ <u>191,282</u>

Deferred inflows of resources at year-end is comprised of the following:

	Statement of Net Position	General Fund Balance Sheet
Prepaid taxes (General Fund)	\$ 964	\$ 964
Taxes Receivable (General Fund)	-	87,498
Differences between expected and actual experience	6,884	-
Changes of assumptions	2,678	-
Changes in proportion and differences between employer contributions and proportionate share of	10,455	-
Total	\$ <u>20,981</u>	\$ <u>88,462</u>

7. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in three self-funded risk financing pools administered by the North Carolina League of Municipalities. Through these pools, the Town obtains general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insured values of the property policy, workers' compensation coverage up to statutory limits, and employee health coverage up to a \$2 million lifetime limit. The pools are reinsured through commercial companies for single occurrence claims against general liability, auto liability and property in excess of \$500,000 and \$300,000 up to statutory limits for workers' compensation. The pools are reinsured for annual employee health claims in excess of \$150,000. The property liability pool has an aggregate limit for the total property losses in a single year, with the reinsurance limit based upon a percentage of the total insurance values.

The Town carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year and settled claims have not exceeded commercial insurance coverage in any of the past three fiscal years.

In accordance with G.S. 159-29, Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety. The Town has a \$50,000 fidelity bond on the finance officer, \$10,000 on the tax collector, and a blanket bond for \$10,000 on other employees. There have been no significant reductions in insurance coverage in the prior year and settled claims have not exceeded commercial insurance coverage in any of the past three fiscal years.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

The Town does not carry any flood insurance because only 2 of its buildings fall in a flood zone. These 2 buildings fall into an area that has been mapped and designated as an "AE" zone by the Federal Emergency Management Agency. The remainder of the Town is located in an area mapped as an "X" zone, which is an area which is not prone to flooding.

8. Claims, Judgments and Contingent Liabilities

There are no pending monetary suits against the Town as of June 30, 2019.

9. Long-Term Obligations

Capital Leases

The Town has entered into agreements to lease certain equipment and buildings. Those leases which pertain to general fixed assets are in the general long-term debt account group and those which pertain to an enterprise fund are in the enterprise fund. The lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception.

Capital Leases at June 30, 2019, were as follows:

General Fund

1. Home Trust Bank agreement dated December 2000 and modified on August 23, 2012 for lease purchase of a fire truck for the fire department, payable in five remaining annual payments of \$15,722 including interest at 6.61%. Outstanding balance at year-end was \$15,772. Maturing date is October 2021.

Under the terms of all agreements, title passes to the Town at the end of the lease term.

For the Town of Bladenboro, the future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2019 were as follows:

Year Ending	Governmental Activities	
	Principal	Interest
30-Jun		
2020	15,772	1,926
Total	\$ 15,772	\$ 1,926

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

Installment Purchases

General Fund

1. USDA direct placement agreement dated December 29, 2010 for the financing of the construction of the Town hall building, payable in 30 annual payments of \$11,218 including interest at 3.75%. The property is pledged as collateral for the debt while the debt is outstanding. Outstanding balance at year end was \$161,559. Maturity is December 29, 2040.
2. USDA direct placement agreement dated July 16, 2015 to pay off the construction loan for the fire department building and is payable in 40 annual payments of \$42,496 including interest at 3.50%. The property is pledged as collateral for the debt while the debt is outstanding. Outstanding balance at year end was \$874,150. Maturity is July 2055.
3. First Bank direct placement agreement dated January 22, 2018 for purchase of police vehicle, payable in three annual payments of \$10,463.80, including interest at 2.27%. The property is pledged as collateral for the debt while the debt is outstanding. Outstanding balance at year end was \$20,217. Maturity is January 2021.
4. First bank direct placement agreement dated October 12, 2018 for purchase of backhoe, payable in five annual payments of \$13,720.89, including interest at 3.65%. The property is pledged as collateral for the debt while the debt is outstanding. Outstanding balance at year end was \$61,600. Maturity is October 2023.

For The Town of Bladenboro, the future minimum payments as of June 30, 2019 are as follows:

Year Ending 30-Jun	Governmental Activities	
	Principal	Interest
2020	38,539	39,360
2021	39,776	38,106
2022	30,633	36,807
2023	31,735	35,703
2024	32,774	34,557
2025-2029	109,240	159,343
2030-2034	130,224	138,360
2035-2039	155,244	113,340
2040-2044	138,861	85,924
2045-2049	150,853	61,641
2050-2054	179,167	33,328
2055-2059	80,480	4,245
Total	\$ 1,117,526	\$ 780,714

At June 30, 2019, Town of Bladenboro had a legal debt margin of \$6,097,515.

Total Water and Sewer Fund	<u>\$ 58,040</u>	<u>\$ 8,215</u>	<u>\$ 10,265</u>	<u>\$ 76,520</u>	<u>\$ 8,215</u>

Compensated absences for governmental activities have typically been liquidated in the General Fund.

7. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

Total fund balance-General Fund	\$ 805,232
Less:	
Stabilization by State Statute	162,381
Debt Service	25,973
Streets - Powell Bill	2,934
Appropriated Fund Balance in 2020 Budget	107,538
Remaining Fund Balance	506,406

The Town of Bladenboro adheres to the North Carolina Local Government Commission's recommendation of a minimum fund balance for the general fund which instructs management to conduct the business of the Town in such a manner that available fund balance does not go below eight percent of budgeted expenditures.

NOTE 4: Jointly Governed Organization

The Town, along with several other counties and municipalities participate in the Lumber River Council of Governments (COG). The participating governments established the Council to coordinate various funding received from Federal and State agencies. Each participating government appoints one member to the Council's governing board. The Town paid \$140 to the Council during the fiscal year ended June 30, 2019.

TOWN OF BLADENBORO, NORTH CAROLINA
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2019

NOTE 5: Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The Town has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

NOTE 6: SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 21, 2019, the date which the financial statements were available for issue.

**Report On Internal Control Over Financial Reporting And On Compliance and Other Matters Based On An Audit
Of Financial Statements Performed In Accordance With *Government Auditing Standards***

Independent Auditor's Report

To the Honorable Mayor and
Members of the Town Council
Town of Bladenboro, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, business-type activities, each major fund and the aggregated remaining fund information of the Town of Bladenboro, North Carolina, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprises the Town of Bladenboro's basic financial statements, and have issued our report thereon dated October 21, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Bladenboro's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Bladenboro's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be a significant deficiency, 2019-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Bladenboro's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Bladenboro's Response to Finding

The Town's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The Town's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Elizabethtown, North Carolina

October 21, 2019

Town of Bladenboro, North Carolina
Schedule of Findings and Responses
For the Fiscal Year Ended June 30, 2019

Section I.	Summary of Auditor's Results
-------------------	-------------------------------------

Financial Statements

Type of auditor's report issued on whether the financial statements audited were prepared in accordance to GAAP: Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? _____ yes X no
- Significant Deficiency(s) X yes _____ none reported

Noncompliance material to financial statements noted? _____ yes X no

Town of Bladenboro, North Carolina
Schedule of Findings and Responses
For the Fiscal Year Ended June 30, 2019

Section II – Financial Statement Findings

SIGNIFICANT DEFICIENCY

2019 – 001 Segregation of Duties

Criteria: Duties should be segregated to provide reasonable assurance that transactions are handled appropriately.

Condition: There is a lack of segregation of duties among Town personnel.

Effect: Transactions could be mishandled.

Cause: There are a limited number of personnel for certain functions.

Identification of a repeat finding: This is a repeat finding from the immediate previous audit, 2018-001.

Recommendation: The duties should be separated as much as possible and alternative controls should be used to compensate for lack of separation. The governing board should provide some of these controls.

Views of responsible officials and planned corrective actions: Management is aware of the deficiency, but the cost-benefit analysis indicates that hiring more personnel to mitigate the issue is not feasible. Management will request board members' continued involvement by providing additional oversight.

BLADENBORO

Small town living. Hometown proud. *North Carolina*

Corrective Action Plan
For the Fiscal Year Ended June 30, 2019

Section II – Financial Statement Findings

SIGNIFICANT DEFICIENCIES

2019 – 001 Segregation of Duties

Name of contact person:	Rufus Duckworth, Mayor
Corrective Action:	The duties will be separated as much as possible and alternative controls will be used to compensate for lack of separation. The governing board will become more involved in providing some of these controls.
Proposed Completion Date:	The Board will implement the above procedure immediately.
