INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of the City Council
City of Kings Mountain, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Kings Mountain, North Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City of Kings Mountain ABC Board, which represents 79 percent, 73 percent, and 94 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by another auditor, whose report has been furnished to us and, our opinion, insofar as it relates to the amounts included for the City of Kings Mountain ABC Board, is based solely on the report of another auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement. The financial statements of the City of Kings Mountain ABC Board were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Kings Mountain, North Carolina, as of June 30, 2019, and the respective changes in financial position and cash flows, where appropriate, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Law Enforcement Officers' Special Separation Allowance Schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, the Other Post-Employment Benefits' Schedule of Changes in Total OPEB Liability and Related Ratios, and the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Liability (Asset) and Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditor have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Kings Mountain's basic financial statements. The combining and individual fund financial statements, budget and actual schedules, other schedules, and supplemental ad valorem tax schedules, as well as the accompanying Schedule of Expenditures of Federal and State Awards as required by *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budget and actual schedules, other schedules, supplemental ad valorem tax schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements

themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditor, the combining and individual fund financial statements, budget and actual schedules, other schedules, supplemental ad valorem tax schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2019 on our consideration of the City of Kings Mountain's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Kings Mountain's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Kings Mountain's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Kings Mountain, we offer readers of the City of Kings Mountain's financial statements this narrative overview and analysis of the financial activities of the City of Kings Mountain for the fiscal year ended June 30, 2019. We encourage readers to read the information presented here, in conjunction with additional information that we have furnished in the City's financial statements, which follow this narrative.

Financial Highlights

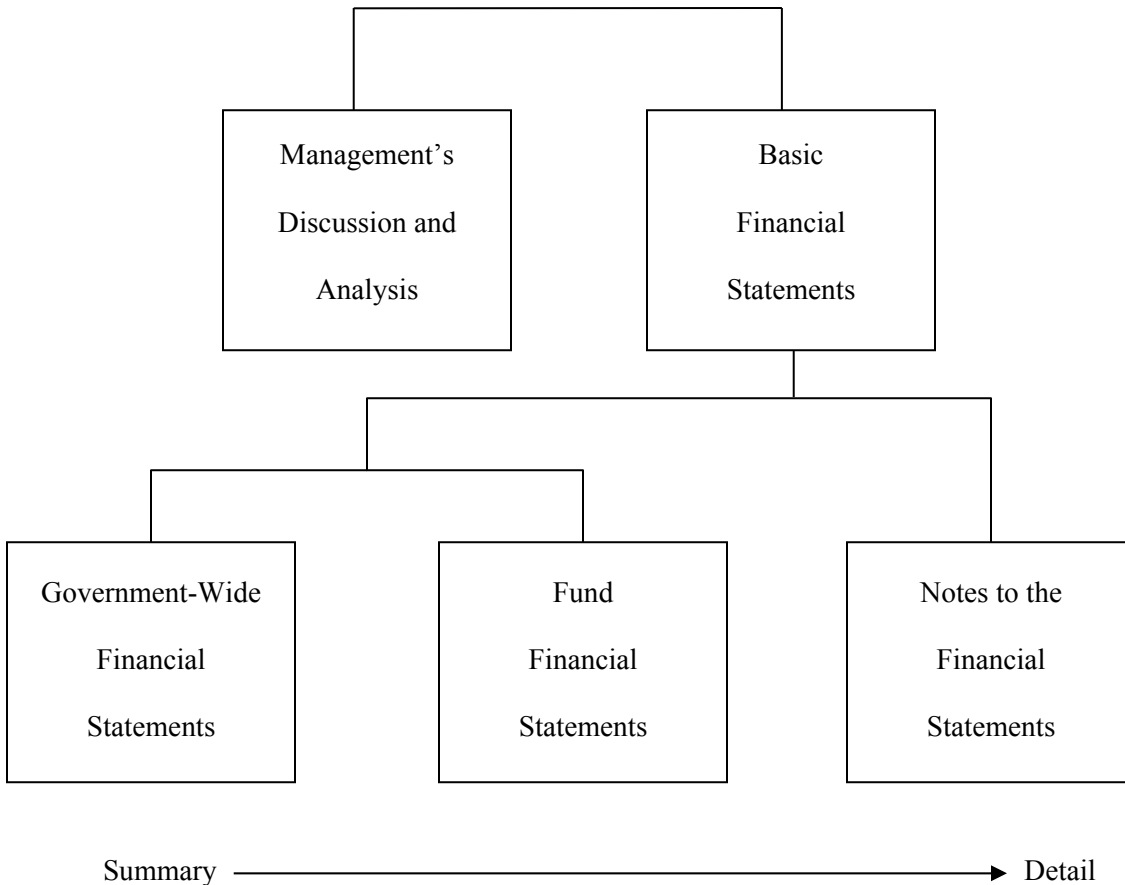

- The assets and deferred outflows of resources of the City of Kings Mountain exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$59,514,847 (*net position*).
- The government's total net position increased by \$5,201,975.
- As of the close of the current fiscal year, the City of Kings Mountain's governmental funds reported combined ending fund balances of \$9,336,842, an increase of \$2,031,184 in comparison with the prior year. Approximately 19.99% of this amount, or \$1,866,438, is non-spendable or restricted.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$7,270,404, or 46.11%, of total General Fund expenditures for the fiscal year.
- The City of Kings Mountain's total debt decreased by \$2,202,409 during the current fiscal year. The key factor in this decrease was that current year increases for installment purchases (direct placements) were far less than retirements in both governmental activities and business-type activities.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Kings Mountain's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the City of Kings Mountain.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits A and B) in the basic financial statements are the **government-wide financial statements**. They provide both short and long-term information about the City's financial status.

The next statements (Exhibits C through J) are **fund financial statements**. These statements focus on the activities of the individual parts of the City's government. These statements provide more detail than the government-wide statements. There are four parts to the fund financial statements: 1) the governmental funds statements, 2) the budgetary comparison statements, 3) the proprietary fund statements, and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the City's individual funds. Budgetary information required by the North Carolina General Statutes also can be found in this part of the statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the City's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the City's financial status as a whole.

The two government-wide statements report the City's net position and how they have changed. Net position is the difference between the City's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the City's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities, 2) business-type activities, and 3) component units. The governmental activities include most of the City's basic services such as public safety, transportation, and general administration. Property taxes and federal and State grant funds finance most of these activities. The business-type activities are those that the City charges customers to provide. These include the water and sewer services, electric, and gas services offered by the City of Kings Mountain. The final category is the component units. Although legally separate from the City, the ABC Board is important to the City because the City exercises control over the Board by appointing its members and the Board is required to distribute its profits to the City. In addition, the Tourism Development Authority Board's governing board is appointed by the City.

The government-wide financial statements are on Exhibits A and B of this report.

Fund Financial Statements

The fund financial statements (see Figure 1) provide a more detailed look at the City's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Kings Mountain, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the City's budget ordinance. All of the funds of the City of Kings Mountain can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*, which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the City's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The City of Kings Mountain adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the City, the management of the City, and the decisions of the Council about which services to provide and how to pay for them. It also authorizes the City to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the City complied with the budget ordinance and whether or not the City succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Council; 2) the final budget as amended by the Council; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds. The City of Kings Mountain has two different kinds of proprietary fund. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Kings Mountain uses enterprise funds to account for its water and sewer activity, for its electric operations, and its gas operations. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the functions of the City of Kings Mountain. The City uses an internal service fund to account for two activities – its workers’ compensation insurance program and health insurance program. Because these programs benefit predominately governmental rather than business-type activities, the Internal Service Fund has been included within the governmental activities in the government-wide financial statements.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. City of Kings Mountain has one fiduciary fund, which is an agency fund.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow Exhibit J of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the City of Kings Mountain’s progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found following the notes to the financial statements.

Interdependence with Other Entities. The City depends on financial resources flowing from, or associated with, both the federal government and the State of North Carolina. Because of this dependency, the City is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations. It is also subject to changes in investment earnings and asset values associated with the U.S. Treasury Securities because of actions by foreign governments and other holders of publicly held U.S. Treasury Securities.

Total net position	<u>\$ 9,768,028</u>	<u>\$ 6,648,897</u>	<u>\$ 49,746,819</u>	<u>\$ 47,663,975</u>	<u>\$ 59,514,847</u>	<u>\$ 54,312,872</u>

As noted earlier, net position may serve, over time, as one useful indicator of a government's financial condition. The assets and deferred outflows of the City of Kings Mountain exceeded liabilities and deferred inflows by \$59,514,847 as of June 30, 2019. However, the largest portion (78%) reflects the City's net investment in capital assets (e.g. land, buildings, machinery, and equipment). The City of Kings Mountain uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Kings Mountain's net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the City of Kings Mountain's net position of \$1,817,801 represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$11,494,323 is unrestricted.

End of year - June 30	<u>\$ 9,768,028</u>	<u>\$ 6,648,897</u>	<u>\$ 49,746,819</u>	<u>\$ 47,663,975</u>	<u>\$ 59,514,847</u>	<u>\$ 54,312,872</u>

Governmental Activities. Governmental activities increased the City's net position by \$3,119,131. The key elements of this increase are as follows:

- Increases in property taxes and other tax revenues such as local option sales taxes.
- Increases in revenues from operating grants and contributions.
- Decreases in expenses related to general government and economic development.

Business-Type Activities. Business-type activities increased the City's net position by \$2,082,844. Key elements of this increase are as follows:

- Increase in customer sales revenue due to volume increases in both the Water & Sewer Fund and the Gas Fund
- Overall decrease in expenses from a large decrease in the Electric Fund with small increases in the other proprietary funds. The electric decrease is mainly due to lower costs related to the purchase of power.

Financial Analysis of the City's Funds

As noted earlier, the City of Kings Mountain uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Kings Mountain's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the City of Kings Mountain's financing requirements.

The General Fund is the chief operating fund of the City of Kings Mountain. At the end of the current fiscal year, available fund balance of the General Fund was \$7,782,410, while total fund balance reached \$8,876,015. As a measure of the General Fund's liquidity, it may be useful to compare both available fund balance and total fund balance to total fund expenditures. Available fund balance represents 49.36 percent of total General Fund expenditures, while total fund balance represents 56.29 percent of that same amount.

At June 30, 2019, the governmental funds of the City of Kings Mountain reported a combined fund balance of \$9,336,842 with a net increase of \$2,031,184. Included in this change in fund balance is an increase in fund balance in the General Fund.

General Fund Budgetary Highlights. During the year, the City revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

The original budget was amended to account for additional revenues and expenditures that occurred during the fiscal year. Total net amendments to the General Fund's expenditures was \$1,595,886. With respect to actual versus final amended budget, revenues had a positive variance of \$695,891 due to an increase in property tax and other tax revenues. The expenditures recognized a positive variance of \$2,801,929. The major components of this positive variance are as follows:

- Overall operating expenditures for planning was drastically curbed with a variance of \$869,988 related to final amended budget and actual experience.
- Actual expenditures related to capital outlay for administration and finance were far below final amended budget by \$367,525
- Emphasis to curb expenditures by all responsible department heads and members of management across all General Fund departments

Proprietary Funds. The City of Kings Mountain’s proprietary funds provide the same type of information found in the government-wide statements, but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to \$5,937,662. The amount of unrestricted net position for the Electric Fund was \$4,080,072, for the Gas Fund was \$1,617,406, and for the Stormwater Fund was (\$171,108). The total changes in net position for the four funds were \$673,383, \$1,061,684, \$357,548, and \$(9,771), respectively.

Capital Asset and Debt Administration

Capital Assets. The City of Kings Mountain’s investment in capital assets for its governmental and business–type activities as of June 30, 2019 totals \$75,031,625 (net of accumulated depreciation). These assets include buildings, land, infrastructure, machinery and equipment, park facilities, and vehicles.

Major capital asset transactions during the year include:

- Construction in governmental activities related to renovations of Patriots Park.
- Several large equipment purchases for governmental activities. The largest being for an Industrial Tubgrinder and Servers.
- Construction in the Water and Sewer Fund for Moss Lake Dam and the City Lake Dam. These projects completed in the current fiscal year and transferred to other improvements.

Total	<u>\$ 10,309,790</u>	<u>\$ 9,796,514</u>	<u>\$ 64,721,835</u>	<u>\$ 66,914,991</u>	<u>\$ 75,031,625</u>	<u>\$ 76,711,505</u>

Additional information on the City’s capital assets can be found in Note 2 of the basic financial statements.

Long-Term Debt. As of June 30, 2019, the City of Kings Mountain had total installment purchase debt, for direct placements and direct borrowings, outstanding of \$28,828,902. The City’s debt represents obligations secured solely by certain equipment of the City.

City of Kings Mountain’s Outstanding Debt

Figure 5

	<u>Governmental Activities</u>		<u>Business-Type Activities</u>		<u>Total</u>	
	<u>2019</u>	<u>2018</u>	<u>2019</u>	<u>2018</u>	<u>2019</u>	<u>2018</u>
Installment purchases - direct placements & direct borrowings	<u>\$ 2,389,854</u>	<u>\$ 2,307,823</u>	<u>\$ 26,439,048</u>	<u>\$ 28,723,488</u>	<u>\$ 28,828,902</u>	<u>\$ 31,031,311</u>

The City of Kings Mountain's total debt decreased by \$2,202,409 during the current fiscal year. The key factor in this decrease was that installment purchase (direct placements) increases, related to governmental activities, was far less than retirements in both governmental activities and business-type activities.

North Carolina General Statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the City of Kings Mountain is approximately \$111,705,107.

Additional information regarding the City of Kings Mountain's long-term debt can be found in Note 2 of this audited financial report.

Economic Factors and Next Year's Budgets and Rates

The City continues to experience some growth in terms of property valuation. The City has experienced increased demand for all its utility services as a result of residential and industrial/commercial development.

The NTE Energy Company began operations, in late August 2018, of its \$400 million-dollar Electric Power Plant. NTE will produce and distribute electrical power utilizing a Combined Cycle Natural Gas Facility with its purchase of natural gas being delivered directly from Williams (Transco) with Kings Mountain providing domestic natural gas and electrical distribution needs. This has already generated a significant increase in the City of Kings Mountain's tax base and the City is providing all water and wastewater needs for this facility. This new plant will be the largest water customer regarding daily volume at this time. The City secured a wholesale agreement with NTE beginning on December 31, 2018, which will generate significant electrical wholesale power savings annually. We anticipate industrial growth in the recently annexed land area bordering the NTE Plant site.

Budget Highlights for the Fiscal Year Ending June 30, 2020

Governmental Activities. The property tax rate remains unchanged at 43 cents per \$100 in assessed property value. The FY 19-20 General Fund budget increased roughly \$900,000 dollars over prior year's originally adopted budget due to increased medical costs, new positions added in the Police and Fire Department, COLA and wage and rate adjustments, and budgeted capital outlay for new equipment and vehicles. The City looked at all rates and fees and there were no significant increases in City fees in the 19-20 General Fund budget.

Business-Type Activities. The City's utility base rates, excluding electric, remained unchanged for the 19-20 budget year (gas, water, sewer, and storm water.) Any budgeted increases in revenues for these funds are based upon anticipated increases in volume of services provided (see note above re water volume for NTE facility). In the electric fund, the City did an across the board decrease in fees (roughly 10%) in March 2019 and carried that forward to the new budget year. The City was able to do this due to significant anticipated savings in purchased power as a result of switching suppliers. The City has seen a significant decrease in purchased power costs due to our NTE contract which began 1-1-19. Budget year 19-20 will represent the first full fiscal year under the new agreement.

Requests for Information

This report is designed to provide an overview of the City's finances for those with an interest in this area. Questions concerning any of the information found in this report, or requests for additional information, should be directed to:

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES -
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2019**

Amounts reported for governmental activities in the Statement of Activities (Exhibit B) are different due to the following items:

Net changes in fund balances - total governmental funds \$ 2,031,184

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	\$ 1,935,314	
Disposals, gain	1,429	
Depreciation expense	<u>(1,423,467)</u>	513,276

Change in deferred inflows for tax revenues (2,016)

Contributions to the pension and OPEB plan in the current fiscal year are not included on the Statement of Activities. 621,903

Benefit payments and pension administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position. 17,461

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities:

Issuance of debt	(660,154)	
Repayment of debt principal	578,123	
OPEB plan expense	(252,895)	
Pension expense - LGERS	(760,804)	
Pension expense - LEOSSA	(53,855)	
Accrual of interest expense payable	(5,176)	
Accrual of compensated absences	<u>(27,573)</u>	(1,182,334)

Net revenue of internal service funds determined to be governmental-type 1,119,657

Total change in net position of governmental activities (Exhibit B) \$ 3,119,131

The accompanying notes are an integral part of the financial statements.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

1. Summary of Significant Accounting Policies

The accounting policies of the City of Kings Mountain (the "City") and its discretely presented component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The City is a municipal corporation that is governed by an elected mayor and a seven-member Council. As required by generally accepted accounting principles, these financial statements present the City and its component units, the City of Kings Mountain ABC Board (the "ABC Board") and the Tourism Development Authority Board (the "TDA Board"), legally separate entities for which the City is financially accountable. The discretely presented component units presented below are reported in separate columns in the City's financial statements in order to emphasize that they are legally separate from the City.

City of Kings Mountain ABC Board

The members of the ABC Board's governing board are appointed by the City. In addition, the ABC Board is required by state statute to distribute a portion of its surpluses to the General Fund of the City. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at: City of Kings Mountain ABC Board, P.O. Box 785, Kings Mountain, North Carolina 28086.

Tourism Development Authority Board

The Tourism Development Authority Board was created by session law SL 2001-439, Part II to market and promote tourism and cultural development in the City. The members of the Tourism Development Authority Board's governing board are appointed by the City. The City transfers a portion of the occupancy tax levied by the City to the Tourism Development Authority Board. The TDA Board, which has a June 30 year-end, is a discretely presented component unit. Separate financial statements have not been issued for the TDA Board.

B. Basis of Presentation

Government-Wide Statements. The Statement of Net Position and the Statement of Activities display information about the primary government and its component units. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the Statement of Activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements. The fund financial statements provide information about the City's funds, including the Fiduciary Fund. Separate statements for each fund category - *governmental proprietary, and fiduciary* - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

The City reports the following major governmental fund:

General Fund

The General Fund is the general operating fund of the City. It is used to account for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, intergovernmental revenues, other taxes and licenses, and operating transfers from proprietary funds. The primary expenditures are for public safety, economic and physical development, transportation, and general governmental services.

The City reports the following nonmajor governmental funds:

Special Revenue Funds

Emergency Telephone System Fund. This fund is used to account for 911 revenues received by the State 911 Board to enhance the State's 911 system.

CDBG Project Fund. This fund is used to account for Community Development Block Grant revenues received from the NC Department of Commerce to assist in downtown revitalization.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Capital Project Funds

Library Fund. This fund accounts for financial resources to be used for the acquisition and construction of library capital facilities.

Senior Center Capital Project Fund. This fund accounts for financial resources to be used for the expansion and improvements of the Senior Center.

Permanent Fund

Cemetery Care Fund. This fund is used to account for perpetual care of the municipal cemetery.

The City reports the following enterprise funds:

Enterprise Funds

Major

Water and Sewer Fund. This fund is used to account for the City's water and sewer operations. The Water and Sewer Capital Projects Funds have been consolidated with the Water and Sewer Fund for financial reporting purposes.

Electric Utility Fund. This fund is used to account for the City's electric operations.

Gas Fund. This fund is used to account for the City's gas operations.

Nonmajor

Stormwater Fund. This fund is used to account for the City's stormwater operations.

The City reports the following fund type:

Internal Service Funds

Internal service funds account for operations that provide services to other departments of the government, or to other governments, on a cost-reimbursement basis. The City has two internal service funds that provide workers' compensation insurance claims and health insurance claims.

Agency Fund

Agency funds are custodial in nature and do not involve the measurement of operating results. An agency fund is used to account for assets the City holds on behalf of others. The City maintains the following agency fund:

Firefighter's Retirement Fund. This fund is used to account for the City's Firefighter's Supplemental Retirement and Relief Plan.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the City are maintained during the year using the modified accrual basis of accounting.

Government-Wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The City considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes receivable are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, state law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, State of North Carolina is responsible for

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable on these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the state at year-end on behalf of the City are recognized as revenue. Sales taxes are considered a shared revenue for the City because the tax is levied by both Gaston and Cleveland Counties and then remitted to and distributed by the State. Most intergovernmental revenues and sales and service revenues are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Budgetary Data

The City's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Emergency Telephone System Fund, the enterprise funds, and the Cemetery Care Fund. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the CDBG Project Fund, Library Fund, the Senior Center Capital Project Fund, and the Enterprise Capital Project Funds. The enterprise fund projects are consolidated with their respective operating fund for reporting purposes. The City's workers' compensation and health insurance funds, which are internal service funds, operate under a financial plan that was adopted by the governing board at the time the City's budget ordinance was approved, as is required by the General Statutes. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds and at the object level for the multi-year funds.

All amendments must be approved by the governing board and the Board must adopt an interim budget that covers that time until the annual ordinance can be adopted. The City Manager is authorized by the budget ordinance to transfer appropriations within a department up to the department's total budget; however, any revisions that alter the total expenditures of any fund or department must be approved by the governing board.

E. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant areas where estimates are made are allowance for doubtful accounts and depreciation lives.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity

Deposits and Investments

All deposits of the City, the ABC Board, and TDA Board are made in Board-designated official depositories and are secured as required by state law [G.S. 159-31]. The City, the ABC Board, and TDA Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the City, the ABC Board, and TDA Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the City, the ABC Board, and the TDA Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT).

The City, the ABC Board, and the TDA Board's investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT Government Portfolio, a SEC-registered (2a-7) government money market fund, is valued at fair value.

Cash and Cash Equivalents

The City pools money from several funds to facilitate disbursement and investment and to maximize investment income and considers all cash and investments to be cash and cash equivalents. The ABC Board and the TDA Board consider all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

Restricted Assets

In accordance with state law {G.S. 136-41.1 through 136-41.4}, Powell Bill funds are classified as restricted cash because they can be expended only for the purpose of maintaining, repairing, constructing, reconstructing or widening of local streets. Drug seizure funds are classified as restricted cash because they can be expended only for public safety purposes. Contributions to the fire museum are classified as restricted cash because they can be expended only for public safety purposes. Senior Center funds are classified as restricted for cultural and recreational purposes because they are donations obtained for the purposes of expanding the senior center. A portion of library funds are classified as restricted for cultural and recreational purposes because it was a donation set up through the Foundation for the Carolinas as an Endowment Fund. Cash in the Cemetery Care Fund is classified as restricted because the funds can only be used for cemetery perpetual maintenance. Customer deposits held by the City before any services are supplied are restricted to the service for which the deposit was collected.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

City of Kings Mountain Restricted Cash

Governmental Activities:

General Fund:

Streets \$ 180,208

Public safety 84,067

Cultural and recreation 61,140

Total governmental activities 356,189

Business-Type Activities:

Water and Sewer Fund:

Customer deposits 388,629

Electric Fund:

Customer deposits 127,064

Gas Fund:

Customer deposits 62,780

Total business-type activities 578,473

Total restricted cash \$ 934,662

Ad Valorem Taxes Receivable

In accordance with state law [G.S. 105-347 and G.S. 159-13(a)], the City levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2018. As allowed by state law, the City has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the City's General Fund, ad valorem tax revenues are reported net of such discounts.

Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years and current data.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Inventories

The inventories of the City and the ABC Board are valued at cost (first-in, first-out), which approximates market. The City's General Fund inventory consists of expendable supplies that are recorded as expenditures as used rather than when purchased.

The inventories of the City's enterprise funds and those of the City of Kings Mountain ABC Board consist of materials and supplies held for subsequent use. The cost of these inventories is expensed when used rather than when purchased.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and expensed as the items are used.

Capital Assets

Capital assets are defined by the City as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of one year. The City has a minimum capitalization cost of \$5,000, with the exception of land, which will be recorded without regard to its value. Donated capital assets received prior to June 30, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 30, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. General infrastructure assets acquired prior to July 1, 2003, consist of the road network and water and sewer system assets that were acquired or that received substantial improvements subsequent to July 1, 1980, are reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated on a straight-line basis over the following useful lives to the cost of the assets:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Infrastructure	15-50 years
Buildings	20-50 years
Other improvements	10-50 years
Lines	20-50 years
Vehicles	5-20 years
Equipment	5-50 years

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Property, plant, and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Buildings and improvements	20 years
Equipment	10 years

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The City has two items that meet this criteria, pension deferrals and OPEB deferrals. In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The City has three items that meet the criterion for this category – property taxes receivable, pension deferrals, and OPEB deferrals.

Long-Term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discounts. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred. Prepaid insurance costs are expensed over the life of the debt.

In fund financial statements, governmental fund-types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences

The vacation policy of the City provides for the accumulation of up to thirty (30) days earned vacation leave with such leave being fully vested when earned. The ABC Board employees may accumulate up to 12 days earned vacation per year, and such leave is fully vested when earned. Any unused leave is lost at year-end unless special permission is granted to carryover the unused leave.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

For the City's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The City has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The City's sick leave policy provides for an unlimited accumulation of earned sick leave. The ABC Board's policy provides for accumulation of up to thirty days sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefits purposes. Since the City and the ABC Board have no obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

Net Position/Fund Balances

Net Position

Net position in the government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Non-Spendable Fund Balance

This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories – portion of fund balance that is not an available resource because it represents the year-end balance of inventory, which are not spendable resources.

Perpetual Maintenance – portion of fund balance that is not an available resource because it represents the year-end balance of cemetery care, which are not spendable resources.

Restricted Fund Balance

This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Stabilization by State Statute – portion of fund balance that is restricted by state statute [G.S. 159-8(a)].

Restricted for Streets – portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount, of \$166,797, represents the balance of the total unexpended Powell Bill funds.

Restricted for Public Safety – portion of fund balance that is restricted by revenue source for public safety expenditures. \$60,312 is restricted in the General Fund by police contributions and forfeiture funds. \$23,755 is restricted in the General Fund by fire museum contributions. \$198,255 in the nonmajor funds is restricted by revenue source for certain emergency telephone system expenditures.

Restricted for Cultural and Recreational – portion of fund balance that is restricted for cultural and recreational expenditures. The General Fund has \$61,142 restricted for future culture and recreation expenditures while the nonmajor funds have \$224,128 restricted for the same.

Committed Fund Balance

The committed fund balance classification includes amounts that can be used only for specific purposes determined by a formal action of the government's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned Fund Balance

Assigned fund balance is the portion of fund balance that the City of Kings Mountain intends to use for specific purposes. The City's governing body has the authority to assign fund balance.

Assigned for Subsequent Year's Expenditures – portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation.

Unassigned Fund Balance

Unassigned fund balance represents the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The City of Kings Mountain has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following order: bond/debt proceeds, federal funds, state funds, local non-City funds, and City funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and, lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the City or when required by grant or other contractual agreements.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

The City of Kings Mountain has also adopted a minimum fund balance policy for the General Fund, which instructs management to conduct the business of the City in such a manner that available fund balance is at least equal to or greater than 10% of budgeted expenditures. Any portion of the General Fund balance in excess of 10% of budgeted expenditures may be appropriated for one-time expenditures and may not be used for any purpose that would obligate the City in a future budget.

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriation.

Total fund balance - General Fund	\$ 8,876,015
Less:	
Inventories	48,637
Stabilization by state statute	<u>1,044,968</u>
Total available fund balance	<u><u>\$ 7,782,410</u></u>

Defined Benefit Cost Sharing Plans

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The City's employer contributions are recognized when due and the City has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

2. Detail Notes on All Funds

A. Assets

Deposits

All the deposits of the City, the ABC Board, and the TDA Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the City, the ABC Board, and the TDA Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

in a fiduciary capacity for the City, the ABC Board, and the TDA Board, these deposits are considered to be held by the City, the ABC Board, and the TDA Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest-bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the City, the ABC Board, and the TDA Board or the escrow agent.

Because of the inability to measure the exact amounts of collateral pledged for the City, the ABC Board, or the TDA Board under the Pooling Method, the potential exists for under-collateralization. This risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The City, the ABC Board, and the TDA Board have no policy regarding custodial credit risk for deposits, but rely on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The City complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2019, the City's deposits had a carrying amount of \$12,792,286 and a bank balance of \$13,219,354. Of the bank balance, \$11,585,378 was covered by federal depository insurance and the remainder was covered by collateral held under the Pooling Method.

The carrying amount of deposits for the TDA Board was \$238,733 and the bank balance was \$248,732. The bank balance of the TDA Board was fully covered by federal depository insurance.

The carrying amount of deposits for the ABC Board was \$453,445 and the bank balance was \$347,461. \$250,000 of the bank balance of the ABC Board was covered by federal depository insurance. The ABC Board had certificates of deposit totaling \$81,431 and petty cash funds of \$2,000.

At June 30, 2019, the City's petty cash funds totaled \$2,287.

Investments

At June 30, 2019, the City of Kings Mountain had \$10,965,791 invested with the North Carolina Capital Management Trust's Government Portfolio, which carried a credit rating of AAAM by Standard and Poor's. The City has no policy regarding credit risk.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Pension Plan Obligations

Local Government Employees' Retirement System

Plan Description. The City and the ABC Board are participating employers in the state-wide Local Governmental Employees' Retirement system (LGERS), a cost-sharing, multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The LGERS is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. The City of Kings Mountain employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The City of Kings Mountain's contractually required contribution rate for the year ended June 30, 2019, was 8.50% of compensation for law enforcement officers and 7.75% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the City of Kings Mountain were \$660,622 for the year ended June 30, 2019.

Refunds of Contributions – City employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the City reported a liability of \$2,938,382 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The City's proportion of the net pension liability was based on a projection of the City's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2018, the City's proportion was 0.12386%, which was an increase of 0.00613% from its proportion measured as of June 30, 2017.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

For the year ended June 30, 2019, the City recognized pension expense of \$846,841. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 453,323	\$ 15,211
Changes of assumptions	779,733	-
Net difference between projected and actual earnings on pension plan investments	403,353	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	50,947	15,406
City contributions subsequent to the measurement date	<u>660,622</u>	<u>-</u>
Total	<u>\$ 2,347,978</u>	<u>\$ 30,617</u>

\$660,622 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows or inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	Amount
<u>June 30</u>	<u>Amount</u>
2020	\$ 797,959
2021	515,786
2022	98,528
2023	244,466
2024	-
Thereafter	-
Total	<u>\$ 1,656,739</u>

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.5 to 8.10 percent, including inflation and productivity factor
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore, not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple-year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	29.0%	1.4%
Global equity	42.0%	5.3%
Real estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation protection	<u>6.0%</u>	4.0%
Total	<u>100%</u>	

The information above is based on 30-year expectations developed with the consulting actuary for the 2018 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

Discount Rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the City's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	<u>1% Decrease (6.00%)</u>	<u>Current Discount Rate (7.00%)</u>	<u>1% Increase (8.00%)</u>
City's proportionate share of the net pension liability (asset)	<u>\$ 7,058,250</u>	<u>\$ 2,938,382</u>	<u>\$ (504,243)</u>

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

Law Enforcement Officers Special Separation Allowance

Plan Description. The City administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the City's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. A separate report was not issued for the plan.

All full-time law enforcement officers of the City are covered by the Separation Allowance. At December 31, 2017, the Separation Allowance's membership consisted of:

Retirees receiving benefits	2
Active plan members	<u>33</u>
Total	<u><u>35</u></u>

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Summary of Significant Accounting Policies

Basis of Accounting. The City has chosen to fund the Separation Allowance on a pay-as-you-go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 73.

Actuarial Assumptions. The entry age normal actuarial cost method was used in the December 31, 2017 valuation. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.50 to 7.35 percent, including inflation and productivity factor
Discount rate	3.64 percent

The discount rate used to measure the TPL is the S&P Municipal Bond 20 Year High Grade Rate Index.

Deaths After Retirement (Healthy): RP-2014 Healthy Annuitant base rates projected 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 104% for males and 100% for females.

Deaths Before Retirement: RP-2014 Employee base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015.

Deaths After Retirement (Beneficiary): RP-2014 Healthy Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 123% for males and females.

Deaths After Retirement (Disabled): RP-2014 Disabled Retiree base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 103% for males and 99% for females.

Contributions. The City is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The City's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The City paid \$34,923 as benefits came due for the reporting period.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the City reported a total pension liability of \$948,517. The total pension liability was measured as of December 31, 2018 based on a December 31, 2017 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2018 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2019, the City recognized pension expense of \$71,639.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 47,929	\$ 28,819
Changes of assumptions	36,723	41,058
City benefit payments and plan administrative expense made subsequent to the measurement date	<u>17,461</u>	<u>-</u>
Total	<u>\$ 102,113</u>	<u>\$ 69,877</u>

\$17,461 paid as benefits came due subsequent to the measurement date have been reported as deferred outflows of resources and will be recognized as a decrease of the total pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Amount
2020	\$ 2,476
2021	2,476
2022	2,476
2023	4,119
2024	3,228
Thereafter	<u>-</u>
Total	<u>\$ 14,775</u>

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

Sensitivity of the City's Total Pension Liability to Changes in the Discount Rate. The following presents the City's total pension liability calculated using the discount rate of 3.64 percent, as well as what the City's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.64 percent) or 1-percentage-point higher (4.64 percent) than the current rate:

	1% Decrease (2.64%)	Discount Rate (3.64%)	1% Increase (4.64%)
Total pension liability	<u>\$ 1,026,953</u>	<u>\$ 948,517</u>	<u>\$ 876,745</u>

**Schedule of Changes in Total Pension Liability
Law Enforcement Officers' Special Separation Allowance**

	<u>2019</u>
Beginning balance	\$ 893,642
Service cost	41,154
Interest on the total pension liability	27,687
Differences between expected and actual experience in the measurement of the total pension liability	57,751
Changes of assumptions or other inputs	(36,794)
Benefit payments	<u>(34,923)</u>
Ending balance of the total pension liability	<u>\$ 948,517</u>

Changes of Assumptions. Changes of assumptions and other inputs reflect a change in the Municipal Bond Index Rate from 3.16% at December 31, 2017 to 3.64% at December 31, 2018.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The City contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the City. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the City to contribute each month an amount equal to 5% of salary of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the Plan. The City made contributions of \$90,852 for the reporting year. No amounts were forfeited.

401(k) Plan

The City provides an investment retirement plan (the "401(k) Plan") pursuant to section 401(k) of the Internal Revenue Code for all non-law enforcement employees who qualify based on tenure with the City. The 401(k) Plan provides for City and employee contributions subject to limitations. The City made contributions of \$446,780 for the reporting year. No amounts were forfeited.

Other Post-Employment Benefits

Plan Description. In addition to providing pension benefits, the City has elected to provide healthcare benefits to retirees of the City through a single-employer, defined benefit plan. At retirement, the City will pay the employees' medical insurance until Medicare coverage begins. After Medicare begins, the City will pay for a Medicare supplemental policy for the employee. To be eligible, the employee must have completed 20 years of creditable service if hired prior to January 29, 1997, or 25 years of service if hired on or after January 29, 1997. Additionally, employee must be eligible and approved to receive retirement benefits, in accordance with the regulations of the Local Governmental Employees Retirement System. The City funds this benefit when payments are due. The City obtains health coverage through private insurers. A separate report was not issued for the plan. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

Membership of the plan consisted of the following at June 30, 2018, the date of the latest actuarial valuation:

	General Employees	Law Enforcement Officers
Retirees and dependents receiving benefits	22	-
Active plan members	143	30
Total	165	30

Total OPEB Liability

The City's total OPEB liability of \$9,866,082 was measured as of June 30, 2018 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.5 percent
Salary increases, including wage inflation	
General Employees and Firefighters	3.50 - 7.75 percent
Law Enforcement Officers	3.50 - 7.35 percent
Discount rate	3.89 percent
Healthcare Cost Trend Rates	
Pre-Medicare	7.75 percent for 2018 decreasing to an ultimate rate of 4.75 percent by 2028
Medicare	5.38 percent for 2018 decreasing to an ultimate rate of 4.75 percent by 2022

The discount rate is based on June average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by The Bond Buyer.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

Changes in Total OPEB Liability

	Total OPEB Liability
Balances at July 1, 2018	<u>\$ 10,158,581</u>
Changes for the year	
Service cost	475,071
Interest	357,432
Differences between expected and actual experience	(184,051)
Changes in assumptions or other inputs	(702,174)
Benefit payments	<u>(238,777)</u>
Net changes	<u>(292,499)</u>
Balances at June 30, 2019	<u>\$ 9,866,082</u>

Changes in assumptions and other inputs reflect a change in the discount rate from 3.56% to 3.89%.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014, adopted by the LGERS Board.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2018 valuation were based on review of recent plan experience performed concurrently with the June 30, 2018 valuation.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.89 percent) or 1-percentage-point higher (4.89 percent) than the current discount rate:

	1% Decrease (2.89%)	Discount Rate (3.89%)	1% Increase (4.89%)
Total OPEB liability	<u>\$ 11,766,431</u>	<u>\$ 9,866,082</u>	<u>\$ 8,379,334</u>

Sensitivity of the Total OPEB Liability in the Healthcare Cost Trend Rates. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Discount Rate	1% Increase
Total OPEB liability	<u>\$ 8,184,364</u>	<u>\$ 9,866,082</u>	<u>\$ 12,087,132</u>

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the City recognized OPEB expense of \$609,245. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 30,281	\$ 163,348
Changes of assumptions	-	1,473,968
City benefit payments and plan administrative expense made subsequent to the measurement date	<u>240,686</u>	<u>-</u>
Total	<u>\$ 270,967</u>	<u>\$ 1,637,316</u>

\$240,686 reported as deferred outflows of resources related to OPEB resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total OPEB liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending	
June 30	Amount
2020	\$ (223,257)
2021	(223,257)
2022	(223,257)
2023	(223,257)
2024	(223,257)
Thereafter	<u>(490,750)</u>
Total	<u>\$ (1,607,035)</u>

Other Employment Benefits

The City has elected to provide death benefits to law enforcement officers through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump-sum death benefit payments to beneficiaries are equal to the officer's 12 highest months' salary in a row during the 24 months

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

prior to the officer's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the City, the City does not determine the number of eligible participants. The City has no liability beyond the payment of monthly contributions.

The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the state. The City considers these contributions to be immaterial.

Deferred Outflows and Inflows of Resources

The City has several deferred outflows of resources. Deferred outflows of resources at year-end are comprised of the following:

<u>Source</u>	<u>Amount</u>
Contributions to pension plan in current fiscal year	\$ 660,622
Benefit payments made for LEOSA subsequent to measurement date	17,461
Difference between expected and actual experience - Pensions & OPEB	531,533
Changes of assumptions - Pensions	816,456
Benefit payments for OPEB subsequent to measurement date	240,686
Net difference between projected and actual - Pensions	403,353
Changes in proportion and differences between employer contributions and proportionate share of contributions - Pensions	50,947
Total	<u>\$ 2,721,058</u>

Deferred inflows of resources at year-end are comprised of the following:

	<u>Statement of Net Position</u>	<u>General Fund Balance Sheet</u>
Deferred Inflows:		
Taxes receivable, net (General Fund)	\$ -	\$ 62,575
Differences between expected and actual experience - Pensions & OPEB	207,378	-
Change in assumptions - Pensions & OPEB	1,515,026	-
Changes in proportion and differences between employer contributions and proportionate share of contributions - Pensions	15,406	-
Total	<u>\$ 1,737,810</u>	<u>\$ 62,575</u>

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Unemployment Compensation

The City and the ABC Board have elected to pay direct costs of unemployment benefits in lieu of employment security taxes on payroll. A liability for benefit payments could accrue in a period following discharge of employees.

Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases insurance coverage through BB&T Insurance Services (agent) to protect these exposures. Saville Public Entity is the City's current insurance broker. State National Insurance Company provides all of the above coverage except for the excess workers' compensation that is placed with Midwest Employers Casualty Co., a Boiler & Machinery policy with Traveler's Property Casualty Co. of America, and an employee dishonesty policy and public official liability policy, which are placed with State National Insurance Company. These insurance carriers are all rated as "A" carriers by A.M. Best, the industry's leading rating agency.

The City's insurance program consists of general liability coverage of \$1,000,000 per occurrence and \$2,000,000 general aggregate and a per occurrence deductible of \$1,000; auto liability coverage of \$1,000,000 per occurrence and a per occurrence deductible of \$1,000; law enforcement liability coverage of \$1,000,000 per occurrence and \$3,000,000 aggregate with a \$10,000 per occurrence deductible; public officials liability coverage of \$1,000,000 per occurrence and \$3,000,000 aggregate with a \$10,000 deductible; employment practices liability coverage of \$1,000,000 per occurrence and \$3,000,000 aggregate with a \$10,000 deductible; umbrella liability coverage limit of \$1,000,000 with a \$10,000 self-insured retention; employee dishonesty coverage limit of \$250,000 with a per occurrence deductible of \$2,500; property coverage blanket limit of \$77,811,141 with a \$10,000 per occurrence deductible; flood coverage limit of \$1,000,000 with a \$25,000 minimum per occurrence deductible; earth quake coverage limit of \$1,000,000 with a \$25,000 per occurrence deductible; equipment breakdown limit of \$4,500,000 with a \$500 deductible; excess workers' compensation and employers liability/occupational accident coverage with a \$450,000 self-insured retention. Settled claims have not exceeded coverage in any of the past three fiscal years.

In accordance with G.S. 159-29, the City's employees that have access to \$100 or more at any given time of the City's funds are performance bonded through a commercial surety bond. The Finance Officer is bonded for \$100,000. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.

In accordance with G.S. 159-29, the TDA's employees that have access to \$100 or more at any given time of the TDA's funds are performance bonded through a commercial surety bond. The City's Finance Officer is bonded for \$50,000 for the TDA.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred, but not reported (IBNR's).

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019**

Changes in the balances of claims liabilities for health insurance during the past fiscal year are as follows:

	<u>2019</u>	<u>2018</u>
Unpaid claims, beginning	\$ 300,000	\$ 321,117
Incurred claims	2,961,787	3,673,495
Claim payments	<u>(2,935,787)</u>	<u>(3,694,612)</u>
Unpaid claims, ending	<u>\$ 326,000</u>	<u>\$ 300,000</u>

Changes in the balances of claims liabilities for workers' compensation insurance during the past fiscal year are as follows:

	<u>2019</u>	<u>2018</u>
Unpaid claims, beginning	\$ 25,000	\$ 25,024
Incurred claims	119,891	10,220
Claim payments	<u>(91,891)</u>	<u>(10,244)</u>
Unpaid claims, ending	<u>\$ 53,000</u>	<u>\$ 25,000</u>

The City of Kings Mountain ABC Board is exposed to various risks of loss related to torts; theft of; damage to, and the destruction of assets; errors and omissions; and natural disasters. The ABC Board has property, general liability, auto liability, workers' compensation, and employee health coverage. The ABC Board also has liquor legal liability coverage. There have been no significant reduction in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

Claims, Judgments, and Contingent Liabilities

At June 30, 2019, the City was defendant to various lawsuits; however, no provision was made in the financial statements for any contingent liabilities. In the opinion of the City's management and the City's attorney, the ultimate effect of these legal matters will not have a material adverse effect on the City's financial position.

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

CITY OF KINGS MOUNTAIN, NORTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

Compensated absences, net pension obligation, and other post-employment benefits for governmental activities have been liquidated in the General Fund.

Interfund Balances and Activity

Transfers to/from other funds for the year ended June 30, 2019 consist of the following:

From the Electric Fund to the General Fund for operating and capital expenditures	\$ 2,279,757
From the General Fund to the Cemetery Perpetual Care Fund for perpetual maintenance	5,000
From the Senior Center Capital Project Fund to the General Fund for the annual contribution of the Senior Center Expansion project and debt	145,000
From the Enterprise Fund Capital Project - Water Grant Projects to the Water Sewer Fund for debt service	<u>2,004,467</u>
Total	<u>\$ 4,434,224</u>

3. Summary Disclosure of Significant Contingencies

Federal and State-Assisted Programs

The City has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreement. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

4. On-Behalf Payments for Fringe Benefits and Salaries

The City has recognized a revenue and an expenditure, on-behalf payments for fringe benefits and salaries of \$9,854 for the salary supplement and stipend benefits paid to eligible firemen by the local Board of Trustees of the Firemen's Relief Fund during the fiscal year ended June 30, 2019. Under state law the local Board of Trustees for the Fund receives an amount each year, which the Board may use at its own discretion for eligible firemen or their departments.

Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit of Financial Statements Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council
City of Kings Mountain, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Kings Mountain, North Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 8, 2019. Our report includes a reference to other auditors who audited the financial statements of the City of Kings Mountain ABC Board, as described in our report on the City of Kings Mountain, North Carolina's financial statements. The financial statements of the City of Kings Mountain ABC Board were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Kings Mountain's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Kings Mountain's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City of Kings Mountain's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Kings Mountain's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit; and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report On Compliance For Each Major State Program; Report On Internal Control Over Compliance; In Accordance With Uniform Guidance; And The State Single Audit Implementation Act

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council
City of Kings Mountain, North Carolina

Report on Compliance for Each Major State Program

We have audited the City of Kings Mountain's compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the City of Kings Mountain's major state programs for the year ended June 30, 2019. The City of Kings Mountain's major state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Kings Mountain's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, applicable sections of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the City of Kings Mountain's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the City of Kings Mountain's compliance.

Opinion on Each Major State Program

In our opinion, the City of Kings Mountain complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the City of Kings Mountain is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Kings Mountain's internal control over compliance with the requirements that could have a direct and material effect on a major state program to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to the Schedule of Expenditures of Federal and State Financial Awards:

Note 1: Basis of Presentation

The accompanying Schedule of Expenditures of Federal and State Awards (SEFSA) includes the federal and state grant activity of the City of Kings Mountain under the programs of the federal government and the State of North Carolina for the year ended June 30, 2019. The information in this SEFSA is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of the City of Kings Mountain, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Kings Mountain.

Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The City of Kings Mountain has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.
