INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Board of Commissioners
Town of Mount Pleasant, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, and each major fund of the Town of Mount Pleasant, North Carolina as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprises the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these basic financial statements based on our audit. We did not audit the financial statements of the Town of Mount Pleasant ABC Board, which represents 100 percent of the assets, net position, and revenues of the discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Town of Mount Pleasant ABC Board, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, and each major fund of the Town of Mount Pleasant, North Carolina as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 3 through 13, the Other Postemployment Benefits' Schedule of Changes in the Total OPEB Liability and Related Ratios, on pages 50, and the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Asset on page 48 and Contributions on page 49, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements of the Town of Mount Pleasant, North Carolina. The introductory information, individual fund financial statements, budgetary schedules and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules and other schedules, are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the combining and individual fund financial statements, budgetary schedules and other schedules, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The introductory information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide assurance on it.

Management's Discussion and Analysis

As management of the Town of Mount Pleasant, we offer readers of the Town of Mount Pleasant's financial statements this narrative overview and analysis of the financial activities of the Town of Mount Pleasant for the fiscal year ended June 30, 2019. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Economic Factors and FY 2019-2020 Budgets and Rates

In coming years, the economy of the Town of Mount Pleasant will experience many changes. The following key economic indicators reflect an increase in properties:

- A small nine-lot subdivision, called "Neuenburg," was approved and will begin construction in the near future.
- A sixteen-unit townhome development on South Skyland Drive was approved and will begin construction in the near future.
- We welcomed a new restaurant, Cantina 73, with mixed-beverage sales.
- Revitalization of a historic building began and will be finalized and open in the Fall of 2019.
- Sale of former Mount Pleasant Middle School site was added to the Cabarrus County tax scroll showing a significant increase in tax base. In addition, this property will be developed as a future mixed-use site.

The following factors will help the town become more economically viable in coming years.

- Replacing our Main Street water line will increase water flow in our center-city where revitalization is occurring. Replacement of this line will also bring much needed water pressure to a mixed-use property currently in the planning stages.
- We are exploring funding options to possibly add another regional sewer pump station in the proximity of Hwy 49 and Hwy 73. This pump station will add significant sewer availability to this growth corridor and relieve current capacity issues with the Summer Street sewer pump station.

Town Highlights for FY 2018-2019

- The Town will again partner with the North Carolina State Health Plan for health insurance. Although it is a significant expense, the cost of health care is stable at an estimated \$600 per full time employee per month.
- We continue to contract the Town's solid waste services along with recycle services. We did see a small increase in this cost for FY 2018-2019; however, it is still a cost savings for the Town.

Management Discussion and Analysis Town of Mount Pleasant

- We implemented a Facade Improvement Program that was included in our recently approved Comprehensive Plan. As center-city revitalization is occurring, several merchants have applied for this program.

Financial Highlights

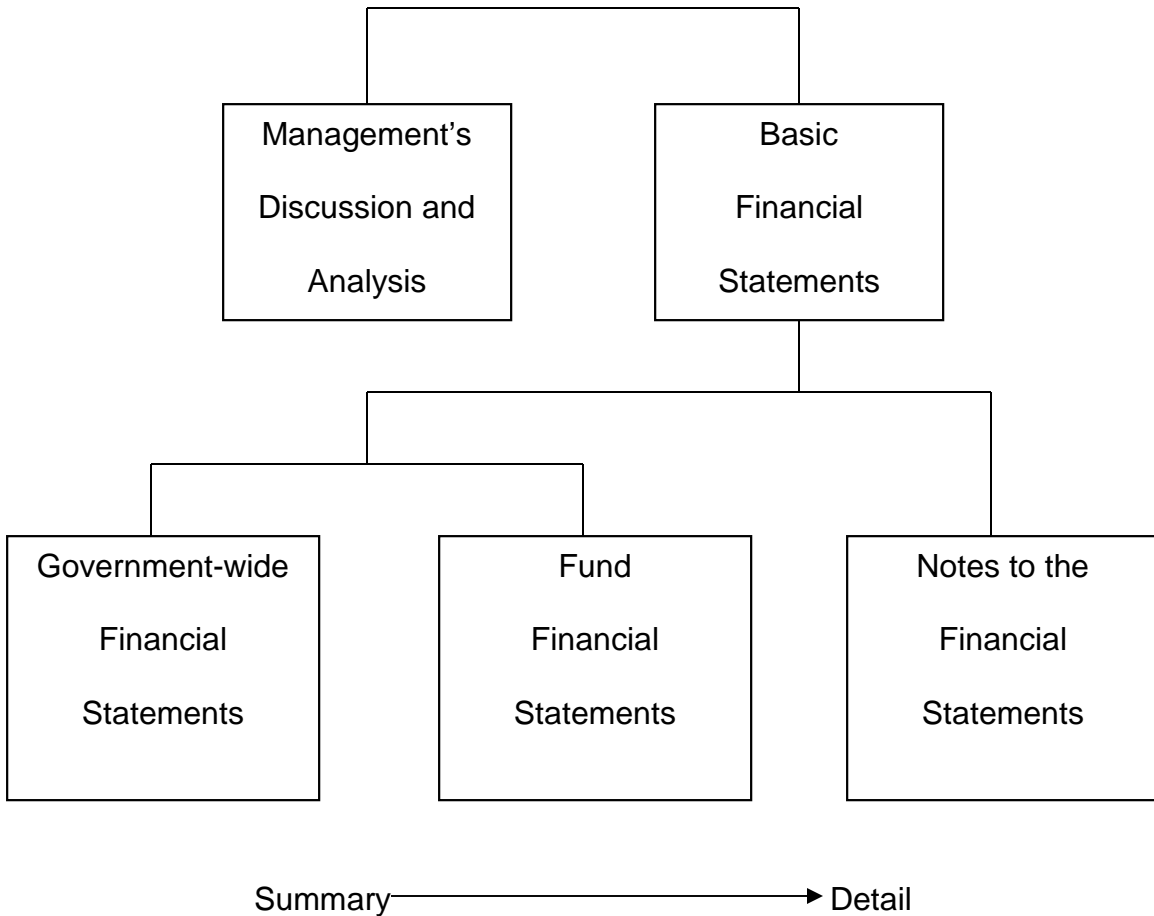

- The assets and deferred outflows of resources of the Town of Mount Pleasant *exceeded* its liabilities and deferred inflows of resources at the close of the fiscal year by \$8,288,046 (***net position***).
- The government's total net position *increased* by \$439,128.
- As of the close of the current fiscal year, the Town of Mount Pleasant's governmental funds reported combined ending fund balances of \$2,099,894 an *increase* of \$350,913 in comparison with the prior year. Approximately 72% of this total amount, or \$1,509,091, is available for spending at the government's discretion (**unreserved and unassigned fund balance**).
- At the end of the current fiscal year, unreserved and unassigned fund balance for the General Fund was \$1,509,091 or 101% of total general fund expenditures for the fiscal year.
- The Town of Mount Pleasant's total debt *decreased* by \$204,977 (16%) during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Town of Mount Pleasant's basic financial statements. The Town's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Mount Pleasant.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

Management Discussion and Analysis Town of Mount Pleasant

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net position and how it has changed. Net position is the difference between the Town's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the Town's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the Town charges customers to provide. These include the water services offered by the Town. The final category is the component unit. Although legally separate from the Town of Mount Pleasant, the Town of Mount Pleasant ABC Board is important to the Town because the Town exercises control over the Board by appointing its members and because the Board is required to distribute its profits to the Town of Mount Pleasant.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements (see Figure 2) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Mount Pleasant, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

Management Discussion and Analysis Town of Mount Pleasant

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town’s basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* that provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town’s programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Mount Pleasant adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

Proprietary Funds – The Town of Mount Pleasant has one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town of Mount Pleasant uses enterprise funds to account for its water and sewer activity. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Management Discussion and Analysis
Town of Mount Pleasant

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages **25-44** of this report.

Total liabilities and deferred inflow s of resources	388,792	449,047	917,025	1,070,610	1,305,817	1,519,657
Net position:						
Net investment in capital assets	2,620,904	2,725,764	2,671,587	2,617,972	5,292,491	5,343,736
Restricted	372,776	345,084	-	-	372,776	345,084
Unrestricted	1,756,964	1,443,061	865,815	717,037	2,622,779	2,160,098
Total net position	\$ 4,750,644	\$ 4,513,909	\$ 3,537,402	\$ 3,335,009	\$ 8,288,046	\$ 7,848,918

As noted earlier, net position may serve over time as one useful indicator of a government’s financial condition. The assets and deferred outflows of the Town of Mount Pleasant exceeded liabilities and deferred inflows by \$8,288,049 as of June 30, 2019. The Town of Mount Pleasant net position *increased* by \$439,128 for the fiscal year ended June 30, 2019. However, the largest portion (64%) reflects the Town’s net investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. The Town of Mount Pleasant uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Mount Pleasant’s net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town of Mount Pleasant’s net position, \$368,376 (4%), represents resources that are subject to external restrictions on how they may be used. The Town Board of Commissioners has assigned \$4,400 of net position to provide for future retiree health insurance liability (OPEB). The remaining balance of \$2,622,779 (32%) is unrestricted.

Net position, beginning	4,513,909	4,475,383	3,335,009	3,467,306	7,848,918	7,942,689
Net position, June 30	\$ 4,750,644	\$ 4,513,909	\$ 3,537,402	\$ 3,335,009	\$ 8,288,046	\$ 7,848,918

Governmental activities: Governmental activities *increased* the Town of Mount Pleasant's net position by \$236,735. Conservative budgeting and cost control were key in achieving this increase.

Business-type activities: Business-type activities *increased* the Town of Mount Pleasant's net position by \$202,393. Less required repairs to the water treatment plant as compared to the prior year along with cost control helped achieve this increase.

Management Discussion and Analysis
Town of Mount Pleasant

Financial Analysis of the Town of Mount Pleasant Funds

As noted earlier, the Town of Mount Pleasant uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town of Mount Pleasant's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town's financing requirements. Specifically, unreserved fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the Town of Mount Pleasant. At the end of the current fiscal year, unreserved / unassigned fund balance of the General Fund was \$1,509,091, while total fund balance reached \$1,816,013. The Town Council of the Town of Mount Pleasant has determined that the Town should maintain an available fund balance of 42% of budgeted expenditures in case of unforeseen needs or opportunities. The Town currently has an available fund balance of 45% of general fund expenditures, while total fund balance represents 101% of total General Fund expenditures.

At June 30, 2019, the governmental funds of the Town of Mount Pleasant reported a combined fund balance of \$2,099,894, a net increase in fund balance of \$350,913. Included in this change in fund balance are decreases in fund balance in the General Fund and an increase of \$56,496 in the Capital Reserve Funds.

General Fund Budgetary Highlights: During the fiscal year, the Town of Mount Pleasant revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

Actual revenues exceeded budget amounts. Many revenues are directly influenced by economic factors. By budgeting revenues conservatively, the town is less susceptible to economic downturns that may occur throughout the year.

Proprietary Funds. The Town's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water and Sewer District at the end of the fiscal year amounted to \$881,901. The total increase in net assets for the fund was \$202,393.

Management Discussion and Analysis
Town of Mount Pleasant

Capital Asset and Debt Administration

Capital assets. The Town of Mount Pleasant’s investment in capital assets for its governmental and business–type activities as of June 30, 2019, totals \$6,312,621 (net of accumulated depreciation). These assets include buildings, roads, land, machinery and equipment, park facilities, and vehicles.

Capital asset transactions during the year include the following:

- Continued to refine the capital project to renovate and expand the Fire Department building to provide for more efficient utilization of the Town’s resources and enhanced fire protection. Project was put on a temporary hold in November 2018.

Total	\$ 343,634	\$ 359,564	\$ 831,489	\$ 963,407	\$ 1,175,123	\$ 1,322,971

The Town of Mount Pleasant's total debt *decreased* by \$204,971 (17%) during the past fiscal year.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 % of the total assessed value of taxable property located within that government's boundaries. As of June 30, 2019, the legal debt margin for Town of Mount Pleasant is \$10,896,717.

Additional information regarding the Town of Mount Pleasant's long-term debt can be found in note III.B.4.

Budget Highlights for the Fiscal Year Ending June 30, 2020

Governmental Activities:

- Tax rate will remain unchanged at \$0.505 per \$100
- Pay increase of 1.5% COLA for full-time employees
- Increase Town's 401K contribution rate 1% for a maximum rate of 5% for all full-time employees as future budgets will allow.
- Required 1.2% yearly increase in the base amount the Town pays into the Local Government Employment Retirement System (LGERS).
- Pay increase for Firefighters from \$11.00/hour to \$11.25/hour.
- Recommend to continue funding Future Retiree Insurance, \$2500 in the General Fund based on recent OPEB study.
- Continue Facade Improvement Grant Program \$10,000.
- Purchase of Brush Truck for Fire Department, \$60,000
- Rural Fire Tax rate increase of 1.5% (to generate an estimated \$60,000 per year)
- Annual payment for a new fire engine to be financed for a 10-15 year period.
- Purchase two Chief Officer vehicles

Management Discussion and Analysis

Town of Mount Pleasant

- Transfer \$110,000 for future Fire Station construction/renovation
- Purchase of new Leaf Machine \$30,000
- Replacement of Town Hall sewer line
- Replacement of Town's recycling cans, \$12,000
- Minor renovations in Building and Grounds, \$10,000

Business – type Activities:

- Board approved no increase in Water rates; however, the Board did approve a 12% increase in Sewer rates. The increase will be used to begin much needed repairs of relining manholes and replacing manhole covers.
- Established maintenance agreement with Utility Services for North Drive and Foil Street Water Tanks. Future revenues from placement of cell towers on the North Drive Tank will offset expenditures and tanks will be self-sustaining. The Town had an expenditure of \$360,000 three year ago for maintenance on tanks. The Town's estimated revenue from cell towers will be approximately \$21,000 per year per carrier.
- We continue to replace water meters at an annual cost of \$20,000 per year.

Requests for Information

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
 STATEMENT OF REVENUES, EXPENDITURES, AND
 CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
 For the Year Ended June 30, 2019

Exhibit 4

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances-total governmental funds	\$	350,913
<p>Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceed capital outlays in the current period.</p>		
Capital outlay expenditures which were capitalized	\$ 35,475	
Depreciation expense	<u>(189,915)</u>	(154,440)
OPEB benefit payments made in the current year not included on the Statement of Activities		4,382
Contributions to the pension plan in the current fiscal year not included on the Statement of Activities		29,462
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.</p>		
Amount of componet revenue measurable but not available	(4,026)	
Change in unavailable revenues for tax revenues	<u>(5,731)</u>	(9,757)
<p>The issuance of long-term debt provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any affect on net position. This amount is the net effect of these differences in in the treatment of long-term debt and related items.</p>		
Principal payments on long term debt	49,529	
Decrease in accrued interest payable	<u>192</u>	49,721
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported expenditures in governmental funds.</p>		
Compensated absences	1,107	
Pension expense	(21,747)	
OPEB plan expense	<u>(12,906)</u>	(33,546)
Total change in net position of governmental activities	\$	<u>236,735</u>

For the Year Ended June 30, 2019

Exhibit 8

	Water and Sewer Fund	Total Proprietary Funds
Cash flows from operating activities:		
Cash received from customers and users	\$ 1,136,549	\$ 1,136,549
Cash paid for goods and services	(540,312)	(540,312)
Cash paid to employees for services	(289,357)	(289,357)
Customer deposits received and returned	4,299	4,299
Net cash provided by (used in) operating activities	311,179	311,179
Cash flows from noncapital financing activities:		
Increase (decrease) in amounts due from General Fund	(3,960)	(3,960)
Net cash provided by (used in) capital and related financing activities	(3,960)	(3,960)
Cash flows from capital and related financing activities:		
Acquisition and construction of capital assets	(25,966)	(25,966)
Principal paid on debt	(155,390)	(155,390)
Interest paid on debt	(24,425)	(24,425)
Insurance recovery	6,476	6,476
Net cash provided by (used in) capital and related financing activities	(199,305)	(199,305)
Cash flows from investing activities:		
Interest on investments	5,490	5,490
Net increase (decrease) in cash and cash equivalents	113,404	113,404
Cash and cash equivalents at beginning of year	687,047	687,047
Cash and cash equivalents at end of year	800,451	800,451
Reconciliation of operating income to net cash provided by operating activities:		
Operating income (loss)	214,090	214,090
Adjustments to reconcile operating income to net cash provided by operating activities:		
Depreciation and amortization	127,742	127,742
Pension expense		
Change in assets and liabilities:		
(Increase) decrease in accounts receivable	(4,697)	(4,697)
(Increase) decrease in deferred outflows of resources for pensions	(28,523)	(28,523)
Increase (decrease) in accounts payable and accrued liabilities	(23,042)	(23,042)
Increase (decrease) in customer deposits	4,299	4,299
Increase (decrease) in compensated absences	1,820	1,820
Increase (decrease) in net pension liability	21,653	21,653
Increase (decrease) in deferred inflows of resources for pensions	(2,163)	(2,163)
Total adjustments	97,089	97,089
Net cash provided by (used in) operating activities	\$ 311,179	\$ 311,179

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

I. Summary of Significant Accounting Policies

The accounting policies of the Town of Mount Pleasant and its discretely presented component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of Mount Pleasant is a municipal corporation which is governed by an elected mayor and a five-member Board of Commissioners. As required by generally accepted accounting principles, these financial statements present the Town and its component unit, a legally separate entity for which the Town is financially accountable. The discretely presented component unit presented below is reported in a separate column in the Town's financial statements in order to emphasize that it is legally separate from the Town.

Town of Mount Pleasant ABC Board

The members of the ABC Board's governing board are appointed by the Town. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the Town. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at Town of Mount Pleasant ABC Board, 8840 East Franklin, Mount Pleasant, NC 28124-1476.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government and its component unit. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the Town. Governmental activities are generally financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements- The fund financial statements provide information about the Town's funds. Separate statements for each fund category – governmental and proprietary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

B. Basis of Presentation - Fund Accounting-continued

The Town reports the following major governmental funds:

General Fund- The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, and sanitation services.

Capital Project-Capital Reserve Fund- This fund is used to accumulate cash for future capital purchases.

Fire Department Facility-Capital Project Fund-This fund is used to account for renovation and expansion of the fire department building.

The Town reports the following enterprise funds:

Water and Sewer Fund- This fund is used to account for the Town's water and sewer operations.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements- The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Nonexchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental Fund Financial Statements- Governmental funds are reported using the current financial resources management focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

C. Measurement Focus and Basis of Accounting-continued

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013 State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town of Mount Pleasant because the tax is levied by Cabarrus County and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Grant revenues, which are unearned at year-end, are recorded as advances from grantors.

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General and the Enterprise Funds. All annual appropriations lapse at the fiscal-year end. Project ordinances are adopted for Special Revenue Funds and Capital Projects Funds. At June 30, 2019, the Town had no Special Revenue Funds. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the object level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$2,500. All amendments must be approved by the governing board. During the year, several immaterial amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity

1. Deposits and Investments

All deposits of the Town and of the ABC Board are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The Town and the ABC Board may designate as an official depository any bank or savings association whose principal office is located in North Carolina. Also, the Town and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain nonguaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT). The Town's and the ABC Board investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT Government Portfolio, a SEC-registered (2a-7) external investment pool, is measured at fair value. The NCCMT-Term Portfolio is bond fund, has no rating and is measured at fair value. As of June 30, 2019, The Term portfolio has a duration of .11 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2019

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity-continued

2. Cash and Cash Equivalents

The Town and the ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

3. Restricted Assets

Customer deposits held by the Town before any services are supplied are restricted to the service for which the deposit was collected. Powell Bill funds are also classified as restricted cash because it can be expended only for the purposes of maintaining, repairing, constructing, reconstructing or widening of local streets per G.S. 136-41.1 through 136-41.4. Custody funds held for the benefit of the towns firemen within the Firemen's Relief fund (see section IV) are also classified as restricted cash.

Restricted Cash		
Governmental Activities		
General Fund	Streets	\$33,303
	Public safety	32,589
		\$65,892
Business –type Activities		
Water and Sewer Fund	Customer deposits	\$75,952
Total Restricted Cash		\$141,844

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, interest does not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2016. As allowed by State law, the Town has established a schedule of discounts that apply to taxes, which are paid prior to the due date. In the Town's General Fund, ad valorem tax revenues are reported net of such discounts.

5. Allowance for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventory

The inventories of the Town of Mount Pleasant ABC Board are valued at lower of cost (first-in, first-out) or market. The inventories of the ABC Board consist of materials for resale and supplies for use in operations. The cost of these inventories is recorded as an expense as the inventories are consumed.

7. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization costs are as follows: land, \$10,000; buildings, improvements, substations, lines, and other plant and distribution systems, \$15,000; infrastructure, \$20,000; furniture and equipment, \$5,000; and vehicles, \$5,000. Donated capital assets received prior to June 15, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2019

7. Capital Assets-continued

Asset Class	Estimated Useful Lives
Infrastructure	30
Land improvements	30
Buildings	50
Improvements	25
Vehicles	6-20
Furniture and equipment	5-10
Computer equipment	3

Property, plant, and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

	<u>Useful Life</u>
Furniture and Equipment	5 Years
Leasehold Improvements	5 Years

8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town has one item that meets this criterion, pension deferrals for the 2019 fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has several items that meet the criterion for this category – prepaid taxes, property taxes receivable and pension deferrals.

9. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discounts. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred. Prepaid insurance costs are expensed over the life of the debt.

In fund financial statements, the governmental fund type recognizes bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

10. Compensated Absences

The vacation policy of the Town provide for accumulation of earned vacation leave with such leave being fully vested when earned. For the Town's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used within the next fiscal year has been designated as a current liability in the government-wide financial statements.

Both the Town and ABC Board's sick leave policies provide for the unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the Town nor the ABC Board has any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

11. Net Position/Fund Balances -continued

Restricted for Streets - Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Restricted for Capital Reserve – Funds set aside in a capital reserve fund to be used only for capital purchases.

Committed Fund Balance –portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of Town of Mount Pleasant’s governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned fund balance – portion of fund balance that Town of Mount Pleasant intends to use for specific purposes.

Subsequent year’s expenditures – portion of fund balance that is appropriated in the next year’s budget that is not already classified in restricted or committed. The governing body approves the appropriation.

Unassigned fund balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town of Mount Pleasant has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: ABC profits, Sales Tax, and State and Federal grants, town funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Town.

The Town of Mount Pleasant has also adopted a minimum fund balance policy for the general fund which instructs management to conduct the business of the Town in such a manner that available fund balance is at least equal to or greater than 42% (5 months) of budgeted expenditures. Any portion of the general fund balance in excess of 42% of budgeted expenditures may be appropriated for one-time expenditures and may not be used for any purpose that would obligate the Town in a future budget.

12. Defined Benefit Cost-Sharing Plans

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees’ Retirement System (LGERS) and additions to/deductions from LGERS’ fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town of Mount Pleasant’s employer contributions are recognized when due and the Town of Mount Pleasant has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

II. Stewardship, Compliance, and Accountability

A. Material Violations of Finance-Related Legal and Contractual Provisions

1. Noncompliance with North Carolina General Statutes: None

2. Contractual Violations: None

B. Deficit Fund Balance or Net Position of Individual Funds: None

C. Excess of Expenditures over Appropriations: None

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2019

III. Detail Notes on All Funds

A. Assets

1. Deposits

All the deposits of the Town and the ABC Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's or the ABC Board's agents in these unit's names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town and the ABC Board, these deposits are considered to be held by the Town's and the ABC Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town or the ABC Board under the Pooling Method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The ABC Board has no policy regarding custodial credit risk for deposits.

At June 30, 2019, the Town's deposits had a carrying amount of \$2,800,917 and a bank balance of \$2,882,884 of which \$289,083 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method. The ABC Board's deposits had a carrying amount of \$120,943 and a bank balance of \$130,434 all of which was covered by federal depository insurance.

2. Investments

At June 30, 2019 the Town of Mount Pleasant had \$1,295 invested with the North Carolina Capital Management Trust's Government Portfolio, which carried a credit rating of AAAM by Standard and Poor's. The Town has no policy regarding credit risk.

The ABC Board owned no investments at June 30, 2019.

3. Receivables-Allowance for Doubtful Accounts

The amounts presented in the Balance Sheet and the Statement of Net Position for the year ended June 30, 2019 is net of the following allowances for doubtful accounts:

General Fund	
Taxes receivable	\$795
Water and Sewer Fund	
Accounts receivable	<u>36,618</u>
Total	<u><u>\$37,413</u></u>

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

B. Liabilities

1. Pension Plan and Postemployment Obligations

a. Local Governmental Employees' Retirement System

Plan Description- The Town of Mount Pleasant and the ABC Board are participating employers in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing, multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454 or at www.ocs.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. The Town of Mount Pleasant and the ABC Board employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town of Mount Pleasant's contractually required contribution rate for the year ended June 30, 2019, was 13.89% of compensation for employees not in law enforcement, and the ABC Boards contribution rate was 7.20% for general employees, both actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town of Mount Pleasant were \$56,896 and for the ABC Board \$6,025 for the year ended June 30, 2019.

Refunds of Contributions – Town and ABC Board employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

a. Local Governmental Employees' Retirement System-continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the Town and the ABC Board reported a liability of \$108,890 and \$18,267, respectively for their proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The Town's and Board's proportion of the net pension liability was based on a projection of the Town's and Board's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2018, the Town's proportion was 0.00459%, which was an increase of 0.00031% from its proportion measured as of June 30, 2017. At June 30, 2018, the ABC Board's proportion was 0.00077%, which was a decrease of 0.00005% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the Town recognized pension expense of \$39,061. At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 16,799	\$ 564
Changes of assumptions	28,895	-
Net difference between projected and actual earnings on pension plan investments	14,947	-
Changes in proportion and differences between Town contributions and proportionate share of contributions	34,886	1,694
Town contributions subsequent to the measurement date	56,896	-
Total	\$ 152,423	\$ 2,258

The Town reported \$56,896 as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as an increase of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2019	\$ 37,695
2020	29,103
2021	12,447
2022	14,026
2023	-
Thereafter	-
Total	\$ 93,271

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

a. Local Governmental Employees' Retirement System-continued

For the year ended June 30, 2019, the ABC Board recognized pension expense of \$4,850. At June 30, 2019, the ABC Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 2,818	\$ 95
Changes of assumptions	4,847	-
Net difference between projected and actual earnings on pension plan investments	2,507	-
Changes in proportion and differences between Board contributions and proportionate share of contributions	526	1,045
Board contributions subsequent to the measurement date	6,025	-
Total	<u>\$ 16,723</u>	<u>\$ 1,140</u>

The ABC Board reported \$6,025 as deferred outflows of resources related to pensions resulting from Board contributions subsequent to the measurement date will be recognized as an increase of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2019	\$ 4,509
2020	2,959
2021	506
2022	1,586
Total	<u>\$ 9,560</u>

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 to 8.10 percent, including inflation and productivity factor
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2019

a. Local Governmental Employees' Retirement System-continued

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	<u>100%</u>	

The information above is based on 30 year expectations developed with the consulting actuary for the 2017 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2019

a. Local Governmental Employees' Retirement System-continued

Sensitivity of the Town's proportionate share of the net pension liability to changes in the discount rate.
 The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the Town's proportionate share of the net pension liability or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate:

	<u>1% Decrease (6.00%)</u>	<u>Discount Rate (7.00%)</u>	<u>1% Increase (8.00%)</u>
Town's proportionate share of the net pension liability (asset)	\$ 261,564	\$ 108,890	\$ (18,686)

Sensitivity of the Board's proportionate share of the net pension liability to changes in the discount rate.
 The following presents the Board's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the Board's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate:

	<u>1% Decrease (6.00%)</u>	<u>Discount Rate (7.00%)</u>	<u>1% Increase (8.00%)</u>
Board's proportionate share of the net pension liability (asset)	\$ 43,879	\$ 18,264	\$ (3,135)

b. Supplemental Retirement Income 401(k) Plan

1) Plan description:

The Town contributes to the Supplemental Retirement Income 401(k) Plan ("Plan"), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to all active full-time employees of the City that are non-law enforcement officers. Article G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

(2) Funding policy:

The Town of Mount Pleasant's policy is to contribute an amount equal to 3% of each employee's salary, and all amounts contributed are vested immediately. The town's employees may make voluntary contributions to the plan. Contributions for the year ended June 30, 2019 were \$22,941, which consisted of \$13,584 from the Town and \$9,357 from the employees. Contribution requirements are established and may be amended by the Town's Board of Commissioners.

d. Other Postemployment Benefit

Healthcare Benefits

Plan Description

Fulltime employees hired prior to July 1, 2019 who retire under the North Carolina Local Governmental Employees' Retirement System (NCLGERS) and have worked a minimum of twenty (20) years with the Town may be eligible to participate in the Town's health plan.

Benefits are provided at no cost to the retiree up to the current rate paid for active fulltime employees in the form of a stipend. The retiree is responsible for premiums in excess of this amount.

Health care and prescription drug coverage are provided by the Town until the retiree reaches Medicare eligibility. The retiree may continue dependent coverage and pay the full cost of this coverage, if enrolled in dependent coverage at the time of retirement.

There is currently one grandfathered retiree who receives dental, vision, and life coverage through the Town at no cost to the retiree. There are only 3 employees who can achieve eligibility through length of service employment in the future. The plan has been closed for employees hired after July 1, 2019.

 For the Fiscal Year Ended June 30, 2019

d. Other Postemployment Benefit-continued

Total OPEB Liability

The Town's total OPEB liability of \$12,906 was measured as of June 30, 2018 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs.

The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

- Inflation 2.5 percent
- Salary increases 3.5 percent, average, including inflation
- Discount rate 3.89 percent
- Healthcare cost trend rates Medical – 7.25%

The discount rate is based on the June average of the Bond Buyers General Obligation 20-year Municipal Bond Index as of the measurement date.

Changes in the Total OPEB Liability

Total OPEB Liability as of June 30, 2017	\$ 18,348
Service Cost at the end of the year	-
Interest on TOL and Cash Flows	544
Change in benefit terms	-
Difference between expected and actual experience	235

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

d. Other Postemployment Benefit-continued

For the year ended June 30, 2019, the Town recognized OPEB expense of \$12,906. At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ -
Town benefit payments subsequent to measurement date	4,382	-
Changes in assumptions or other inputs	-	-
Total	\$ 4,382	\$ -

2. Deferred Outflows and Inflows of Resources

The Town has several deferred outflows of resources. Deferred outflows of resources is comprised of the following:

Contributions to pension plan in current fiscal year	\$ 56,896
OPEB benefit payments in current fiscal year	4,382
Difference between expected and actual experience	16,799
Changes of assumptions	28,895
Net difference between projected and actual	14,947
Changes in proportion and differences between employer contributions and proportionate share of contributions	34,886
Total	\$ 156,805

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2019

2. Deferred Outflows and Inflows of Resources-continued

Deferred inflows of resources at year-end is comprised of the following:

	Statement of Net Position	General Fund Balance Sheet
Taxes receivable (General Fund)	\$ -	\$ 16,483
Difference between expected and actual experience	564	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	1,694	-
Total	\$ 2,258	\$ 16,483

3. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in a self-funded risk financing pool administered by the North Carolina League of Municipalities. Through this pool the Town obtains worker's compensation coverage up to the statutory limits. The Town carries commercial insurance for general liability, auto liability coverage, and property coverage. There have been no significant reductions in insurance coverage in the prior year and settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Town carries no flood insurance on the Town's property. Most Town property does not lie in a flood plain.

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond in the amount of \$50,000 each. The finance officer was individually bonded as required by law at June 30, 2019. The Town does not carry an individual bond on a tax collector because it outsources its tax collection to Cabarrus County.

The Town participates in two self-funded risk-financing pool administered by the North Carolina League of Municipalities. Through this pool, the Town obtains worker's compensation coverage up to statutory limits and employee health coverage. Stop loss insurance is purchased by the Board of Trustee to protect against large medical claims that exceed certain dollar cost levels. Specific information on stop loss policies purchased by the Board of Trustees can be obtained by contacting Risk Management Services Department of the NC League of Municipalities. The pools are audited annually by certified public accountants, and the audited financial statements are available to the Town upon request.

4. Long-Term Obligations

a. General Obligation Indebtedness

The Town has no general obligation indebtedness at June 30, 2019.

At June 30, 2019, the Town of Mount Pleasant had a legal debt margin of \$10,896,717.

 NOTES TO THE FINANCIAL STATEMENTS
 For the Fiscal Year Ended June 30, 2019

b. Installment Purchase-sewer lines

In March 2003, the Town issued a promissory note for \$1,461,886 to the Department of Environment and Natural Resources to finance a sanitary sewer project to refurbish the sewer lines. The financing contract requires principal payments beginning in the fiscal year of 2005 with interest at 2.66%.

The future minimum payments of the installment purchase as of June 30, 2019, including interest of \$29,165, are as follows:

<u>Year Ending June 30</u>	<u>Business-type activities</u>	
	<u>Principal</u>	<u>Interest</u>
2020	\$ 73,094	\$ 9,722
2021	73,094	7,777
2022	73,094	5,833
2023	73,094	3,889
2024	73,094	1,944
	<u>\$365,470</u>	<u>\$29,165</u>

c. Installment Purchase-water line improvements

On July 1, 2004, the Town set up financing of \$1,179,244 with Water and Sewer Authority of Cabarrus County, North Carolina to finance improvements to the water distribution system. The financing contract requires principal payments beginning in the fiscal year of 2005 with interest at 2.66% interest. During the year ended June 30, 2017 this loan was assumed by the Town from the Water and Sewer Authority of Cabarrus County directly with the State of North Carolina. The terms remain unchanged.

The future minimum payments of the installment purchase as of June 30, 2019, including interest of \$23,526, are as follows:

<u>Year Ending June 30</u>	<u>Business-type activities</u>	
	<u>Principal</u>	<u>Interest</u>
2020	\$ 58,962	\$ 7,842
2021	58,962	6,274
2022	58,962	4,705
2023	58,962	3,137
2024	58,963	1,568
	<u>\$294,811</u>	<u>\$23,526</u>

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

d. Installment Purchase-Public Works Building

On October 16, 2008, the Town entered into an installment purchase contract for \$700,000 to finance the construction of a Public Works building. The financing contract requires semi-annual payments of principal and interest, which began on April 16, 2009. On April 16, 2014 the contract was revised to reflect a lower interest rate. The original contract required 30 payments at the interest rate of 3.85% with all unpaid principal and interest due on October 16, 2023. The revised contract requires 19 payments at the interest rate of 2.87% with all unpaid principal and interest due October 16, 2023.

The future minimum payments of the installment purchase as of June 30, 2019, including interest of \$15,068, are as follows:

Year Ending June 30	Governmental activities	
	Principal	Interest
2020	\$ 23,333	\$ 3,014
2021	23,333	2,344
2022	23,333	1,674
2023	23,333	1,005
2024	23,335	334

Year Ending June 30	Business-type activities	
	Principal	Interest
2020	\$ 23,333	\$ 2,679
2021	23,333	2,009
2022	23,333	1,339
2023	23,335	670
	<u>\$93,334</u>	<u>\$6,697</u>

e. Installment Purchase-Fire Truck

On March 26, 2014, the Town entered into an installment purchase contract for \$268,643 to finance the purchase of a fire truck. The financing contract requires quarterly payment of principal and interest, which begins on December 26, 2014. The contract requires 40 payments at the interest rate of 2.75%.

The total future minimum payments of the installment purchase (including amounts disbursed in the next fiscal year) as of June 30, 2019, including interest of \$11,565, are as follows:

Year Ending June 30	Governmental activities	
	Principal	Interest
2020	\$ 26,976	\$ 3,844
2021	27,726	3,095
2022	28,496	2,324
2023	29,288	1,533
2024	30,102	719
2025	7,259	50
	<u>\$149,947</u>	<u>\$11,565</u>

C. Interfund Balances and Activity

Balances due to/from other funds at June 30, 2019 consist of the following:

Due to/from other funds:

Due from General Fund to the Water and Sewer Fund	<u>\$2,873</u>
Interfund account balances arise from allocation of payroll transactions and transfers from capital projects funds to the General Fund for the Water and Sewer Fund. These temporary balances are repaid during the ordinary course of business during the subsequent year.	
Due from Governmental Funds to Business-Type Funds	<u>\$3,908</u>
Additional amount from accrual adjustments for pension asset/liability. \$1,035.	

TOWN OF MOUNT PLEASANT, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2019

D. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

Total fund balance-General Fund	\$1,816,013
Less:	
Inventories	-
Stabilization by State Statute	144,219
Streets-Powell Bill	33,303
Appropriated Fund Balance in 2020 budget	125,000
Working Capital/Fund Balance Policy	832,332
Assigned for retiree health insurance	4,400
Remaining Fund Balance	676,759

The Town of Mount Pleasant has adopted a minimum fund balance policy for the General Fund which instructs management to conduct business of the Town in such a manner that available fund balance is at least equal to or greater than 42% of the next fiscal year budget.

IV. Joint Ventures

The Town and the members of the Town's fire department each appoint two members to the five-member local board of trustees for the Firemen's Relief Fund. The State Insurance Commissioner appoints one additional member to the local board of trustees. The Firemen's Relief Fund is funded by a portion of the fire and lightning insurance premiums which insurers remit to the State. The State passes these moneys to the local board of the Firemen's Relief Fund. The funds are used to assist firefighters in various ways. The Town obtains an ongoing financial benefit from the Fund for the on-behalf of payments for salaries and fringe benefits made to members of the Town's fire department by the board of trustees. During the fiscal year ended June 30, 2019, the Town did not report any revenues and expenditures for these payments because no benefit payments were paid to the Town through the Firemen's Relief Fund. The participating governments do not have any equity interest in the joint venture, so no equity has been reflected in the financial statements at June 30, 2019. The Firemen's Relief Fund does not issue separate audited financial statements. Instead, the local board of trustees files an annual financial report with the State Firemen's Association. This report can be obtained from the Association at 323 West Jones Street, Suite 401, Raleigh, North Carolina 27603.

V. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The Town has received proceeds from federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreement. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

VI. Subsequent Events

Town administrative staff has evaluated subsequent events through November 21, 2019, the date the financial statements were available to be issued. The ABC Board management has evaluated subsequent events through September 30, 2019, the date the financial statements were available to be issued.
