Independent Auditor's Report

To the Board of County Commissioners Scotland County, North Carolina

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Scotland County, North Carolina as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Scotland County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Scotland County ABC Board which represents 9.59 percent, 4.34 percent, and 71.24 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Scotland County ABC Board is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Scotland County ABC Board, the Scotland County Tourism Development Authority, the Scotland County Historic Properties Commission, and the Scotland County Economic Development Corporation were not audited in accordance with Governmental Auditing Standards.

103 MCRAE STREET PO BOX 1309 LAURINBURG, NC 28353

P. (910) 276-3985 F. (910) 550-2198 WWW.RHA-CPAS.COM An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based upon our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Scotland County, North Carolina as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 12, the Local Government Employees' Retirement System Schedules of the County's Proportionate Share of Net Pension Liability and County Contributions, pages 68 and 69, and the Register of Deeds' Supplemental Pension Fund Schedules of the County's Proportionate Share of the Net Pension Asset and County Contributions on pages 70 and 71, the Law Enforcement Officers' Special Separation Allowance Schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, pages 72 and 73, the Other Postemployment Benefits Schedule of Changes in the Total OPEB Liability and Related Ratios on page 74, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Scotland County, North Carolina. The combining and individual fund statements, budgetary schedules, other schedules, as well as the accompanying Schedule of Expenditures of Federal and State Awards as required by *Title 2 U.S. Code of Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 19, 2021, on our consideration of Scotland County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Scotland County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of Scotland County, we offer readers of Scotland County's financial statements this narrative overview and analysis of the financial activities of Scotland County for the fiscal year ended June 30, 2020. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

Financial Highlights

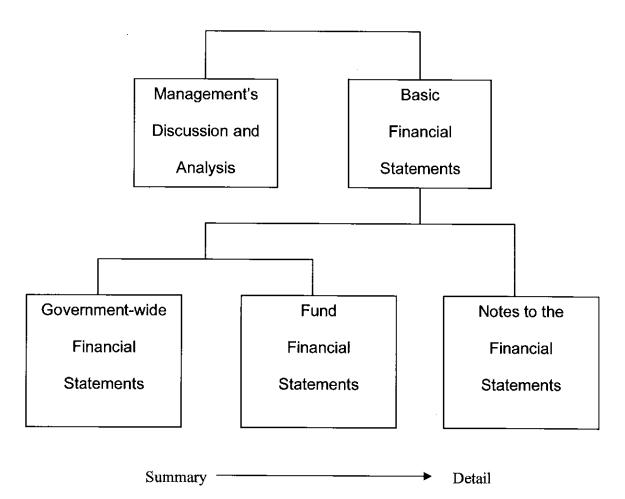

- The liabilities and deferred inflows of resources of Scotland County exceeded its assets and deferred outflows of resources at the close of the fiscal year by \$(34,586,819) (*net position, exhibit 1*).
- The government's total net position decreased by \$(12,546,965) primarily due to actuarial liability valuations related to OPEB.
- As of the close of the current fiscal year, Scotland County's governmental funds reported combined ending fund balances of \$18,767,723 (exhibit 3) a decrease of \$13,579,169 in comparison with the prior year. Approximately 47.01 percent of this total amount, or \$8,823,529 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$8,823,602 or 20.68 percent of total General Fund expenditures for the fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Scotland County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Scotland County.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3 through 10) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's non-major governmental funds and internal service funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension plans.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how it has changed. Net position is the difference between the total of the County's assets and deferred outflows of resources and the total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the County's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the water and sewer and landfill services offered by Scotland County. Scotland County Water Districts I and II (the Districts) exist to provide and maintain water systems for the County residents within the district. The Districts are reported as an enterprise fund in the County's financial statements.

The final category is the component units. Scotland County Industrial Facility and Pollution Control Financing Authority (the *Authority*) exists to issue and service revenue bond debt of private businesses for economic development purposes. The Authority has no financial transactions or account balances; therefore, it is not presented in the basic financial statements. Scotland County Historic Properties Commission and Scotland County Tourism Development Authority are legally separate entities from the County. However, the County appoints members to each of these Boards. Scotland County ABC Board is legally separate from the County, however the County is financially accountable for the board by appointing its members. Also, the ABC Board is required to distribute its profits to the County.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Scotland County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Scotland County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed shortterm view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Scotland County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds – Scotland County has one kind of proprietary funds. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Scotland County uses enterprise funds to account for its water and sewer activity and for its landfill operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Fiduciary Funds – Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Scotland County has eleven agency funds.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 25 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Scotland County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 68 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The County's liabilities and deferred inflows of resources exceeded its assets and deferred outflows of resources by \$34,586,819 as of June 30, 2020. The County's net position decreased by \$12,546,965 for the fiscal year ended June 30, 2020. One of the largest portions \$15,898,439, (45.97)% reflects the County's net investments in capital assets (e.g. land, buildings, machinery, and equipment). Scotland County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Scotland County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Scotland County's net position \$5,162,366 (14.92)% represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$(55,647,625) (160.90)% is unrestricted.

Scotland County's Net Position Figure 2

Several particular aspects of the County's financial operations positively influenced the total unrestricted governmental net position:

- Continued diligence in the collection of property taxes by keeping our collection percentage around 99.69% and striving to improve collectability.
- Management's proactive stance on monitoring spending across County departments to ensure compliance with the budget.

Governmental activities. Governmental activities decreased the County's net position by \$(13,019,870). The decrease was due to actuarial OPEB liabilities.

Business-type activities: Business-type activities increased Scotland County's net position by \$472,905. The Proprietary Funds had an increase in net position primarily due to controlled costs and increased revenues in the public works fund.

Financial Analysis of the County's Funds

As noted earlier, Scotland County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Scotland County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Scotland County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of Scotland County. At the end of the current fiscal year Scotland County's fund balance available in the General Fund was \$10,348,608, while total fund balance reached \$13,561,613. The Governing Body of Scotland County has determined that the County should maintain an available fund balance of 15% of general fund expenditures in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the County. The County currently has an available fund balance of 24% of general fund expenditures, while total fund balance represents 32% of that same amount.

At June 30, 2020, the governmental funds of Scotland County reported a combined fund balance of \$18,767,723 a 41.98 percent decrease over last year. The primary reason for the decrease is decrease of transfers of construction projects to schools.

General Fund Budgetary Highlights: During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased budgeted revenues by \$1,046,330.

Proprietary Funds. Scotland County's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Public Works-Solid Waste Fund at the end of the fiscal year amounted to \$(1,609,544) and those for the Water District I Fund equaled \$805,428, and those for the Water District II Fund equaled \$625,957. The total change in net position for these funds was \$394,214, \$(48,339) and \$127,030, respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of Scotland County's business-type activities.

Capital Asset and Debt Administration

Capital assets. Scotland County's capital assets for its governmental and business-type activities as of June 30, 2020 totals \$22,295,832 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, park facilities, and vehicles.

Major capital asset transactions during the year include:

- Purchase of new firetrucks.
- Construction of new school.
- Rehabilitation of office buildings.
- Purchase of vehicles.

Currently, Scotland County has an A2 bond rating from Moody's Investor Service and an A+ rating from Standard and Poor's Corporation.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8% of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Scotland County is \$140,455,112.

Additional information regarding Scotland County's long-term debt can be found in Note 7a. beginning on Page 61 of of this audited financial report.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the County.

- The County's unemployment rate of 14.0% is higher than the State average of 8.5% as of July 2020. However, this is a moderate increase from last year's unemployment rates of 6.1% for the County and a moderate increase of 4.6% for the State.
- Assisted local legislators in obtaining \$8 million in funding for 2,000 feet of additional runway at Laurinburg-Maxton Airport.
- Applied for an EDA grant for \$2 million in funding for a 50,000 square foot incubator space.

Budget Highlights for the Fiscal Year Ending June 30, 2021

Governmental Activities: Property taxes are expected to remain at \$1.00 per \$100 valuation. The Fire Service tax is expected to remain at \$0.05 per \$100 valuation for properties outside the corporate limits of Wagram, Gibson, and Laurinburg.

Budgeted expenditures in the General Fund are expected to increase approximately 1.5% to \$44,394,085. The largest increments are in employee compensation, including funding compensation and benefits adjustments, debt service, and capital projects.

Business-type Activities: The water and sewer rates in the County will remain constant for fiscal year 2021.

An availability fee of \$55 and \$85 for the City and County residents, respectively, will remain constant for FY 2021. The revenues from these fees will be used to cover costs associated with the future closing of the landfill and with equipment purchases necessary to operate the landfill.

Requests for Information

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to Beth Hobbs, Finance Officer, Scotland County, PO Box 489, Laurinburg, NC 28353-0489. You may also call 910-277-2406, visit our website at <u>www.scotlandcounty.org</u> or send an email to <u>bhobbs@scotlandcounty.org</u> for more information.

Scotland County, North Carolina Statement of Revenues, Expenditures, and Changes in Fund Balances Governmental Funds For the Year Ended June 30, 2020

For the Year Ended June 30, 2020					
Amounts reported for governmental activities in the Statement of Activities are different because:					
Net changes in fund balances - total governmental funds	\$ (13,579,169)				
Governmental funds report capital outlay as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation					
in the current period.	16,590,010				
Transfer of school construction in process to local school authority Transfer of building to local community college Transfer of capital project to other entity	(13,808,958) (2,538,535) (116,449)				
Cost of capital assets disposed of during the year and other					
differences not recognized on the modified accrual basis	185,248				
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	1 100 000				
included on the Statement of Adjuties	1,158,753				
Benefit payments and pension administration costs for LEOSSA					
are deferred outflows of resources on the Statement of Net Position	71,167				
Contribution and pension administration costs for OPEB are deferred outflows of resources on the Statement of Net Position	743,574				
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.	69,690				
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the					
treatment of long-term debt and related items.	699,478				
Effects of bond premium (net of amortization)	57,922				
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(2,552,602)				
Total changes in net position of governmental activities	<u>\$ (13,019,870</u>)

395,806

Scotland County, North Carolina

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2020

I. Summary of Significant Accounting Policies

The accounting policies of Scotland County and its component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. <u>Reporting Entity</u>

The County, which is governed by a seven-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component units, legally separate entities for which the County is financially accountable. Scotland County Water District I Fund and Scotland County Water District II Fund (the *Districts*) exists to provide and maintain water systems for the County residents within the districts. The Districts are reported as enterprise funds in the County's financial statements. Scotland County Industrial Facility and Pollution Control Financing Authority (the *Authority*) exists to issue and service revenue bond debt of private businesses for economic development purposes. The Authority has no financial transactions or account balances; therefore, it is not presented in the basic financial statements. Scotland County Historic Properties Commission *(the Commission)*, Scotland County ABC Board *(the Board)*, Scotland County Tourism Development Authority *(the TDA)*, and Scotland County Economic Development Corporation *(the Corporation)*, all of which have a June 30 year-end, are presented as if they are separate proprietary funds of the County (discrete presentation). The blended presentation method presents component units as a department or unit of the County, and offers no separate presentation as with the discrete method.

	Reporting		Separate
Component Unit	Method	Criteria for Inclusion	Financial Statements
Scotland County Water	Blended	Under State law [NCGS 162A-89], the County's	None issued.
District I		board of commissioners also serve as the governing	
		board for the District.

Development Corporation	Discrete	of the authority and the ability to impose its will on	Development Corporation
		the organization.	517 Peden Street
			Laurinburg, NC 28352

B. Basis of Presentation, Basis of Accounting

Basis of Presentation, Measurement Focus – Basis of Accounting

Government-wide Statements: The Statement of Net Position and the Statement of Activities display information about the primary government net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the Statement of Activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category - *governmental, proprietary, and fiduciary* - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies, result from non-exchange transactions. Other nonoperating items such as investment earnings are ancillary activities.

The County reports the following major governmental funds:

General Fund. This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

School Construction Funds. These funds account for the construction of school wings and a new school.

The County reports the following major enterprise funds:

Public Works Fund. This fund accounts for the operation, maintenance, and development of various landfills and disposal sites.

Scotland County Water District I Fund. This fund is used to account for the operations of the Water District I within the County.

Scotland County Water District II Fund. This fund is used to account for the operations of the Water District II within the County.

The County reports the following fund types:

Agency Funds. Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains the following agency funds: the Social Services Fund, which accounts for moneys deposited with the Department of Social Services for the benefit of certain individuals; the Fines and Forfeitures Fund, which accounts for various legal fines and forfeitures that the County is required to remit to Scotland County Board of Education; the Motor Vehicle Tax Fund, which accounts for funds that are billed and collected by the County for various municipalities and special districts within the County, but that are not revenues to the County; the Inmate Trust Fund, which accounts for funds deposited by individuals to an incarcerated inmate's account and are disbursed at the discretion of the inmate; the Tourism Development Authority Fund, which accounts for funds collected and disbursed for room occupancy tax, which is a legislatively enacted tax, and is used for tourism; the Parks and Recreation Fund, which accounts for refundable deposits collected for the rental of various parks and recreation facilities; the Concealed Weapons Fee Fund, which accounts for the State's portion of concealed carry permits charged and collected by the County, but that are not revenues to the County; the Register of Deeds Fund, which accounts for fees collected for deed services; and is remitted to the State treasurer on a monthly basis: the Library Fund, which accounts for funds that were attached to the library when it was a separate entity from the County and are expended on items that benefit the library outside the scope of normal operating parameters; and the Certified Retirement Community Fund, which accounts for funds related to marketing the community; and the Cooperative Extensions Fund, which accounts for funds related to programs offered by the Cooperative Extensions Office.

Nonmajor Funds. The County maintains twelve legally budgeted funds. Fire Service District Fund, Revaluation Fund, Emergency Telephone System Fund, Disaster Recovery, Coronavirus, and Technology are reported as nonmajor special revenue funds. Morgan Center Project Fund, Capital Reserve Fund, CDBG Mountaire Project Fund, Edwards Wood Project Fund, Facilities Parking Lot and Covington Street School Project are reported as nonmajor capital project funds.

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. As of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as beer and wine tax, collected and held by the State at year-end on behalf of the County are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific costreimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Emergency Telephone, Fire District, and Revaluation Special Revenue Funds, and the Enterprise Funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Special Revenue Fund, the Capital Projects Fund, and the Enterprise Capital Projects Funds are consolidated with the enterprise operating funds for reporting purposes.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$1,000. The governing board must approve all amendments. During the year, several immaterial amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

D. Assets, Liabilities, Deferred Inflows and Outflows and Fund Equity

1. Deposits and Investments

All deposits of the County, Scotland County ABC Board, Scotland County Tourism Development Authority, Scotland County Economic Development Corporation, and Scotland County Historic Properties Commission are made in board-designated official depositories and are secured as required by G.S. 159-31. The County, the ABC Board, the Tourism Development Authority, the Economic Development Corporation, and the Historic Properties Commission may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also the County, the ABC Board, the Tourism Development Authority, the Economic Development Corporation, and the Historic Properties Commission may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County, the ABC Board, the Tourism Development Authority, the Economic Development Corporation, and the Historic Properties Commission to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust, (NCCMT).

The majority of the County, the ABC Board, the Tourism Development Authority, the Economic Development Corporation, and the Historic Properties Commission's investments are carried at fair value. The securities of the NCCMT Government Portfolio, a SEC-registered 2a-7 external investment pool, are measured at amortized cost, which is the NCCMT's share price. The NCCMT Term Portfolio's securities are valued at fair value. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost.

2. Cash and Cash Equivalents

The County pools moneys from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are considered cash and cash equivalents. The ABC Board, Scotland County Tourism Development Authority, Scotland County Economic Development Corporation, and Scotland County Historic Properties Commission consider demand deposits and investments with a maturity date of three months or less, at the time of purchase, to be cash and cash equivalents.

2.a <u>Restricted Assets</u>

The unexpended bond proceeds of the Morgan Center Project Fund (nonmajor fund) and the School Construction Fund (major) are restricted for the purpose of construction in those funds. Cash in the Fire Service District Fund (nonmajor) is restricted for fire protection activities within the fire district. Cash in the Emergency Telephone System Fund (nonmajor) is restricted for emergency telecommunications.

Scotland County Restricted Cash

Governmental Activities:	
School Construction Funds	4,006,190
Coronavirus Recovery Fund	762,916
Mountaire Project Fund	18,113
Fire Service District Fund	1,742,724
Emergency Telephone System Fund	<u>103,847</u>
Total Restricted Cash	<u>6,633,790</u>

3. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2018. As allowed by State law, the County has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the County's General Fund, ad valorem tax revenues are reported net of such discounts.

4. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

5. Inventories and Prepaid Items

The inventories of the ABC Board are valued at cost (first-in, first-out), which approximates market. The County's General Fund inventory consists of expendable supplies that are recorded as expenditures when purchased. The inventory of the ABC Board consists of material and supplies held for consumption or resale. The cost of the inventory carried in the ABC Board is recorded as an expense as it is consumed or sold.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

6. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. Minimum capitalization costs are as follows: Land, \$10,000; buildings, improvements, substations, lines, and other plant and distribution systems, \$15,000; infrastructure, \$20,000; equipment and furniture, \$5,000; vehicles and motorized equipment, \$10,000; and computer software and computer equipment, \$5,000. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The County holds title to certain Scotland County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education after all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Scotland County Board of Education.

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

	<u> Years</u>
Buildings	20
Improvements	20
Furniture and equipment	10
Vehicles	5
Computer software	5
Computer equipment	3

Capital assets of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

	<u>Years</u>
Buildings	20
Furniture and equipment	10
Computers	3

Capital assets of the Historic Properties Commission are depreciated over their useful lives on a straightline basis as follows:

	<u>Years</u>
Buildings	50
Improvements	30
Equipment and furniture	10
Vehicles	6
Computer Equipment	3

Capital assets of the Economic Development Corporation are depreciated over their useful lives on a straight-line basis as follows:

	Years
Buildings	40
Land Improvements	40
Furniture and equipment	5-20
	-

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has several items that meet this criterion – pension related deferrals and contributions made to the pension plan in the current fiscal year. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has three items that meet the criterion for this category – prepaid taxes, property taxes receivable, and other pension related deferrals.

8. Long-term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statements of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources.

9. Compensated Absences

The vacation policies of the County and the ABC Board provide for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. An expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned in the County's government-wide, proprietary funds, and the ABC Board financial statements. The Scotland County Tourism Development Authority, the Scotland County Economic Development Corporation, and the Scotland County Historic Properties Commission have no employees.

The sick leave policies of the County and the ABC Board provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the County nor the ABC Board has any obligation for accumulated sick leave until it is actually taken, no accruals for sick leave have been made.

10. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through State statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories-portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance – This classification includes revenue sources that are restricted to specific purposes externally imposed or imposed by law.

-Restricted for Stabilization by State Statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding encumbrances are included within RSS. RSS is included as a component of restricted net position and restricted fund balance on the face of the balance sheet.

-Restricted for Fire Protection and Rehabilitation - portion of fund balance that is restricted by revenue source for fire protection and rehabilitation services.

-Restricted for Emergency Telephone System Fund.

-Restricted for Mountaire Capital Project.

-Restricted for School Construction.

Committed Fund Balance – Portion of fund balance that can only be used for specific purpose imposed by majority vote of Scotland County's governing body (highest level of decision-making authority). Any changes or removal of specific purposes requires majority action by the governing body.

Committed for Tax Revaluation - portion of fund balance that can only be used for Tax Revaluation.

Assigned Fund Balance - portion of fund balance that the Scotland County governing board has budgeted.

Subsequent year's expenditures – portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation; however the budget ordinance authorizes the manager to modify the appropriations by resource or appropriation within funds up to \$100,000.

Unassigned Fund Balance – portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

Scotland County has also adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater than 15% of budgeted expenditures. Any portion of the General Fund balance in excess of 24% of budgeted expenditures may be appropriated for one-time expenditures and may not be used for any purpose that would obligate the County in a future budget.

11. Defined Benefit Pension Plans

The County participates in three cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employee's Retirement System (LGERS); the Registers of Deeds' Supplemental Pension Fund (RODSPF), and the Law Enforcement Officers' Special Separation Allowance (LEOSSA) (collectively, the "state administered defined benefit pension plans"), and one other post employment benefit plan (OPEB), and the Healthcare Benefits Plan (HCB). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans. For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the HCB and additions to/deductions from the HCB's fiduciary net position have been determined on the state-administered defined benefit pension plans. For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the HCB and additions to/deductions from the HCB's fiduciary net position have been determined on the Same basis as they are reported by the State-administered on the same basis as they are reported by the HCB. For this purpose, the HCB recognizes benefit payments when due and payable in accordance with the benefit terms. Investments for all plans are reported at fair value.

E. Reconciliation of Government-wide and Fund Financial Statements

1. Explanation of certain differences between the governmental fund balance sheet and the government-wide Statement of Net Position

The governmental fund balance sheet includes a reconciliation between total fund balance for the governmental funds and net position for governmental activities as reported in the government-wide statement of net position. The net adjustment of \$56,065,522 consists of the following:

Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds (total capital assets on government-wide statement in governmental activities column) Less accumulated depreciation	\$ 27,669,237 (13,753,222)
Net capital assets	13,916,015
Net pension asset-ROD	53,246
Contributions to the pension plan in the current fiscal year are deferred outflows of resources on the Statement of Net Position	2,896,571
Benefit payments and pension administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position	72,635
Contributions and pension administration costs for OPEB are deferred outflows of resources on the Statement of Net Position	897,090
Deferred inflows of resources reported in the government-wide statements but not the fund statements:	
Deferred inflows of resources for taxes and special assessments receivable	2,550,008
Deferred inflows of resources for bond premiums net of accumulated amortization	(5,111,056)
Deferred inflows pension related deferrals	(79,627)
Deferred inflows OPEB related deferrals	(4,341,540)
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not reported in the fund statements:	
Bonds, leases, and installment financing	(40,521,714)
Compensated absences	(946,589)
Net pension liability-LGERS	(4,651,394)
Net OPEB liability	(20,212,428)
Total pension liability (LEOSSA)	(586,738)
Total adjustment	<u>\$ (56,065,522)</u>
-35-	

2. Explanation of certain differences between the governmental fund Statement of Revenues,

Expenditures, and Changes in Fund Balance and the government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances for the governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. Total adjustment of \$559,298 is comprised of the following:

Description	Amount
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the Statement of Activities.	\$ 18,040,376
Transfer of construction in process to local school authority-school construction project Transfer of building to local community college Transfer of capital project to local entity	(13,808,958) (2,538,535) (116,449)
Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the Statement of Activities but not in the fund statements.	(1,450,366)
Cost of capital asset disposed of during the year, not recognized on modified accrual.	185,248
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the Statement of Net Position in the government-wide statements.	1,274,478
New debt, issued during the year is recorded as a source of funds on the fund statements; it has no effect on the statement of activities- it affects only the government-wide statements of net position	(575,000)
Bond premium amortization	57,922
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	1,158,753
Benefit payments and pension administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position	71,167
Contributions to the OPEB plan are deferred outflows of resources on the Statement of Net Position	743,574
Expenses reported in the Statement of Activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements.	
Compensated absences	(13,718)
OPEB expense	(342,357)
Pension expense-LGRS -LEOSSA	(2,143,751) (52,776)
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements.	
Decrease in deferred inflows of resources - taxes receivable - at year end Total adjustment	69,690 \$ 559,298

II. Stewardship, Compliance, and Accountability

Late Submission of Audited Financial Statements and AFIR

The County was significantly late submitting its annual independent audit in accordance with LGC-205 (Contract to Audit Accounts) and G.S. 159-34 of the Local Government Budget and Fiscal Control Act. The Local Government Commission requires audited financial statements and the AFIR to be submitted within four months of the fiscal year end. See material weakness 2020-001.

Excess of Expenditures Over Appropriations

For the fiscal year ended June 30, 2020, expenditures made in the General Fund exceeded the authorized appropriations made by the governing board. Management and the board will more closely review the budget reports to ensure compliance in future years. See significant deficiency 2020-003.

III. <u>Detail Notes on All Funds</u> <u>A. Assets</u> 1. Deposits

All of the County's, the Historic Properties Commission's, the Tourism Development Authority's, the Economic Development Corporation's and the ABC Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's, the Historic Properties Commission's, the Tourism Development Authority's, the Economic Development Corporation's or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County, the Historic Properties Commission, the Tourism Development Authority, the Economic Development Corporation, and the ABC Board, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits.

The State Treasurer does not confirm this information with the County, the Historic Properties Commission, the ABC Board, the Tourism Development Authority, the Economic Development Corporation or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County, the Historic Properties Commission, the ABC Board, the Tourism Development Authority or the Economic Development Corporation under the Pooling Method, the potential exists for undercollaterization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The County, the Historic Properties Commission, the ABC Board, the Tourism Development Authority and the Economic Development Corporation have no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The County complies with provision of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2020, the County's deposits had a carrying amount of \$22,184,667 and a bank balance of \$22,828,335. Of the bank balance \$250,000 was covered by federal depository insurance, and \$250,000 in non-interest bearing deposits and \$19,428,183 in interest bearing deposits were covered by collateral held under the Pooling Method.

At June 30, 2020, Scotland County had \$2,925 cash on hand.

At June 30, 2020, the carrying amount of deposits for Scotland County ABC Board was \$378,377 and the bank balance was \$373,209. All of the bank balance was covered by federal depository insurance. Of the bank balance \$373,209 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method.

At June 30, 2020, the carrying amount of deposits for Scotland Co. Historic Properties Comm. was \$58,394 and the bank balance was \$58,394. All of the bank balance was covered by federal depository insurance.

At June 30, 2020, the carrying amount of deposits for Scotland Co. Tourism Dev. Authority was \$224,844 and the bank balance was \$224,844. Of the bank balance \$224,844 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method.

At June 30, 2020, the carrying amount of deposits for Scotland Co. Economic Dev. Corporation was \$692,852 and the bank balance was \$706,561. Of the bank balance \$500,000 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method.

2. Investments

Investment By Type Valuation Fair Value Less than Measurement Method 6 Months NC Capital Management Fair Value Level 1 11,259,283 11,259,283 **Trust-Government Portfolio** Fair Value NC Capital Management Trust-Term Portfolio* Level 1 4,173,562 4,173,562 \$ Total: 15,432,845 \$15,432,845

At June 30, 2020, the County had the following investments and maturities:

*As of June 30, 2020, the NCCMT Term Portfolio has a duration of .15 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets.

Interest Rate Risk. The County has no policy on interest rate risk.

Credit Risk. The County's investments in the NC Capital Management Trust Government Portfolio carried a credit rating of AAAm by Standard & Poors as of June 30, 2020. The County's investment in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the US government and agencies, and in high grade money market instruments as permitted under North Carolina General Statute 159-30 as amended. The County has no policy on credit risk.

Custodial Credit Risk. Custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no policy on custodial credit risk.

The Historic Properties Commission, the ABC Board, the Tourism Development Authority and the Economic Development Corporation have no investments.

3. Property Tax - Use - Value Assessment on Certain Lands

In accordance with the general statutes, agriculture, horticulture, and forestland may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

Tax			
Year Levied	Tax	Interest	<u>Total</u>
2017	826,735	196,350	1,023,085
2018	806,413	118,946	925,359

2. Pension Plan and Other Postemployment Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The County and the ABC Board are participating employers in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at <u>www.osc.nc.gov</u>.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service (age 55 for firefighters or rescue squad workers). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains on the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2020, was 9.7% of compensation for law enforcement officers and 8.95% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$1,190,879 for the year ended June 30, 2020. Contributions to the pension plan from the ABC Board were \$17,365 for the same period.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the County reported a liability of \$4,845,202 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018. The total pension liability was then rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2019, the County's proportion was .177%, which was a decrease of .0025% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the County recognized pension expense of \$2,213,509. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	<u>Resources</u>
Differences between expected and actual experience	829,621	-
Changes in assumptions	789,688	-
Net difference between projected and actual earnings		
on pension plan investments	118,181	-
Changes in proportion and differences between	·	
contributions and proportionate share of contributions	83,174	-
Employer contributions subsequent to the measurement	,	
Date	1,190,879	-
Total	3,011,543	-
		<u> </u>

\$3,011,543 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

\$ 891,955
289,376
491,201
148,132
<u>1,820,664</u>

Actuarial Assumptions. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3 percent
Salary increases	3.50 to 8.10 percent, including inflation and
	productivity factor
Investment rate of return	7.00 percent, net of pension plan investment expense,
	including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019 are summarized in the following table:

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	<u>_6.0</u> %	4.0%
Total	<u>100</u> %	

The information above is based on 30 year expectations developed with the consulting actuary for the 2018 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension (asset) to changes in the discount rate. The following presents the County's proportionate share of the net pension (asset) calculated using the discount rate of 7 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6 percent) or 1-percentage-point higher (8 percent) than the current rate:

	1%	Current	
	Decrease	Discount	1% Increase
	(6%)	<u>Rate (7%)</u>	(8%)
County's proportionate share of			
the net pension liability (asset)	11,081,863	4,845,202	(338,727)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers' Special Separation Allowance

1. Plan Description.

Scotland County administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full time County law enforcement officers are covered by the Separation Allowance. At December 31, 2018, the Separation Allowance's membership consisted of:

Retirees receiving benefits	6
Active plan members	<u>37</u>
Total	<u>43</u>

2. Summary of Significant Accounting Policies:

Basis of Accounting. The County has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are are outlined in GASB Statements 73.

3. Actuarial Assumptions

The entry age actual cost method was used in the December 31, 2018 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Salary increases 2.50 percent3.50 to 7.35 percent, including inflation and productivity factor3.26 percent

Discount rate

The discount rate is based on the weekly average of the bond buyer general obligation 20 year municipal bond index determined at the end of each month.

Mortality rates are based on the MP-2015 rates utilizing forward looking rates.

4. Contributions.

The County is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The County paid \$52,776 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the County reported a total pension liability of \$586,738. The total pension liability was measured as of December 31, 2019 based on a December 31, 2018 actuarial valuation. The total pension liability was rolled forward to December 31, 2019 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2020, the County recognized pension expense of \$52,776.

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Differences between expected and actual experience	11,094	60,093
Changes of assumptions	28,712	16,966
County benefit payments and plan administrative		ŗ
expense made subsequent to the measurement date	<u>32,829</u>	
Total	<u>72,635</u>	<u>77,059</u>

The County paid \$32,143 in benefit payments and \$686.25 in admin expenditures subsequent to the measurement date that are reported as deferred outflows of resources related to pensions which will be recognized as a decrease of the total pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2021	(6,407)
2022	(6,407)
2023	(9,304)
2024	(12,375)
2025	(2,760)
Thereafter	-

Sensitivity of the County's total pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 3.26 percent, as well as what the County's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.26 percent) or 1-percentage-point higher (4.26 percent) than the current rate:

	1 % Decrease	Discount	1% Increase
	(2.26%)	<u>Rate (3.26%)</u>	(4.26%)
Total pension liability	632,321	586,738	545,227

Schedule of Changes in Total Pension Liability Law Enforcement Officers' Special Separation Allowance

0000

	<u>2020</u>
Beginning balance	656,755
Service cost	35,658
Interest on the total pension liability	22,626
Changes in benefit terms	-
Differences between expected and actual experience in the	
measurement of the total pension liability	(74,233)
Changes of assumptions or other inputs	16,238
Benefit payments	(70,306)
Other changes	
Ending balance of the total pension liability	<u>586,738</u>

Changes of assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 3.64 percent at June 30, 2018 to 3.26 percent at June 30, 2019.

Changes in Benefit Terms. Reported compensation adjusted to reflect the assumed rate of pay as of the valuation date.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

c. Supplemental Retirement Income Plan

1. For Law Enforcement Officers

Plan Description. The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the Plan. The County contributed \$78,944 for the reporting year. No amounts were forfeited.

(2) Other than Law Enforcement Officers

All employees, other than law enforcement officers, employed by the County participate in a Supplemental Retirement Income Plan, a defined contribution pension plan. Employees who are enrolled in the Local Governmental Employees' Retirement System are eligible to participate in the Plan. For the year ended June 30, 2020, the governing body of the County authorized a contribution of 2 percent of employees' compensation to the Plan. Also, employees may make voluntary contributions to the Plan.

Total contributions for the year ended June 30, 2020 were \$427,418, which consisted of \$187,771 from the County and \$239,647 from the employees. The County's contributions and the employees' voluntary contributions represented 2 percent and 2.67 percent of the covered payroll amount, respectively.

d. Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, which is available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. For the year ended June 30, 2020, no match was authorized by the governing body of the County for employees' compensation to the Plan. Total employee contributions for the year ended June 30, 2020 was \$36,117.

e. Registers of Deeds' Supplemental Pension Fund

Plan Description. Scotland County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, cost-sharing multiple-employer defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Supplemental, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Register of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$2,583 for the year ended June 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the County reported an asset of \$48,452 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2019. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2018. The total pension liability was then rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2019, the County's proportion was .2786%, which was a decrease of .01484% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the County recognized pension expense of \$5,856. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows	Inflows
	of Resources	of Resources
Differences between expected and actual experience	-	2,568
Changes of assumptions	-	-
Net difference between projected and actual earnings		
on pension plan investments	545	-
Changes in proportion and differences between		
county contributions and proportionate share of		
contributions	2,362	-
County contributions subsequent to the measurement date	2,583	_
Total	<u> </u>	2,568

\$2,583 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pension expense as follows:

Year ended June 30:

2020	465
2021	956
2022	(31)
2023	(1,052)
2024	-
Thereafter	
	<u>338</u>

Actuarial Assumptions. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3 percent
Salary increases	3.5 to 7.75 percent, including inflation and
	productivity factor
Investment rate of return	3.75 percent, net of pension plan investment
	expense, including inflation
	51

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2020 is 1.4%.

The information above is based on 30 year expectations developed with the consulting actuary for the 2020 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that contributions from employers will be made at statutorily required rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.75 percent, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75 percent) or 1-percentage-point higher (4.75 percent) than the current rate:

	1%		1%
	Decrease	Discount	Increase
	<u>(2.75%)</u>	<u>Rate (3.75 %)</u>	<u>(4.75%)</u>
County's proportionate share of			
the net pension liability (asset)	(3,587)	53,246	(2,049)
		,— • •	(=, • • • •)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

e. <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of</u> <u>Resources Related to Pensions</u>

The net pension liability for LGERS and ROD was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability for LEOSSA was measured as of June 30, 2019, with an actuarial valuation date of December 31, 2018. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	LGERS	<u>ROD</u>	LEOSSA	<u>Total</u>
Proportionate Share of Net Pension Liability (Asset) Proportion of the Net Pension	4,845,202	(53,246)	_	4,791,956
Liability (Asset)	.17742%	.26971%	-	-
Total Pension Liability	-	-	586,738	586,738
Pension Expense	2,213,509	5,856	52,776	2,272,141

At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Outflows of Resources	<u>LGERS</u>	<u>ROD</u>	LEOSSA	Total
Differences between expected and actual experience	829,621	_	11,094	840,715
Changes of assumptions	789,688	-	28,712	818,400
Net difference between projected and actual earnings on pension plan investments	118,181	545	-	118,726
Changes in proportion and differences between County contributions and proportionate share of contributions	83,174	2,362	-	85,536
County contributions (LGERS, ROD)/ benefit payments and administration costs (LEOSSA) subsequent to the measurement Date	1,190,879	2,583	32,829	1,226,291
Deferred Inflows of Resources Differences between expected and actual experience	-	2,568	60,093	62,661
Changes of assumptions	-	-	16,966	16,966
Changes in proportion and differences between County contributions and proportionate share of contributions	-	-	-	-

f. Other Post Employment Benefit:

Healthcare Benefits

Plan Description. Under the terms of the Scotland County personnel policy approved by the Board of County Commissioners, the County administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). As of January 5, 1987, this plan provides postemployment healthcare benefits to retirees of the County.

Eligibility for Allowance. All regular full-time County employees and regular part-time employees who work at least thirty-two (32) hours per week, whose retirement under the provision of the North Carolina Local Government Employees' Retirement System is either through length of service, during which time at least fifteen (15) consecutive years are served with Scotland County and the employee is actively employed with the County immediately prior to retirement, or disability, will continue to be covered on the County's Group Health Plan and the County's Group Life Insurance Plan.

The County pays the full cost of coverage for these benefits through private insurers. Also, the County retirees have the option of continuing, at their own expense, any additional coverage for self and/or dependent(s) available with the County Group Health Plan. Dependents must be covered at the time of retirement in order to be eligible for continued coverage. Dependent coverage will end when (a) the dependent becomes eligible for another Group Health Plan or Medicare (at age 65); or (b) during open enrollment if the retiree chooses not to continue coverage for dependents; or (c) at the last date for which dependent premium is paid if coverage is terminated for non-payment of premium. Once the dependent coverage is terminated, the dependent remains ineligible for coverage under the County Group Health Plan then and in the future.

When a qualifying retiree reaches age 65, their coverage will be changed from the County's group coverage to a Medicare Supplemental Plan. The funding levels for Post-65 Medicare Supplemental coverage will remain consistent with the funding levels of active employees on the County's Group Health Plan. In the event the qualifying retiree has elected dependent coverage and the retiree reaches age 65 and their coverage is changed from the Group Health Plan to a Medicare Supplemental Plan or the retiree dies, the dependent will be offered continued coverage through the provisions of the COBRA Act as amended.

For Retirees Hired on or after July 1, 2004

Same as above, however, all County provided health coverage will cease when the retiree becomes eligible for Medicare at age 65.

For Retirees Hired on or after January 1, 2012

In order for regular full-time County employees and regular part-time employees who work at least thirtytwo (32) hours per week to receive any health insurance benefits from the Scotland County Group Health Plan, he or she must qualify for "full", "reduced", or "disability" benefits through the NC Local Government Employees' Retirement System (NCLGERS). The Count coverage will be the same as offered to active employees, which is subject to change each fiscal year as approved by the Board of County Commissioners. The County portion of the premium for retirees will be based on its contribution to the premium of regular active employees. Contributions levels for total service will be as follows: (a) at least age 60 (55 for law enforcement officers) with 25 or more consecutive years of service prior to retirement, or disability retirement at any age with 25 or more consecutive years of service prior to retirement, the County will pay 100% of County portion; (b) at least age 60 (55 for law enforcement officers) with 20 consecutive years of service prior to retirement, the County will pay 75% of County portion; (c) at least age 60 (55 for law enforcement officers) with 15 consecutive years of service prior to retirement, the County will pay 50% of County portion; or (d) less than age 60 and less than 15 years of consecutive service prior to retirement, not qualified for benefits.

Coverage by the County will be at the existing level at the time of retirement. The retiree will have the option of continuing, at their own expense, any additional coverage for self and/or dependent(s) available with the County Group Health Plan. Dependents must be covered at the time of retirement in order to be eligible for continued coverage. Dependent coverage will end: (a) when the coverage for the retiree ends; (b) when the dependent becomes eligible for another Group Health Plan or Medicare (at any age); (c) during open enrollment the retiree chooses not to continue coverage for the dependent(s); or (d) at the last date for which dependent premium is paid if coverage is terminated for non-payment of premium. Once dependent coverage is terminated, the dependent remains ineligible for coverage under the County Group Health Plan then and in the future.

All elected County officials who have served two or more consecutive terms, or who retire under the North Carolina Local Governmental Employees' Retirement System, will continue to be carried on the County's group life insurance program.

Plan membership. At June 30, 2019 and June 30, 2020, the HCB Plan membership consisted of the following:

	<u>2019</u>	<u>2020</u>
Inactive plan members or beneficiaries currently		
receiving benefit payments	126	122
Active plan members	<u>306</u>	<u>313</u>
	<u>432</u>	<u>435</u>

Total OPEB Liability

The County's total OPEB liability of \$20,837,555 was measured as of December 31, 2019 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.5 percent
Salary increases	3.5 percent, average, including inflation
Discount rate	3.5 percent
Healthcare cost trend rates	Medical – 7%
	Prescription – 7%
	Admin Expenses - 3%

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of the measurement date.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at June 30, 2019	23,204,007
Changes for the year	
Service cost	475,045
Interest	888,266
Changes of benefit terms	-
Differences between expected and actual experience	(2,941,502)
Changes in assumptions or other inputs	(42,357)
Benefit payments	(<u>745,904</u>)
Net changes	(2,366,452)
Total OPEB liability as of June 30, 2020	20,837,555

Changes in assumptions and other inputs reflect a change in the discount rate from 3.89% to 3.50%.

Mortality rates were based on the RP-2014 Total Data Set for Health Annuitants Mortality Tables with adjustments for LGERS experience and generational mortality improvement using Scale MP-2015.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period January 2010 through December 2014.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.50 percent or 1-percentage-point higher (4.50 percent) than the current discount rate:

		Discount Rate	
	<u>1% Decrease</u>	(3.50%)	1% Increase
Net OPEB liability	24,183,122	20,837,555	18,155,273

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	(Medical-6%,	Discount Rate	(Medical – 8%,
	Prescription-6%,	(Medical-7%,	Prescription-8%,
	Admin Expenses-	Prescription 7%,	Admin Expenses
	2%)	Admin Expenses 3%)	4%)
Net OPEB liability	18,133,755	20,837,555	24,194,601

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the County recognized OPEB expense of \$342,357. At June 30, 2020, the County reported deferred outflows of resources related to OPEB from the following sources:

	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Differences between expected and actual experience	156,270	2,486,161
Changes of assumptions or other inputs	-	1,989,653
Benefit payments and administrative costs made		, ,
subsequent to the measurement date	768,565	-
Total	924,835	4,475,814

\$768,565 reported as deferred outflows of resources related to OPEB resulting from County contributions made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the net OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:

2020	(960,765)
2021	(960,765)
2022	(960,765)
2023	(718,350)
2024	(506,428)
Thereafter	(212,471)

g. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

3. Closure and Postclosure Care Costs - Patterson Road Landfill Facility

State and federal laws and regulations require the County to place a final cover on its Patterson Road Landfill Facility when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$2,123,314 reported as landfill closure and postclosure care liability at June 30, 2020 represents a cumulative amount reported to-date based on the use of 15% of the total estimated capacity of the landfill. The County will recognize the remaining estimated cost of closure and postclosure care of \$1,583,290 as the remaining estimated capacity is filled. These amounts are based in what it would have cost to perform all closure and postclosure care in 2020. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

The County has met the requirements of a local government financial test that is one option under State and federal laws and regulations that helps determine if a unit is financially able to meet closure and postclosure care requirements.

4. Deferred Outflows and Inflows of Resources

The balance in deferred outflows of resources at year-end is composed of the following elements:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Bond premiums	-	5,616,735
Pensions - OPEB difference between expected and		· · ·
actual experience	996,985	2,548,822
Pensions - OPEB difference between projected and		
actual investment earnings	118,726	-
Pensions - change in proportion and difference		
between employer contributions and proportionate		
share of contributions	85,536	~
Pensions, OPEB - change in assumptions	818,400	2,006,619
Contributions to pension plan subsequent to		
measurement date (LGERS, ROD, LEO)	1,226,291	~
Benefit payments for the OPEB plan paid		
subsequent to measurement date	768,565	~
Prepaid taxes not yet earned (General)	-	38,026
Taxes receivable, net, less penalties (General)		2,550,008
Total	4,014,503	12,760,210

5. Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in two self-funded risk financing pools administered by the North Carolina Association of County Commissioners Joint Risk Management Agency.

Through these pools, the County obtains property coverage equal to the replacement cost of owned property subject to total insured values, with sub-limits on coverage for specified perils; general, auto, professional, employment practices, and law enforcement liability coverage of \$2 million per occurrence; auto liability coverage of \$5 million; auto physical damage for owned autos at actual cash value; crime coverage of \$250,000 per occurrence; cyber liability of \$1 million, and workers' compensation coverage up to the statutory limits.

All property coverage and some liability coverage are subject to per occurrence deductibles, as selected by the County. The pools are audited annually by certified public accountants, and audited financial statements are available to the County upon request.

Both of the pools are reinsured through a multi-state public entity captive for single occurrence losses in excess of \$500,000, up to a \$2 million limit for liability coverage, and single occurrence losses in excess of \$750,000 for workers' compensation.

Through the captive, the Liability and Property Pool is reinsured for \$2,000,000 of annual aggregate losses in excess of \$250,000 per occurrence for property, auto physical damage and crime coverage, with additional limits of \$498 million purchased through a group of commercial carriers through the multi-state public entity captive.

In accordance with G.S. 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through commercial crime coverage with a \$250,000 occurrence limit.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

The finance officer, register of deeds, the sheriff, and tax collector are each individually bonded for \$100,000 each. All employees that have access to funds are bonded under a blanket bond for \$1,000,000.

The County does not carry flood insurance. The County is not in a designated flood zone.

Scotland County ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Board has commercial property, general liability, auto liability, workers' compensation, and employee health coverage. The Board also has liquor legal liability coverage. There have been no significant reductions in insurance coverage in the prior year and settled claims have not

exceeded coverage in any of the past three fiscal years. In accordance with G.S. 18-B-700(i), each board member is bonded in the amount of \$50,000, secured by a corporate surety per occurrence. In accordance with G.S. 18-B-806(b) and (c), the store manager(s) is bonded for \$50,000 per occurrence.

Scotland County Historic Properties Commission is exposed to various risks of loss related to torts, theft of, damage to, destruction of assets; errors and omissions; injuries to visitors and natural disasters. The Commission relies on insurance provided by Scotland County for coverage for all risks of loss. There have been no significant reductions in insurance coverage in the prior year, and there have been no claims in the past three fiscal years. The Commission's cash deposits are fully covered by insurance. The Commission does not carry flood insurance coverage because it owns no property located within a flood zone or property susceptible to flood damage. In accordance with G.S 159-29, the Commission's employees that have access to \$100 or more at any given time of the Commission's funds are performance bonded through a commercial surety bond. The finance officer is bonded for \$50,000.

Scotland County Tourism Development Authority is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Authority relies on insurance provided by Scotland County for coverage for all risks of loss. There have been no significant reductions in insurance coverage in the prior year, and there have been no claims in the past three fiscal years. The Authority does not carry flood insurance coverage because it owns no property located within a flood zone or property susceptible to flood damage. In accordance with G.S 159-29, the Authority's employees that have access to \$100 or more at any given time of the Authority's funds are performance bonded through a commercial surety bond. The finance officer is bonded for \$50,000.

Scotland County Economic Development Corporation is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Corporation relies on insurance provided by Scotland County for coverage for all risks of loss. There have been no significant reductions in insurance coverage in the prior year, and there have been no claims in the past three fiscal years. The Corporation does not carry flood insurance coverage because it owns no property located within a flood zone or property susceptible to flood damage. In accordance with G.S 159-29, the Corporation's employees that have access to \$100 or more at any given time of the Corporation's funds are performance bonded through a commercial surety bond.

6. Claims, Judgments and Contingent Liabilities

At the date of this report, the County had three active lawsuits. In the opinion of the county attorney and county management, the lawsuits are in the early phases and projecting an outcome would be premature.

7. <u>Long-Term Obligations</u> <u>Installment Financing and Limited Obligation Indebtedness</u>	
a. <u>Installment Financing Contracts</u> \$3,000,000 Wagram Primary Expansion QSCB first payment due July 15, 2011 in yearly installments through July 15, 2020. Interest is 5.420% but reimbursed with tax credits.	300,000
\$1,161,713 Guaranteed Energy Savings Contract first payment due November 7, 2014 in annual installments through November 7, 2030. Interest is 3.75% but reimbursed with tax credits.	906,714
\$575,000 North Carolina Department of Commerce first payment of \$57,500 due July 1, 2021 and then in nine subsequent annual installment payments on July 1 of each year until the debt is paid in full. Interest rate is 0%.	575,000
Total	1,781,714
 b. Limited Obligation Bonds \$13,380,000 Laurel Hill Elementary and Sycamore Lane Elementary Expansions First payment due December 1, 2018 in installments of \$75,000 to \$820,000 through December 1, 2037. Interest rates vary from 3.00% to 5.00%. 	13,190,000
\$2,240,000 Morgan Center Renovation First payment due December 1, 2018 in installments of \$110,000 to \$115,000 through December 1, 2037. Interest rates vary from 3.00% to 5.00%.	2,010,000
\$23,540,000 South Johnson Elementary School First payment due December 1, 2020 in installments of \$800,000 to \$1,270,000 through December 1, 2038. Interest rates vary from 3.125% to 5.00%.	<u>23,540,000</u>
Total	38,740,000
TOTAL – GENERAL FUND	<u>40,521,714</u>

Serviced by the County's Water District No. 1 and 2:

Water District Bonds outstanding at June 30, 2020 in the amount of \$4,985,000 are obligations of the water district, a blended component unit of the County and are not obligations of the County. In October 2017, the Water Districts refinanced the outstanding debt in order to reduce interest expense. Interest rates vary over the duration of the bonds from 3.125% to 5.0%. Payments and due dates on this debt are as follows:

Year Ending June 30	Principal	Interest
2021	145,000	209,356
2022	155,000	201,856
2023	170,000	193,731
2024	170,000	185,231
2025	180,000	176,481
2026-2030	1,060,000	732,406
2031-2035	1,275,000	442,781
2036-2040	1,200,000	201,134
2041-2043	630,000	31,559
TOTAL	<u>\$ 4,985,000</u>	\$2,374,535

At June 30, 2020, Scotland County had a legal debt margin of \$140,455,112.

c. **Qualified School Construction Bond**

As authorized by State law [G.S.160A-20 and 153A-158.1], the County financed various property acquisitions for use by Scotland County Board of Education during the fiscal year ended June 30, 2011 by a qualified school construction bond (QSCB). The QSCB was issued pursuant to a deed of trust that requires that legal title remain with the County as long as the debt is outstanding. The County has entered into a lease with Scotland County Board of Education that transfers the rights and responsibilities for maintenance and insurance of the property to the Board of Education. The lease calls for nominal annual lease payments and also contains a bargain purchase option. The lease term is the same as that of the installment purchase obligation. Due to the economic substance of the transaction, the capital assets associated with the installment purchase obligation are recorded by the Board of Education.

The QSCB was executed in June 2011 for various property improvements for use by Scotland County Board of Education. The transaction required ten principal payments by the County of \$300,000 and ten annual interest payments at an interest rate of 5.420%. For Scotland County, the future minimum payments as of June 30, 2020, including \$16,260 of interest are:

	Governmental Activities			
Year Ending June 30	Principal	Interest		
2021	300,000	16,260		
Total	\$ 300,000	<u>\$ 16,260</u>		

Installment Purchases:

Annual debt service requirements to maturity for the County's installment agreements are as follows:

	Governmental	Activities
Year Ending June 30	Principal	Interest
2021	55,796	34,002
2022	117,840	31,909
2023	122,620	29,647
2024	127,648	27,205
2025	132,934	24,574
2026-2030	753,841	76,111
2031	171,035	4,258
Total	<u>\$ 1,481,714</u>	\$ 227,705

Limited Obligation Bonds:

Annual debt service requirements to maturity for the County's limited obligation bonds are as follows:

	Governmental Activities			
Year Ending June 30	Principal	Interest		
2021	115,000	89,650		
2022	115,000	83,900		
2023	115,000	78,150		
2024	110,000	72,525		
2025	110,000	67,025		
2026-2030	565,000	250,750		
2031-2035	550,000	112,475		
2036-2038	330,000	16,363		
Total	\$ 2,010,000	\$ 770,838		

Year Ending	Government	Governmental Activities			
June 30	Principal	Interest			
2021	1,590,000	1,676,088			
2022	1,980,000	1,590,838			
2023	2,090,000	1,489,088			
2024	2,090,000	1,384,588			
2025	2,085,000	1,280,213			
2026-2030	10,135,000	4,850,063			
2031-2035	9,675,000	2,464,309			
2036-2038	7,085,000	483,413			
Total	\$ 36,730,000	\$ 15,218,600			

<u>Debt related to capital activities</u> - of the total governmental activities debt listed, only \$2,916,714 relates to assets the County holds title to.

In fiscal 2018, Scotland County issued a limited obligation bond in the total amount of \$23,638,775.45 which includes \$2,758,775.34 of bond premiums. Water Districts I and II were refinancing - refunding arrangements. Details of the bond issuance are as follows:

		Morgan			
	School	Center	Water	Water	
	Project	Project	District	District	
	School Wings	Fund	I	<u> </u>	Total
Bond proceeds	13,380,000.00	2,240,000.00	1,310,000.00	3,950,000.00	20,880,000.00
Net premium	1,936,775.35	300,641.10	190,159.75	331,199.25	2,758,775.45
	15,316,775.35	2,540,641.10	1,500,159.75	4,281,199.25	23,638,775.45

In fiscal 2019, Scotland County issued a limited obligation bond in the total amount of \$26,477,817.50 which includes \$2,937,817.50 of bond premiums. Details of the bond issuance are as follows:

	School
	Project
	South Johnson
Bond proceeds	23,540,000.00
Net premium	2,937,817.50
	26,477,817.50

Bond premiums are amortized over the life of the bonds using the effective interest method. In the fund financial statements, governmental fund types recognize bond premiums as well as bond issuance costs during the current period. The face amount of debt issued is reported as an "other financing source". Premiums received on debt issuances are reported as "other financing sources".

Details of the bond premium amortization are as follows:

	School Project School Wings	School Project South Johnson	Morgan Center Project Fund	Water District I	Water District II	Total
Bond premium Beginning accumulated	1,936,775.00	2,937,818.00	300,641.00	190,160.00	331,199.00	5,696,593.00
amortization Current amortization	2,470.00 9,229.00	39,464.00	3,787.00 9,229.00	1,647.00 4,013.00	2,799.00 7,223.00	10,703.00 69,158.00

Total pension liability-(LEO)		656,755				70,017	586,738	-
Total governmental activities	\$	69,301,962	_\$:	1,940,169	\$	4,323,268	\$66,918,863	\$ 2,175,796
Business-type activities: Water and sewer districts Limited obligation bonds Compensated absences Net pension liability (LGERS) Net OPEB liability		5,125,000 3,926 41,492		- - 6,960		140,000 3,926	4,985,000	209,356
Total water and sewer activities	-	232,040 5,402,458		-		23,664	208,376	
Landfill Accrued landfill closure and postclosure care costs Compensated absences Net pension liability (LGERS) Net OPEB liability Total landfill activities Total business-type		2,047,919 45,348 124,476 464,080 2,681,823		6,960 75,395 12,736 20,879 - 109,010		167,590 17,139 47,329 64,468	5,241,828 2,123,314 40,945 145,355 416,751 2,726,365	 209,356
activities	\$	8,084,281		115,970		232,058	7,968,193	209,356
							· · · ·	

Compensated absences for governmental activities typically have been liquidated in the general fund and are accounted for on a LIFO basis, assuming that employees are taking leave time as it is earned.

C. Interfund Balances and Activity

Transfers to/from other funds	
Transfers to/from other funds at June 30, 2020, consist of the following:	
From the General Fund to the:	
Capital Reserve Fund for equipment purchases	28,500
Technology Fund for purchase of software	170,000
Facilities Fund for repairs of buildings and parking lot	615,400
Total	813,900
From the School Wings Capital Project Fund to the:	
General Fund to Service School Bond debt	60,254
From the Morgan Center Capital project to the:	
General Fund to Service Morgan Center Debt	2,870
From the South Johnson School Construction project to the:	
General Fund to Service Construction Debt	90,050
From the Solid Waste fund to the:	
Recycling center project	400,000
Due To and From Interfunds and Other Governments	
General Fund:	
Due from capital projects for short term funding	\$751,168
Due to landfill for grant funds collected by the General Fund owed to Solid Waste Fund	(121,886)

D. <u>Net Investment in Capital Assets</u>

	Governmental	<u>Business-Type</u>
Capital assets	\$13,916,015	\$ 8,379,817
Less: Long term debt	(906,714)	(4,985,000)
- Bond premiums	-	(505,679)
Add: Unspent bond proceeds		
Net investment in capital assets	\$13,009,301	\$ 2,889,138

E. <u>Fund Balance</u>

Scotland County has a revenue spending policy that provides policy for programs with multiple revenue sources. The finance officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-city funds, city funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The finance officer has the authority to deviate from this policy if it is in the best interest of the County.

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriation:

Total fund balances - General Fund	\$13,561,613
Less:	
Nonspendable	9,682
Stabilization by State Statute	3,203,329
Appropriated fund balance in 2020-2021 budget	1,525,000
Remaining Fund Balance	8,823,602

Scotland County has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater than 15% of budgeted expenditures.

IV. Jointly Governed Organization

The County, in conjunction with three other counties and twenty-three municipalities, established the Lumber River Council of Governments (Council). The participating governments established the Council to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The County paid membership fees of \$30,588 to the Council during the fiscal year ended June 30, 2020.

Related Organizations

Richmond Community College, located at Hamlet, North Carolina, maintains a continuing education center in Laurinburg, North Carolina. The facility was deeded to Richmond Community College by the City of Laurinburg in 1987. Scotland County has no contractual obligation to provide financial support to Richmond Community College, has no equity interest but appoints two members of the governing board. The decision to honor requests for financial support by the college is discretionary with the Scotland County Board of Commissioners and is considered at budget consideration time. For the fiscal year ended June 30, 2020, Scotland County approved and paid the sum of \$426,126 to Richmond Community College.

V. <u>Related Party Transactions</u>

Richmond Community College purchased the Morgan Center for \$481,343 in November 2020.

VI. Summary Disclosure of Significant Commitments and Contingencies

Federal and State Assisted Programs

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

VII. Subsequent Events

Management has evaluated subsequent events through March 19, 2021, the date which the financial statements were available to be issued.

The County is in the process of reviewing plans to construct a new recreation center in Laurel Hill. The previous building was damaged during Hurricane Florence and was demolished in February 2020.

The County received a Coronavirus Relief Fund grant in May 2020 in the amount of \$816,582. An additional \$675,842.92 was received in July 2020. The grant is to help assist counties and other municipalities with costs related to COVID-19.

The County applied for funding with NC Commerce in the amount of \$575,000 for an economic development project. Due to several mishaps with the project, the grant funding was denied by NC Commerce. However, NC Commerce agreed to loan the funds to the County interest free for ten years. Debt service payments are expected to begin in FY 2022. The liability for the loan is reflected in these financial statements.

VIII. <u>Restatement</u>

The fiscal year end June 30, 2019 fixed assets-repossessed land was inadvertently overstated by \$662,578. The effect on net position for June 30, 2019 is an overstatement of \$662,578. Beginning net position and fixed assets were restated at July 1, 2019 to reflect this correction.

Required Supplemental Financial Data

This section contains additional information required by generally accepted accounting principles.

Report On Internal Control Over Financial Reporting And On Compliance and Other Matters Based On An Audit Of Financial Statements Performed In Accordance With *Government Auditing* Standards

Independent Auditor's Report

To the Board of County Commissioners Scotland County, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the [accompanying] financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Scotland County, North Carolina, as of and for the year ended June 30, 2020, and the related notes to the financial statement, [not presented here], which collectively comprises Scotland County's basic financial statements, and have issued our report thereon dated March 19, 2021.

Our report includes a reference to other auditors who audited the financial statements of the Scotland County ABC Board, as described in our report on Scotland County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Scotland County ABC Board, the Scotland County Historic Properties Commission, the Scotland County Tourism Development Authority, and the Scotland County Economic Development Corporation were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Scotland County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Scotland County's internal control. Accordingly, we do not express an opinion on the effectiveness of Scotland County's internal control.

103 MCRAE STREET PO BOX 1309 LAURINBURG, NC 28353

P. (910) 276-3985 F. (910) 550-2198 WWW.RHA-CPAS.COM A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies. *See findings 2020-001, 2020-002 and 2020-003*.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Scotland County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Scotland County's Response to Findings

Scotland County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report On Compliance With Requirements Applicable to Each Major Federal Program and Internal Control Over Compliance; In accordance with the OMB Uniform Guidance and the State Single Audit Implementation Act

Independent Auditor's Report

To the Board of Commissioners Scotland County, North Carolina

Report on Compliance for Each Major Federal Program

We have audited the Scotland County, North Carolina, compliance with the types of compliance requirements described in the *OMB Uniform Guidance Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the Scotland County's major federal programs for the year ended June 30, 2020. Scotland County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Scotland County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Those standards, OMB Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Scotland County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

-115-

103 MCRAE STREET PO BOX 1309 LAURINBURG, NC 28353

P. (910) 276-3985 F. (910) 550-2198 WWW.RHA-CPAS.COM We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Scotland County's compliance.

Opinion on Each Major Federal Program

In our opinion, Scotland County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of Scotland County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Scotland County's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency or combination of deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a deficiency in internal control over compliance as described in the accompanying schedule of findings and questioned costs as item 2020-004 that we consider to be a significant deficiency.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

Report On Compliance For Each Major State Program; Report on Internal Control Over Compliance; In accordance with OMB Uniform Guidance; and the State Single Audit Implementation Act

Independent Auditor's Report

To the Board of County Commissioners Scotland County, North Carolina

Report on Compliance for Each Major State Program

We have audited the Scotland County, North Carolina, compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of the County's major state programs for the year ended June 30, 2020. Scotland County's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Scotland County's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and applicable sections of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), as described in the Audit Manual for Governmental Auditors in North Carolina, and the State Single Audit Implementation Act. Those standards, Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Scotland County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

103 MCRAE STREET PO BOX 1309 LAURINBURG, NC 28353 -118-

P. (910) 276-3985 F. (910) 550-2198 WWW.RHA-CPAS.COM We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Scotland County's compliance

Opinion on Each Major State Program

In our opinion, Scotland County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2020.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with applicable sections of the Uniform Guidance as described in the *Audit Manual for Governmental Auditors in North Carolina* and which is described in the accompanying schedule of findings and questioned costs as item 2020-005. Our opinion on each major state program is not modified with respect to this matter.

Scotland County's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs and the corrective action plan. Scotland County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of Scotland County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Scotland County's internal control over compliance with the types of requirements that could have a direct and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency or compliance is a deficiency, or combination of deficiency, or combination of deficiencies, in internal control over compliance that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2020-005 that we consider to be a material weakness. We also identified a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2020-005 that we consider to be a material weakness. We also identified a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2020-004 that we consider to be a significant deficiency.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

N.C. Dept. of Commerce: Industrial Development Fund				

Section II - Financial Statement Findings

Finding: 2020-001 Significant Deficiency

Criteria: The audited financial statements should be submitted in accordance with LGC-205 (Contract to Audit Accounts) and G.S. 159-34 of the Local Government Budget and Fiscal Control Act.

Condition: The County was late in providing a trial balance for audit.

Effect: Submission of the audited financial statements and AFIR was late.

Identification of Repeat finding: This is a repeat finding from the immediate previous audit, Finding 2019-001.

Cause: COVID-19 played a significant roll in the preparation of the audit.

Recommendation: Financial personnel should prioritize accurate and timely financial statements and a trial balance to be audited.

View of responsible officers and planned corrective actions: The County agrees with this finding. The County will monitor and prioritize the accuracy and timeliness of the information to be audited.

Finding: 2020-002

Significant Deficiency

Criteria:	A prior period adjustment is indicative of at least a significant deficiency in the financial reporting controls of the entity.
Condition:	Fixed assets were overstated by \$662,578 in the fiscal June 30, 2019 financial statements.
Effect:	A prior period adjustment of \$662,578 was needed to correct the net fixed assets in the General Fund.
Cause:	Oversight of value of repossessed property by the County.
Recommen	dation: Careful attention to valuing repossessed assets should be evaluated on a case by case basis.
	ponsible officers and planned corrective actions: The County agrees with this finding and will methods on valuing repossessed and contributed assets.

Finding: 2020-003

Significant Deficiency

Criteria:	Expenditures within funds should be monitored to ensure expenditures do not exceed budgeted amounts.
Condition;	The County transferred money from three project funds that were not appropriated in the annual budget ordinance. Specifically \$60,254 was transferred from the School Wings Construction Fund to the General Fund, \$90,050 was transferred from the South Johnson School Construction Fund to the General Fund and \$400,000 was transferred from the Public Works Fund to the Recycling Center Capital Project Fund.
Effect:	Budgetary violations occurred. Money was expended that had not been appropriated.
Cause;	Oversight. The County over expended funds for transfers and a budget amendment was not adopted.
Recommen	dation: Better oversight is needed for actual to budgeted expenditures and budget amendments should be made as needed

View of responsible officers and planned corrective actions: The County agrees with this finding. The County will review budgetary items more closely as they relate to project funds.

Section III - Federal Award Findings and Questioned Costs

US Department of Health and Human Services

Passed through the NC Dept. of Health and Human Services: Division of Social Services Program Name: Medical Assistance Program (Medicaid) CFDA# 93,778

Finding: 2020-004

Significant Deficiency Eligibility/Internal Controls

Criteria: Individual case records should maintain proper evidence of the eligibility determination and redeterminations in accordance with the Medicaid Manual and 42 CFR 431,10,

Condition: One applicant's information was not properly entered into NC Fast for determination of Medicaid eligibility. An audit of the case file determined the individual qualified for Medicaid.

Context: Out of a population of 1,192,195 case files, 98 Medicaid case files were audited for eligibility requirements. One out of the 98 Medicaid case files did not have enough information entered into NC Fast to determine eligibility at recertification.

Effect: Lack of evidence entered into NC fast could cause an individual to improperly receive Medicaid benefits when they otherwise would not qualify. In addition an individual could be excluded from benefits when they would otherwise qualify.

Cause: Human oversight in the eligibility documentation process.

Recommendation: Controls could be strengthened to ensure all required steps to determine eligibility have taken place and that all documents are completed.

Views of responsible officials and planned corrective actions:

The County agrees with this finding and has strengthened controls in the data entry of client information by continuing monthly second party reviews measuring internal controls and eligibility.

Section IV - State Award Findings and Questioned Costs

US Department of Health and Human Services

Passed through the NC Dept, of Health and Human Services: Division of Social Services Program Name: Medical Assistance Program (Medicaid) CFDA# 93.778

Finding: See Federal Finding 2020-004

North Carolina Department of Commerce Program Name: Industrial Development Fund Finding: 2020-005

Material Noncompliance Material Deficiency <u>Period of Performance</u>

- Criteria: Each grant agreement defines a period of time that expenditures can take place,
- Condition: Grant expenditures were incurred outside the allowable period of time as specified in the grant.
- Context: \$506,744.05 in expenditures was incurred to a contractor before the allowable period of time as stated in the grant agreement.

Questioned

- Costs: \$506,744.05. This amount was determined by reviewing invoice that relates to work performed outside of the period of performance.
- Effect: Expenditures were incurred by the County in a period outside of the signed grant agreement resulting in the County not getting reimbursed by the grantor.
- Cause: A lack of internal controls related to the period of allowable expenditures as outlined in the grant agreement.
- Recommendation: Controls should be established within the finance department to better manage grant agreements. Grant compliance supplements are available for most grants and should be utilized by the County as a method of quality control to ensure the basic requirements for grants are met. At the date of this report, negotiations were taking place with the NC Department of Commerce and the County to resolve this issue. See subsequent events note on page 67 for details.

Views of responsible officials and planned corrective actions:

The County agrees with this finding. The County will assign staff to specifically manage grant agreements. As a form of internal quality control this person will also review compliance supplements to ensure the County is following the requirements of the grant.

SCOTLAND COUNTY CORRECTIVE ACTION PLAN For the Year Ended June 30, 2020

	Section II - Financial Statement Findings
Finding: 2020-001	
Name of contact person:	Beth Hobbs - Finance Officer
Corrective Action:	The County intends to improve on gathering information in order to provide the auditor with timely financial information and trial balanc Personnel have been reassigned to accounting duties.
Proposed Completion Date:	Immediately.
Finding: 2020-002	
Name of contact person:	Beth Hobbs - Finance Officer
Corrective Action:	The Finance Officer will work with the tax department to ensure the proper foreclosure values are recorded to the County's fixed asset record
Proposed Completion Date:	Immediately.
Finding: 2020-003	
Name of contact person:	Beth Hobbs - Finance Officer
Corrective Action:	The Finance Officer will review project funds more closely to ensure all budgetary requirements are met.
Proposed Completion Date:	Immediately.
Sec	tion III - Federal Award Findings and Questioned Costs
Finding: 2020-004	

Finding: 2020-004	
Name of contact person:	Carolyn Lewellen and April Snead
Corrective Action:	Finding is related to data entry of case files and considered a technical error as the client qualified for Medicaid. We have strengthened data entry of client reports each month by ensuring data merges are completed.
Proposed Completion Date:	Immediately.

Finding: 2020-004

See Federal Award Findings and Questioned Costs, Finding 2020-004 and Corrective Action Plan.

Finding: 2020-005

Finance staff has been assigned to review grant agreements. Staff is also responsible for ensuring all grant requirements have been met.

Notes to the Schedule of Expenditures of Federal and State Financial Awards:

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of SCOTLAND County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2020. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the schedule presents only a selected portion of the operations of SCOTLAND County, it is not intended to and does not present the financial position, changes in net position or cash flows of Scotland County. **Note 2: Summary of Significant Accounting Policies**

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Indirect Cost Rate

SCOTLAND County has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4: Cluster of Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Subsidized Child Care and Foster Care and Adoption.

Note 5: Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures of the County.

Program Title	CFDA No.	Federal	State
Special Supplemental Nutrition Program for Women Infants and Children	10,557	958,539	-
Supplemental Nutrition Assistance Program	10,551	15,738,444	-

Child Welfare Services Adoption		-	120,994
State/County Special Assistance Program		-	241,784
te 6° Coronavirus Relief Funds			•

Note 6: Coronavirus Relief Funds

Scotland County received \$816,582 of funding from the Coronavirus Relief Fund (21.019) and received \$675,842.92 in July 2020. At least twenty-five percent (25%) of the funds are mandated to go to municipalities within Scotland County, at the discretion of the County. Municipalities are to have a plan to spend these funds by September 1, 2020, or any funds received are to be returned to the County. Counties and municipalities are liable to the State for funds not spent in accordance with US Dept. of Treasury, the granting agency, guidelines. According to the Office of State Budget and Management, the State's pass-through agency, municipalities are considered subrecipients of the Counties. However, under state statute, municipalities are liable to the State, not the County, for any misused or misspent funds. CRF must be spent during the period March 1, 2020 to December 31, 2021.
