### **Independent Auditor's Report**

To the Honorable Mayor and Members of the City Council City of Dunn, North Carolina

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Dunn, North Carolina (the "City"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these basic financial statements based on our audit. We did not audit the financial statements of the City of Dunn ABC Board, which represents 100 percent of the assets, net position, and revenues of the discretely presented component unit. Those financial statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of Dogwood ABC Board, is based solely on the report of another auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. The financial statements of the City of Dunn ABC Board were not audited in accordance with Government Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the basic financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, based on our audit, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and each major fund and aggregate remaining fund information of the City of Dunn, North Carolina as of June 30, 2020, and the respective changes in financial position and cash flows, where appropriate, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 4 through 11; Schedule of the Proportionate Share of Net Pension Liability and Schedule of Contributions - Local Government Employees' Retirement System (Exhibit 11) on page 54; Schedule of Changes in Total Pension Liability - Law Enforcement Officers' Special Separation Allowance and Schedule of Total Pension Liability as a Percentage of Covered Payroll (Exhibit 12) on page 55; and the Schedule of Changes in the Total OPEB Liability and Related Ratios (Exhibit 13) on page 56 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements of City of Dunn, North Carolina. The combining and individual fund statements, budgetary schedules, other schedules, and Schedule of Expenditures of Federal and State Awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards, as listed on the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the procedures performed as described above, the combining and individual fund statements, budgetary schedules, Schedule of Expenditures of Federal and State Awards, and other schedules, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2021 on our consideration of the City of Dunn, North Carolina's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and on the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Bernard Robinson & Company, J.S.P.

Greensboro, North Carolina March 1, 2021

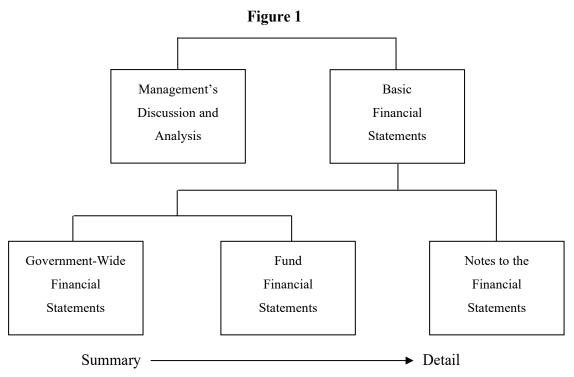

As management of the City of Dunn, North Carolina (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2020. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the City's financial statements, which follow this narrative.

### **Financial Highlights**

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$31,160,092 (net position).
- The government's total net position increased by \$790,205.
- As of the close of the current fiscal year, the City's total governmental funds reported combined ending fund balances of \$4,796,876 with a net decrease of \$654,885 in fund balance. This decrease is primarily due to the funding of capital projects. Approximately 50% of fund balance or \$2,404,271 is non spendable or restricted.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$3,053,276 or 27% of total General Fund expenditures for the fiscal year. The combined unassigned and assigned fund balance for the General Fund was \$3,353,276 or 29% of total General Fund expenditures for the fiscal year.
- The City's total long-term liabilities increased by \$1,137,791 during the current fiscal year.
- The business-type activities revenue increased by \$989,607 (20%).

### **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to the City of Dunn, North Carolina's basic financial statements. The City's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the City of Dunn, North Carolina.

### **Required Components of Annual Financial Report**

### **Basic Financial Statements**

The first two statements (Exhibits 1 and 2) in the basic financial statements are the Government-Wide Financial Statements. They provide both short and long-term information about the City's financial status.

The next statements (Exhibits 3 through 10) are Fund Financial Statements. These statements focus on the activities of the individual parts of the City's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements is the notes. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, supplemental information is provided to show details about the City's individual funds. Budgetary information required by the North Carolina General Statutes also can be found in this part of the statements.

### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the City's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the City's financial status as a whole.

The two government-wide statements report the City's net position and how it has changed. Net position is the difference between the City's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the City's financial condition.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

### June 30, 2020

The government-wide statements are divided into two categories: 1) governmental activities; and 2) business-type activities. The governmental activities include most of the City's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the City charges customers to provide. These include the water and sewer services offered by the City of Dunn.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

### **Fund Financial Statements**

The fund financial statements (see Figure 1) provide a more detailed look at the City's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Dunn, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the City's budget ordinance. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

*Governmental Funds* - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. All of the City's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* that provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the City's programs. The relationship between governmental funds is described in a reconciliation that is a part of the fund financial statements.

The City of Dunn adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the City, the management of the City, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the City to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the City complied with the budget ordinance and whether or not the City succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Fund - The City of Dunn has one kind of proprietary fund, an Enterprise Fund.

*An Enterprise Fund* is used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Dunn, North Carolina uses an enterprise fund to account for its water and sewer activity. This fund is the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

*Notes to the Financial Statements* - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements immediately follow Exhibit 10 of the audit report.

*Other Information* - In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 50 of this report.

*Interdependence with Other Entities* - The City depends on financial resources flowing from, or associated with, both the federal government and the State of North Carolina. Because of this dependency, the City is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

Other liabilities	1,591,795	1,399,178	923,313	1,168,353	2,515,108	2,567,531		
Deferred inflows of resources	244,419	261,978	59,638	79,875	304,057	341,853		
Total liabilities	17,144,454	15,075,746	9,668,095	9,212,738	26,812,549	24,288,484		
Net Position:								
Net investment in capital								
assets	8,296,835	6,512,326	17,474,975	20,457,636	25,771,810	26,969,962		
Restricted	5,250,288	5,665,759	-	-	5,250,288	5,665,759		
Unrestricted	(4,945,490)	(4,018,335)	5,083,484	1,752,501	137,994	(2,265,834)		
Total net position	\$ 8,601,633	\$ 8,159,750	\$ 22,558,459	\$ 22,210,137	\$ 31,160,092	\$ 30,369,887		

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of the City of Dunn exceeded liabilities and deferred inflows by \$31,160,092 as of June 30, 2020. The City's net position for governmental activities and business-type activities were \$8,601,633 and \$22,558,459, respectively. The City's net position increased by \$790,205 for the fiscal year ended June 30, 2020.

However, the largest portion, \$25,771,810, reflects the City's net investment in capital assets (e.g. land, buildings, machinery, and equipment); less any related debt still outstanding that was issued to acquire those items. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's net investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the City's net position of \$5,250,288 represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$137,994 is unrestricted.

Several particular aspects of the City's financial operations positively influenced the total governmental net position, notably, the continued diligence in the collection of property taxes by accomplishing a tax collection percentage over 99% and the continued growth in the tax base.

Net position, beginning, restated	8,159,750	8,447,200	22,210,137	21,464,166	30,369,887	29,911,366		
Net position, June 30,	\$ 8,601,633	\$ 8,159,750	\$ 22,558,459	\$ 22,210,137	\$ 31,160,092	\$ 30,369,887		

*Governmental Activities* - Governmental activities increased the City's net position by \$441,883, thereby accounting for 56% of the total increase in the net position of the City. Positive elements affecting net position were an increase in local option sales tax revenue and a strong property tax collection rate over 99%.

*Business-Type Activities* - Business-type activities of the City reported \$22,558,459 in net position, an increase of \$348,322. Positively impacting net position was a \$998,596 increase in revenue.

### Financial Analysis of the City's Funds

As noted earlier, the City of Dunn uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

*Governmental Funds* - The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the City's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the City of Dunn. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$3,053,276, while the total fund balance reached \$5,721,993. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 27% of total General Fund expenditures, while total fund balance is 50% of total General Fund expenditures.

At June 30, 2020, the governmental funds of the City of Dunn reported a fund balance of \$4,796,876 with a net decrease in fund balance of \$654,885. Included in this change in fund balance is a decrease in fund balance in the Capital Projects Fund totaling \$2,441,390.

*General Fund Budgetary Highlights* - During the fiscal year, the City revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

Revenues were more than the budgeted amounts primarily because the City did not expect to receive some of the unrestricted intergovernmental funds that became available. Expenditures were held in check to comply with its budgetary requirements.

*Proprietary Fund* - The City's proprietary fund provides the same type of information found in the government-wide statements, but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to \$5,083,484. Other factors concerning the finances of this fund have already been addressed in the discussion of the City's business-type activities.

### **Capital Asset and Debt Administration**

*Capital Assets* - The City's investment in capital assets for its governmental and business-type activities as of June 30, 2020, totals \$41,282,244 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, park facilities, and vehicles.

Major capital asset transactions during the year include the additions of land and funding of capital project, equipment, vehicles and infrastructure. There were no significant demolitions or disposals of capital assets.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the City of Dunn is \$56,175,186. The City has no bonds authorized but unissued at June 30, 2020.

Additional information regarding the City's long-term debt can be found in the notes to the basic financial statements.

### **Economic Factors and Next Year's Budgets and Rates**

The following key economic indicators reflect the growth and prosperity of the City.

- Economic trends in the region compare favorable to national indices.
- The City approved a \$11,275,000 General Fund budget for fiscal year 2020-2021. This budget represents an 8.1% decrease from the fiscal year 2019-2020 amended budget.

### **Requests for Information**

This report is designed to provide an overview of the City's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Finance Director, James O. Roberts, MPA, 401 East Broad Street, Dunn, NC 28334. CITY OF DUNN, NORTH CAROLINA Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of the Governmental Funds to the Statement of Activitie Governmental Funds Year Ended June 30, 2020	8	Exhibit 6
Amounts reported for governmental activities in the statement of activities are because:		
Net change in fund balances - total governmental funds		\$ (654,885)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		
Capital outlay expenditures which were capitalized	\$ 2,441,390	
Depreciation expense for governmental assets	(695,616)	1,745,774
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities Benefit payments paid and administrative expense for the LEOSSA are not included on the Statement of Activities		364,400 33,654
OPEB benefit payments and administrative costs made in the current fiscal year are not included on the Statement of Activities		198,189
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. Change in tax receivable		(39,795)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds: Compensated absences	(81,329)	
Net pension obligation	(779,169)	
Other postemployment benefits	(546,821)	(1,407,319)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of		
these differences in the treatment of long-term debt and related items.	-	201,865

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Dunn, North Carolina (the "City") conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant accounting policies:

### **Reporting Entity**

The City is a municipal corporation, which is governed by an elected mayor and a four-member council. As required by accounting principles generally accepted in the United States of America, these financial statements present the City and its component unit, a legally separate entity for which the City is financially accountable. The discretely presented component unit presented below is reported in a separate column in the financial statements in order to emphasize that it is legally separate from the City.

### City of Dunn ABC Board

The members of the ABC Board's governing board are appointed by the City. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the City. The ABC Board, which has a June 30 year end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at City of Dunn ABC Board, P.O. Box 70, Dunn, North Carolina, 28335-0070.

### **Basis of Presentation**

*Government-Wide Statements:* The statement of net position and the statement of activities display information about the primary government. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the City's funds. Separate statements for each fund category - *governmental and proprietary* - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

The City reports the following major governmental fund:

*General Fund* – This fund is the general operating fund of the City. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, and sanitation services.

The City reports the following major enterprise fund:

*Water and Sewer Fund* – This fund is used to account for the City's water and sewer operations. Water and Sewer Capital Projects Fund has been consolidated into the Water and Sewer Fund for financial reporting purposes. The budgeting comparison for the Water and Sewer Capital Projects Fund has been included in the supplemental information.

### **Measurement Focus and Basis of Accounting**

In accordance with North Carolina General Statutes, all funds of the City are maintained during the year using the modified accrual basis of accounting.

*Government-Wide and Proprietary Fund Financial Statements* - The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

*Governmental Fund Financial Statements* - Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The City considers all revenues available if they are collected within 90 days after year end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles are splicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the City are recognized as revenue. Sales taxes are considered a shared revenue for the City because the tax is levied by Harnett County and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

### **Budgetary Data**

The City's budgets are adopted as required by North Carolina General Statutes. An annual budget is adopted for the General and Enterprise Funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Governmental and Enterprise Capital Projects Funds. The enterprise fund projects are consolidated with their respective operating fund for reporting purposes. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriation by more than \$5,000. All amendments must be approved by the governing board. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers the time until the annual ordinance can be adopted.

### Assets, Liabilities, Deferred Inflows/Outflows of Resources, and Fund Equity

### Deposits and Investments

All deposits of the City and the ABC Board are made in board-designated official depositories and are secured as required by the State law (G.S. 159-31). The City and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the City and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law (G.S. 159-30(c)) authorizes the City and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust ("NCCMT"). The City and the ABC Board's investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT Government Portfolio, a SEC-registered (2a-7) external investment pool, is measured at fair value. The NCCMT- Term Portfolio is a bond fund, has no rating and is measured at fair value. As of June 30, 2020, The Term portfolio has a duration of .15 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

### Cash and Cash Equivalents

The City pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

### **Restricted Assets**

Customer deposits held by the City before any services are supplied are restricted to the service for which the deposit was collected. Drug tax funds are classified as restricted because they can only be used for public safety. Powell Bill funds are also classified as restricted assets because they can be expended only for the purposes of maintaining, repairing, constructing, reconstructing or widening of local streets per G.S. 136-41.1 through 136-41.4.

### CITY OF DUNN, NORTH CAROLINA Notes to Financial Statements

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Ad Valorem Taxes Receivable

In accordance with State law (G.S. 105-347 and G.S. 159-13(a)), the City levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6<sup>th</sup>. These taxes are based on the assessed values as of January 1, 2019.

### **Allowance for Doubtful Accounts**

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years. At year end, the City believes that receivables are fully collectable.

### **Inventories and Prepaid Items**

The inventories of the City and the ABC Board are valued at cost (first-in, first-out), which approximates market value. The City's General Fund inventory consists of expendable supplies that are recorded as expenditures as used rather than when purchased.

The inventories of the City's enterprise funds and those of the ABC Board consist of materials and supplies held for subsequent use. The cost of these inventories is expensed when consumed rather than when purchased.

Certain prepayments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements and expensed as the items are used.

### **Capital Assets**

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Capitalization cost for the City's assets are \$5,000. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to June 30, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 30, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets of the City are depreciated using the straight-line basis over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Buildings	30 years
Improvements	20 years
Furniture, equipment, tractor units, and traile	rs 7 years
Vehicles, data handling equipment except co	mputers 5 years
Computer equipment	3 years

Property, plant, and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

Asset Class	Estimated Useful Lives
Buildings	10-40 years
Leasehold Improvements	15-40 years
Furniture and equipment	3-10 years

### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element called deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as expense or expenditure until then. The City has an item that meets this criterion, deferrals of pension and OPEB. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflow of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The City has three items that meet the criterion for this category - prepaid property taxes, property taxes receivable, pension and OPEB deferrals.

### **Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred. Prepaid insurance costs are expensed over the life of the related debt.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### **Compensated Absences**

Vacation leave is accumulated at the rate of up to thirty (30) days per year with such leave being fully vested when earned. For the City's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded within the funds as the leave is earned. The City has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The City's sick leave policies provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the City does not have any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

### Net Position/Fund Balances

*Net Position* - Net position in the government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or b) imposed by law through State statutes.

### Fund Balances

In the governmental fund financial statements, fund balance is composed of three classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Restricted Fund Balance - This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Transportation - portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Restricted for Public Safety - portion of fund balance that is restricted by revenue source for certain drug enforcement expenditures.

Restricted for USDA Debt Service – portion of fund balance that is restricted as required by loan agreements with the USDA.

Restricted for Harnett Training School – portion of fund balance that is restricted as required by loan agreements for renovations to the Harnett Training School.

Assigned Fund Balance – portion of fund balance that the City intends to use for specific purposes.

Subsequent year's expenditures – portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed.

Unassigned Fund Balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The City has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-City funds, City funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the City.

### **Defined Benefit Cost-Sharing Plans**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The City of Dunn, North Carolina's employer contributions are recognized when due and the City of Dunn, North Carolina has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

### NOTE 2 – STEWEARDSHIP, COMPLIANCE AND ACCOUNTABILITY

### **Deficit Fund Balance or Net Position of Individual Funds**

The City has two nonmajor governmental funds with deficit fund balances as of June 30, 2020. These deficits were caused because of delays in receiving anticipating loans and intergovernmental funding. The City will either obtain the funding during the year ending June 30, 2021 or correct the deficit with transfers from other funds.

### **Excess Expenditures over Appropriations**

For the fiscal year ended June 30, 2020, the expenditures made in the City's General Fund exceed authorized appropriations made by the governing board for Powell Bill street repairs and construction and debt service by \$8,553 and \$2,103, respectively. The expenditures in the City's Automated Meter Reading System capital project fund and Stormwater Fund also exceeds authorized appropriations by \$31,879 and \$32,419, respectively. These over-expenditures occurred because of unplanned expenditures. Management and the Board will more closely review the budget reports to ensure compliance in future years.

### NOTE 3 – DETAIL NOTES ON ALL FUNDS

### A. Assets

### Deposits

All the deposits of the City and the ABC Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the City's or ABC Board's agents in the units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City and the ABC Board, these deposits are considered to be held by the City's and ABC Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest-bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the City, the ABC Board, or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the City and ABC Board under the Pooling Method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The City has no formal policy regarding custodial credit risk for deposits but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The City complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The ABC Board has no formal policy regarding custodial credit risk for deposits.

At June 30, 2020, the City's deposits had a carrying amount of \$2,691,388 and a bank balance of \$2,051,069. Of the bank balance, \$500,000 was covered by federal depository insurance and the remainder was covered by collateral under the pooling method. The carrying amount of deposits for the ABC Board was \$429,952 and the bank balance was \$558,601. At June 30, 2020, the ABC Board bank balance exceeded federal depository insurance coverage. The remaining bank balance of \$308,601 was covered by collateral held under the Pooling Method. At June 30, 2020, the City's petty cash fund totaled \$1,070.

#### Investments

The City's investment balances were as follows:

	Valuation				
	Measurement				
Investment Type	Method	B	ook Value	Maturity	Rating
NC Capital Management Trust	:-				
Government Portfolio	Fair Value - Level 1	\$	1,065,739	N/A	AAAm
NC Capital Management Trust	: -				
Term Portfolio	Fair Value - Level 1		2,361,426	0.15 years	Unrated
Government Agency - Federal					
Home Loan Bank	Fair Value - Level 2		117,191	August 19, 2022	AAA
		\$	3,544,356	_	

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets. Level of fair value hierarchy: Level 1: debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level 2 debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' benchmark quoted prices.

Interest Rate Risk - The City and ABC Board has no formal investment policy regarding interest rate risk.

*Credit Risk* – The City has no formal policy regarding credit risk, but has internal management procedures that limits the City's investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. The City's investment in the NC Capital Management Trust Government Portfolio carried a credit rating of AAAm by Standard & Poor's as of June 30, 2020. The City's investment in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the U.S. government and agencies, and in high grade money market instruments as permitted under North Carolina General Statutes 159-30 as amended.

#### Receivables

Notes Receivable:

#### General Fund

The City has financed the renovation of Harnett Training School. The School will be used to house apartments for rent to the public. Harnett Training School, LLC will repay the city annually over a 20 year period. The original amount of the notes receivable was \$3,100,000, and repayment to the City is dependent on the profitability performance measures of Harnett Training School. No cash was received from activities related to this transaction during the year ended June 30, 2020. As of June 30, 2020, the balance on this note receivable was \$3,100,000.

#### Water and Sewer Fund

The City has financed the construction of a water line to the Eastover Sanitary District. Eastover Sanitary District will repay the city monthly over a 20 year period. The original amount of the note receivable was \$2,604,064. As of June 30, 2020, the balance on this note receivable was \$1,847,915.

#### Accounts Receivable:

The amounts presented in the Balance Sheet and the Statement of Net Position are net of the following allowances for doubtful accounts:

General Fund	
Taxes receivable	\$ 54,281
Customer charges	 4,299
	\$ 58,580
Water and Sewer	
Customer charges	\$ 27,101

Accounts receivable consists of the following, net of allowances for doubtful accounts:

General Fund	
Taxes receivable	\$ 39,702
Customer charges	509,126
Special assessments	127,832
	\$ 676,660
Water and Sewer	
Customer charges	\$ 668,488
Dunn Development Corporation	142,571
Interest	43,944
Other receivables	 17,819
	\$ 872,822
Water and Sewer	
Customer charges	\$ 18,248

#### CITY OF DUNN, NORTH CAROLINA Notes to Financial Statements

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS (Continued)

#### **B.** Liabilities

#### Pension Plan and Postemployment Obligations

#### a. Local Governmental Employees' Retirement System

*Plan Description.* The City of Dunn is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and the State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

*Benefits Provided.* LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

*Contributions*. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. City of Dunn employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The City of Dunn's contractually required contribution rate for the year ended June 30, 2020, was 9.70% of compensation for law enforcement officers and 8.95% for general

employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the City of Dunn were \$506,167 for the year ended June 30, 2020.

*Refunds of Contributions* - City employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the City reported a liability of \$2,121,925 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018. The total pension liability was then rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. The City's proportion of the net pension liability was based on a projection of the City's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2019, the City's proportion was 0.07770%, which was an increase of 0.00334% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the City recognized pension expense of \$939,559. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		In	Deferred flows of esources
Differences between expected and actual experience	\$	363,328	\$	-
Changes of assumptions		345,839		-
Net difference between projected and actual earnings				
on pension plan investments		51,756		-
Changes in proportion and differences between Town				
contributions and proportionate share of contributions		47,222		27,779
City contributions subsequent to the measurement date		506,167		-
	\$	1,314,312	\$	27,779

\$506,167 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ending June 30, 2021.

Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2021	\$ 378,009
2022	126,032
2023	208,650
2024	 67,675
	\$ 780,366

Actuarial Assumptions: The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0%
Salary increase, including inflation and	
productivity factor	3.50 to 8.10%
Investment rate of return, net of pension	
plan investment expense, including inflation	7.00%

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns, and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019 are summarized in the following table:

		Long-Term Expected
Asset Class	Target Allocation	Real Rate of Return
Fixed income	29.0%	1.4%
Global equity	42.0%	5.3%
Real estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation protection	6.0%	4.0%
	100.0%	

The information above is based on 30-year expectations developed with the consulting actuary for the 2018 asset, liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

*Discount rate:* The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate: The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the City's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1%	Discount	1%
	Decrease	Rate	Increase
	(6.00%)	(7.00%)	(8.00%)
Towns' proportionate share of the			
net pension liability (asset)	\$ 4,853,234	\$ 2,121,926	\$ (148,343)

#### CITY OF DUNN, NORTH CAROLINA Notes to Financial Statements

### NOTE 3 - DETAIL NOTES ON ALL FUNDS (Continued)

*Pension plan fiduciary net position:* Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers Special Separation Allowance

#### Plan Description

The City of Dunn, North Carolina administers a public employee retirement system (the *Separation Allowance*), a single-employer defined benefit pension plan that provides retirement benefits to the City's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time City law enforcement officers are covered by the Separation Allowance. At December 31, 2018, the Separation Allowance's membership consisted of:

Retirees receiving benefits	2
Active plan members	39
	41

#### Summary of Significant Accounting Policies

*Basis of Accounting:* The City has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statement 73.

#### Actuarial Assumptions

The entry age normal actuarial cost method was used in the December 31, 2018 valuation. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases, including inflation and productivity factor	3.50 to 7.35%
Discount rate	3.26%

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2018.

Mortality rates are based on the following:

- Deaths After Retirement (Healthy): RP-2014 Healthy Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 104% for males and 100% for females.
- Deaths Before Retirement: RP-2014 Employee base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015.
- Deaths After Retirement (Beneficiary): RP-2014 Healthy Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 123% for males and females.
- Deaths After Retirement (Disabled): RP-2014 Disabled Retiree base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 103% for males and 99% for females.

#### **Contributions**

The City is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The City's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The City paid \$29,957 as benefits came due for the reporting period.

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the City reported a total pension liability of \$1,261,058. The total pension liability was measured as of December 31, 2019 based on a December 31, 2018 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2018 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2020, the City recognized pension expense of \$107,135.

	Deferred Outflows Deferred Inflo				
	of	Resources	ofResources		
Differences between expected and actual experience	\$	39,114	\$	47,064	
Changes of assumptions		69,544		42,472	
Benefit payments and administrative costs made					
subsequent to the measurement date		21,235		-	
Total	\$	129,893	\$	89,536	

\$21,235 paid as benefits came due subsequent to the measurement date have been reported as deferred outflows of resources and will be recognized as a decrease of the total pension liability in the year ending June 30, 2020.

#### **CITY OF DUNN, NORTH CAROLINA Notes to Financial Statements**

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS (Continued)

Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2021	\$ 7,867
2022	7,867
2023	10,917
2024	(4,982)
2025	 (2,547)
	\$ 19,122

Sensitivity of the City's total pension liability to changes in the discount rate. The following presents the City's total pension liability calculated using the discount rate of 3.64 percent, as well as what the City's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.64 percent) or 1-percentage-point higher (4.64 percent) than the current rate:

	1%	Discount	1%
	Decrease	Rate	Increase
	(2.26%)	(3.26%)	(4.26%)
Total pension liability	\$ 1,366,188	\$ 1,261,058	\$ 1,164,686

# Schedule of Changes in Total Pension Liability Law Enforcement Officers' Special Separation Allowance

Beginning balance	\$1,214,771
Service cost	55,663
Interest on the total pension liability	43,605
Differences between expected and actual experience	
in the measurement of the total pension liability	(56,952)
Changes of assumptions or other inputs	37,625
Benefit payments	(33,654)
Ending balance of the total pension liability	\$1,261,058

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

#### Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources of Related to Pensions

Following is information related to the proportionate share and pension expense for all pension plans:

	 LGERS	 LEOSSA	 Total
Pension Expense	\$ 939,559	\$ 107,135	\$ 1,046,694
Pension Liability	2,121,925	1,261,058	3,382,983

Changes in proportion and differences between contributions			
and proportionate share of contributions	27,779	-	27,779

#### c. Supplemental Retirement Income Plan for Law Enforcement Officers and Other Employees

*Plan Description:* The City contributes to the Supplemental Retirement Income Plan ("Plan"), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers and other employees employed by the City. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the CAFR for the State of North Carolina. The State's CAFR includes pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

The City has also elected to have employees not engaged in law enforcement participate in the Supplement Retirement Income Plan. In addition, the ABC Board provides retirement benefits to full time employees.

*Funding Policy:* Article 12E of G.S. Chapter 143 requires the City to contribute each month an amount equal to 5.00% of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers and other employees may make voluntary contributions to the plan. Contributions for the year ended June 30, 2020 were \$343,556, which consisted of \$273,124 from the City and \$70,432 from the law enforcement officers and other employees.

#### **Other Postemployment Benefits (OPEB)**

#### Healthcare Benefits

*Plan Description:* Under the terms of a City resolution, the City administers a single employer defined benefit healthcare plan ("the Retiree Health Plan"). The plan provides postemployment healthcare benefits to retirees of the City, provided they participate in the North Carolina Local Governmental Employees' Retirement System ("System") and have at least twenty-five years of creditable service with the City. The City pays the full cost of coverage for these benefits. Retirees with at least fifteen years of service may remain on the City's plan and are eligible for premium supplements established by the City Council. Also, the City's retirees can purchase coverage for their dependents at the City's group rates. The City Council may amend the benefit provisions. A separate report was not issued for the plan.

Employees hired after July 1, 2017, will only be eligible for retiree insurance after completion of twenty or more years of service with the City. Membership of the Retiree Health Plan consisted of the following at June 30, 2019, the date of the latest actuarial valuation:

		Law
	General	Enforcement
	Employees	Officers
Retirees receiving benefits	39	-
Active plan members	73	45
	112	45

#### **Total OPEB Liability**

The City's total OPEB liability of \$8,377,587 was measured as of June 30, 2019 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.75%
Salary increases, including wage inflation	2.75%
Discount rate, net of investment expense, including inflation	2.20%
Healthcare cost trend rates	4.00%

The discount rate is based on the yield of the June average of the Bond Buyer General Obligation 20year Municipal Bond Index published weekly by The Bond Buyer.

#### **Changes in the Total OPEB Liability**

Changes for the year	
Service cost	\$ 389,537
Interest	247,021
Differences between expected and actual experience	15,008
Changes in assumptions or other inputs	1,000,686
Benefit payments	 (275,262)
Net changes	 1,376,990
Balance, beginning	 7,000,597
Balance, ending	\$ 8,377,587

Mortality rates were based on the SOA Pub-2010 mortality tables with Scale MP-2019 improvements until 2025.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period January 2010 through December 2014.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percenatage-point lower (1.20 percent) or 1-percentage-point higher (3.20 percent) than the current discount rate:

	 1 % Decrease	Discount Rate (2.20%)		1	% Increase
Total OPEB liability	\$ 9,530,464	\$	8,377,587	\$	7,421,160

Sensitivity to the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	Discount Rate							
		(3.0%)		(4.0%)		(5.0%)		
Total OPEB liability	\$	7,283,886	\$	8,377,587	\$	9,728,678		

## **OPEB** Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the City recognized OPEB expense of \$262,966. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Defe	erred Outflows	Defe	rred Inflows
0	fResources	of	Resources
\$	21,135	\$	17,899
	1,175,837		167,314
	-		-
\$	1,196,972	\$	185,213
	<u>o</u> † \$	of Resources \$ 21,135 1,175,837	\$ 21,135 \$ 1,175,837

Because the plan's measurement date is the same as the City's fiscal year end, there are no deferred outflows of resources related to benefit payments and administrative expenses made subsequent to the measurement date. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2021	\$ 122,915
2022	122,915
2023	122,915
2024	122,915
2025	125,680
Thereafter	 394,419
	\$ 1,011,759

#### Other Employment Benefits

The City has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan and not by the City, the City does not determine the number of eligible participants. The City has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are

determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The City considers these contributions to be immaterial.

#### Long-Term Obligations

#### Installment Purchases

The City has entered into the following direct placement contracts:

#### Serviced by the General Fund:

\$975,000 loan in November 2012 to construct improvements to Tyler Park due in annual installments ranging from \$102,278 to \$105,849 including interest through November 2022; interest at 2.45 percent	\$ 298,460
\$2,989,000 loan in August 2013 to finance improvements to Downtown infrastructure due in annual installments of \$181,373 including interest through August 2038; interest at 3.50 percent	2,480,499
\$700,000 loan in July 2014 to construct phase 2 improvements to Tyler Park due in annual installments ranging from \$79,345 to \$74,354 including interest through July 2024; interest at 2.67 percent	280,615
\$137,000 loan in August 2014 to finance six police vehicles due in annual installments of \$22,616 including interest through August 2021; interest at 3.751 percent	43,603
\$2,200,000 loan in August 2014 to renovate the Harnett Training School and City Hall due in annual installments of \$146,051 including interest through August 2025; interest at 9.75 percent or 85 percent of the Wall Street Journal prim rate, the lesser of the two	1 0 40 007
	1,849,297
\$120,000 loan in March 2016 to finance five police vehicles due in annual installments ranging from \$18,818 to \$17,698 including interest through March 2023; interest at 3.125 percent	55,107
\$128,000 loan in July 2016 to finance a sanitization vehicle due in annual installments of \$27,251 including interest through July 2021; interest at 2.12 percent	52,853
\$125,000 loan in March 2017 to finance five police vehicles due in annual installments of \$19,875 including interest through March 2024; interest at 2.75 percent	74,772

2025	134,683		52,642	187,325
2026-2030	746,650		189,949	936,599
2031-2034	 609,165		56,255	 665,420
Total	\$ 2,535,362	\$	571,969	\$ 3,107,331

#### General Obligation Bonds

In March 2017, the City received direct placement general obligation refunding bonds from BB&T for the purpose of the construction of facilities utilized in the operations of the water and sewer system, and which are being retired by its resources, are reported as long-term debt in the Water and Sewer Fund. All general obligation bonds are collateralized by the full faith, credit, and taxing power of the City. The amount of the issuance is \$1,180,000 and is expected to have a final maturity date of June 1, 2025. The bonds are expected to bear an interest rate of 2.14%.

The future minimum payments on the general obligation bond are as follows:

	]	Principal	Interest		 Total
Year Ending June 30					
2021	\$	152,000	\$	15,301	\$ 167,301
2022		149,000		12,048	161,048
2023		141,000		8,860	149,860
2024		138,000		5,842	143,842
2025		135,000		2,889	 137,889
Total	\$	715,000	\$	44,940	\$ 759,940

#### Revolving Water and Sewer Loan

In August 2010 the City entered into a direct placement agreement from the Water Pollution Control Revolving Loan Fund in the amount of \$4,385,114. This note was used to finance replacing gravity sewer lines, upgrading lift stations and constructions of equalization basin at the wastewater treatment facility. The promissory note requires principal payments beginning May 2012 with interest at 2.5%. The balance of this note is \$2,411,811 at June 30, 2020.

The future minimum payments on the revolving water and sewer loan are as follows:

	Principal	Interest		Total
Year Ending June 30				
2021	\$ 219,256	\$ 60,295	\$	279,551
2022	219,256	54,814		274,070
2023	219,256	49,333		268,589
2024	219,256	43,851		263,107
2025	219,256	38,370		257,626
2026-2030	1,096,280	109,632		1,205,912
2031-2033	 219,251	5,481		224,732
Total	\$ 2,411,811	\$ 361,776	\$	2,773,587

Net pension liability (LGERS)	493,941	100,197		-		594,138		-
Compensated absences	 65,288	 17,821		-		83,109		83,109
Total business-type								
long-term liabilities	\$ 8,732,773	\$ 688,575	\$	736,204	\$	8,685,144	\$	624,380

Compensated absences for governmental activities have typically been liquidated in the General Fund. At June 30, 2020, the City of Dunn, North Carolina had a legal debt margin of \$56,175,186.

#### C. Interfund Balances and Activity

Balances due to/from other funds at June 30, 2020, consist of the following:

Due To	Due From	 Amount		
General Fund	Nonmajor Governmental Funds	\$ 131,950		
Water and Sewer Fund	Nonmajor Governmental Funds	\$ 57,068		

The interfund balances resulted from loans from the General Fund and Water and Sewer Fund to Nonmajor Governmental Funds that will be repaid from loan proceeds, which are anticipated to be received during the fiscal year ending June 30, 2021.

#### **D.** Fund Balance

The following schedule provides management and citizens with information on the portion of General Fund that is available for appropriation:

Total fund balance - General Fund	\$ 5,721,993
Less:	
Prepaid items	1,907
Inventories	20,130
Stabilization by State Statute	1,580,709
Transportation	231,946
Public safety	185,722
USDA debt service	348,303
Subsequent year's expenditures	 300,000
Remaining Fund Balance	\$ 3,053,276

The City has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Director will use resources in the following hierarchy: bond proceeds, federal funds, state funds, local non-city funds, city funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance, and lastly unassigned fund balance. The Finance Director has the authority to deviate from this policy if it is in the best interest of the City.

#### E. Related Organization

The six-member board of the City of Dunn Housing Authority is appointed by the City Council of the City of Dunn. The City is accountable for the Housing Authority because it appoints the governing board; however, the City is not financially accountable for the Housing Authority. The City of Dunn is also disclosed as a related organization in the notes to the financial statement for the City of Dunn Housing Authority.

The board of the Averasboro Tourism Development Authority is appointed by the City Council of the City of Dunn. The City is accountable for the Authority because it appoints its governing board; however, the City is not financially accountable for the Authority. The City provides accounting and payroll functions for the Authority at no cost. At June 30, 2020, the Authority owed the City \$9,312 for reimbursement of salaries and benefits paid by the City on behalf of the Authority.

#### F. Summary Disclosure of Significant Contingencies

The City has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

## CITY OF DUNN, NORTH CAROLINA Notes to Financial Statements

## NOTE 3 - DETAIL NOTES ON ALL FUNDS (Continued)

#### G. Subsequent Events

The City has evaluated the events from the date of the balance sheet through the date the report is available to be issued, which is the date of the independent auditors' report. The City has not evaluated subsequent events after that date. There were no subsequent events during this period that required disclosure.

## STATISTICAL SECTION

This part of the Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

## **Financial Trends**

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed overtime.

## **Revenue Capacity**

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

## **Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

## **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

## **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the government provides and the activities it performs.

**COMPLIANCE SECTION** 

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other** Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Mayor and Members of the City Council City of Dunn, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial statement audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, and each major fund, and the aggregated remaining fund information of the City of Dunn, North Carolina (the "City") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 1, 2021.

## Internal Control Over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Bernard Robinson & Company, J.S.P.

# Independent Auditor's Report on Compliance for Each Major State Program and on Internal Control over Compliance in Accordance with Uniform Guidance and the State Single Audit Implementation Act

To the Honorable Mayor and Members of the City Council City of Dunn, North Carolina

We have audited the City of Dunn, North Carolina (the "City"), compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the City's major state programs for the year ended June 30, 2020. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its federal programs.

## Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), as described in the *Audit Manual for Governmental Auditors in North Carolina* and the *State Single Audit Implementation Act.* Those standards, the Uniform Guidance, and the State Single Audit Implementation with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the City's compliance.

## Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2020.

## Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency is a deficiency, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance with a type of compliance requirement of a state program will not be prevented, or deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Report on Schedule of Expenditures of Federal and State Award Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated March 1, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by the Uniform Guidance and the State Single Audit Implementation Act and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and, certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the Federal and State grant activity of the City of Dunn under the programs of the federal government and the State of North Carolina for the year ended June 30, 2020. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of the City of Dunn, it is not intended to present the financial position, changes in net assets or cash flows of the City of Dunn.

# Note 2: Summary of Significant Accounting Policies

The Schedule of Expenditures of Federal and State Awards is prepared on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

The City of Dunn has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Powell Bill expenditures as reported above represent eligible expenditures reported to the North Carolina Department of Transportation for the fiscal year ending June 30, 2020. The City is required to report annually to the North Carolina Department of Transportation on the accumulated unexpended Powell Bill funds. Unexpended Powell Bill funds are accounted for and maintained within various City funds. The total unexpended balance on-hand at June 30, 2020 is \$231,946.
