City of Lenoir, North Carolina

CITY MANAGER SCOTT E. HILDEBRAN

September 30, 2020

CITY OF LENOIR

NORTH CAROLINA

MAYOR JOSEPH L. GIBBONS

CITY COUNCIL J. T. BEAL T. H. PERDUE J. I. PERKINS R. S. PRESTWOOD D. F. STEVENS C. D. THOMAS B. K. WILLIS

Honorable Mayor Joe Gibbons Members of the Lenoir City Council Citizens of the City of Lenoir Lenoir, North Carolina

North Carolina State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to those requirements, we are pleased to present the Comprehensive Annual Financial Report (CAFR) of the City of Lenoir for the fiscal year ended June 30, 2020.

The financial statements and supplemental schedules contained herein have been audited by Eric Bowman, a licensed certified public accountant, and his unmodified opinion is included in the Financial Section of this report. The report itself, however, is presented by the City, which is responsible for both the accuracy of the data and the completeness and fairness of the presentation including all disclosures. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activity have been included.

The independent audit of the financial statements of the City of Lenoir was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing single audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Compliance section of this report.

Generally accepted accounting principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with

it. The City of Lenoir's MD&A can be found immediately following the report of the independent auditor in the Financial Section of this report.

The financial reporting entity includes all the funds of the primary government (City of Lenoir), as well as its component unit. Component units are legally separate entities for which the primary government is financially accountable. Discretely presented component units are reported in a separate column in the basic financial statements to emphasize that they are legally separate from the primary government and to distinguish their financial positions and results of operations from those of the primary government. The City of Lenoir ABC Board and Lenoir Tourism Development Authority are reported as a discretely presented component unit.

City of Lenoir Profile

Located in the foothills of the Blue Ridge Mountains, the City of Lenoir is the county seat of Caldwell County. Incorporated in 1851 and named in honor of Revolutionary War hero, General William Lenoir, the City has become an industrial center of northwestern North Carolina, as well as being the hub of commercial and government activity in the county. Lenoir is the largest incorporated area in the County and serves a population of 17,913. All the major cultural, medical, governmental, and financial activities of the County are located in the City. Lenoir enjoys a temperate climate with a mild four-season year. We are located within an hour's drive to the northwest to enjoy ski slopes and the Blue Ridge Parkway, and a five-hour drive to the southeast to enjoy the white beach sands of the Atlantic Ocean.

The City has a council/manager form of government. The mayor is elected to a four-year term and the seven members of the council are elected to staggered four-year terms. Council members hold policy-making and legislative authority. They are also responsible for adopting the budget and appointing the City Manager. The manager is responsible for implementing policies, managing daily operations, and appointing department heads.

The City provides a full range of services. These services include police and fire protection, solid waste collection, street maintenance, public improvements, planning and zoning, community and economic development, recreational activities, cemeteries and grounds-keeping, water treatment and distribution, and wastewater collection and treatment. In addition to general governmental activities, the City has a Municipal Service Taxing District in the downtown area. The District is operated and devoted to development within the taxing district. As the City of Lenoir governing body exercises oversight of the District, this activity is included in the reporting entity. The report includes all the City's activities in maintaining these services.

The City also extends financial support to certain agencies and authorities to assist their efforts in serving citizens. Among these are the Western Piedmont Council of Governments and the Foothills Regional Airport Authority.

The annual budget serves as the foundation for the City of Lenoir's financial planning and control. The City's budget is adopted by ordinance in accordance with the General Statutes of North Carolina, which requires estimated revenues and expenditures to be balanced. The budget includes only expenditures expected during the fiscal year. The budget is adopted on a modified accrual basis. All expected operating funds are included in the Budget Ordinance and are expended in accordance with the adopted ordinance. The fiscal year budget, by State Statute, begins July 1 and ends June 30.

North Carolina General Statutes also provide for capital projects and special revenue grants to be adopted for the life of the project and/or grant. The City of Lenoir has several such projects included in this report. These include the Biosolids Facility Improvement, Crossroads Sewer, Hospital Avenue Sidewalk, ARC Brownfield, EPA Brownfield Assessment, MeterSYS AMI, Water Treatment Plant Upgrades (Phase II), ARC, HOME and CDBG projects.

The appropriated budget is prepared by fund (e.g. general), function (e.g. public safety), and department (e.g. finance). Department heads may request the City Manager, acting as Budget Officer, make transfers of appropriations within a department. Transfers of appropriations between departments can be approved by the City Manager. Actual-tobudget comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented as part of the basic financial statements for the governmental funds. For other activities with appropriated annual budgets, this comparison is presented in the Combining and Individual Fund Financial Statement section of this report. Also included in this section are project-length actual-to-budget comparisons for which a project-length budget has been adopted.

Economic condition and outlook

During fiscal year 2019-2020, the economic indicators for Lenoir showed steady improvement until the Corona Virus (COVID-19) pandemic began impacting the worldwide economy. Retail sales tax revenue routinely showed improvement over the prior year until the impact of the pandemic. While collections for April and May were lower than the prior year's collections, June's collections were above the prior year's collections. For the year, sales tax collections were up 4.17%.

The Hickory-Lenoir-Morganton MSA unemployment rate remained low prior to the pandemic's stay at home order was issued. Caldwell County's unemployment rate increased in March and April but declined in May and June. The unemployment rate was 8.5% in June, 2020, more than double the prior year's rate. In an article in the Lenoir Newstopic on July 29, 2020, the Economic Development Commission's Director was quoted saying, "Caldwell is keeping pace with other counties in reducing its unemployment and assisting companies with reopening."

We continue to face significant economic uncertainty and will continue to monitor the impacts of the pandemic to determine if adjustments to the budget are warranted.

Major initiatives

During the past year, several capital projects were completed. Fire Station III and the Mulberry Recreation Center/Optimist Park Expansion were both completed. The City continues to construct additional segments to the greenway. Currently, the greenway within the corporate limits of the City of Lenoir has approximately 10.5 miles of paved greenway. An additional 1.5 miles of Rail Trail greenway, that is pending pavement, was added this year. Phase II of the improvements and upgrades are almost complete at the Bernhardt Water Treatment Plant and the Biosolids project is making significant progress. The MeterSYS AMI advance metering project has made substantial progress as of June 30, 2020. Financing for General Fund and Enterprise Fund projects are evaluated yearly when the annual budget is developed. Operating funds were utilized to fund current General Fund projects. Current Enterprise Fund projects are utilizing long term financing. It is recognized that short and long term financing may be necessary for upcoming projects.

Financial information

Management of the City is responsible for establishing and maintaining an internal control structure designed to protect the assets of the City from loss, theft, or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be received and (2) the evaluation of costs and benefits requires estimates and judgments by management.

Single audit – As a recipient of Federal and State financial assistance, the City also is responsible for maintaining an adequate internal control structure to ensure compliance with applicable laws and regulations related to those programs. The results of the City's single audit for the fiscal year ended June 30, 2020, provided no instances of material weaknesses in the internal control structure or significant violations of applicable laws and regulations relation.

Other information

Independent audit – N. C. General Statutes require an annual independent financial audit of all local government units in the State. Eric Bowman, CPA, has audited the financial records of the City and his opinion has been included in this report. His audit was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures, as he considered necessary in the circumstances. His unmodified opinion indicates that the accompanying basic financial statements for the fiscal year ended June 30, 2020 have been prepared in conformity with generally accepted accounting principles. In addition to

meeting the requirements set forth in State statutes, the audit also was designed to meet the requirements of the federal Single audit Act of 1984 and related OMB Circular A-133.

The auditor's reports related specifically to the single audit are included in the Compliance Section.

Awards – The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Lenoir for its comprehensive annual financial report for the year ended June 30, 2019. This was the twenty-second consecutive year that the City of Lenoir has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements – We recognize that responsibility for the contents of this report is the City's but it would be inappropriate not to mention the invaluable assistance of the staff in the Morganton, North Carolina, office of our independent auditor, Eric Bowman. Assistance and cooperation was also provided by the City's various departments and is appreciated by the City Manager and Finance Director. "Thank you" is extended to you, the Mayor and Lenoir City Council, for your continued support.

As required by N. C. General Statute 159.34, a copy of this report will be filed with the Secretary of the North Carolina Local Government Commission. In addition, a copy will be sent to the City Clerk to be available for public inspection.

Sincerely,

CITY OF LENOIR

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council City of Lenoir, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Lenoir, North Carolina, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City of Lenoir's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City of Lenoir ABC Board which represents 1 percent, 1 percent and 9 percent, respectively, of the assets, net position and revenues of the component unit. Those statements were audited by other auditors whose reports thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of Lenoir ABC Board, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of City of Lenoir ABC Board were not audited in accordance with *Governmental Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate

To the Honorable Mayor and Members of the City Council City of Lenoir

in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based upon our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Lenoir, North Carolina as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 4 through 16, the Other Postemployment Benefits' Schedule of Changes in the Total OPEB Liability and Related Ratios on page 75, the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Liability and Contributions, on pages 73 through 74, and the Law Enforcement Officer's Special Separation Allowance schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll on pages 71 and 72 be presented to supplement the basic financial Such information, although not a required part of the basic statements. financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consist of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Honorable Mayor and Members of the City Council City of Lenoir

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Lenoir's basic financial statements. The introductory information, combining and individual fund financial statements, budgetary schedules, other schedules, and statistical section as well as the accompanying schedule of expenditures of federal and state awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules and the schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the Such information has been subjected to the basic financial statements. auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules and the schedule of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory information and the statistical sections have not been subjected to the auditing procedures applied in the audit of basic financial statements, and accordingly, we do not express an opinion or provide assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 30, 2020 on our consideration of the City of Lenoir's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City of Lenoir's internal control over financial reporting and compliance.

110

Management's Discussion and Analysis For the Year ended June 30, 2020

As management of the City of Lenoir, we offer readers of the City of Lenoir's financial statements this narrative overview and analysis of the financial activities of the City of Lenoir for the fiscal year ended June 30, 2020. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the City's financial statements, which follow this narrative.

Financial Highlights

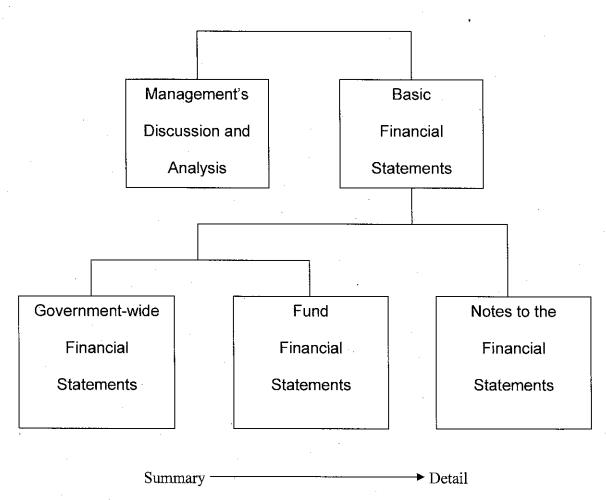

- The assets and deferred outflows of resources of the City of Lenoir exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$86,948,990 (*net position*).
- The government's total net position increased by \$2,173,944 with a 745,851 increase in governmental activities and a \$1,428,093 increase in business-type activities.
- As of the close of the current fiscal year, the City of Lenoir's governmental funds reported combined ending fund balances of \$13,279,779 an increase of \$1,163,793 in comparison with the prior year. Approximately 78.94 percent of this total amount or \$10,483,369 is available for spending at the government's discretion.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$10,483,369 or 58.23 percent of total general fund expenditures for the fiscal year.
- The City of Lenoir's total debt increased by \$625,237 or 2.96 percent during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to City of Lenoir's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the City of Lenoir.

4,

Management's Discussion and Analysis For the Year ended June 30, 2020

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits A and B) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the City's financial status.

The next statements (Exhibits C through I) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the City's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statement; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

Management's Discussion and Analysis For the Year ended June 30, 2020

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the City's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the City's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the City's financial status as a whole.

The two government-wide statements report the City's net position and how they have changed. Net position is the difference between the City's total assets and deferred outflows and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the City's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities and 3) component units. The governmental activities include most of the City's basic services such as public safety, transportation, environmental protection, economic and physical development, cultural and recreational, and general administration. Property taxes, state and federal grants, and state-shared revenues finance most of these activities. The business-type activities are those that the City charges customers to provide. These include the water and sewer services offered by the City of Lenoir. The final category is the component units. Although legally separate from the City, the ABC Board and LTDA Board are important to the City because the City exercises control over the Boards by appointing its members. The ABC Board is also required to distribute a portion of its profits to the City.

The government-wide financial statements are on Exhibits A and B of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the City's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Lenoir, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the City's budget ordinance. All of the funds of City of Lenoir can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Management's Discussion and Analysis For the Year ended June 30, 2020

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the City's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The City of Lenoir adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the City, the management of the City, and the decisions of the City Council about which services to provide and how to pay for them. It also authorizes the City to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the City complied with the budget ordinance and whether or not the City succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the statement of revenues, expenditures and changes in fund balance. The statement shows four columns: 1) the original budget as adopted by the Council; 2) the final budget as amended by the Council; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds – City of Lenoir has only one type of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Lenoir uses an enterprise fund to account for its water and sewer activity. This fund is the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. City of Lenoir has one fiduciary fund, which is an agency fund.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 29 of this report.

Management's Discussion and Analysis For the Year ended June 30, 2020

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the City of Lenoir's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 71 of this report.

Interdependence with Other Entities – The City depends on financial resources flowing from, or associated with, both the federal government and the State of North Carolina. Because of this dependency, the City is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and state laws and federal and state appropriations.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Lenoir, assets and deferred outflows exceeded liabilities and deferred inflows of resources by \$86,948,990 as of June 30, 2020 (figure 2).

The City of Lenoir's Net Position

Figure 2

The largest portion of the City of Lenoir's net position 78.79 percent reflect its investment in capital assets (e.g. land, buildings, machinery, equipment, etc.), less any related outstanding debt used to acquire those assets. The City of Lenoir uses those

Management's Discussion and Analysis For the Year ended June 30, 2020

assets to provide services to its citizens which make those assets not available for future spending. Although the City of Lenoir's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the City of Lenoir's net position 2.45% represents resources that are subject to external restrictions on how they may be used or that are not spendable. The remaining balance of unrestricted net position \$16,310,002 may be used to meet the government's ongoing obligations to citizens and creditors. The increase in net position is due mainly to the increase in net position in the Water and Sewer Fund.

Several particular aspects of the City's financial operations influenced the total unrestricted net position:

- Continued diligence in the collection of property taxes by maintaining a tax collection percentage of 96.20
- Adherence to the adopted budget
- Capital grants and Contributions

Governmental activities: Governmental activities increased the City's net position by \$745,851. (Figure 3) Key elements of this increase are as follows:

• Revenues exceeded budgeted projections

Business-type activities: Business-type activities increased the City of Lenoir's net position by \$1,428,093. Key elements of this increase are as follows:

• Increase in water and wastewater revenues.

Management's Discussion and Analysis For the Year ended June 30, 2020

Financial Analysis of the City's Funds

As noted earlier, the City of Lenoir uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Lenoir's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the City of Lenoir's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the City of Lenoir. At the end of the current fiscal year, available fund balance of the General Fund was \$10,483,369, while total fund balance reached \$12,321,524. As a measure of the general fund's liquidity, it may be useful to compare both available fund balance and total fund balance to total fund expenditures. Available fund balance represents 58.23 percent of total General Fund expenditures, while total fund balance represents 68.44 percent of that same amount. The increase in unassigned fund balance of \$654,039 is due mainly to increases in Ad Valorem, Local Option tax revenue and ABC Board Distributions of approximately \$413,905.

At June 30, 2020, the governmental funds of City of Lenoir reported a combined fund balance of \$13,279,779 a 9.6 percent increase over last year. Included in this change in fund balance are increases in the General Fund. The General Fund increased \$960,328 due to increases in Ad Valorem and Local Option taxes and ABC Board Distributions.

General Fund Budgetary Highlights Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

During the fiscal year, the City found it necessary to revise the General Fund budget. These amendments are summarized as follows:

General Government, Public Safety, Environmental Protection and Debt Service increased by \$1,343,059 while, Transportation, Economic and Physical Development and Cultural and Recreation decreased by \$112,054. The increase in budget was primarily for general government.

Proprietary Funds. The City of Lenoir's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted

Management's Discussion and Analysis For the Year ended June 30, 2020

net position of the Water and Sewer Fund at the end of the fiscal year amounted to \$10,647,335. The fund's net position increased by \$1,428,093. The factors concerning the finances of this fund have already been addressed in the discussion of the City of Lenoir's business-type activities.

Capital Asset and Debt Administration

Capital assets. The City of Lenoir's investment in capital assets for its governmental and business-type activities as of June 30, 2020, totals \$90,220,918 (net of accumulated depreciation). (Figure 6) These assets include buildings, infrastructure, land, equipment, plant and systems, and vehicles.

Major capital asset transactions during the year include the following additions:

- Construction in Progress Metering
- Construction in Progress Biosolids Facility
- Public Safety Vehicles
- Sanitation Trucks

Additional information on the City's capital assets can be found in note III. A. 4 and 5, beginning on page 46 of this report.

Long-term Debt. As of June 30, 2020, the City of Lenoir had total debt outstanding of \$16,469,484 in State and Water Pollution Control Revolving loans and installment purchase contracts of \$5,246,498. (Figure 7)

Management's Discussion and Analysis For the Year ended June 30, 2020

City of Lenoir's Outstanding Debt Revolving Loans and Installment Purchases

Figure 7

| | Governmental Activities | Business-type Activities | Total | | | |
|---|----------------------------|-----------------------------|---|--|--|--|
| | 2020 2019 | 2020 2019 | 2020 2019 | | | |
| Direct Placement Revolving Loans Direct Placement Installment | \$ | \$ 16,469,484 \$ 14,656,371 | \$ 1 6,469,48 4 \$ 1 4,656,3 71 | | | |
| Purchase Contracts | \$ 1,188,175 1,667,097 | 4,058,323 4,767,277 | \$ 5,246,498 \$ 6,434,374 | | | |
| Total | \$ 1,188,175 \$ 1,667,097 | \$ 20,527,807 \$ 19,423,648 | <u>\$ 21,715,982</u> <u>\$ 21,090,745</u> | | | |

The above debt of the City of Lenoir increased by \$625,237 (2.96%) during the past fiscal year.

As mentioned in the financial highlights section of this document, the City of Lenoir has an "A" rating from Standard & Poor's, dated March of 1999; an "A2" rating from Moody's Investors Services dated July of 1997; and an "81" council rating from the North Carolina Municipal Council, Inc., dated January of 1999.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries less statutory deductions for bonds applicable to water systems. The legal debt margin for City of Lenoir is \$212,471,459.

Additional information regarding the City of Lenoir's long-term debt can be found beginning on page 64 of this report.

Economic Factors and Next Year's Budgets and Rates

During fiscal year 2019-2020, the economic indicators for Lenoir exhibited small, but significant gains, reflecting that the economy of the City is continuing to recover from the impact of the national recession. Retail sales tax revenue and local occupancy tax revenue both increased. The Hickory-Lenoir-Morganton MSA unemployment rate continued to decline with the availability of more private sector jobs.

Management's Discussion and Analysis For the Year ended June 30, 2020

The city is still benefiting from the designation of Lenoir as a North Carolina Certified Retirement Community, due to additional state marketing targeted toward active retirees who have expressed an interest in relocating to western North Carolina. The City continues to work to transition into a more diversified economic base.

The City is planning additional segments to the greenway. We now have approximately 10.5 miles of paved greenway within the corporate limits. The project is a partnership involving the N.C. Department of Transportation, the City of Lenoir, and Caldwell County Pathways Committee.

Budget Highlights for the Fiscal Year Ending June 30, 2021

Governmental Activities: In light of the continuing local economic pressures due to the COVID-19 pandemic, the City of Lenoir adopted an austere budget for the fiscal year beginning July 1, 2020. The General Fund budget was based on a 2.7 percent increase in total revenues and expenditures from the prior year. The Hospital Avenue project, which has experienced some delays, will be continuing with an estimated cost of \$850,000.

Business–Type Activities: The Water and Sewer Fund budget was adopted with a 7 percent decrease in expenditures due to the impact of the COVID-19 pandemic and the Governor's executive orders for utility providers. There was no increase in rates due to the current economic situation.

The Meter Project should be completed at an estimated cost of \$4.3 million. The Biosolids Facility Improvements is well underway and will be funded by a Clean Water Loan of approximately \$.995 million. The Crossroad Sewer Replacement project will be funded by a Clean Water State Revolving Fund loan in the amount of \$2.75 million.

Requests for Information

This report is designed to provide an overview of the City's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Finance Director, City of Lenoir, P.O. Box 958, Lenoir, N.C. 28645.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2020 (Exhibit D-1)

| Amounts reported for governmental activities in the statement of activities are different because: | | - |
|--|-------------|-------------|
| Net change in fund balances - total governmental funds | \$ | 1,163,793 |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay is less than depreciation. | | (281,519) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. | | 93,741 |
| The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. | | 478,922 |
| Contributions to the pension plan in the current year are not included in the statement of activities | | 723,766 |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. | | (1,432,852) |
| Change in net position of governmental activities | · \$ | 745,851 |

I. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND</u> <u>DESCRIPTION OF FUNDS</u>

The accounting policies of the City of Lenoir and its discretely presented component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity - The City of Lenoir (City) is a municipal corporation of the State of North Carolina. It is governed by an elected board of eight consisting of a mayor and a seven-member council. These financial statements present the City and its component units, legally-separate entities for which the City is financially accountable. The discretely presented component units below are reported in separate columns in the financial statements to emphasize that it is legally separate from the City.

City of Lenoir Board of Alcoholic Control

The members of the City of Lenoir Alcoholic Control's (ABC Board) governing board are appointed by the City. In addition, the ABC Board is required by State statute to distribute the majority of its surpluses to the General Fund of the City. A smaller portion of the ABC Board's surpluses are distributed to the Caldwell County School Administrative Unit. The ABC Board, which has a June 30 year end, is presented as a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at City of Lenoir ABC Board, ABC Court, Lenoir, NC 28645.

Lenoir Tourism Development Authority

The members of the Lenoir Tourism Development Authority's (LTDA Board) governing board are appointed by the City. The LTDA collects a 3% room occupancy tax from the rental of any room, lodging or accommodation furnished by a hotel, motel, inn, tourist camp, or similar place within the city. Since the City of Lenoir appoints the LTDA Board, it can also impose its will thus meeting the criteria for inclusion as a component unit. In addition, the City has the power to remove appointed members of the LTDA governing board and has the ability to approve the budget of the LTDA. Complete financial statements for the LTDA board may be obtained at City Hall, City of Lenoir, 801 West Ave., NW, Lenoir, NC 28645.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government and its component units. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements

distinguish between the governmental and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues. City of Lenoir's policy for eliminating internal activity in the government-wide statement of activities indicate that interfund services provided and used are not eliminated in the process of consolidation.

Fund Financial Statements: The fund financial statements provide information about the City's funds. Separate statements for each fund category – governmental, proprietary and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The City reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes and state-shared revenues. The primary expenditures are for public safety, streets and highways, sanitation, parks and recreation, and general government services. The City also maintains a separate sub-fund for the Downtown Service District for accounting purposes. This sub-fund has been consolidated into the General Fund for reporting purposes. Debt service payments for general long-term debt are accounted for in the General Fund.

Special Revenue Fund - The Special Revenue Fund accounts for specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted

to expenditures for specified purposes. The City has six Special Revenue Fund projects including the 2017, 2018 and 2019 Community Development Entitlement Grants; and 2017, 2018 and 2019 Unifour HOME Consortium Grants.

The City Reports the following nonmajor governmental funds:

Capital Project Fund

The Capital Project Fund accounts for financial resources to be used for the acquisition and construction of major capital facilities (other than those financed by proprietary funds and trust funds). The City has four projects within the Capital Project Fund: the Mulberry Optimist, Hospital Avenue, Fire Station III and Broyhill Redevelopment projects.

Permanent Fund

The Permanent Fund accounts for the Perpetual Care Fund. The interest earned on the nonexpendable invested principal is used for the ongoing maintenance of the City's cemetery.

The City reports the following major enterprise fund:

Water and Sewer Fund - The Water and Sewer Fund is used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Water and sewer capital projects are included in the Water and Sewer Capital Project Fund.

The City reports the following fund type:

Agency Fund – Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the City holds on behalf of others. The City maintains the following agency fund: CheckFree Pay which accounts for collection of payments for flex spending. We excluded these activities from the City's government-wide financial statement because the city cannot use these assets to finance its operation.

C. Measurement Focus and Basis of Accounting – In accordance with North Carolina General Statutes, all funds of the City are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary and Fiduciary Fund Financial Statements. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. The City's one fiduciary fund (an agency fund) has no measurement focus and is excluded from the government-wide financial statements. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year in which all eligibility requirements have been satisfied. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City enterprise funds are charges to customers for sales and services.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The City considers all revenues available if they are collected within 90 days after yearend, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that are billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes collected and held by the State at year-end on behalf of the city are recognized as revenue. Sales tax are considered a shared revenue for the City of Lenoir because the tax is levied by Caldwell County and then remitted to and distributed by the state. Intergovernmental revenues and sales and services are not susceptible to accrual

because generally they are not measurable until received in cash. Grant revenues, which are unearned at year-end, are recorded as deferred inflows of resources.

Under terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Budgetary Data - As required by the N. C. Local Government Budget and Fiscal Control Act (G.S. 159), the governing board must adopt by July 1 an annual balanced budget ordinance for all governmental and proprietary funds except for those funds, which operate under project ordinances. The City has adopted project ordinances for the Capital Projects and Special Revenue Funds. The annual budget is prepared on the modified accrual basis of accounting to be compatible with the accounting system in recording transactions, as required by G.S. 159-26(c).

Appropriations are made at the departmental level and are amended as necessary by the governing board. All appropriations (other than funds with multi-year budgets) lapse at year-end. Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds and at the project level for project ordinances. The City Manager is authorized to transfer appropriations within a department; however, any revisions that alter total expenditures of any department must be approved by the governing board. The amended budget ordinance as of June 30, 2020, is included in the financial statements but has been restructured to conform to the actual data. The City's governing board enacted supplemental budget ordinances during the fiscal year ended June 30, 2020. The ordinances increased appropriations by \$1,231,005 in the City's General Fund and \$ - 0 - in the City's Water and Sewer Fund.

As required by G.S. 159-26(d), the City maintains encumbrance accounts, which are considered to be "budgetary accounts". Encumbrances outstanding at year-end represent the estimated amounts of the expenditures ultimately to result if unperformed contracts in process at year-end are completed. Encumbrances outstanding at year-end do not constitute expenditures or liabilities and are either charged to an appropriation in the following year or the contractual commitment is cancelled.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Fund Equity

1. Deposits and Investments - All deposits of the City, LTDA and the ABC Board are made in board-designated official depositories and are collateralized as required by G.S. 159-31. Official depositories may be established with any bank or savings and loan whose principal office is located in North Carolina. Also, the City, LTDA and ABC

Board may establish time deposit accounts in the form of NOW accounts, SuperNOW, money market accounts, and certificates of deposit. State law, G.S. 159-30(c) authorizes the City and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain nonguaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT); a SEC-registered mutual fund.

The City, LTDA and ABC Board's investments are reported at fair value. Nonparticipating interest earning contracts are accounted for at cost. The NCCMT-Government Portfolio, a SEC-registered (2a-7) money market mutual fund, is measured at fair value. The NCCMT-Term Portfolio's securities are valued at fair value. The NCCMT-Term Portfolio is bond fund, has no rating and is measured at fair value. As of June 30, 2020, The Term portfolio has a duration of .15 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

In accordance with State law, the City sometimes has investments in securities which are callable and which provide for periodic interest rate increases in specific increments until maturity. These investments are stated at cost in the City's financial statements.

2. Cash and Cash Equivalents - The City pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The City, LTDA and the ABC Board consider all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

2a. Restricted Assets – Permanent Fund restricted cash represents the nonexpendable portion of the cemetery funds. Customer deposits represent cash received before any services are supplied.

City of Lenoir Restricted Cash

| Governmental Activities | | |
|--------------------------|------------------------|-------------------|
| Permanent Funds | Non expendable portion | <u>\$ 295,897</u> |
| Business Type Activities | | |
| Water and Sewer Fund | Customer Deposits | <u>\$ 167,885</u> |

3. Ad Valorem Taxes Receivable - According to the North Carolina General Statutes, ad valorem taxes levied on July 1, the beginning of the fiscal year, are due September 1

but penalties do not accrue until the following January 6 when taxes are considered past due and the property is subject to lien. The taxes levied are based on the assessed values as of January 1, 2019. As allowed by State law, the City has established a schedule of discounts that apply to taxes, which are paid prior to the due date. In the City's General Fund, ad valorem tax revenues are reported net of such discounts.

4. Allowances for Doubtful Accounts - All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

5. Inventories and Prepaid Items - Inventories of the City and ABC Board are maintained for all enterprise fund supplies. Inventories of the City are valued at cost and at fair market value for the ABC Board. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and expensed as the items are used.

6. Capital Assets – Capital assets are defined by the City as assets with an initial individual cost of more than \$1,000. The City and the ABC Board's donated capital assets received prior to June 15, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015 are recorded at acquisition cost. General infrastructure assets acquired prior to July 1, 2002, consist of the road, bridges and drainage networks that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical costs. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The City's capital assets are being depreciated on a straight-line basis over their estimated useful lives as follows:

| | Estimated |
|-------------------------|--------------|
| Asset Class | Useful Lives |
| Infrastructure | 15 - 50 |
| Buildings | 45 - 50 |
| Plant and systems | 45 - 50 |
| Improvements | 15 - 20 |
| Vehicles | 6 - 8 |
| Furniture and equipment | 10 - 15 |
| Computer equipment | 5 - 10 |

Capital assets of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

| | Estimated |
|----------------------------------|--------------|
| Asset Class | Useful Lives |
| Land, improvements and buildings | 8 - 40 |
| Store equipment | 2 - 20 |
| Office equipment | 5 - 10 |

7. Long-Term Obligations – In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable, if any, are reported net of the applicable bond premiums or discount. Bond issuance costs are expensed in the reporting in which they occurred. Prepaid insurance costs are expenses over the life of the debt.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. Compensated Absences - The vacation policies of the City and the ABC Board provide for the accumulation of up to thirty (30) days earned vacation leave with such leave being fully vested when earned. For the City's government-wide and proprietary funds and the ABC Board, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The City has assumed a last-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

Both the City and the ABC Board's sick leave policies provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the City nor the ABC Board has any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

9. Deferred Outflows/Inflows of Resources – In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense until then. The city has one item that meet the criterion for this category – contributions made to the pension plan and for OPEB costs in the 2020 fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represent an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The City has one item that meets the criterion for this category-deferrals of pension expense. The funds statements also reports an additional deferred inflow-property taxes receivable.

10. Net Position/Fund Balance – Net position in the government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

State law [G.S. 159-13(b)] restricts appropriation of fund balance or fund equity to an amount not to exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts as these amounts stand at the close of the fiscal year preceding the budget year.

The governmental fund types classify fund balances as follows:

<u>Nonspendable Fund Balance</u> – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Perpetual Maintenance – Cemetery resources that are required to be retained in perpetuity for maintenance of the City of Lenoir Cemeteries.

<u>Restricted Fund Balance</u> – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statue – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year nest preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Public Safety – Portion of fund balance that is available for appropriation but legally segregated for qualifying public safety expenditures.

<u>Committed Fund Balance</u> – Portion of fund balance that can only be used for specific purposes imposed by majority vote be quorum of City of Lenoir's governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken(the adoption of another ordinance) to remove or revise the limitation.

<u>Assigned Fund Balance</u> – Portion of fund balance that City of Lenoir intends to use for specific purposes.

Assigned to Capital Projects – Portion of fund balance that has been budgeted by the Board for future capital projects.

Assigned for Future Economic Development – Portion of fund balance set aside for economic development.

<u>Unassigned Fund Balance</u> - Portion of fund balance that has not been restricted, committed, of assigned to specific purposes in the general fund.

For purposes of fund balance classifications, funds are to be spent from restricted fund balance first followed by committed fund balance, assigned fund balance and last unassigned fund balance. The General fund is the only fund that reports an unassigned fund balance. The City of Lenoir has not established a stabilization arrangement.

11. Defined Benefit Cost - Sharing Plan

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about

the fiduciary net positon of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For the purpose, plan member contributions are recognized in the period in which the contributions are due. The City of Lenoir employer contributions are recognized when due and the City of Lenoir has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

F. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

G. Reconciliation of Government-Wide and Fund Financial Statements

1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets – The governmental fund balance sheet includes reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. The net adjustment of \$17,102,854 consists of several elements as follows:

|] | Description | | | | | Amount |
|-------------------------------|--|--------------|--|---------|----|--------------|
| Capital assets in governm | mental acti | vities are n | ot financial | | | |
| resources and are therefore | | | | 1 | | |

| Net Pension Liability | | | | | | (2,757,439) |
| Total Pension Liability | 1000 H 10 100 100 100 100 100 100 100 10 | | | | | (1,573,819) |
| Total adjustment | | | | | \$ | 17,102,854 |

40

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities – The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. There are several elements of that total adjustment of \$(417,942) as follows:

City of Lenoir, North Carolina Notes to the Financial Statements For the Year Ended June 30, 2020

| Description | Amount |
|---|-----------------|
| Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities | \$ 1,093,554 |
| Depreciation expense, the allocation of those assets over their useful lives, is recorded in the statement of activities, but not in the fund statements | (1,375,073) |
| Sale of Capital Assets is recorded as revenue in the funds | (21,130) |
| Gain on Sale of Capital Assets is recorded as revenue in the Statement of Activities | 14,565 |
| Principal payments on debt owed are recorded as a use of funds in the fund statements but again affect only the statement of net assets in the government-wide statements | 478,922 |
| Compensated absences are accrued in the government-wide statements but not in the fund statements because they do not use current resources | (68,659) |
| Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements: | |
| Recording of tax receipts in the fund statements | 100,306 |
| Pension Expense | (1,340,168) |
| OPEB Plan Expense | (161,253) |
| Contribution to the pension plan in the current year and not included in the statement of activities | 723,766 |
| Retirement Benefits Paid not included in funds | 51,807 |
| OPEB Benefit Payments and Admininstration Costs made in the current fiscal year are not included in the Statement of Activities | 85,421 |
| Total adjustment | \$ (417,942) |

II. STEWARDSHIP, COMPLIANCE and ACCOUNTABILITY

A. Excess of Expenditures over Appropriations - For the year ended June 30, 2020, expenditures exceeded budgeted amounts at the department level as follows:

| Excess |
|-------------------|
| |
| |
| |
| \$ 49,747 |
| 139,900 |
| <u>\$ 189,647</u> |
| |

These over-expenditures were immaterial and approved subsequent to year end. It is the City's intention to amend their budget on a more timely basis in the future.

III. <u>DETAIL NOTES ON ALL FUNDS</u>

A. Assets

1. Deposits - All of the City's, LTDA's and ABC Board's deposits are either insured or collateralized by using one of two options. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage are collateralized with securities held by the City's or ABC Board's agent in the units' name. Under the Pooling Method, a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agents in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City's and the ABC Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest bearing deposits.

Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the unit or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the City, LTDA or the ABC Board under the Pooling Method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each Pooling Method depository. The City, LTDA and ABC Board have no policy regarding outstanding risk for deposits.

At year-end, the City's deposits, including fiduciary funds, had a carrying amount of \$8,425,676 and a bank balance of \$9,245,869. Of the bank balance, \$1,000,000 was covered by federal depository insurance with the remainder held in Pooling Method depositories as discussed above.

At year-end, the ABC Board's deposits had a carrying amount of \$340,632 excluding \$4,400 of cash on hand, and a bank balance of \$357,456. The bank balance was covered by federal depository insurance.

At year-end, the LTDA's deposits had a carrying amount of \$204,299 and a bank balance of \$204,299. The bank balance was covered by federal depository insurance.

2. Investments - General Statute 159-30(c) authorizes the City and the ABC Board to invest in obligations of the U. S. Treasury; obligations of any agency of the United States of America, provided the payment of interest and principal of such obligation is fully guaranteed by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and The North Carolina Capital Management Trust-Government Portfolio, an SEC-registered mutual fund. The City pools monies from several funds to facilitate disbursement and investment and maximize investment income. The City and ABC Board have no policy regarding credit risk for investments.

The City and ABC Board held no investments that were categorized by level or risk at year-end. All invested funds were with The North Carolina Capital Management Trust-Government Portfolio, which is exempt from risk categorization because the City does not own any identifiable securities, but is a shareholder of a percentage of the fund. As of June 30, 2020, the credit rating of the fund was AAAm by Standard and Poor's, with a weighted average maturity of 51 days. Total investments are as follows:

| · · · | Carrying | Fair |
|--------------------------|---------------|---------------|
| | Value | Value |
| City of Lenoir | | |
| North Carolina | | |
| Capital Management Trust | \$ 12,510,091 | \$ 12,510,091 |
| ABC Board | | |

B. Liabilities

1. Pension Plan and Postemployment Obligations

a. Local Governmental Employees' Retirement System

1. Plan Description. The City of Lenoir contributes to the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multipleemployer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local government entities. LGERS provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G. S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days if their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who ae LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 of creditable service regardless of age, or have completed service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statue 128-30 and may be amended only by the North Carolina General Assembly. City of Lenoir employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of

Trustees. The City of Lenoir contractually required contribution rate for the fiscal year ended June 30, 2020, was 9.70% of compensation for law enforcement officers and 9.13% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the City of Lenoir were \$976 877 for the year ended June 30, 2020.

Refunds of Contributions. City employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

2. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflow of Resources Related to Pensions.

At June 30, 2020, the City reported a liability of \$4,242,214 or its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial Valuation as of December 31, 2018. The total pension liability was rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. The City's proportion of the net pension liability was based on a projection of the City's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2019, the City's proportion was 0.1553%, which was an increase of 0.007% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the City recognized pension expense of \$1,859,371. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Def | erred Outflows | Deferi | ed Inflows |
|--|-----|----------------|-----------|------------|
| | _ | Of Resources | <u>of</u> | Resources |
| Diff. of expected and actual experience | \$ | 726,375 | \$ | - |
| Changes of assumptions | | 691,411 | | - |
| Net diff. in projected & actual earnings | | | | |
| on pension plan investments | | 103,474 | | - |
| Changes in proportion and diff. between | 1 | | | |

50

| city contributions and proportionate | | | |
|--------------------------------------|---------------------|-----------|----------|
| share of contributions | 33,074 | | 57,246 |
| City contributions subsequent to the | | | |
| measurement date | <u> </u> | | <u>÷</u> |
| | | | |
| Total | <u>\$ 2,531,211</u> | <u>\$</u> | 57,246 |

\$976,877 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as an increase of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: | |
|---------------------|--------------------|
| 2021 | \$ 725,223 |
| 2022 | 226,578 |
| 2023 | 419,476 |
| 2024 | 125,808 |
| Total | <u>\$1,497,085</u> |

Actuarial Assumptions. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 3.0 percent |
|---------------------------|---|
| Salary increases | 3.50 to 8.10 percent. Including inflation and |
| | productivity factor |
| Investment rate of return | 7.00 percent, net of pension plan investment |
| | expense, including inflation |

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement. The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019 are summarized in the following table:

| | | Long-Term Expected |
|----------------------|--------------------------|----------------------------|
| Asset Class | Target Allocation | Real Rate of Return |
| Fixed Income | 29.0% | 1.4% |
| Global Equity | 42.0% | 5.3% |
| Real Estate | 8.0% | 4.3% |
| Alternatives | 8.0% | 8.9% |
| Credit | 7.0% | 6.0% |
| Inflation Protection | 6.0% | 4.0% |
| Total | 100.0% | |

The information above is based on 30 years expectations developed with the consulting actuary for the 2018 asset, liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate. The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the City's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

| | 1% Decrease <u>(6.00%)</u> | Discount Rate (7.00%) | 1% Increase <u>(8.00%)</u> | |
|---|----------------------------------|-----------------------------|----------------------------------|--|
| City's proportionate share of the Net pension liability (asset) | \$9,702,720 | \$ 4,242,214 | \$(296,572) | |

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers' Special Separation Allowance

1. Plan Description. The City of Lenoir administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the City's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time City law enforcement officers are covered by the Separation Allowance. At December 31, 2018, the Separation Allowance's membership consisted of:

City of Lenoir, North Carolina Notes to the Financial Statements For the Year Ended June 30, 2020

| Retirees currently receiving benefits | 7 |
|---------------------------------------|----|
| Terminated employees entitled to but | |
| not yet receiving benefits | 0 |
| Active plan members | 51 |
| Total | 58 |

A separate report was not issued for the plan.

2. Summary of Significant Accounting Policies.

Basis of Accounting. The City has chosen to fund the Separation Allowance on a pay-as-you-go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan. The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statements 73.

3. Actuarial Assumptions. The entry age actuarial cost method was used in December 31, 2017 valuation. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.5 percent |
|------------------|-----------------------------------|
| Salary increases | 3.50 to 7.35 percent, including |
| | inflation and productivity factor |
| Discount rate | 3.26 percent |

The discount rate is based on the yield of the S&P Municipal bond 20 Year High Grade Rate Index as of December 31, 2018,

Mortality rates are based on the RP-2000 Mortality tables with adjustments for mortality improvements based on Scale AA.

4. Contributions. The City is required by Article 12D of G. S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay-as-you-go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The City's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The City paid \$88,796 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the city reported a total pension liability of \$1,573,819. The total pension liability was measured as of December 31, 2019 based on a December 31, 2018 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2019 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2020, the City recognized pension expense of \$131,578.

| | | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--|-----------|--------------------------------------|-------------------------------------|
| Difference between expected and actual | _ | | |
| experience | \$ | 125 214 \$ | 55,442 |
| Changes in Assumptions | _ | 83,783 | 52,365 |
| City benefits payments made subsequent | | | |
| to the measurement date | _ | 88,796 | |
| Total | <u>\$</u> | <u> </u> | <u>\$ 107 807</u> |

\$88,796 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| | - |
|----|--------|
| \$ | 16,617 |
| | 16,617 |
| | 20,280 |
| | 25,756 |
| • | 21,498 |
| | 422 |
| | \$ |

\$88,796 paid as benefits came due subsequent to the measurement date are reported as deferred outflows of resources.

Sensitivity of the City's total pension liability to changes in the discount rate. The following presents the City's total pension liability calculated using the discount rate of

City of Lenoir, North Carolina Notes to the Financial Statements For the Year Ended June 30, 2020

3.26 percent, as well as what the City's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.26 percent) or 1-percentage-point higher (4.26 percent) than the current rate:

| | 1% Decrease | Discount Rate | 1% Increase |
|-------------------------|--------------|----------------------|--------------|
| | (2.26%) | (3.26%) | (4.26%) |
| Total pension liability | \$ 1,712,417 | \$ 1,573,819 | \$ 1.448,095 |

Schedule of Changes in Total Pension Liability Law Enforcement Officers' Special Separation Allowance

| | 2020 |
|---|--------------------|
| Beginning Balance | \$ 1,439,440 |
| Service Cost | 63,997 |
| Interest on the total pension liability | 50,448 |
| Changes of benefit terms | - |
| Differences between expected and actual experience in the | |
| measurement of the total pension liability | 77,691 |
| Changes of assumptions or other inputs | 49 241 |
| Benefits payments | (106,998) |
| Other changes | |
| Ending balance of the total pension liability | <u>\$1,573,819</u> |

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources Related to Pensions

Following is information related to the proportionate share and pension expense for all pension plans:

City of Lenoir, North Carolina Notes to the Financial Statements For the Year Ended June 30, 2020

| | LGERS | LEOSSA | TOTAL |
|--|----------------|-------------|--------------------------|
| Pension Expense | \$ 1,859,371 | \$ 131,578 | \$ 1,990,949 |

c. Supplemental Retirement Income Plan for Law Enforcement Officers

1. Plan Description. The City contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the City. Article 5 of G. S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 140 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454. **2. Funding Policy.** Article 12E of G. S. Chapter 143 requires the City to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, City employees may make voluntary contributions to the Plan. The City made contributions of \$127,535 for the reporting year. No amounts were forfeited.

d. ABC Board - Local Government Employees' Retirement System

1. Plan Description. The City of Lenoir ABC Board contributes to the statewide Local Government Employees' Retirement System (LGERS), a cost sharing, multiple-employer, defined benefit pension plan administered by the State of North Carolina. LGERS provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G. S. Chapter 128 assigns authority to establish and amend benefit provisions to the North Carolina General Assembly. The Local Government Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699.

2. Funding Policy. Plan members are required to contribute six percent of their annual covered salary. The ABC Board is required to contribute at an actuarially determined rate. The ABC Board's current rate for employees not engaged in law enforcement is 18.55% of annual covered payroll. The contribution requirements of members and the ABC Board are established and may be amended by the North Carolina General Assembly. The Board's contribution for the years ending June 30, 2018, 2019, and 2020 were \$28,438, \$26,743 and \$35,748 respectively. The contribution made or accrued by the ABC Board equaled the required contribution for the period.

e. Deferred Compensation Plan - The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan is administered by Public Employees Benefit Services Securities Corporation. The Plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The plan assets are not reported in the City's financial statements.

f. Flexible Spending Plan - The City offers its employees a flexible spending plan created in accordance with Internal Revenue Code Section 125. Employees are able to have deducted from their salaries, pre-tax, a specified amount to be used for eligible medical and dependent care expenses. The plan assets are held for the employees and are reported in the City's financial statements in the governmental funds.

g. Post-retirement Health Care Benefits - The City has adopted policies governing postretirement health care benefits for retirees. The subsidies vary depending upon the years of service of the retiree. The City pays 50 percent of the health care premium for employees who retire with 30 or more years of service with the retiree paying 50 percent. The City pays 25 percent of the health care premium for employees who retire with 20 to 29 years of service are allowed to remain on the City's health policy and pay 100 percent of the premium. Retirees are allowed to have coverage for dependents and pay 100 percent of that premium. Additionally, at age 65 the retiree has the option to purchase a Medicare supplement from the City's health care benefit provider at his expense with the City ceasing to subsidize the premium. The City's regular health care benefit provider underwrites the retiree's policies. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

As of June 30, 2019, there were twelve employees who had retired with 30 years of service who were receiving the 50 percent-premium-coverage benefit and three employees who had retired with sufficient years of service to receive the 25 percent-premium-coverage benefits. The City finances the plan on a pay-as-you-go basis and for the fiscal year ended June 30, 2020.

Membership in the plan included the following at June 30, 2018, the date of the latest actuarial valuation:

| | | Public |
|-----------------------------|------------|-----------------|
| | General | Safety |
| • | Employees | Officers |
| Retirees receiving benefits | 5 | 7 |
| Active plan members | <u>147</u> | <u>108</u> |
| Total | <u>152</u> | <u>115</u> |

Total OPEB Liability

The City's total OPEB liability of \$2,518,275 was measured as of June 30, 2018 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation Real Wage Growth Wage Inflation Salary increases Index rate Pre-Medicare Cost Trends 2.5 percent1.0 percent3.5 percent3.5 to 7.75 percent3.5 to 3.89 percent7.0 percent

The discount rate is used to measure the Total OPEB liability was based on the average 20 year Municipal Bond Index.

Changes in the Total OPEB Liability

| | Total OPEB Liability |
|--|----------------------|
| Balance at July 1, 2019 | <u>\$ 2,843,310</u> |
| Changes for the year | |
| Service cost | 178,260 |
| Interest | 108,337 |
| Changes of benefit terms | - |
| Differences between expected and actual experience | (530 160) |
| Changes in assumptions or other inputs | 36,238 |
| Benefit payments | <u>(117,710</u>) |
| Net Changes | (325,035) |
| Balance at June 30, 2020 | 2,518,275 |
| | |

Changes in assumptions and other inputs reflect a change in the discount rate from 3.89% to 3.50%.

Mortality rates were based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period January 2010 through December 2014.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.50 percent) or 1-percentage-point higher (4.50 percent) than the current discount rate:

| | <u>1% Decrease</u> | Discount Rate (3.50% | <u>6) 1% Increase</u> |
|----------------------|--------------------|----------------------|-----------------------|
| Total OPEB Liability | \$ 2,830,458 | \$ 2,518,275 | \$ 2,243,731 |

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

| | 2.50% | | 3.50% | _ | 4.50% |
|----------------------|-----------------|----|-----------|----|-------------|
| Total OPEB Liability | \$ 2,171,269 | \$ | 2,518,275 | \$ | 5 2,940,972 |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the City recognized OPEB expense of \$200,638. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred Outflows of Resources | | | Deferred Inflows of Resources | | |
|--|-----------------------------------|---------|----|-------------------------------|--|--|
| Differences between expected and actual | | | | | | |
| experience | \$ | 50,048 | \$ | 473,760 | | |
| Changes in assumptions | | 32,383 | | 215,257 | | |
| Benefit payments and administrative cost | | | | | | |
| made subsequent to the measurement date | | 45,216 | | | | |
| Total | \$ | 127,647 | \$ | 689,017 | | |

\$45,216 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: | |
|---------------------|-------------|
| 2021 | \$ (76,468) |
| 2022 | (76,468) |
| 2023 | (76,468) |
| 2024 | (76,468) |
| 2025 | (76,468) |
| Thereafter | (224,246) |
| | |

2. Other Employment Benefits - The City provides death benefits to law enforcement officers through the Death Benefit Plan for members of LGERS. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. All death benefit payments are made from the Death Benefit Plan. The City has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. The City considers these contributions to be immaterial.

3. Payables – Payables and accrued liabilities at June 30, 2020 were as follows at the government-wide level:

| Vendors | Benefits | Total |
|------------|------------|----------------------|
| \$ 138,716 | \$ 88,929 | \$ 227,645 |
| | · | |
| \$ 254,449 | \$ 242,082 | \$ 496,531 |
| - | \$ 138,716 | \$ 138,716 \$ 88,929 |

4. Deferred Outflows/Inflows of Resources

The City has several deferred outflows of resources. Deferred outflows of resources is comprised of the following:

| Contribution to LGERS made subsequent | |
|---|-----------------|
| to measurement dates | \$ 976,877 |
| Benefit payments made and administrative | |
| expenses for subsequent measurement date | 88,795 |
| Benefit payments made and administrative | |
| expenses for OPEB made subsequent to | |
| measurement date | 45,216 |
| Differences between expected and actual experience | 901,637 |
| Changes in proportion and difference between City contributions | |
| and proportionate share | 33,074 |
| Changes of assumptions | 807,577 |
| Net difference between projected and actual | 103,474 |
| Total | \$ 2,956,651 |

| | Fund | Government |
|---|------------|------------|
| | Statements | Wide |
| Changes in Assumptions and Inputs | \$ - | \$ 267,622 |
| Taxes receivable, less penalties (General Fund) | 336,832 | _ |
| Differences between expected and actual experie | nce | 529,202 |
| Changes in proportion and differences between | | |
| employer contributions and proportionate share | of | |
| contributions | | 57,246 |
| Total | \$ 336,832 | \$ 854,070 |

Deferred Inflows of Resources at year-end is comprised of the following:

5. Risk Management - The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in two self-funded risk-financing pools administered by the North Carolina League of Municipalities. Through these pools, the City obtains general liability and auto liability coverage of at least \$2 million per occurrence, property coverage up to the total insurance values, and worker's compensation coverage up to the statutory limits.

The pools are reinsured through commercial companies for single occurrence claims against general liability, auto liability and property in excess of \$500,000, and \$300,000 up to statutory limits for workers' compensation. The property liability pool has an aggregate limit for the total property losses in a single year, with the reinsurance limit based upon a percentage of the total insurance values. The City's health insurance provides unlimited lifetime coverage for in network and \$1 million for out of network. The City does not carry flood insurance.

The City carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

In accordance with G.S. 159-29, the City's employees that have access to \$100 or more at any given time of the City's funds are performance bonded through a commercial surety bond. The finance officer and tax collector are each individually bonded for \$100,000 each.

The Lenoir ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The Board has property general liability; auto liability, workmen's compensation and employees' health coverage. The Board also has liquor legal liability coverage. There

have been no significant reductions in coverage from the prior year and settled claims have not exceeded coverage in any of the past three years.

6. Long-Term Obligations

a. Drinking Water Revolving Loan

The City of Lenoir has received a direct placement revolving loan to replace the Whitnel Pump Station. As of June 30, 2020 the loan balance was \$1,488,643 at an interest rate of 2.485% for a term of 20 years.

b. Drinking Water Revolving Loan

The City of Lenoir has received a direct placement revolving loan for raw water intake improvements. As of June 30, 2020 the loan balance was \$2,191,628 at an interest rate of 2.22% for a term of 20 years.

c. Drinking Water Revolving Loan

The City of Lenoir has received a direct placement revolving loan award of \$5,865,000 for Rhodhiss water plant improvements. As of June 30, 2020 the loan balance was \$4,719,108 at an interest rate of 0.0%.

d. Clean Water Revolving Loans

- 1. The City of Lenoir has received a direct placement revolving loan for Powell Road improvements. As of June 30, 2020 the loan balance was \$216,938 at an interest rate of 0% for a term of 20 years.
- The City of Lenoir has received a direct placement revolving loan for Gunpowder Wastewater Treatment improvements. As of June 30, 2020 the loan balance was \$3,070,247 at an interest rate of 0% for a term of 20 years.
- 3. The City of Lenoir has received a direct placement revolving loan for Meadowood Wastewater Treatment improvements. As of June 30, 2020, the loan balance was \$1,233,587 at an interest rate of 0% for a term of 20 years.
- 4. The City of Lenoir has received a direct placement revolving loan award of \$6,995,000 for Biosolids Facility Improvements. As of June 30, 2020 the amount drawn down was \$3 549 334 at an interest rate of 1.53% for a term of 20 years. Funding not yet drawn down of \$3,445,666 is included in the annual requirements to amortize debt on page 66.

All direct placement revolving loans are collateralized by the faith, credit and taxing power of the City.

e. Installment Purchase Contracts

The City has entered into direct placement installment purchase contracts to finance the purchase of equipment and installation/purchase of utility lines. A summary of direct placement installment purchase contracts follows:

| DESCRIPTION | COST | DATE | TERM | RATE | PAYMENT AMOUNT AND FREQUENCY |
|-------------------------------------|-------------|-----------|----------|----------|------------------------------------|
| | | | | | |
| Whitnel Pump Station | \$2,977,285 | 11/1/2010 | 20 years | 2.485% | \$219,009 semi-annual |
| Streetscape, Recreation, & Downtown | \$1,410,000 | 8/27/2013 | 8 years | 2.49% | \$49,878 semi-annual |
| Utility Line Projects | \$1,190,000 | | | <u> </u> | |
| Fire Station | \$1,300,000 | 1/6/2019 | 10 years | 0.00% | \$10,807 monthly |
| Water Metering | \$4,400,000 | 6/1/2019 | 10 years | 2.93% | \$440,000 annually plus interest |

The equipment financed is collateral for the debts except in the case of utility lines. Utility lines are collateralized by the full faith, credit and taxing power of the City.

The following summarizes the annual requirements to amortize all long-term debt outstanding (excluding compensated absences and the liability for the separation allowance for law enforcement officers).

For the governmental activities compensated absences, and post-employment benefits are liquidated by the General Fund, and for the business-type activities compensated absences, and post-employment benefits are liquidated by the Water and Sewer Fund.

At June 30, 2020, the City of Lenoir had a legal debt margin of \$212,471,459.

e. Interfund Activity

1. Transfers in (out) for the year ended June 30, 2020 are summarized below:

| | | Transfers In | | | |
|----------------------------------|----|-----------------|----|---------|--|
| General Fund Capital Projects | \$ | 314,995 | \$ | 314,995 | |
| Total | \$ | 314,995 | \$ | 314,995 | |

Transfers from the general fund to the nonmajor governmental funds were for matching funds.

f. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

| Total fund balance – General Fund | \$12,321,524 |
|--|--------------------------|
| Less: Stabilization by State Statute Public Safety | (1,720,855) (117,300) |
| Remaining Fund Balance | <u>\$10,483,369</u> |

IV. JOINT VENTURES

The City, in conjunction with the City of Morganton, County of Caldwell, and County of Burke participates in a regional airport known as the Foothills Regional Airport Authority (Airport Authority). The Airport Authority was established by act of the North Carolina General Assembly, Session Law 2000-9, House Bill 1517, and ratified June 14, 2000. The Airport Authority is successor in interest to the former Morganton-Lenoir Airport Authority. Each participating entity appoints two members to the eight-member board.

The Airport Authority is a joint venture established to facilitate economic expansion within the area and improve the quality of life for City citizens. The airport has been in existence since 1945. The City is not responsible for financing any deficits of the Airport Authority nor is it entitled to any surpluses. The City does not approve the budget of the Airport Authority. The City occasionally contributes to the Airport Authority but is not bound to do so. The City contributed \$47,137 to the Airport Authority during the year ended June 30, 2020.

The participating entities do not have any equity interest in the joint venture, so no equity interest has been reflected in the financial statements at June 30, 2020. Complete financial statements for the Airport Authority can be obtained from the airport's administrative offices at P. O. Box 3448, Morganton, NC 28680.

V. JOINTLY GOVERNED ORGANIZATION

The City, in conjunction with four counties and twelve other municipalities established the Western Piedmont Council of Governments (Council) in 1971. The participating governments established the Council to coordinate various funding received from federal and state agencies. Each participating government appoints one member to the Council's governing board. The City paid approximately \$255,679 for membership fees and miscellaneous services to the Council during the year ended June 30, 2020.

VI. <u>RELATED ORGANIZATIONS</u>

The four-member board of the City of Lenoir Housing Authority (Housing Authority) is appointed by the mayor of the City of Lenoir. The City is accountable for the Housing Authority because it appoints the governing board; however, the City is not financially accountable for the Housing Authority. The City of Lenoir is also disclosed as a related organization in the notes to the financial statements for the Housing Authority.

VII. <u>AD VALOREM TAX ABATEMENTS</u>

The City of Lenoir negotiates tax abatement agreements on an individual basis. The City has the following tax abatement agreement as of June 30, 2020:

Purpose Technology Business Amount of Taxes Abated During the Fiscal Year \$ 8,449,681

VIII. <u>SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES AND</u> <u>COMMITMENTS</u>

A. Federal and State Assisted Programs - The City has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying statements for the refund of grant money.

IX. CLAIMS, JUDGMENTS AND CONTINGENT LIABILITIES

At June 30, 2020, the City was a defendant to two lawsuits. In the opinion of the Town's management and the Town's attorney, the ultimate effect of these legal matters will not have a material adverse effect on the Town's financial position.

X. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 30, 2020, which is the date the financial statements were available to be issued.

Required Supplementary Information

This section contains the following additional information required by generally accepted accounting principles: Schedule of Changes in Total Pension Liability – Law Enforcement Officer's Separation Allowance and Schedule of Total Pension Liability as a Percentage of Covered Payroll – Law Enforcement Officer's Special Separation allowance, Schedule of Proportionate Share of Net Position Liability for the Local Government Employee's Retirement System, Schedule of Contributions – Local Government Employee's Retirement System, and Schedule of Changes in Total OPEB Liability and Related Ratios.

Notes to Schedule

Changes of assumptions: Changes of assumptions and other inputs reflect the effects of changes in the discount rate of each period. The following are the discount rates used in each period:

| Fiscal year | Rate |
|-------------|-------|
| 2020 | 3.50% |
| 2019 | 3.89% |
| 2018 | 3.18% |

General Fund

The General Fund accounts for resources traditionally associated with government that are not required legally or by sound financial management to be accounted for in other funds.

This fund receives ad valorem tax revenue, local option sales taxes, federal- and state-shared revenues, licenses, permits, and fees. The major operating activities include general government, public safety, public works, parks and recreation, and other governmental service functions.

Special Revenue Fund

The Special Revenue Fund accounts for specific revenues that are legally restricted to expenditure for particular purposes.

The only fund so specified by the City is the Grants Program Fund to account for grant revenues and related expenditures. Included are the following projects: CDBG Entitlement Programs, and Unifour HOME Consortium Programs.

Enterprise Fund

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the government's council has decided that periodic determination of net income is appropriate for accountability purposes.

The Water and Sewer Fund accounts for the City's water filtration and distribution and wastewater collection and treatment operations.

| Total direct and overlapping debt | | | | \$ | 16,722,552 |

Sources:

ces: Assessed value data used to estimate applicable percentages provided by the Caldwell County assessor. Debt outstanding provided by each governmental unit.

Notes: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Lenoir. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident - and, therefore, responsible for repaying the debt - of each overlapping government.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable property values. Applicable percentages were estimated by determining the portion of another government unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value. This approach was also used for Caldwell County's other debt.

Report On Internal Control Over Financial Reporting And on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance With <u>Government Auditing Standards</u>

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council City of Lenoir, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Lenoir, North Carolina, as of and for the year ended June 30, 2020 and the related notes to the financial statements, which collectively comprises the City of Lenoir's basic financial statements, and have issued our report thereon dated September 30, 2020. Our report includes a reference to other auditors who audited the financial statements of the City of Lenoir ABC Board, as described in our report on the City of Lenoir's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the City of Lenoir ABC Board were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Lenoir's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Lenoir's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Lenoir's internal control. To the Honorable Mayor and Members of the City Council City of Lenoir, North Carolina

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as 2020-001 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Lenoir's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

City of Lenoir's Response to Findings

City of Lenoir's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it. To the Honorable Mayor and Members of the City Council City of Lenoir, North Carolina

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report On Compliance For Each of Its Major Federal Programs; Report on Internal Control Over Compliance; Required by the Uniform Guidance and the State Single Audit Implementation Act

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council City of Lenoir, North Carolina

Report on Compliance for Each of Its Major Federal Programs

We have audited the City of Lenoir, North Carolina, compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on the City of Lenoir's major federal programs for the year ended June 30, 2020. The City of Lenoir's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the City of Lenoir's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, cost Principles and Audit Requirements for federal awards (Uniform Guidance) and the State Single Audit Implementation Act. Those standards, the Uniform Guidance and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Lenoir's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each of its major federal programs. However, our audit does not provide a legal determination on the City of Lenoir's compliance. To the Honorable Mayor and Members of the City Council City of Lenoir, North Carolina

Opinion on Each Major Federal Program

In our opinion, the City of Lenoir complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the City of Lenoir is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Lenoir's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Lenoir's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report On Compliance For Its Major State Program; Report on Internal Control Over Compliance; Required by the Uniform Guidance and the State Single Audit Implementation Act

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council City of Lenoir, North Carolina

Report on Compliance for Its Major State Program

We have audited the City of Lenoir, North Carolina, compliance with the types of compliance requirements described in the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on the City of Lenoir's major state program for the year ended June 30, 2020. The City of Lenoir's major state program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility.

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state program.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the City of Lenoir's major state program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and applicable sections of the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for federal awards (Uniform Guidance), as described in the Audit Manual for Governmental Auditors in North Carolina, and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the City of Lenoir's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for its major state program. However, our audit does not provide a legal determination on the City of Lenoir's compliance. To the Honorable Mayor and Members of the City Council City of Lenoir, North Carolina

Opinion on Its Major State Program

In our opinion, the City of Lenoir complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state program for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the City of Lenoir is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Lenoir's internal control over compliance with the types of requirements that could have a direct and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for its state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Financial Statements of City of Lenoir:

Internal Controls Over Financial Reporting

2020-001

Criteria:

All Local Governments are to adopt a balanced budget and make necessary amendments to the original budget as conditions dictate.

Condition:

The City overexpended several departments in the Enterprise Fund totaling \$189 647.

Funds were expended out of departments before the appropriate budget . amendments were made. Cause: Auditor reclassifications, unforeseen accounts payable, and oversight. Recommendation: The City should not expend any funds unless there is adequate amounts in the particular department budget. Management Response: The City agrees with this finding. Uncorrected Findings: This finding was not corrected primarily because of unforeseen payables and oversight.

Section III.

Findings and Questioned Costs Related to Federal Awards:

None Reported.

Effect:

Section IV.

Findings and Questioned Costs Related to State Awards:

None Reported.

CITY OF LENOIR

SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS

FOR THE YEAR ENDED JUNE 30, 2019

Finding 2019-001

There was one audit finding relative to overexpenditures. This finding was not totally corrected even though budget amendments were made.

Finding 2019-002

There was one audit finding concerning cash reconciliations to the general ledger. This finding has been corrected.

Note 1 - Basis of Presentation:

The accompanying schedule of Federal and State awards (the Schedule) includes the federal and state award activity of the City of Lenoir under programs of the federal and state governments for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of City of

Lenoir, it is not intended to and does not present the financial position, changes in net assets, or cash flows of City of Lenoir.

Note 2 - Summary of Significant Accounting Policies:

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. City of Lenoir has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Note 3 - Loans Outstanding

The City of Lenoir had the following loan balance outstanding at June 30, 2020

| Program Title | Federal CFDA | Amount Outstanding | | |
|----------------------------|--------------|-----------------------|-----------|--|
| Clean Water Revolving Loan | 66.458 | \$ | 3,549,334 | |
