Independent Auditor's Report

To the Honorable Mayor
and Members of the Board of Commissioners
Town of North Wilkesboro, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of North Wilkesboro, North Carolina, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Town of North Wilkesboro ABC Board. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Town of North Wilkesboro ABC Board, is based solely on the report of another auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of Town of North Wilkesboro ABC Board were not audited in accordance with *Governmental Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of North Wilkesboro, North Carolina as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 15, the Other Postemployment Benefits Schedules of Funding Progress and Employer Contributions on page 61, the Local Governmental Employees' Retirement System's Schedules of the Proportionate Share of Net Pension Liability (Asset) and Contributions on pages 62 and 63, respectively, and the Law Enforcement Officers' Special Separation Allowance schedules of the changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll on pages 64 and 65 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditor have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Town of North Wilkesboro. The combining and individual fund statements, budgetary schedules, and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements, budgetary schedules, and other schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, and the procedures performed as described above by us and other auditors, the combining and individual fund statements, budgetary schedules, and other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2020 on our consideration of Town of North Wilkesboro's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of North Wilkesboro's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Johnson + Company, P.A." The signature is written in a cursive, flowing style.

Management's Discussion and Analysis

Town of North Wilkesboro Management's Discussion and Analysis

As management of the Town of North Wilkesboro, we offer readers of the Town of North Wilkesboro's financial statements this narrative overview and analysis of the financial activities of the Town of North Wilkesboro for the fiscal year ended June 30, 2020. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Financial Highlights

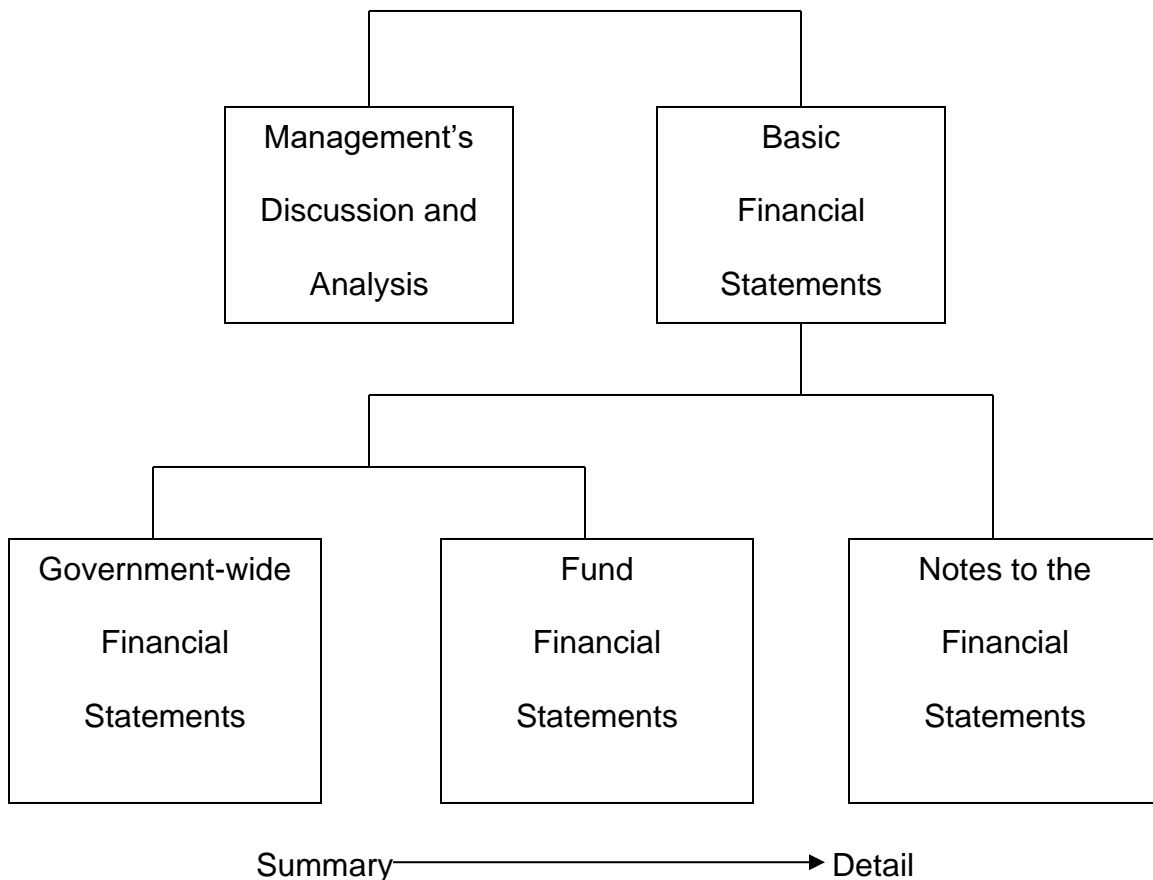

- The assets and deferred outflows of resources of the Town of North Wilkesboro exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$64,840,625 (*net position*).
- The government's total net position increased by \$474,559, primarily due to an increases in the governmental and business-type activities net position.
- As of the close of the current fiscal year, the Town of North Wilkesboro's governmental funds reported combined ending fund balances of \$6,466,304 with a net increase of \$1,261,683 in fund balance. Approximately 22.86 percent of this total amount, or \$1,478,022 is non spendable or restricted.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$4,381,440, or 72.21 percent of total general fund expenditures for the fiscal year.
- The Town of North Wilkesboro's total debt decreased by \$205,071 (3.66%) during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Town of North Wilkesboro's basic financial statements. The Town's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of North Wilkesboro.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the North Carolina General Statutes also can be found in this part of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net position and how it has changed. Net position is the difference between the Town's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component unit. The governmental activities include most of the Town's basic services such as public safety, public works and general administration. Property taxes and State and federal grant funds finance most of these activities. The business-type activities are those that the Town's charges customers to provide. These include the water and sewer services offered by the Town of North Wilkesboro. The final category is the component unit. The Town has one component unit, the Town of North Wilkesboro ABC Board. Although legally separate from the Town, the ABC Board is important to the Town. The Town exercises control over the ABC Board by appointing its members and the Board is required to distribute its profits to the Town.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements (see Figure 1) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of North Wilkesboro, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of Town of North Wilkesboro can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Town of North Wilkesboro

The Town of North Wilkesboro adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Commissioners about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Fund – Town of North Wilkesboro has a proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Town of North Wilkesboro uses the enterprise fund to account for its water and sewer activity. This fund is the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 26 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Town of North Wilkesboro's progress in funding its obligation to provide other postemployment benefits to its employees and the Town's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 67 of this report.

Interdependence with Other Entities – The Town depends on financial resources flowing from, or associated with, both the federal government and the State of North Carolina. Because of this dependency, the Town is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations. It is also subject to changes in investment earnings and asset values associated with U.S. Treasury Securities because of actions by foreign government and other holders of publicly held U.S. Treasury Securities.

Net position:						
Net investment in capital assets	41,967,278	42,843,982	15,401,235	15,637,403	57,368,513	58,481,385
Restricted	1,142,810	947,709	-	-	1,142,810	947,709
Unrestricted	2,645,909	1,837,138	3,683,393	3,099,834	6,329,302	4,936,972
Total net position	\$ 45,755,997	\$ 45,628,829	\$ 19,084,628	\$ 18,737,237	\$ 64,840,625	\$ 64,366,066

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of Town of North Wilkesboro exceeded liabilities and deferred inflows by \$64,840,625 as of June 30, 2020. The Town's net position increased by \$553,157 for the fiscal year ended June 30, 2020. However, the largest portion (88.48%) reflects the Town's net investment in capital assets (e.g. land, buildings, machinery, and equipment). The Town of North Wilkesboro uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of North Wilkesboro's net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town of North Wilkesboro's net position, \$1,142,810 represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$6,329,302 is unrestricted.

Several particular aspects of the Town of North Wilkesboro's financial operations influenced the total unrestricted governmental net position:

- Continued diligence in the collection of property taxes by maintaining a tax collection rate of 96.92%.

Management's Discussion and Analysis

Town of North Wilkesboro

Governmental activities. Governmental activities increased the Town's net position by \$127,168. Key elements of this increase are as follows:

- The Town kept operating expenses as low as possible while maintaining services.

Business-type activities: Business-type activities increased the Town of North Wilkesboro's net position by \$347,391. The key elements of this increase are as follows:

- The Town kept operating expenses as low as possible while maintaining services.

Financial Analysis of the Town's Funds

As noted earlier, the Town of North Wilkesboro uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town of North Wilkesboro's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town of North Wilkesboro's financing requirements.

The general fund is the chief operating fund of the Town of North Wilkesboro. At the end of the current fiscal year, Town of North Wilkesboro's fund balance available in the General Fund was \$4,381,440, while total fund balance reached \$5,859,462. The Town currently has an available fund balance of 72.21% of general fund expenditures, while total fund balance represents 96.57% of the same amount.

At June 30, 2020, the governmental funds of the Town of North Wilkesboro reported a combined fund balance of \$6,466,304 with a net increase in fund balance of \$1,261,683. Included in this change in fund balance is an increase in the fund balance for the General Fund of \$1,368,260 and a decrease for the Non-Major Funds of \$106,577.

Management's Discussion and Analysis

Town of North Wilkesboro

General Fund Budgetary Highlights: During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

Revenues were more than the budgeted amounts primarily because the Town did not expect to receive some of the funds that became available. State collected and disbursed revenues such as sales tax and franchise taxes came in higher than expected as consumer spending continues to improve. On an overall basis, expenditures were held in check to comply with its budgetary requirements.

Proprietary Funds. The Town of North Wilkesboro's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to \$3,683,393. The total change in net position for the fund was a increase of \$347,391.

Management's Discussion and Analysis
Town of North Wilkesboro

Capital Asset and Debt Administration

Capital assets. The Town of North Wilkesboro's investment in capital assets for its governmental and business-type activities as of June 30, 2020, totals \$59,027,902 (net of accumulated depreciation). These assets include land, buildings, sewer lines, equipment, and vehicles.

The following are some of the capital asset transactions during the year:

- Purchased furniture and equipment for \$227,692.
- Infrastructure upgrades amounted to \$1,264,632.
- Purchased various vehicles for \$476,684.
- Added \$694,740 to construction in process.

These capital improvement purchases will assist the Town in continuing to deliver top quality service to our citizens and assist in helping our town develop economically.

The Town of North Wilkesboro's total debt decreased by \$205,071 (3.66%) during the past fiscal year.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the Town of North Wilkesboro is \$36,187,633.

Additional information regarding the Town of North Wilkesboro's long-term debt can be found in Note II.B.4 and II.B.5 of this report.

Management's Discussion and Analysis
Town of North Wilkesboro

Economic Factors and Next Year's Budgets and Rates

The following key economic indicator reflects the growth and prosperity of the Town:

For the fiscal year 2020/2021, the tax rate remains the same at \$.52 per \$100 valuation. The budget does not include the use of general fund balance.

Budget Highlights for the Fiscal Year Ending June 30, 2021

This is a very straight forward, primarily operations budget with little capital outlay with the exception of 4 police cars.

- 2.5% cost of living compensation adjustment for our dedicated and talented employees; we must stay competitive to retain and recruit the best in all departments.
- Purchase of four police cars by Installment Purchase Loan of \$184,100.
- Continuing with contract services for Code Enforcement.
- \$50,000.00 for dredging.
- \$156,786 for debt service on the withdrawn W. Kerr Scott Intake Project.
- Water Rates were increased 2% to meet our financial obligations as we undertake two significant capital improvement projects. The Elevated Water Tank and Water Plant Actiflo projects.

In FY2020-2021 the town continued to lay the groundwork for prosperity and further financial stability in the years to come. Conservative revenue projections underpinned our budgeting, modest capital spending during the fiscal year shows our commitment to stewardship, and the creation of a ten-year Capital Investment Plan will help us responsibly focus our spending in the years to come.

However, the coronavirus pandemic that hit at the end of the last fiscal year left us with significant uncertainty heading into the current fiscal year. It is an unprecedented, ongoing situation. We can only guess what effect the virus and corresponding economic slowdown will have. For FY 2020-2021, we identified areas we expected to be impacted and we adjusted our projections accordingly.

Requests for Information

This report is designed to provide an overview of the Town's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to Wilson Hooper, Town Manager or Connie Banguess, Finance Officer, Town of North Wilkesboro, 832 Main Street, North Wilkesboro, NC 28659.

Exhibit 4
(cont)

Town of North Wilkesboro, North Carolina
Statement of Revenues, Expenditures, and Changes in Fund Balance
Governmental Funds
For the Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$ 1,261,683
---	--------------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Capital outlay expenditures which were capitalized	\$ 931,694		
Depreciation expense for governmental activities	<u>(1,494,724)</u>	\$	(563,030)

Contributions to the pension plan in the current fiscal year are not included on the statement of activities.	224,917
---	---------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Change in unavailable revenue for tax revenues	(24,014)
--	----------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.

New long term debt issued	(415,000)
Principal payments on long-term debt	101,325

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated absences	(5,412)
Pension expense (LGERS)	(417,914)
Pension expense (LEO)	(986)
OPEB plan expense	<u>(34,401)</u>

Total changes in net position of governmental activities	<u>\$ 127,168</u>

Notes to the Financial Statements

Town of North Wilkesboro, North Carolina

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2020

I. Summary of Significant Accounting Policies

The accounting policies of the Town of North Wilkesboro and its discretely presented component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of North Wilkesboro is a municipal corporation that is governed by an elected mayor and a five-member Board of Commissioners. As required by generally accepted accounting principles, these financial statements present the Town and its component unit, a legally separate entity for which the Town is financially accountable. The discretely presented component unit presented below is reported in a separate column in the Town's financial statements in order to emphasize that it is legally separate from the Town.

Town of North Wilkesboro ABC Board

The members of the ABC Board's governing board are appointed by the Town. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the Town. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements of the ABC Board may be obtained from Town of North Wilkesboro ABC Board, 297 Wilkesboro Avenue, North Wilkesboro, NC 28659.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government and its component unit. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category – *governmental and proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

The Town reports the following major governmental fund:

General Fund. The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for administration, public safety, street maintenance and construction, and sanitation services. Additionally, the Town has legally adopted a Firemen's Supplementary Fund and Health Equity Fund. Under GASB 54 guidance these funds are consolidated in the General Fund. The budgetary comparison for these funds have been included in the supplemental information.

The Town reports the following non-major governmental funds:

Fire Station Building Project Capital Projects Fund. This fund is used to account for the construction of a new fire station building.

Neighborhood Streetscape Capital Projects Fund. This fund is used to account for the construction of street improvements.

Community Waste Reduction and Recycling Grant Capital Projects Fund. This fund is used to account for the purchase of a vehicle.

NC DOT Project No. R-2603 Highway 268 Capital Projects Fund. This fund is used to account for improvements to a highway.

Capital Reserve Capital Projects Fund. This fund is used to account for funds to be used in various future capital projects and equipment needs.

Yadkin Valley Downtown Streetscape Capital Projects Fund. This fund is used to account for the construction of the downtown streetscape.

Building Rehab and Condemnation Capital Projects Fund. This fund is used to account for building rehab and condemnation improvements.

Downtown Streetscape 6th and Main. This fund is used to account for the construction of the downtown streetscape.

Memorial Park to Mulberry Fields Greenway Connect. This fund is used to account for the construction of a greenway connector.

The Town reports the following major enterprise fund:

Water and Sewer Fund. The fund is used to account for the Town's water and sewer operations.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and

collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town of North Wilkesboro because the tax is levied by Wilkes County and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost- reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Firemen's Supplementary Fund, The Health Equity Fund (Governmental Fund), the Capital Reserve Capital Projects Fund (Governmental Fund), the Enterprise Fund, the Capital Reserve Capital Projects Fund (Enterprise Fund) and the Health Equity Water Fund (Enterprise Fund). All annual appropriations lapse at the fiscal-year end. Project ordinances are adopted for the Fire Station Building Project Capital Projects Fund, the Neighborhood Streetscape Capital Projects Fund, the Community Waste Reduction and Recycling Grant Capital Projects Fund, the NC DOT No. R-2603 Highway 268 Capital Projects Fund, the Yadkin Valley Downtown Streetscape Capital Projects Fund, the Building Rehab and Condemnation Capital Projects Fund, the Downtown Streetscape 6th and Main Capital Project Fund, the Memorial Park to Mulberry Fields Greenway Connect, the Kerr Scott Reservoir Raw Water Capital Projects Fund, the Hwy. 115 South Sewer Extension Capital Projects Fund and the Asset Inventory and Assessment Grant Sewer Capital Project Fund. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for the multi-year funds. The Town Manager is authorized to transfer appropriations between departments within a fund without limit provided those transfers are reported to the Board of Commissioners at their next regular meeting. However, any revisions that alter total expenditures of any fund must be approved by the governing board. The board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity

1. Deposits and Investments

All deposits of the Town and its component unit are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The Town and its component unit may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town and its component unit may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town and its component unit to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT). The Town and its component unit's investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT-Government Portfolio, a SEC-registered (2a-7) external investment pool, is measured at amortized cost, which is the NCCMT's share price. The NCCMT- Term Portfolio's securities are valued at fair value. The NCCMT Term Portfolio is bond fund, has no rating and is measured at fair value. As of June 30,2020, The Term portfolio has a duration of .15 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

2. Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income and consider all cash and investments to be cash and cash equivalents. The ABC Board considers all highly liquid investments with a maturity of three months or less when purchased to be cash and cash equivalents.

3. Restricted Assets

Customer deposits held by the Town before any services are supplied are restricted to the service for which the deposit was collected. Powell Bill funds are also classified as restricted cash because it can be expended only for the purposes outlined in G.S. 136-41.1 through 136-41.4. Prepaid fees held by the Town before services are supplied are restricted to the service for which the fee was collected.

Town of North Wilkesboro Restricted Cash

Governmental Activities

General Fund

Streets	\$ 21,021
Public safety	100,157
Other	16,730
Prepaid fees	4,500
Total Governmental Activities	<u>142,408</u>

Business-Type Activities

Water and Sewer Fund

Customer deposits	<u>74,701</u>
Total Business-Type Activities	<u>74,701</u>

Total Restricted Cash	<u>\$ 217,109</u>
-----------------------	-------------------

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2019.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventory and Prepaid Items

The inventories of the Town and the ABC Board are valued at the lower of cost (first-in, first-out) or market. The inventory of the Town's enterprise fund consists of materials and supplies held for subsequent use. The inventory of the ABC Board consists of goods held for sale. The cost of these inventories are expensed when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and expensed as the items are used.

7. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization costs are set at \$5,000. Donated capital assets received prior to June 15, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. The cost of normal maintenance and repairs that do

not add to the value of the asset or materially extend assets' lives are not capitalized. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Buildings and distributions systems	5 to 40 years
Other improvements	5 to 40 years
Equipment and furniture	5 to 40 years
Vehicles	5 to 10 years

Property and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

Asset Class	Estimated Useful Lives
Building and improvements	10 to 20 years
Furniture and equipment	5 to 10 years

8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town has one item that meets this criterion, contributions made to the pension plan in the 2020 fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has three items that meet the criterion for this category - property taxes receivable, pension deferrals, and lease prepayments.

9. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred. Prepaid insurance costs are expensed over the life of the debt.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Compensated Absences

The Town's employees are granted vacation and sick leave in varying amounts. However, if an employee departs from service, payment for accumulated vacation leave shall not exceed 30 days. Effective the last day in the month, any employee with more than 30 days of accumulated leave shall have the excess accumulation converted to sick leave so that only 30 days of vacation time is carried forward to the next month. Firefighters are allowed to carry over 60 days of accumulated leave at month end. For the Town's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The Town's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Town does not have any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Land held for resale - portion of fund balance that is not an available resource because it represents the year-end balance of land held for resale, which is not spendable resources.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of

fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as “restricted by State statute”. Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is “imposed by law through constitutional provisions or enabling legislation.” RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Streets - Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Restricted for Public Safety – portion of fund balance restricted by donors.

Restricted for Other – portion of fund balance restricted by donors.

Committed Fund Balance – portion of fund balance that can be used for specific purposes imposed by majority vote by quorum of the Town of North Wilkesboro’s governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitations.

Committed for Capital Projects Funds – funds are used to account for the revenue and expenditures of the various capital projects funds of the Town.

Assigned Fund Balance – portion of fund balance that Town of North Wilkesboro intends to use for specific purposes.

Subsequent year’s expenditures – portion of fund balance that is appropriated in the next year’s budget that is not already classified in restricted or committed.

Unassigned Fund Balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town of North Wilkesboro has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-town funds, town funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Town.

12. Defined Benefit Cost-Sharing Plans

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees’ Retirement System (LGERS) and additions

to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town of North Wilkesboro's employer contributions are recognized when due and the Town of North Wilkesboro has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

II. Detail Notes on All Funds

A. Assets

1. Deposits

All the deposits of the Town and its component unit are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's or its component unit's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town and its component unit, these deposits are considered to be held by the Town's and component unit's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town, its component unit, or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town and its component unit under the Pooling Method, the potential exists for under-collateralization. This risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The ABC Board has no formal policy regarding custodial credit risk for deposits.

At June 30, 2020, the Town's deposits had a carrying amount of \$1,901,293 and a bank balance of \$2,039,313. Of the bank balance, \$500,000 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method. At June 30, 2020 the Town's petty cash fund totaled \$600.

At June 30, 2020, the ABC Board's deposits had a carrying amount of \$126,871 and a bank balance of \$169,340. All of the bank balance was covered by federal depository insurance. At June 30, 2020, the ABC Board's cash on hand totaled \$1,700.

2. Investments

At June 30, 2020, The Town's investment balances are as follows:

Investments by Type	Valuation Measurement Method	Book Value at 6/30/20	Maturity	Rating
NC Capital Management Trust-Government Portfolio	Fair Value Level 1	\$ 1,681,995	N/A	AAAm
NC Capital Management Trust-Term Portfolio	Fair Value Level 1	9,449,765	.15 years a	Unrated
US Treasuries	Fair Value Level 1	4,001,344	Varies from November 2023-2026	AAA
Government Agency: Federal Home Loan Bank	Fair Value Level 2	2,987,976	September 10, 2027	AAA
Government Agency: Federal Farm Credit Bank	Fair Value Level 2	3,002,495	November 15, 2027	AAA
Total:		\$ 21,123,575		

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets. Level of fair value hierarchy: Level 1 debt securities are valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level 2 debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' benchmark quoted prices.

a This is the duration for the Term Portfolio.

Interest Rate Risk. The Town has no formal investment policy regarding interest rate risk.

Credit risk. The Town has no formal policy regarding credit risk, but has internal management procedures that limits the Town's investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. The investment in the Federal Home Loan Bank is rated AAA by Standard and Poor's and Aaa by Moody's Investors Service. The Town's investment in the NC Capital Management Trust Government Portfolio carried a credit rating of AAAm by Standard & Poor's as of June 30, 2020. The Town's investment in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the U.S. government and agencies, and in high grade money market instruments as permitted under North Carolina General Statutes 159-30 as amended.

Concentration of Credit Risk. The Town's Board places no limit on the amount that the Town may invest in any one issuer. More than 5 percent of the Town's investments are invested in United States Treasuries, Federal Home Loan Bank securities, and Federal Farm Credit Bank securities.

3. Note Receivables – Other Governments

To address raw water supply storage and sufficient water supply, the Town of North Wilkesboro has arranged with NCDENR for a Drinking Water State Revolving Loan with a maximum borrowing limit on the loan up to \$1,567,860 to design and construct a raw water intake on the Kerr Scott Reservoir.

As of June 30, 2020, loan proceeds of \$1,193,253 have been drawn and \$940,716 have been repaid. The balance is to be repaid over 3 years.

To share the costs of the project, the Town entered into a note receivable from the Town of Wilkesboro whereby the Town of Wilkesboro will pay one-half of amounts owed for the Kerr Scott Capital Project engineering fees as the payments come due.

Annual amounts to be received by the Town from the Town of Wilkesboro are as follows:

Year Ending June 30	Principal	Interest
2021	\$ 126,268	\$ -
	<u>\$ 126,268</u>	<u>\$ -</u>

4. Receivables – Allowances for Doubtful Accounts

The amounts presented in the Balance Sheet and the Statement of Net Position for the year ended June 30, 2020 is net of the following allowances for doubtful accounts:

General Fund:	
Taxes receivable	\$ 128,888
Accounts receivable	<u>8,115</u>
	<u>\$ 137,003</u>
Enterprise Fund:	
Accounts receivable	<u>\$ 49,917</u>

B. Liabilities

1. Pension Plan and Postemployment Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The Town of North Wilkesboro is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the

member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. Town of North Wilkesboro employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town of North Wilkesboro's contractually required contribution rate for the year ended June 30, 2020, was 9.70% of compensation for law enforcement officers and 9.06% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town of North Wilkesboro were \$279,096 for the year ended June 30, 2020.

Refunds of Contributions – Town employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the Town reported a liability of \$1,160,369 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018. The total pension liability was then rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2019, the Town's proportion was .04249% which was a decrease of .00213% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the Town recognized pension expense of \$517,363. At June 30, 2020, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 198,685	\$ -
Changes in assumptions	189,121	-
Net difference between projected and actual earnings on pension plan investments	28,303	-
Changes in proportion and differences between Town contributions and proportionate share of contributions	6,755	9,249
Town contributions subsequent to the measurement date	279,096	-
Total	<u>\$ 701,960</u>	<u>\$ 9,249</u>

\$279,096 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2021	\$ 207,882
2022	65,347
2023	110,346
2024	30,040
2025	-
Thereafter	-

Actuarial Assumptions. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 to 8.10 percent, including inflation and productivity factor
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2018 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return

on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's proportionate share of the net pension asset to changes in the discount rate. The following presents the Town's proportionate share of the net pension asset calculated using the discount rate of 7.00 percent, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate:

	<u>1% Decrease (6.00%)</u>	<u>Discount Rate (7.00%)</u>	<u>1% Increase (8.00%)</u>
Town's proportionate share of the net pension liability (asset)	\$ 2,653,976	\$ 1,160,369	\$ (81,121)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers Special Separation Allowance

1. *Plan Description.*

The Town of North Wilkesboro administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full time law enforcement officers of the Town are covered by the Separation Allowance. At December 31, 2018, the Separation Allowance's membership consisted of:

Retirees receiving benefits	4
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	<u>24</u>
Total	<u>28</u>

2. *Summary of Significant Accounting Policies:*

Basis of Accounting. The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the

modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statement 73.

Method Used to Value Investments. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

3. Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2018 valuation. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.50 to 7.35 percent, including inflation and productivity factor
Discount rate	3.26 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2018.

Mortality rates are based on the RP-2014 Mortality tables with adjustments for mortality improvements.

4. Contributions.

The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. There were no contributions made by employees. Administration costs of the Separation Allowance are financed through investment earnings. The Town paid \$65,109 as benefits came due in the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the Town reported a total pension liability of \$744,348. The total pension liability was measured as of June 30, 2019 based on a December 31, 2018 actuarial valuation. The total pension liability was then rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2020, the Town recognized pension expense of \$986.

	Deferred Outflows of	Deferred Inflows of
Differences between expected and actual experience	\$ 85,653	\$ 37,200
Changes of assumptions	37,429	20,405
Town benefit payments and plan administrative expense made subsequent to measurement date	32,929	-
	<u>\$ 156,011</u>	<u>\$ 57,605</u>

\$32,929 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2021	\$ 17,430
2022	17,430
2023	19,363
2024	1,918
2025	9,336
Thereafter	-

Sensitivity of the Town's total pension liability to changes in the discount rate. The following presents the Town's total pension liability calculated using the discount rate of 3.26 percent, as well as what the Town's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.26 percent) or 1-percentage-point higher (4.26 percent) than the current rate:

	1% Derease (2.26%)	Discount Rate (3.26%)	1% Increase (4.26%)
Town's proportionate share of the net pension liability (asset)	\$ 801,079	\$ 744,348	\$ 692,460

Interest on the total pension liability	23,365
Changes of benefit terms	-
Differences between expected and actual experience in measurement of the total pension liability	62,009
Changes in assumptions or other inputs	20,272
Benefit payments	(65,109)
Other changes	-
Ending balance of total pension liability	<u>\$ 744,348</u>

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources of Related to Pensions

Following is information related to the proportionate share and pension expense for all pension plans:

	LGERS	LEOSSA	Total
Pension Expense	\$ 517,363	\$ 986	\$ 518,349
Pension Liability	1,160,369	744,348	1,904,717
Proportionate share of the net pension liability	0.04249%	n/a	
Deferred of Outflows of Resources			
Differences between expected and actual experience	198,685	85,653	284,338
Changes of assumptions	189,121	37,429	226,550
Net difference between projected and actual earnings on plan investments	28,303	-	28,303
Changes in proportion and differences between contributions and proportionate share of contributions	6,755	-	6,755
Benefit payments and administrative costs paid subsequent to the measurement date	279,096	32,929	312,025
Deferred of Inflows of Resources			
Differences between expected and actual experience	-	37,200	37,200
Changes of assumptions	-	20,405	20,405
Net difference between projected and actual earnings on plan investments	-	-	-
Changes in proportion and differences between contributions and proportionate share of contributions	9,249	-	9,249

c. Supplemental Retirement Income Plan for Law Enforcement Officers and All Other Full-Time Employees

Plan Description. The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers and employees not engaged in law enforcement employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for law enforcement officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for law enforcement officers and all other employees not engaged in law enforcement. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to five percent of each officer's and employee's salary, and all amounts contributed are vested immediately. Also, law enforcement officers and employees may make voluntary contributions to the plan.

The Town made contributions of \$59,826 for the reporting year. No amounts were forfeited.

d. Other Postemployment Benefit

Healthcare Benefits

Plan Description. Under the terms of a Town resolution, the Town administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). The Town Board has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits Provided. The plan provides postemployment healthcare benefits to retirees of the Town, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least thirty years of creditable service with the Town. The Town will pay for health insurance for eligible retirees until they become eligible for Medicare. The retiree may continue dependent coverage (and pay the full cost of this coverage) if enrolled in dependent coverage at the time of retirement. Dependent coverage terminates upon the spouse becoming eligible for Medicare or upon the retiree's death, whichever comes first. A separate report was not issued for the plan. The Town Council may amend the benefit provisions.

Membership of the HCB Plan consisted of the following at December 31, 2019, the date of the latest actuarial valuation:

	General Employees	Law Enforcement Officers
Retirees and dependents receiving benefits	8	-
Terminated plan members entitled to but not yet receiving benefits	-	-
Active plan members	36	28
Total	<u>44</u>	<u>28</u>

Total OPEB Liability

The Town's total OPEB liability of \$1,586,365 was measured as of December 31, 2019 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.5 percent
Salary increases	3.50-7.75 percent, average, including inflation
Discount rate	3.50%
Healthcare cost trend rates	Pre-Medicare - 7.00% of 2019 decreasing to an ultimate rate of 4.50% by 2026

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of the measurement date.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at July 1, 2019	\$ 1,738,149
Changes for the year	
Service cost	70,013
Interest	65,922
Changes of benefit terms	-
Differences between expected and actual experience	(230,121)
Changes in assumptions or other inputs	30,209
Benefit payments	(87,807)
Net changes	(151,784)
Balance at 6/30/2020	\$ 1,586,365

Mortality rates were based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study for the period January 2010 through December 2014.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.50 percent) or 1-percentage-point higher (4.50 percent) than the current discount rate:

	1% Decrease	Discount Rate (3.50%)	1% Increase
Total OPEB liability	\$ 1,747,588	\$ 1,586,365	\$ 1,443,638

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1- percentage-point lower or 1- percentage-point higher than the current healthcare cost trend rates:

	1% decrease	Current	1% increase
Total OPEB liability	\$ 1,416,049	\$ 1,586,365	\$ 1,790,959

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the Town recognized OPEB expense of \$42,021. At June 30, 2020, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 222,781
Changes of assumptions	-	112,950
Benefit payments and administrative costs made subsequent to the measurement date	<u>26,988</u>	<u>-</u>
Total	<u>\$ 26,988</u>	<u>\$ 335,731</u>

\$26,988 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2021	\$ (40,324)
2022	(40,324)
2023	(40,324)
2024	(40,324)
2025	(40,324)
Thereafter	(107,123)

e. Other Employment Benefit

The Town has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan and not by the Town, the Town does not determine the number of eligible participants. The Town has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between

the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The Town considers these contributions to be immaterial.

2. Deferred Outflows and Inflows of Resources

The Town has six deferred outflows of resources. Deferred outflows of resources are comprised of the following:

Contributions to pension plan in current fiscal year	\$ 279,096
Benefit payments made and administrative expenses for LEOSA	32,929
Differences between expected and actual experience	284,338
Changes of assumptions	226,550
Net difference between projected and actual	28,303
Changes in proportion and differences between employer contributions and proportionate share of contribution	6,755
OPEB deferrals	26,988
Charge on refunding	-
Total	<u>\$ 884,959</u>

Deferred inflows of resources at year-end is comprised of the following:

	Statement of Net Position	General Fund Balance Sheet
Taxes receivable, less penalties (General Fund)	\$ -	\$ 83,335
Lease prepayment	13,500,000	13,500,000
Lease	34,481,231	34,481,231
OPEB deferrals	335,731	-
Changes in assumptions	20,405	-
Differences between projected and actual experience	37,200	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	9,249	-
	<u>\$ 48,383,816</u>	<u>\$ 48,064,566</u>

3. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in three self-funded risk-financing pools administered by the North Carolina League of Municipalities. Through these pools, the Town obtains general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insured values of the property policy, workers' compensation coverage up to statutory limits. Employee health coverage is provided by a local insurance agency. The liability and property exposures are reinsured through commercial carriers for claims in excess of retentions as selected by the Board of Trustees each year. Excess insurance coverage is purchased by the Board of Trustees to protect against large workers' compensation claims that exceed certain dollar cost levels. Medical stop loss insurance is purchased by the Board of Trustees to protect against large medical claims that exceed certain dollar cost levels. Specific information on the limits of the reinsurance, excess and stop loss policies purchased by the Board of Trustees can be obtained by contacting the Risk Management Services Department of the NC League of Municipalities. The pools are audited annually by certified public accountants, and the audited financial statements are available to the Town upon request.

The Town carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

The Town carries no flood insurance.

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The finance officer is individually bonded for \$50,000, the tax collector for \$2,500, the Town Manager for \$25,000, and the Town Clerk for \$25,000. The remaining employees that have access to funds are bonded under a blanket bond for \$1,000,000.

4. Long-term Obligations – Governmental Activities

a. Installment purchase

In March, 2013, the Town entered into a direct placement contract for the purchase a 2012 Pierce fire truck. The property is pledged as collateral for the debt while the debt is outstanding. The agreement required quarterly payments of \$13,899 which included interest at 1.79% through March, 2020. The loan was paid off in 2020.

b. Installment purchase

In February, 2020, the Town entered into a direct placement contract for the purchase of 5 Dodge Charger Police Cars. The property is pledged as collateral for the debt while the debt is outstanding. The agreement requires annual payments of \$52,972, which includes interest at 2.35% through February, 2024.

Annual debt service requirements to maturity for the loan agreement are as follows:

Year Ending June 30	Principal	Interest
2021	\$ 48,272	\$ 4,700
2022	49,406	3,565
2023	50,567	2,405
2024	51,755	1,216
	<u>\$ 200,000</u>	<u>\$ 11,886</u>

c. Installment purchase

In February, 2020, the Town entered into a direct placement contract for the purchase of a 2020 Mack Dumpster Truck. The property is pledged as collateral for the debt while the debt is outstanding. The agreement requires annual payments of \$46,118, which includes interest at 2.38% through February, 2025.

Annual debt service requirements to maturity for the loan agreement are as follows:

Year Ending June 30	Principal	Interest
2021	\$ 41,001	\$ 5,117
2022	41,977	4,141
2023	42,976	3,142
2024	43,999	2,119
2025	45,046	1,072
	<u>\$ 214,999</u>	<u>\$ 15,591</u>

d. Loan agreement

In September, 2015, the Town entered into a loan agreement for the construction and renovation of the Farmer's Market and surroundings. The agreement requires semi-annual payments of \$30,000, plus interest at 2.49% through September, 2025.

Annual debt service requirements to maturity for the loan agreement are as follows:

Year Ending June 30	Principal	Interest
2021	\$ 60,000	\$ 7,844
2022	60,000	6,350
2023	60,000	4,856
2024	60,000	3,362
2025	60,000	1,866
2026	30,000	372
	<u>\$ 330,000</u>	<u>\$ 24,650</u>

5. Long-term Obligations – Business-Type Activities

a. NCDENR Drinking Water Loan

In October, 2002, the Town entered into a NCDENR Drinking Water Loan that requires annual principal payments of \$136,119 plus semi-annual interest payments at 2.57% through May, 2023. Annual debt service requirements to maturity for the loan agreement are as follows:

Year Ending June 30	Principal	Interest
2021	\$ 136,119	\$ 10,495
2022	136,119	6,997
2023	136,118	3,498
	<u>\$ 408,356</u>	<u>\$ 20,990</u>

b. NCDENR Drinking Water State Revolving Loan

To address raw water supply storage and sufficient water supply, the Town of North Wilkesboro is partnering with the Town of Wilkesboro to design and construct a raw water intake on the Kerr Scott Reservoir. Kerr Scott Reservoir will provide a reliable source of good quality water for both towns. The Town is using a combination of grants and loans to finance the project. The Town has arranged with NCDENR for a Drinking Water State Revolving Loan with a maximum borrowing limit on the loan up to \$1,567,860. As of June 30, 2020, loan proceeds of \$1,193,253 have been drawn and \$940,716 have been repaid.

The loan requires annual principal payments of \$313,572 at no interest through May, 2022.

Annual debt service requirements to maturity for the loan agreement are as follows:

Year Ending June 30	Principal	Interest
2021	\$ 252,537	\$ -
	<u>\$ 252,537</u>	<u>\$ -</u>

Additionally, the Town of Wilkesboro has agreed to pay one-half of the payments as they come due which is reflected as a note receivable. During the year, the Town of Wilkesboro reimbursed to the Town an amount of \$156,786.

c. Loan Agreement

In December, 2013, the Town entered into a loan agreement for funding to construct a new water and sewer maintenance building and equipment shed requiring principal payments twice per year at \$22,188 each plus interest at 2.79% through December, 2023.

Annual debt service requirements to maturity for the loan agreement are as follows:

Year Ending June 30	Principal	Interest
2021	\$ 44,377	\$ 4,024
2022	44,377	2,786
2023	44,377	1,548
2024	22,188	309
	<u>\$ 155,319</u>	<u>\$ 8,667</u>

d. Installment purchase

In May, 2012, the Town entered into a direct placement contract for the purchase of equipment that requires monthly payments of \$4,763, which includes interest at 2.048% through April, 2022. The property is pledged as collateral for the debt while the debt is outstanding.

Annual debt service requirements to maturity for the loan agreement are as follows:

Year Ending June 30	Principal	Interest
2021	\$ 55,670	\$ 1,490
2022	42,506	364
	<u>\$ 98,176</u>	<u>\$ 1,854</u>

6. Changes in Long-Term Liabilities

Compensated absences for governmental activities have typically been liquidated in the General Fund.

	Beginning Balance	Increases	Decreases	Ending Balance	Current Portion of Balance
Governmental activities:					
Direct placement installment purchase	\$ 431,326	\$ 415,000	\$ 101,327	\$ 744,999	\$ 149,273
Compensated absences	190,258	5,412	-	195,670	74,355
Other postemployment benefits	1,412,204	-	124,256	1,287,948	-
Net pension liability (LGERS)	857,417	82,482	-	939,899	-
Total pension liability (LEO)	674,450	69,898	-	744,348	-
Governmental activity long-term liabilities	<u>\$ 3,565,655</u>	<u>\$ 572,792</u>	<u>\$ 225,583</u>	<u>\$ 3,912,864</u>	<u>\$ 223,628</u>
Business-type activities:					
NC DENR Drinking Water Loan	\$ 544,475	\$ -	\$ 136,119	\$ 408,356	\$ 136,119
NC DENR Drinking Water State Revolving Loan	566,109	-	313,572	252,537	252,537
Direct placement installment purchase	352,414	-	98,919	253,495	100,047
Compensated absences	45,296	4,508	-	49,804	18,925
Other postemployment benefits	325,945	-	27,526	298,419	-
Net pension liability (LGERS)	201,122	19,348	-	220,470	-
Business-type activity long-term liabilities	<u>\$ 2,035,361</u>	<u>\$ 23,856</u>	<u>\$ 576,136</u>	<u>\$ 1,483,081</u>	<u>\$ 507,628</u>

At June 30, 2020, the Town had a legal debt margin of \$36,187,675.

C. Interfund Balances and Activity

Balances due to/from other funds at June 30, 2020, consist of the following:

General Fund	<u>\$ 351,333</u>
--------------	-------------------

Water Sewer Fund	<u>\$ (351,333)</u>
------------------	---------------------

The interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Transfers to and from other funds at June 30, 2020, consist of the following:

From Community Waste Reduction and Recycling Grant Capital Project Fund to Capital Reserve Capital Project Fund	\$ (445)
From Yadkin Valley Downtown Streetscape Capital Projects Fund to Capital Reserve Capital Project Fund	(211)
From Memorial Park to Mulberry Fields Greenway Connect to Capital Reserve Capital Project Fund	<u>(1,980)</u>
	<u>\$ (2,636)</u>
From Capital Projects Fund - Capital Reserve - Enterprise Fund to Capital Projects Fund - Jeld Wen Elevated Water Tank Project	\$ (135,000)
From Capital Projects Fund - Capital Reserve - Enterprise Fund to Capital Projects Fund - Yadkin River Intake Project	(60,100)
From Capital Projects Fund - Asset Inventory and Assessment Grant Sewer - B to Capital Projects Fund - Capital Reserve - Enterprise Fund	1,500
From Capital Projects Fund - Kerr Scott Reservoir Raw Water to Capital Projects Fund - Capital Reserve - Enterprise Fund	<u>100</u>
	<u>\$ (193,500)</u>

Transfers are used to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided matching funds for various grant programs.

D. On-Behalf Payments for Fringe Benefits and Salaries

For the fiscal year ended June 30, 2020, the Town of North Wilkesboro has recognized on-behalf payments for pension contributions made by the State as revenue of \$12,655 and an expenditure of \$12,655 for the twenty-six volunteer firemen and three employed firemen who perform firefighting duties for the Town's fire department. The volunteers and employees elected to be members of the Firefighters' and Rescue Squad Workers' Pension Fund, a cost-sharing, multiple-employer public employee retirement system established and administered by the State of North Carolina. The plan is funded by a \$10 monthly contribution paid by each member, investment income, and a State appropriation.

E. Net Investment in Capital Assets

	<u>Governmental</u>	<u>Business-type</u>
Capital assets	\$ 42,712,278	\$ 16,315,625
Less: long-term debt	<u>745,000</u>	<u>914,390</u>
Net investment in capital assets	<u>\$ 41,967,278</u>	<u>\$ 15,401,235</u>

F. Fund Balance

The following schedule provides management and citizens with information on the portion of general fund balance that is available for appropriation:

Total fund balance - General Fund	\$ 5,859,462
Less:	
Land held for resale	335,212
Stabilization by State Statute	1,004,902
Streets - Powell Bill	21,021
Public safety	100,157
Other	16,730
Remaining Fund Balance	4,381,440

III. Jointly Governed Organizations

The Town, in conjunction with seven counties and eighteen other municipalities established the High Country Council of Governments (Council). The participating governments established the Council to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The Town paid membership fees of \$1,126 to the Council during the fiscal year ended June 30, 2020.

IV. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The Town has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

V. Leases

Effective July 1, 2017 the Town of North Wilkesboro (Town), WRMC Operating Corporation (WRMC), Wilkes Physician Network, Inc (WPN), and Wake Forest University Baptist Medical Center (WFUBMC) entered into a lease agreement whereby the Town will lease to WRMC the "Leased Assets" (as described in the lease) i.e. real property together with the buildings, improvements, and fixtures thereon. The initial term of this lease shall be for thirty (30) years commencing as of July 1, 2017. After the initial term the lease may be renewed and extended at

the option of the tenant and WFUBMC for two (2) successive periods of ten (10) years each. Lease payments consist of a \$15,000,000 "Upfront Lease Payment" (including the Lock Up Fee) on the commencement date plus an Annual Rent payment of \$1,000,000 (which shall be increased by 2% of the amount paid the previous year) beginning on the first anniversary of the commencement date. The Town elected earlier application of GASB 87 and accordingly recorded this lease as a Lease Receivable and a Deferred Inflow of Resources at the present value of lease payments plus the "Upfront Lease Payment") at the commencement of the lease term.

Also, the Town recognized \$204,690 of interest income on the Lease Receivable and \$1,335,710 inflow of resources (revenue) from the deferred inflow of resources during the current year.

Minimum lease payments to be received in the future are as follows:

Year Ended June 30	
2021	\$ 1,061,208
2022	1,082,432
2023	1,104,080
2024	1,126,162
2025	1,148,686
2026-2030	6,097,362
2031-2035	6,731,981
2036-2040	7,432,651
2041-2045	8,206,247
2046-2047	3,516,869
	<u>\$ 37,507,678</u>

VI. Subsequent Events

Subsequent events have been evaluated through December xx, 2020, which is the date the financial statements were available to be issued.

Required Supplementary Financial Data

Town of North Wilkesboro, North Carolina
Schedule of Changes in the Total OPEB Liability and Related Ratios
June 30, 2020

	<u>2020</u>	<u>2019</u>	<u>2018</u>
Total OPEB Liability			
Service Cost	\$ 70,013	\$ 73,040	\$ 80,122
Interest	65,922	60,630	52,575
Changes of benefit terms	-	-	-

Compliance Section

**Report On Internal Control Over Financial Reporting And On Compliance and Other Matters
Based On An Audit Of Financial Statements Performed In Accordance With *Government
Auditing Standards***

Independent Auditor's Report

To the Honorable Mayor and
Members of the Board of Commissioners
Town of North Wilkesboro, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of North Wilkesboro, North Carolina, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprises the Town of North Wilkesboro's basic financial statements, and have issued our report thereon dated December 9, 2020. Our report includes a reference to other auditors who audited the financial statements of the Town of North Wilkesboro ABC Board, as described in our report on the Town of North Wilkesboro's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The Town of North Wilkesboro ABC Board were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of North Wilkesboro's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of North Wilkesboro's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of North Wilkesboro's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
