## **Independent Auditor's Report**

To the Honorable Mayor and  
Members of the City Council  
Thomasville, North Carolina

### **Report On the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Thomasville, North Carolina, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Thomasville Board of Education, which represents 90.07 percent, 112.59 percent, and 88.25 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. We did not audit the financial statements of the Thomasville ABC Board, which represents 9.06 percent, (11.28) percent, and 11.35 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports have been furnished to us and, our opinion, insofar as it relates to the amounts included for the Thomasville Board of Education and the Thomasville ABC Board, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement. The financial statements of the City of Thomasville ABC Board and Thomasville Tourism Commission were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Thomasville, North Carolina, as of June 30, 2020, and the respective changes in financial position and cash flows, where appropriate thereof and the respective budgetary comparison for the General Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Law Enforcement Officers' Special Separation Allowance Schedule of the Change in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, the Other Post-Employment Benefits' Schedule of Changes in the Total OPEB Liability and Related Ratios, and the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Asset (Liability) and Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economical, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary and Other Information*

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the City of Thomasville, North Carolina. The combining and individual fund statements, budgetary schedules, other schedules, and the accompanying Schedule of Expenditures of Federal and State Awards, as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual fund statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2020 on our consideration of City of Thomasville's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant, agreements, and other matters. The purpose of the report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Thomasville's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Thomasville's internal control over financial reporting and compliance.

## **Management's Discussion and Analysis**

As management of the City of Thomasville, we offer readers of the City of Thomasville's financial statements this narrative overview and analysis of the financial activities of the City of Thomasville for the fiscal year ended June 30, 2020. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the City's financial statements, which follow this narrative.

### **Financial Highlights**

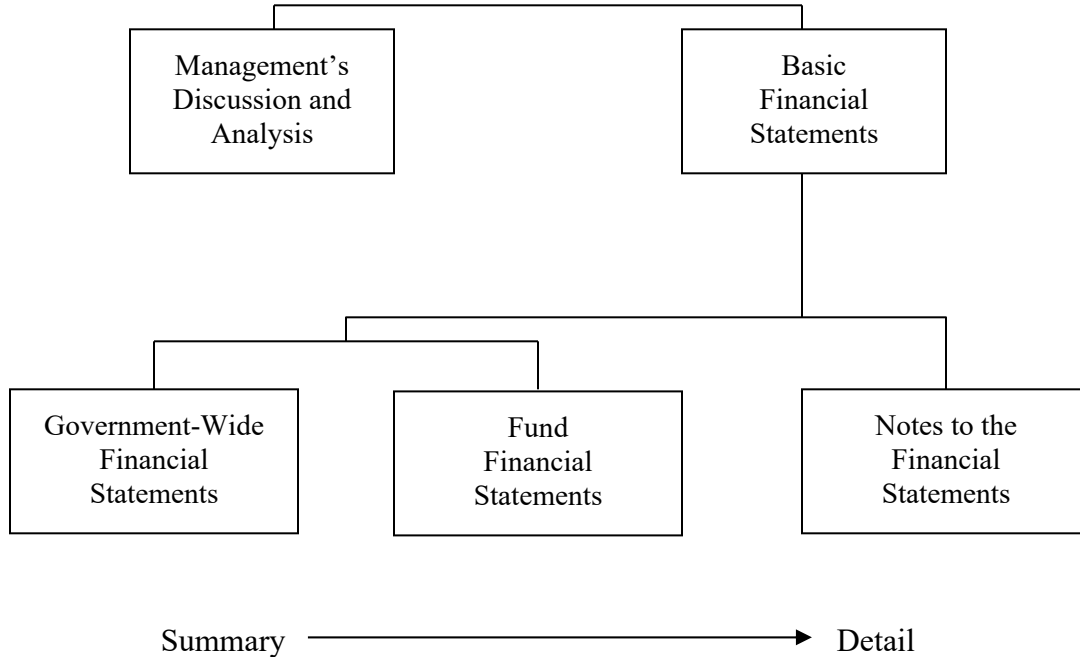

- The assets and deferred outflows of the City of Thomasville exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$30,099,536 (net position).
- The government's total net position increased by \$138,994 due to an increase in business-type activities.
- As of the close of the current fiscal year, the City of Thomasville's governmental funds reported combined ending fund balances of \$16,451,836, a decrease of \$7,130,205 in comparison with the prior year. Currently, 45.88% of this total amount, or \$7,548,735, is restricted or non-spendable.
- At the end of the current fiscal year, available fund balance for the General Fund was \$9,513,303, or 38.80%, of total General Fund expenditures and transfers to other funds.
- Water and Sewer Fund current assets increased 13.90%. At June 30, 2020, current assets exceeded current liabilities for the tenth consecutive year.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City of Thomasville's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the City of Thomasville.

## Required Components of Annual Financial Report

Figure 1

### Basic Financial Statements

The first two statements (Exhibits A and B) in the basic financial statements are the **Government-Wide Financial Statements**. They provide both short and long-term information about the City's financial status.

The next statements (Exhibits C through I) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the City's government. These statements provide more detail than the government-wide statements. There are three parts to the fund financial statements: 1) the governmental funds statements, 2) the budgetary comparison statements, and 3) the proprietary fund statements.

The next section of the basic financial statements is the **Notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **Supplemental Information** is provided to show details about the City's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

## **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the City's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the City's financial status as a whole.

The two government-wide statements report the City's net position and how they have changed. Net position is the difference between the City's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the City's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities, 2) business-type activities, and 3) component units. The governmental activities include most of the City's basic services such as public safety, parks and recreation, and general administration. Property taxes and federal and state grant funds finance most of these activities. The business-type activities are those that the City charges customers to provide. These include the water and sewer and golf services offered by the City of Thomasville. The final category is the component units. Although legally separate from the City, the City School Board, ABC Board, and Tourism Commission are important to the City because the City exercises control over the School Board, ABC Board, and Tourism Commission by appointing its members and setting the local tax rate for the School Board and Tourism Commission. The ABC Board is required to distribute its profits to the City.

The government-wide financial statements are on Exhibits A and B of this report.

## **Fund Financial Statements**

The fund financial statements (see Figure 1) provide a more detailed look at the City's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Thomasville, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the City's budget ordinance. All of the funds of the City of Thomasville can be divided into two categories: governmental funds and proprietary funds.

**Governmental Funds.** Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*, which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the City's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The City of Thomasville adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the City, the management of the City, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the City to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the City complied with the budget ordinance and whether or not the City succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

**Proprietary Funds.** The City of Thomasville has one kind of proprietary fund. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Thomasville uses enterprise funds to account for its water and sewer activity and for its golf operations. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 26-74 of this report.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the City of Thomasville's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 75 of this report.

**Interdependence with Other Entities:** The City depends on financial resources flowing from, or associated with, both the federal government and the State of North Carolina. Because of this dependency, the City is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and state laws and federal and state appropriations. It is also subject to changes in investment earnings and asset values associated with U.S. Treasury Securities because of actions by foreign governments and other holders of publicly held U.S. Treasury Securities.

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of resources of the City of Thomasville exceeded its liabilities and deferred inflows of resources by \$30,099,536 as of June 30, 2020. The City's net position increased by \$138,994 for the fiscal year ended June 30, 2020. However, (54%) reflects the City's net investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. The City of Thomasville uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources since the capital assets cannot be used to liquidate these liabilities. An additional portion of the City of Thomasville's net position (20%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$7,629,302 is unrestricted.

Several particular aspects of the City’s financial operations positively influenced the total unrestricted governmental and business-type net position:

- General Fund expenditures were 10.6% under budgetary estimates.
- Water and sewer expenses were 19.5% under budgetary estimates.

**Governmental Activities.** Governmental activities decreased the City's net position by \$896,131. Key elements of this decrease are as follows:

- Appropriation of Police Reserve - \$155,678
- Appropriation of Recreation Reserve - \$275,000
- Appropriation of Fund Balance - \$439,543

**Business-Type Activities.** Business-type activities increased the City of Thomasville's net position by \$1,035,125. Key elements of this increase are as follows:

- The City raised water and sewer rates 1.25% as per their 5-year rate study.
- Maintenance and construction expenses were \$907,863 (24.09%) under budgetary estimates.

### **Financial Analysis of the City's Funds**

As noted earlier, the City of Thomasville uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the City of Thomasville's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the City of Thomasville's financing requirements. Specifically, available for appropriation fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the City of Thomasville. At the end of the current fiscal year, the City of Thomasville's fund balance available in the General Fund was \$9,513,303, while total fund balance reached \$13,941,744. The governing body of the City of Thomasville has determined that the City should maintain an unassigned fund balance of 24.0% of General Fund expenditures in case of unforeseen needs or opportunities in addition to meeting the cash flow needs of the City. The City currently has an available fund balance of 38.80% of General Fund expenditures and transfers to other funds, while total fund balance represents 56.86% of the same amount.

**General Fund Budgetary Highlights.** During the fiscal year, the City revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and state grants; and 3) increases in appropriations that become necessary to maintain services. The City decreased the General Fund budget by \$275,072.

**Proprietary Funds.** The City of Thomasville's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to \$10,307,641. The total changes in net position for the Water and Sewer Fund were \$910,337. Unrestricted net position of the Golf Course Fund at the end of the fiscal year amounted to \$(477,482). Total changes in net position for the Golf Course Fund were \$124,788. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City of Thomasville's business-type activities.

## Capital Asset and Debt Administration

**Capital Assets.** The City of Thomasville’s investment in capital assets for its governmental and business-type activities as of June 30, 2020 totals \$64,769,471 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, park facilities, and vehicles.

Additional information on the City’s capital assets can be found beginning on page 40 of this report.

The City of Thomasville's total bonded debt decreased by \$1,141,166 during the past fiscal year, primarily due to the payment of debt.

The City's Moody's Investor Service Rating remained at Aa3 in the current fiscal year. The City maintained an A+ rating from Standard and Poor's Corporation.

North Carolina General Statutes limit the amount of general obligation debt that a unit of government can issue to 8% of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the City of Thomasville is approximately \$103,000,000. The City has \$-0- in bonds authorized but unissued as June 30, 2020.

Additional information regarding the City of Thomasville's long-term debt can be found beginning on page 57 of this report.

## **Economic Factors and Next Year's Budgets and Rates**

### **Economic Factors**

- Unemployment in the State of North Carolina was 7.6% as of June 30, 2020, and Davidson County's rate of unemployment was 7.4%. The state unemployment rate has increased from 4.2% as of June 30, 2018, and Davidson County's rate has increased from 4.2% a year ago.

### **Budget Highlights for the Fiscal Year Ending June 30, 2021**

**Governmental Activities.** The General Fund budget for Fiscal Year 2021 has been decreased overall by 9% due to the projected impact of COVID-19. The property tax collection percentage has been lowered by 2.5%, sales tax by 15%, and utility franchise tax by 8%. The City imposed a hiring, travel, and capital expenditure freeze effective July 1, 2020.

**Business-Type Activities.** The Water and Sewer Fund budget for Fiscal Year 2021 has been reduced by 16% overall due to the Executive Order of the North Carolina Governor which allowed payment plans on customer's delinquent accounts for a period of six months and no late charges on customer accounts. The water and sewer rates in the City will increase by 1.26% as projected in the rate study, which was updated in May, 2017.

### **Requests for Information**

This report is designed to provide an overview of the City's finances for those with an interest in this area. Questions concerning any information found in this report or requests for additional information should be directed to the Director of Finance, City of Thomasville, P.O. Box 368, Thomasville, North Carolina 27361.

**RECONCILIATION OF THE STATEMENT OF REVENUES,  
EXPENDITURES, AND CHANGES IN FUND BALANCES -  
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2020**

Amounts reported for governmental activities in the Statement of Activities (Exhibit B) are different because:

Net changes in fund balances - total governmental funds (Exhibit D)	\$ (7,130,205)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense.	9,081,763
Depreciation expense allocates the costs of capital assets over their useful lives. It is not reported as an expenditure in the governmental funds statement.	(1,768,438)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.	(168,471)
The issuance of long-term debt provides current financial resources to governmental funds. Governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued; whereas, these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(743,613)
Principal repayments are reported as expenditures in the governmental funds statement. However, in the Statement of Activities, these transactions are not an expense, rather they are a decrease in liabilities.	1,225,021
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Compensated absences	49,657
Pension expense LGERS	(858,927)
OPEB plan expense	(505,820)
Pension expense LEO	<u>(77,098)</u>
Total changes in net position of governmental activities (Exhibit B)	<u>\$ (896,131)</u>

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

### 1. Summary of Significant Accounting Policies

The accounting policies of the City of Thomasville (the “City”) and its discretely presented component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

#### A. Reporting Entity

The City is a municipal corporation, which is governed by an elected Mayor and a seven-member Council. As required by generally accepted accounting principles, these financial statements present the City and its component units, legally separate entities for which the City is financially accountable. The discretely presented component units presented below are reported jointly in a separate column in the City’s financial statements in order to emphasize that they are legally separate from the City.

##### **Thomasville Board of Education**

The members of the Thomasville Board of Education (the “Board of Education”) are appointed by the City Council. In addition, the City sets the rate of and levies the school supplement tax remitted to the Board of Education annually. The Thomasville Board of Education, which has a June 30 year-end, is presented as if it were a governmental fund (discrete presentation). Complete financial statements for the Thomasville Board of Education may be obtained from the entity’s administrative offices at 400 Turner Street, Thomasville, North Carolina 27360.

##### **Thomasville Alcoholic Beverage Control (ABC) Board**

The members of the governing body of the Thomasville ABC Board (the “ABC Board”) are appointed by the City Council. In addition, the ABC Board is required by state statute to distribute its surpluses to the General Fund of the City. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the Thomasville Alcoholic Beverage Control (ABC) Board may be obtained from the entity’s administrative office at 1414 National Highway, Thomasville, North Carolina 27360.

##### **Thomasville Tourism Commission**

The members of the governing board of the Thomasville Tourism Commission (the “Commission”) are appointed by the City Council. In addition, the City collects an occupancy tax, remitting 95% of such taxes collected to the Commission, SL 1993-453. The Commission, which has a June 30 year-end, is presented as if it were a governmental fund (discrete presentation). Complete financial statements for the Commission may be obtained from the entity’s administrative office at 44 West Main Street, Thomasville, North Carolina 27360.

##### **Thomasville Public Facilities Corporation**

This legally separate non-profit corporation assists the City in obtaining long-term financing (i.e., certificates of participation). Once obtained, the debt and any related assets are transferred to the City. As such, no assets or liabilities of the corporation existed at June 30, 2020.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

### B. Basis of Presentation

*Government-Wide Statements.* The Statement of Net Position and the Statement of Activities display information about the primary government and its component units. These statements include the financial activities of the overall government. Eliminations have been made to minimize the effect of internal activities upon revenues and expenses. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and non-exchange transactions. Business-type activities are financed, in whole or in part, by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the Statement of Activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The effects of interfund activity have been eliminated from the government-wide financial statements.

*Fund Financial Statements.* The fund financial statements provide information about the City's funds. Separate statements for each fund category – *governmental and proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The City reports the following major governmental funds:

**General Fund.** The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, federal and state grants, and various other taxes and licenses. The primary expenditures are for public safety, streets and highways, sanitation, parks and recreation, and general government services.

**General Capital Projects Fund.** The General Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of major capital facilities (other than those financed by proprietary funds).

# CITY OF THOMASVILLE, NORTH CAROLINA

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

The City reports the following major enterprise funds:

**Water and Sewer Fund.** The Water and Sewer Fund is used to account for the City's water and sewer operations. The primary revenue source is charges to water and sewer customers on a monthly basis. The primary expenses are water treatment, sewer treatment, distribution and collection lines, and administration.

**Golf Course Fund.** The Golf Course Fund is used to account for the operation of the City municipal golf course.

### C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the City are maintained during the year using the modified accrual basis of accounting.

*Government-Wide and Proprietary Fund Financial Statements.* The government-wide and proprietary statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

# CITY OF THOMASVILLE, NORTH CAROLINA

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

The City considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, state law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the state at year-end on behalf of the City are recognized as revenue. Sales taxes are considered a shared revenue for the City of Thomasville because the tax is levied by Davidson and Randolph Counties and then remitted to and distributed by the state. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

On-behalf payments made by the state to the Fireman's and Rescue Squad Workers' Pension Plan for employees of the City are recognized as revenues and expenditures during the period in which the state makes the contributions to the Plan. Also, the state's contributions to the Fireman's Relief Fund, which have been spent by the local board of trustees for various salary supplements and stipends for employees, have been recognized as revenues and expenditures during the period in which those payments were received.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

### **D. Budgetary Data**

The City's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the special revenue funds (city school supplement, police restitution and forfeitures, stormwater, cemetery, and beautification), and the enterprise funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for all other special revenue funds, the capital projects funds, and the Enterprise Capital Project Fund, which are consolidated with the operating funds for reporting purposes.

# CITY OF THOMASVILLE, NORTH CAROLINA

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the object level for the multi-year funds. The City Manager is authorized by the budget ordinance to transfer appropriations between functional areas within a fund up to \$10,000; however, any revisions that alter the total expenditures of any fund or that change functional appropriations by more than \$10,000 must be approved by the governing board. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

### **E. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant areas where estimates are made are allowance for doubtful accounts and depreciation lives.

### **F. Assets, Liabilities, Deferred Outflows /Inflows of Resources, and Fund Equity**

#### **Deposits and Investments**

All deposits of the City are made in Board-designated official depositories and are secured or required by state law [G.S. 159-31]. The City may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the City may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30 (c)] authorizes the City to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States, obligations of the State of North Carolina, bonds and notes of any North Carolina local government or public authority, obligations of certain non-guaranteed federal agencies, certain high quality issues of commercial paper and bankers' acceptances, and the North Carolina Capital Management Trust ("NCCMT").

The City's and the ABC Board's investments are reported at fair value. The NCCMT-Government Portfolio, an SEC-registered (2a7) government money market fund, is measured at fair value. The NCCMT- Term Portfolio's securities are valued at fair value. The NCCMT Government Portfolio, a SEC-registered (2a-7) money market mutual fund, is measured at fair value. The NCCMT- Term Portfolio is bond fund, has no rating and is measured at fair value. As of June 30, 2020, The Term portfolio has a duration of .15 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

### Cash and Cash Equivalents

The City pools monies from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered to be cash and cash equivalents.

### Restricted Cash

The unexpended debt proceeds of the General Fund, Capital Projects Fund, and the Water and Sewer Fund are classified as restricted cash because their use is completely restricted to the purpose for which the debt was originally issued. Developer deposits held by the City are restricted to the services for which the deposit was collected. Customer deposits held by the City before any services are supplied are restricted to the service for which the deposit was collected. Powell Bill funds are classified as restricted cash because it can be expended only for the purposes of maintaining, repairing, constructing, reconstructing, or widening of local streets per G.S. 136-41.1 through 136-41.4.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

### **Ad Valorem Taxes Receivable**

In accordance with state law [G.S. 105-347 and G.S. 159-13(a)], the City levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. These taxes are due on September 1 (lien date); however, interest does not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2019. As allowed by state law, the City has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the City's General Fund, ad valorem tax revenues are reported net of such discounts.

### **Allowance for Doubtful Accounts**

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

### **Inventory and Prepaid Items**

The inventories of the City are valued at cost (first-in, first-out method), which approximates market. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

The inventories of the City's enterprise funds consist of materials and supplies held for consumption. The cost of these inventories is recorded as an expense as the inventories are consumed or sold.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements and expensed as the items are used.

### **Capital Assets**

Capital assets are defined by the government as assets with an initial individual cost of more than a certain amount and an estimated useful life in excess of two years. Minimum capitalization costs are as follows: buildings, improvements, substations, lines, and other plant and distribution systems – \$25,000; infrastructure – \$100,000; and furniture, equipment and vehicles – \$5,000. Donated capital assets received prior to June 30, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 30, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

# CITY OF THOMASVILLE, NORTH CAROLINA

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Infrastructure and buildings	10 to 50 years
Furniture, equipment, and vehicles	5 to 15 years

### Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The City has two items that meet this criteria, pension deferrals and OPEB deferrals. In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The City has several items that meet the criteria for this category –property taxes receivable, miscellaneous receivables, pension deferrals, and OPEB deferrals.

### Long-Term Obligations

In the government-wide financial statements and proprietary fund type financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred. Prepaid insurance costs are expensed over the life of the debt. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

### **Compensated Absences**

The vacation policies of the City provide for the accumulation of up to thirty days earned vacation leave, with such leave being fully vested when earned. For the City's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary related payments are recorded as the leave is earned on a first-in, first-out basis. The portion of time estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The City's sick leave policy provides for an unlimited amount of earned sick leave. Sick leave does not vest, but unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the City does not have any obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

### **Net Position/Fund Balances**

#### **Net Position**

Net position in the government-wide and proprietary fund financial statements are classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, the laws or regulations of other governments, or imposed by law through state statute.

#### **Fund Balances**

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

State law [G.S. 159-13 (b) (16)] restricts the appropriation of fund balance or fund equity for the subsequent year's budget to an amount not to exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts as those amounts stand at the close of the fiscal year preceding the budget year.

The governmental fund types classify fund balances as follows:

**Non-Spendable Fund Balance:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

*Inventories* – portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

# CITY OF THOMASVILLE, NORTH CAROLINA

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

**Restricted Fund Balance:** This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

*Restricted for Stabilization by State Statute* – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930’s that were designed to improve and maintain the fiscal health of local government units. Restricted by State Statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as “Restricted by State Statute”. Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is “imposed by law through constitutional provisions or enabling legislation.” RSS is reduced by inventories and prepaids as they are classified as non-spendable. Outstanding encumbrances are included within RSS. RSS is included as a component of restricted net position and restricted fund balance on the face of the balance sheet.

*Restricted for Public Works* – portion of fund balance that is available for appropriation but legally segregated for a \$2.00 per ton excise tax on solid waste collected by the N.C. Department of Revenue and distributed quarterly to the City. The funds are designated to promote and fund recycling in Thomasville.

*Restricted for Streets* – portion of fund balance that is available for appropriation but legally segregated for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

*Restricted for Public Safety* – portion of fund balance restricted by revenue source for public safety related activities such as restitution and forfeitures.

Restricted fund balance at June 30, 2020 is as follows:

<b>Purpose</b>	<b>General Fund</b>	<b>General Capital Projects Fund</b>	<b>Other Governmental Funds</b>
<b>Restricted, All Other:</b>			
Streets	\$ 96,375	\$ -	\$ -
Public works	44,404	-	-
Public safety	2,298,259	96,177	194,385
Total	\$ 2,439,038	\$ 96,177	\$ 194,385

Restricted net position on Exhibit A varies from restricted fund balance on Exhibit C by the amount of unspent debt proceeds of \$1,324,245 as of June 30, 2020.

# CITY OF THOMASVILLE, NORTH CAROLINA

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

**Committed Fund Balance:** This classification represents the portion of fund balance that can only be used for specific purposes determined by a formal action of the government's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

*Committed for Economic Development* – represents the portion of fund balance committed by the governing body for future economic development related purposes.

*Committed for Capital Reserve* – represents the portion of fund balance committed by the governing body for future capital related purposes.

*Committed for Public Safety* – represents the portion of fund balance committed by the governing body for public safety related purposes.

*Committed for Culture and Recreation* – represents the portion of fund balance committed by the governing body for culture and recreation related purposes.

**Assigned Fund Balance:** Assigned fund balance is the portion of fund balance that the City of Thomasville intends to use for specific purposes. The City's governing body has the authority to assign fund balance. The Manager and Finance Officer, as granted in the officially adopted budget ordinance, have been granted limited authority to assign fund balance.

*Assigned for General Government* – portion of fund balance that has been budgeted by the Board for general governmental activities for subsequent years' expenditures, beautification, community development, and cemetery usage.

**Unassigned Fund Balance:** Unassigned fund balance represents the portion of fund balance that has not been assigned to another fund or is not restricted, committed, or assigned to specific purposes within the General Fund. The General Fund is the only fund that can report positive unassigned Fund balance.

The City of Thomasville has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following order: bond/debt proceeds, federal funds, state funds, local non-City funds, and City funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the City or when required by grant or other contractual agreements.

# CITY OF THOMASVILLE, NORTH CAROLINA

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

The City has also adopted a minimum fund balance policy for the General Fund, which instructs management to conduct the business of the City in such a manner that available fund balance is at least equal to or greater than 24.0% of the budgeted operating expenditures (excluding capital outlay). Any portion of the General Fund balance in excess of 24.0% of budgeted operating expenditures may be appropriated for capital items valued at \$10,000 or greater. If fund balance falls below 12.0%, no appropriation can be made from fund balance unless it is an emergency appropriation.

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriation.

Total fund balance - General Fund	\$ 13,941,744
<b>Less:</b>	
Inventories	(97,896)
Stabilization by state statute	<u>(4,330,545)</u>
Total available fund balance	<u>\$ 9,513,303</u>

The outstanding encumbrances are amounts needed to pay any commitments related to purchase orders and contracts that remain unperformed at year-end.

### **Governmental Activities:**

General Fund	\$ 1,301,135
Capital Projects Fund	235,400
Nonmajor funds	<u>14,310</u>
Total governmental activities	<u>\$ 1,550,845</u>

### **Business-Type Activities:**

Water and Sewer Fund	\$ 6,418,155
Golf	<u>5,144</u>
Total business-type activities	<u>\$ 6,423,299</u>

### **Defined Benefit Cost-Sharing Plans**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The City of Thomasville's employer contributions are recognized when due and the City of Thomasville has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

### 2. Detail Notes On All Funds

#### A. Assets

##### Deposits

All of the deposits of the City are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the City's agent in the respective unit's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City, these deposits are considered to be held by the City's agent in their name. The amount of the pledged collateral is based on an approved averaging method for non-interest-bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the City or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the City under the Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The City has no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The City complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2020, the City's deposits had a carrying amount of \$20,687,124 and a bank balance of \$20,749,294. The City also had petty cash of \$2,100. Of the bank balance, \$1,500,000 was covered by federal depository insurance, and the remainder was covered by collateral held under the Pooling Method.

##### Investments

At June 30, 2020, the City's investment balances were as follows:

<u>Investment by Type</u>	<u>Valuation Measurement Method</u>	<u>Book Value as of 6/30/20</u>	<u>Maturity</u>	<u>Rating</u>
NC Capital Management Trust - Government Portfolio	Fair Value Level 1	\$ 4,106,831	N/A	AAAm

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets. The City has no policy regarding credit risk.

**Pension Plan Obligations**

**Local Governmental Employees’ Retirement System**

**Plan Description.** The City is a participating employer in the state-wide Local Governmental Employees’ Retirement System (LGERS), a cost-sharing, multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The LGERS is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The state’s CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454, or at [www.osc.nc.gov](http://www.osc.nc.gov).

# CITY OF THOMASVILLE, NORTH CAROLINA

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

**Benefits Provided.** LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

**Contributions.** Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. City of Thomasville employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The City of Thomasville's contractually required contribution rate for the year ended June 30, 2020, was 9.70% of compensation for law enforcement officers and 8.95% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the City of Thomasville were \$1,279,215 for the year ended June 30, 2020.

*Refunds of Contributions* – City employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2020**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2020, the City reported a liability of \$5,232,720 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018. The total pension liability was then rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. The City's proportion of the net pension liability was based on a projection of the City's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2019, the City's proportion was 0.19161%, which was a decrease of 0.00161% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the City recognized pension expense of \$2,326,686. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 895,974	\$ -
Changes of assumptions	852,847	-

City contributions subsequent to the measurement date	1,279,215	-
Total	<u>\$ 3,214,984</u>	<u>\$ 12,601</u>

\$1,279,215 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in pension expense as follows:

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

**Actuarial Assumptions.** The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increase	3.50 to 8.10 percent, including inflation and productivity factor
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are, therefore, not included in the measurement. The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2019 are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
Fixed income	29.0%	1.4%
Global equity	42.0%	5.3%
Real estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation protection	6.0%	4.0%
Total	100.0%

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

The information above is based on 30-year expectations developed with the consulting actuary for the 2019 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

**Discount Rate.** The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.* The following presents the City’s proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the City’s proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
City's proportionate share of the net pension liability (asset)	<u>\$11,968,187</u>	<u>\$ 5,232,720</u>	<u>\$ (365,818)</u>

**Pension Plan Fiduciary Net Position.** Detailed information about the pension plan’s fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

### **Law Enforcement Officers’ Special Separation Allowance**

**Plan Description.** The City administers a public employee retirement system (the “Separation Allowance”), a single-employer defined benefit pension plan that provides retirement benefits to the City’s qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service. The Separation Allowance is equal to 0.85% of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

# CITY OF THOMASVILLE, NORTH CAROLINA

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

All full-time law enforcement officers of the City are covered by the Separation Allowance. At December 31, 2018, the Separation Allowance's membership consisted of:

Retirees receiving benefits	8
Active plan members	<u>68</u>
Total	<u><u>76</u></u>

A separate report was not issued for the plan.

### Summary of Significant Accounting Policies

*Basis of Accounting.* The City has chosen to fund the Separation Allowance on a pay-as-you-go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria, which are outlined in GASB Statement 73.

### Actuarial Assumptions

The entry age normal actuarial cost method was used in the December 31, 2018 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increase	3.50 to 7.35 percent, including inflation and productivity factor
Discount rate	3.26 percent

The discount rate used to measure the TPL is the S&P Municipal Bond 20-Year High Grade Rate Index.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

**Contributions.** The City is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay-as-you-go basis through appropriations made in the General Fund operating budget. The City's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. The City paid \$147,631 as benefits came due for the reporting period.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2020**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2020, the City reported a total pension liability of \$2,626,148. The total pension liability was measured as of December 31, 2019 based on a December 31, 2018 actuarial valuation. The total pension liability was rolled forward to the measurement date of December 31, 2019 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2020, the City recognized pension expense of \$246,096.

**Supplemental Retirement Income Plan for Law Enforcement Officers**

**Plan Description.** The City contributes to Supplemental Retirement Income Plans (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the City. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the CAFR for the State of North Carolina. The state's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) Plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Comptroller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

**Funding Policy.** Article 12E of G.S. Chapter 143 requires the City to contribute each month an amount equal to 5.0% of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to their plan. Contributions for the year ended June 30, 2020 were \$274,413, which consisted of \$183,902 from the City and \$90,511 from the law enforcement officers. No amounts were forfeited.

In addition to law enforcement officers, the City has allowed other employees to contribute to the Plan. During the year ended June 30, 2020, other employees contributed \$138,306 to the Plan. The City elected not to make a contribution for other employees during the year ended June 30, 2020. No amounts were forfeited.

### **Other Employment Benefits**

The City has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, state-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the Death Benefit Plan, or who die within 180 days after retirement or termination of service and have at least one year of continuing membership service in the Death Benefit Plan at the time of death, are eligible for death benefits. Lump-sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but may not exceed \$50,000 or be less than \$25,000. All death benefit payments are made from the Death Benefit Plan and not by the City; the City does not determine the number of eligible participants.

The City has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the state. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The City considers these contributions to be immaterial.

### **Other Post-Employment Benefits – Healthcare Benefits**

**Plan Description.** In addition to providing pension benefits, the City, by resolution, has elected to provide healthcare benefits to retirees of the City who retire from the North Carolina Local Government Employees' Retirement System under a normal or early retirement and has at least 15 consecutive years of service with the City at the time of retirement is eligible to participate in the City's healthcare plan upon retirement. Employees retiring due to a disability retirement are not eligible to participate in the City's healthcare plan upon retirement. Retired employees meeting the criteria discussed herein will be provided hospitalization in the same manner as the active City employees. Retirees can purchase coverage for their dependents at the City's group rates. Currently, 33 retirees are eligible for post-retirement health benefits. For the fiscal year ended June 30, 2020, the City made payments for post-retirement health benefits premiums of \$321,390. The City purchases insurance from a private carrier for healthcare coverage. A separate report was not issued for the Plan. The plan is a single-employer defined benefit plan. The City Council may amend the benefit provisions.

**CITY OF THOMASVILLE, NORTH CAROLINA**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2020**

Coverage will continue until the retiree becomes Medicare eligible at which time the City's subsidized retiree healthcare benefits will end. Retirees not qualifying for the City's subsidized health insurance plan may continue coverage for themselves and their dependents at their expense. The retiree may continue dependent coverage and pay the full cost of this coverage if enrolled in dependent coverage at the time of retirement. Dependent coverage terminates when the dependent reaches the age of 65.

No assets are accumulated in a trust that meets the criteria in paragraph 14 of GASB Statement 75.

Membership of the plan consisted of the following at June 30, 2018, the date of the latest actuarial valuation:

	<b>General Employees</b>	<b>Law Enforcement Officers</b>

### Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in three self-funded risk-financing pools administered by the North Carolina League of Municipalities. Through these pools, the City obtains general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insured values of the property policy, workers' compensation coverage up to statutory limits, and employee health coverage. The liability and property exposures are reinsured through commercial carriers for claims in excess of retentions as selected by the Board of Trustees each year. Stop loss insurance is purchased by the Board of Trustees to protect against large medical claims that exceed certain dollar cost levels. Specific information on the limits of the reinsurance, excess and stop loss policies purchased by the Board of Trustees can be obtained by contacting the Risk Management Services Department of the NC League of Municipalities. The pools are audited annually by certified public accountants, and the audited financial statements are available to the City upon request.

The City carries commercial coverage for all other risks of loss, including employee health coverage. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

The City does not carry flood insurance.

### 3. Related Organization

The five-member Board of the City of Thomasville Housing Authority is appointed by the Mayor of the City of Thomasville. The City is accountable for the housing authority because it appoints the governing board; however, the City is not financially accountable for the housing authority. The City of Thomasville is also disclosed as a related organization in the notes to the financial statements for the City of Thomasville Housing Authority.

The pro shop at the City's golf course is owned and operated by a City employee. The employee leases the space for the pro shop from the City. The City's income from the lease for the year ended June 30, 2020 was \$5,400.

### 4. Joint Venture

The municipalities of Thomasville and Lexington, North Carolina, jointly own and operate a waterworks reservoir system. Both cities' governing bodies have authority, under resolutions adopted individually, to acquire, construct, improve, maintain, and jointly operate this system. Both cities have authority to issue bonds or other means of financing as necessary to acquire, construct, and/or improve the system. There are no bonds outstanding for the joint venture at June 30, 2020, and there are no bonds authorized but unissued. The cities' governing boards also have joint control over budgeting the operation.

As of May 1, 2000, the two cities and their county of location, Davidson County, entered into an agreement to form the Lake Thom-A-Lex Recreation Authority. This Authority, consisting of five members appointed by the governmental parties, is responsible for the oversight and promotion of operations related to recreation at Lake Thom-A-Lex.

Costs of operation are shared equally between both cities and the County. The City maintains control over the financial records and its share to the cost of operations is included as a non-operating expense in the Water and Sewer Fund. The City of Lexington and Davidson County are billed by Thomasville for their share of the costs.

Effective July 1, 2009, Davidson County began maintaining control over the financial records of the operation of the lake.

The City has a 50% interest in the venture and an ongoing financial responsibility for Lake Thom-A-Lex. The City's equity interest as of June 30, 2020 was \$337,809, which is shown in the government-wide financial statements. There is no distribution of net income. Net position remains in the joint venture for future operational needs of the system.

### 6. Summary Disclosure

#### **Federal and State-Assisted Programs**

The City has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

### 7. Subsequent Events

In March 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19), a pandemic. As a result, economic uncertainties have arisen which are likely to negatively impact City revenues. At the current time, we are unable to quantify the potential effects of this pandemic.

## **Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

### **Independent Auditor's Report**

To the Honorable Mayor and  
Members of the City Council  
City of Thomasville, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Thomasville as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City of Thomasville's basic financial statements, and have issued our report thereon dated October 30, 2020. Our report includes a reference to other auditors who audited the financial statements of the City of Thomasville Board of Education and the City of Thomasville ABC Board, as described in our report on the City of Thomasville's financial statements. The financial statements of the Thomasville Tourism Commission and the City of Thomasville ABC Board were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Thomasville Tourism Commission and the City of Thomasville ABC Board.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Thomasville's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Thomasville's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Thomasville's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; Required by the Uniform Guidance; and the State Single Audit Implementation Act**

### **Independent Auditor's Report**

To the Honorable Mayor and  
Members of the City Council  
City of Thomasville, North Carolina

#### **Report on Compliance for Each Major Federal Program**

We have audited the City of Thomasville's compliance with the types of compliance requirements described in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of the City of Thomasville's major federal programs for the year ended June 30, 2020. The City of Thomasville's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

#### **Management's Responsibility**

Management is responsible for the compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the City of Thomasville's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Thomasville's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Thomasville's compliance.

## Opinion on Each Major Federal Program

In our opinion, the City of Thomasville complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

## Report on Internal Control Over Compliance

Management of the City of Thomasville is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Thomasville's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Thomasville's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## **Report on Compliance for Each Major State Program; Report on Internal Control Over Compliance; Required by the Uniform Guidance and the State Single Audit Implementation Act**

### **Independent Auditor's Report**

To the Honorable Mayor and  
Members of the City Council  
City of Thomasville, North Carolina

### **Report On Compliance for Each Major State Program**

We have audited the City of Thomasville, North Carolina's, compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of the City of Thomasville's major state programs for the year ended June 30, 2020. The City of Thomasville's major state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

### **Management's Responsibility**

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the City of Thomasville's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, applicable sections of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. ## CITY OF THOMASVILLE, NORTH CAROLINA

SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS  
FOR THE YEAR ENDED JUNE 30, 2020Notes to the Schedule of Expenditures of Federal and State Awards:**(1) Basis of Presentation:**

The accompanying Schedule of Expenditures of Federal and State Awards (SEFSA) includes the federal and State grant activity of the City of Thomasville under the programs of the federal government and the State of North Carolina for the year ended June 30, 2020. The information in this SEFSA is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State Single Audit Implementation Act. Because the schedule presents only a selected portion of the operations of the City of Thomasville, it is not intended to and does not present the financial position, changes in net position or cash flows of the City of Thomasville.

**(2) Summary of Significant Accounting Policies:**

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The City of Thomasville has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**(3) Coronavirus Relief Funds:**

The City of Thomasville received \$25,080 of funding from the Coronavirus Relief Fund (21.019) from Davidson County in accordance with HB 1043 and HB 1023. The City of Thomasville has a plan to spend these funds approved by OSBM. According to the Office of State Budget and Management, the State's pass-through agency, municipalities are considered subrecipients of the Counties; however, municipalities are not liable to the County for any misused or misspent funds. CRF must be spent during the period March 1, 2020 to December 30, 2020.

**(4) Loans Outstanding:**

The City of Thomasville had the following loan balances outstanding at June 30, 2020 for loans that the grantor/pass-through grantor has still imposed continuing compliance requirements. Loans outstanding at the beginning of the year and loans made during the year are included in the SEFSA. The balance of loans outstanding at June 30, 2020 consist of:

<u>Program Title</u>	<u>CFDA Number</u>	<u>Pass-Through Grantor's Number</u>	<u>Amount Outstanding</u>
Clean Water State Revolving Loan	66.458	CS370619-03	\$ 4,857,383
