ROBBIE B. DAVIS
BOARD OF COMMISSIONERS

ZEE B. LAMB

VINCE DURHAM ATTORNEY

JANICE EVANS CLERK TO BOARD

October 19, 2021

Nash County Citizens, The Honorable Chairman, Members of the Board of Commissioners

Maintaining the fiscal strength and stability of County government are primary goals of the Commissioners. This Annual Comprehensive Financial Report (Financial Statements) of Nash County, North Carolina, for the fiscal year ended June 30, 2021, is prepared to provide you with details about how the County receives, spends and accounts for its money, as well as key indicators of its financial strength. The County's Finance Department is responsible for the accuracy of the Financial Statement data, the completeness and fairness of the presentation, and all disclosures rests with the County. We believe the data and presentation are fair and accurate and that you will find everything necessary in this document to gain an understanding of the County's financial activities over the last fiscal year.

It is our pleasure to submit this Annual Comprehensive Financial Report for the fiscal year ended June 30, 2021. State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of Nash County.

This report consists of management's representation concerning the finances of Nash County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of Nash County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of Nash County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, Nash County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

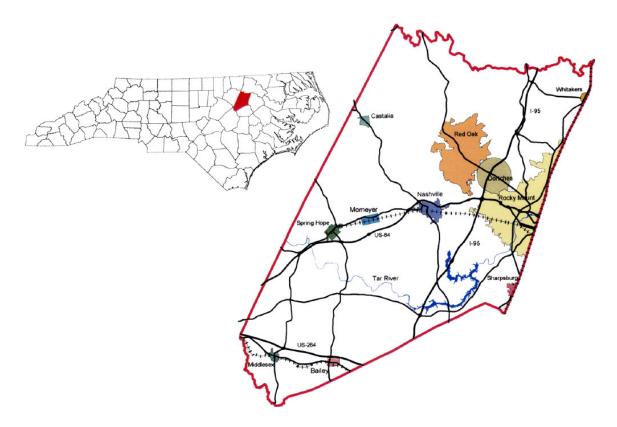

Nash County's financial statements have been audited by Thompson, Price, Scott, Adams & Co., P.A., a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of Nash County for the fiscal year ended June 30, 2021, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that Nash County's financial statements for the fiscal year ended June 30, 2021, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Nash County was part of a broader, Federal and State mandated "Single Audit" designed to meet the special needs of Federal and State grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of Federal and State awards. These reports are available in the Compliance Section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Nash County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Nash County was established in 1777 from the western part of Edgecombe County. Nash County could be classified as either a northern coastal plain county or a far eastern piedmont county. Falling midway between New York and Florida, Nash County occupies a total area of 542.71 square miles with a land area of 540.41 square miles. Nash County serves a population of 96,907 according to July 2021 projections from the North Carolina Office of State Budget and Management website, www.osbm.nc.gov. The County is positioned as a major gateway between the Coastal Plain and Piedmont regions of North Carolina. Within 30 miles of the state capital of Raleigh, Nash County is within an hour's drive of the world-famous Research Triangle Park. Eleven municipalities are located within the County, the largest being the City of Rocky Mount. Nashville is the second largest municipality in population and serves as the county seat. Nash County is empowered to levy a property tax on both real and personal properties located within its boundaries.

The County operates under the Commissioner-Manager form of Government. Policy-making and legislative authority are vested in a governing board consisting of seven elected commissioners. The governing board is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring both the government's manager and attorney. Commissioners are elected by districts and serve four-year staggered terms.

The County Manager is appointed by, and serves at the pleasure of the Board as the County's Chief Administrative Officer and Budget Officer. The Manager has appointive and removal authority over department heads and other employees of the County. The County Manager is responsible for the daily operations of the County Government. In addition, the Manager's responsibilities include implementation of policies established by the Board of Commissioners, as well as the administration of the annual budget adopted by the Board.

Nash County provides a wide range of services including public safety, human services (Social Services, Health, Veterans and Aging), funds for education, cultural and recreational activities, environmental protection, general administration and others. Additionally, the County owns and operates water/sewer distribution systems and a construction and demolition ("C&D") debris landfill which function, in essence as departments of Nash County. This report includes all of the County's activities in maintaining these services, except schools, which are administered by the Nash County Public School Board of Education. The County also extends financial support to certain boards, agencies and commissions to assist their efforts in serving citizens. Among these are the Nash

County Public School Board of Education, Nash Community College and Trillium MCO (managed care organization), providing mental health services.

The annual budget serves as the foundation for Nash County's financial planning and control. As required by the North Carolina Budget and Fiscal Control Act, the County adopts an annual budget for all governmental and proprietary operating funds except those authorized by project ordinance that are multi-year in nature. Appropriations to the various funds are formally budgeted on a departmental or project level. However, for internal accounting purposes, budgetary control is maintained by object class (line item account). In accordance with state law, the County's budget is prepared on the modified accrual basis. Its accounting records also are maintained on that basis. Under modified accrual accounting, revenues are recorded when they are both measurable and available. Expenditures are recorded when a fund liability is incurred, except for unmatured principal and interest on long-term debt and certain compensated absences. Governmental Fund types, such as the County's General Fund, Special Revenue Funds, and Capital Project Funds are reported on the modified accrual basis in the financial statements.

All Nash County departments and outside agencies are required to submit requests for appropriation to the County Manager on or before March 15 each year. The County Manager uses these requests as the starting point for developing a proposed budget. The County Manager then presents a proposed budget to the commissioners for review at the May commissioner's meeting. The commissioners are required to hold public hearings on the proposed budget and to adopt a final budget by no later than June 30, the close of Nash County's fiscal year.

The County Manager is authorized to transfer appropriations within a department. Transfers between departments and budget increases or decreases over \$5,000 require the formal approval of the Board of Commissioners at monthly meetings. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented as part of the basic financial statements for the governmental funds. Governmental funds, other than the general fund, with appropriated annual budgets, are presented in the combining and individual fund financial statements. Also included in the governmental fund subsection are project-length budget-to-actual comparisons for each governmental fund for which a project-length budget has been adopted.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Nash County operates.

Local economy

The local economy of Nash County is well diversified. The largest sectors of employment are comprised of manufacturing (19.7%), health care and social assistance (14.3%), retail trade (13.2%), accommodation & food services (9.3%) and educational services (7.41%).

The County saw a 2.4% decrease in unemployment to 6.5% from the previous year's 8.9% while the state's unemployment dropped 3.0% to 4.9%. The local economy has experienced growth in the tax base and future employment opportunities to the area through the expansion of existing industry and newly located industries. Major manufacturing operations in Nash County include diesel engine, tobacco processing, pharmaceutical, security lock and aerospace.

New project announcements in Fiscal Year 2021 (FY21) include; Cummins Rocky Mount Engine Plant with a \$42 million capital investment expansion and the addition of 400 new jobs at the new North Carolina DMV Headquarters location in Rocky Mount. In addition, the county saw 129 new jobs announced and \$33.7 million in investment through other existing industry expansion.

Active new and existing economic development projects for Nash County included a total of 53 projects with a 6,500 job count and potential new tax base of over \$1.8 billion. Although all of these projects will not be announced, the activity in Nash County continues to grow even during the COVID-19 pandemic crisis. Economic Development spent much of FY21 promoting Nash County sites through a new digital marketing campaign, development of a new website featuring the economic development assets in Nash County. In addition the department adopted a 3-year strategic plan.

Nash County retail sales increased by 7% from \$1,107,838,403 in FY20 total sales to \$1,187,496,092 in FY21. This is representative of Nash County's strong economic business climate even during the pandemic.

Nash County is home to more than 425 farming operations of various sizes. Just over 40% of the counties land area is farmland. Interestingly, approximately two-thirds of Nash cropland is owned by non-farming landowners, who lease their land to active farmers. A few more than half of the primary farm operators indicate their primary occupation to be farming. The Voluntary Agricultural District incorporates 9,510 acres making up 220 land parcels in the county. Soybean is the largest crop grown in the county at 29,410 acres. Most of the Nash County soybean crop is crushed and used as a protein supplement in livestock feed rations. Cotton acreage decreased to 6,949 acres from 8,075 acres in FY20. Farmers reported planting 9,467 acres of sweet potatoes with 91% being the Covington variety keeping Nash County at #3 in the state for overall sweet potato production. Flucured tobacco acreage increased from 5,468 acres in FY20 to 6,746 acres. Wheat acreage stayed near the same from 4,273 acres in FY20 to 4,637 acres. Poultry and eggs continue to be Nash County's highest-valued agricultural commodities,

with flu-cured tobacco and sweet potatoes close behind. Swine has been Nash County's fastest growing commodity with revenue increasing in the past five years to \$13,499 in sales. In comparison, other livestock commodities – such as cattle, sheep and equine – have suffered from low market prices and have seen their revenue decrease by half. Crop Production in Nash County ranks seventh statewide with a value of approximately \$90,455,000 in cash receipts and ranks fifth in vegetable, fruits and nut production while overall agriculture production (field crops, livestock, dairy, and poultry combined) generated \$149,275,000 in cash receipts for the year.

Unassigned fund balance in the general fund at 25.46% of total general fund expenditures falls within the policy guidelines set by the Board of Commissioners. Nash County Fiscal Policy for Reserves states the amount should be no less than 15% at close of each fiscal year. The Board has made one-time use of fund balance for capital expansion for property acquisitions and improvements.

Long-Term Financial Planning

MAJOR INITIATIVES AND ACHIEVEMENTS

A number of significant initiatives, outlined below, were underway in FY21 in Nash County that will have a positive effect on the County's economic health and its ability to provide services to residents and businesses.

Utilities:

Northern Nash Water District:

In 2019 Nash County was approved and awarded a \$9,545,000 combination State Loan and Grant from the Water Infrastructure Fund through the North Carolina Department of Environmental Quality, for Phase 1 of the Northern Nash Water System Project. The project which was authorized to begin the extension of water lines to areas in Red Oak and Dortches, North Carolina is well under way and expected to be completed by December 2021.

Economic Development:

Middlesex Corporate Centre:

Nash County and the Town of Middlesex are working to extend Corporation Parkway (the road), water lines, sewer lines, and build a water tank in Middlesex Corporate Centre. Funding includes county funds and grants: \$1,250,000 Golden LEAF; \$1,514,000 NC Commerce and \$25,000 Duke Energy Community Foundation. These projects are expected to be completed in October 2021.

High Speed Internet:

Nash County entered into a partnership with a private provider, CloudWyze, to expand high speed internet to the unserved and underserved areas of the County. Phase 1, a pilot project, was completed in the Fall of 2019 and Phase 2

was completed in the Spring of 2021. Phase 3 was approved during FY21 and is expected to be complete in Fall 2022. Phase 3 includes a grant to the provider from the NC Broadband Infrastructure Office (\$686,971). The County is also seeking grants to move forward with future projects (fiber and wireless).

Community Development Block Grant (Coronavirus):

Nash County was awarded a CDBG-Coronavirus Grant (\$900,000). This grant has 3 parts: \$405,000 Subsistence Payments; \$322,000 WIFI Zones; and \$83,000 - Handwashing Stations. Nash County entered into a partnership with Nash-Edgecombe-Wilson Community Action Agency to provide subsistence payments for rent, mortgage, and/or utility payments of up to \$1,000 each for qualifying applicants. Through the Nash County-CloudWyze public-private partnership, WIFI zones will be added in qualifying census tracts. This project is scheduled to close in FY23.

Abandoned Manufactured Homes Cleanup Grant Program:

Nash County received a grant (\$27,000) from the North Carolina Department of Environmental and Natural Resources in FY21 for the demolition, disposal & recycling of up to 18 abandoned & dilapidated single-wide and double-wide manufactured homes. Nash County plans to complete this program by FY23.

Public Safety:

Jail Renovation and Expansion Project:

In May 2020 Nash County approved Mosley Architects as the design consultant for the renovation and expansion of Nash County's Detention Center. The project includes renovation and construction of an improved intake/booking area, construction of an addition to the detention facility intended to provide for up to 94 additional beds and related containment cells and retrofitting one of the existing dormitories to provide isolation cells. The project was awarded to Daniels & Daniels Construction with construction anticipated to begin in January 2022 with final completion anticipated for December 2023.

Animal Control Facility Project:

Nash County has acquired a 23 acre tract of land located on the north side of Eastern Avenue (SR 1770) adjacent to Nash Community College to accommodate future expansion of the college and to construct a new Animal Facility. In addition to replacing the existing 1600 square foot facility which was constructed nearly 36 years ago, the location of the proposed facility, which will be constructed on 5 acres of this tract, will facilitate increased collaboration between Nash County Animal Control and the Nash Community College Vet Tech program. Work is underway to adapt the building plans for the new building and to complete the survey work. It is anticipated that this project will be advertised for construction in early 2022.

Parks and Recreation

Nash County Miracle Park at Coopers:

The Nash County Miracle Park at Coopers is located in southeast Nash County. This park serves the Coopers, West Mount, & Macedonia communities (all unincorporated) & the larger region. The Grand Opening for Phase 1 was May 15, 2021. Phase 1 includes an all-inclusive playground, walking trails, picnic shelters, basketball courts, soccer fields, baseball/softball fields, special events lawn, maintenance building, and concession/restroom structure. All items are open and accessible to the public except the concession/restroom structure which is expected to be complete by October 31, 2021.

Education

New Elementary School Project:

The new elementary school will consolidate three existing elementary schools in the Northern Nash area of Nash County into one elementary school with the capability to accommodate up to 800 students. The Nash County Public School Board selected Oakley Collier Architects, P.A as the design consultant and H.G. Reynolds Company Inc. for the construction project. Construction of the school began in Summer 2021 and is proposed to be complete by May 2022.

General

American Rescue Plan Act (ARPA):

On March 11, 2021, the American Rescue Plan Act was signed into law, and established the Coronavirus Local Fiscal Recovery Funds, which together make up the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program. This program is intended to provide support to State, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses. Nash County received the first half of the \$18,316,281 in May 2021 with the remaining to be received in May 2022. The County Manager appointed a committee to begin discussion on use of funds in Nash County.

Awards

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to Nash County for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2020. This makes the thirtieth consecutive year Nash County received the award. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such an Annual Comprehensive Financial Report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. We would like to express our appreciation to all members of the department who assisted and contributed to the preparation of this report and to the county's independent certified public accountants, Thompson, Price, Scott, Adams & Co., P.A. for their assistance and guidance. Credit also must be given to the members of the Board of Commissioners for their continuing interest and support in conducting the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

To the Board of County Commissioners Nash County Nashville, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Nash County, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements which collectively comprise Nash County basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements bases on our audit. We did not audit the financial statements of the Nash Health Care Systems and Subsidiaries which represents 98.1 percent, 97.7 percent, and 95.5 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. We did not audit the financial statements of Nash County ABC Board, which represents 1.6 percent, 1.9 percent, and 4.5 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Nash Health Care Systems and Subsidiaries and the Nash County ABC Board, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board were not audited in accordance with Governmental Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based upon our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Nash County, North Carolina as of June 30, 2021, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Local Government Employees' Retirement System schedules of the County's Proportionate Share of Net Pension Liability and County Contributions, and the Register of Deeds' Supplemental Pension Fund Schedule of the County's Proportionate Share of the Net Pension Asset and County Contributions, the Law Enforcement Officers' Special Separation Allowance schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, and the Schedule of Changes in the Total OPEB Liability and Related Ratios, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Nash County, North Carolina. The combining and individual fund statements, budgetary schedules, other schedules as well as the accompanying Schedule of Expenditures of Federal and State Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purpose of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 19, 2021, on our consideration of Nash County internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Nash County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Nash County, we offer readers of Nash County's financial statements this narrative overview and analysis of the financial activities of Nash County for the fiscal year ended June 30, 2021. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

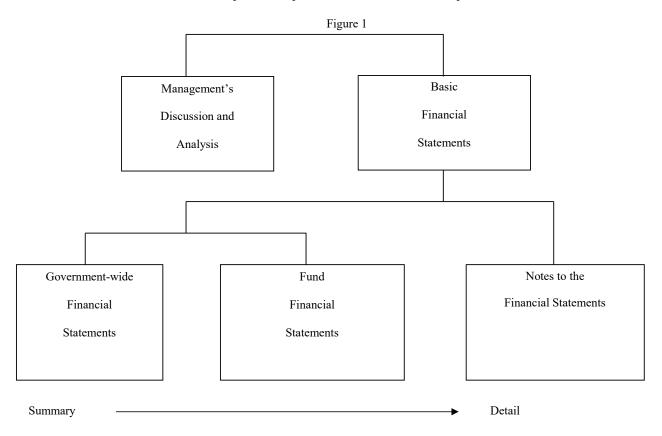

Financial Highlights

- The assets and deferred outflows of resources of Nash County primary governmental activities exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$34,338,956 (net position). Unrestricted net position is a deficit balance of (\$68,127,696).
- As of the close of the current fiscal year, Nash County's governmental funds reported combined ending fund balances of \$65,637,379 after a
 decrease of \$13,744,296. Approximately 46.32 percent of this total amount or, \$30,400,040, is restricted or non-spendable.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$23,932,442 or 25.46 percent of total general fund
 expenditures for the fiscal year.
- The County's tax rate was unchanged at 67 cents per \$100 valuation.
- Nash County's total debt increased by \$7,825,337 during the current fiscal year. The key factor in this increase was for additional school
 debt incurred for the building of a new Elementary School. Nash County's debt service for Governmental Funds accounts was 5.53% of
 total governmental expenditures.
- Nash County's General Obligation Bonds are currently rated Aa2 by Moody's and AA- by Standard & Poor's. Additionally, the County's Limited Obligation Bonds are rated Aa3 by Moody's and A+ by Standard & Poor's.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Nash County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Nash County.

Required Components of Annual Financial Report

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3 through 9) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the enterprise fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's non-major governmental funds and internal service funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension and benefit plans.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how it has changed. Net position is the difference between the total of the County's assets and deferred outflows of resources and the total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the County's and the discretely presented component units' basic services such as general government, public safety, transportation, economic and physical development, human services, cultural and education. Property taxes, sales taxes, and State and Federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These activities include water and sewer, and solid waste services offered by Nash County. The final category is the component units. Nash Health Care Systems is a public hospital operated by a not-for-profit corporation that has leased the hospital from the County for a period of 30 years. The County appoints the Board of Trustees for the Hospital and has issued debt on its behalf. Although legally separate from the County, the ABC Board is important to the County because the County is financially accountable for the Board by appointing its members and because the Board is required to distribute its profits to the County. The Nash County Tourism Authority is also a component unit of Nash County.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Nash County, like other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Nash County can be divided into three categories: governmental funds, enterprise funds, and fiduciary funds.

Governmental Funds — Governmental funds are used to account for those functions reported as governmental activities in the government—wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called modified accrual accounting. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Nash County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

Proprietary Funds – Nash County maintains two kinds of proprietary funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Nash County uses its enterprise fund to account for its water and sewer activity and for its solid waste management function. This fund is the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities. Nash County uses Internal Service Funds to account for its employee group insurance and workers compensation insurance. Because both of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Nash County has two fiduciary funds, both of which are custodial funds.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are in the financial section of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Nash County's progress in funding its obligation to provide pension and other postemployment benefits to its employees. This information can be found in the Required Supplementary Information section of this report.

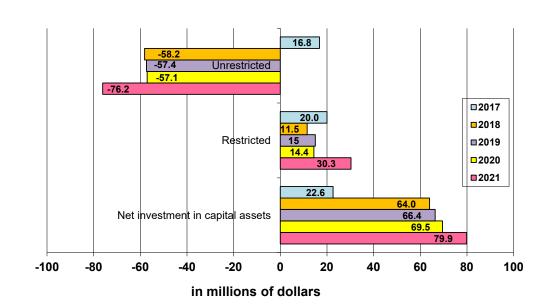

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$34,338,956 as of June 30, 2021. The County's net position increased by \$7,524,336 for the fiscal year ended June 30, 2021. The County also reported a restatement of beginning net position of \$18,718 as a result of the implementation of GASB 84. One of the largest portions, \$71,881,930 (209.33%) reflects the County's net investment in capital assets (e.g. land, buildings, improvements, machinery, and equipment net of any related outstanding debt of those assets). Nash County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Nash County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Nash County's net position \$30,584,722 (89.07%) represents resources that are subject to external restrictions on how they may be used. The remaining deficit balance \$68,127,696 (198.40%) is unrestricted.

Classes of Net Position

Several particular aspects of the County's financial operations influenced the total unrestricted governmental net position:

- Continued diligence in the collection of property taxes by increasing the collection percentage from 99.06% to 99.16%.
- Managements proactive stance on monitoring spending across county departments to ensure compliance with the budget.

Governmental activities. Governmental activities increased the County's net position by \$7,229,136 over the prior year. Key elements of this increase are as follows:

- Property tax and sales tax revenues reflect continued economic improvements in the County with an increases of \$2,240,976 and \$2,339,145, respectively for property tax and sales tax over fiscal year 2020.
- Expenditure increases in Governmental Activities are primarily a result of COVID-19 expenditures and increased cpairal project activity in the current fiscal year.

Governmental Activities Revenue Sources For Fiscal Year 2021

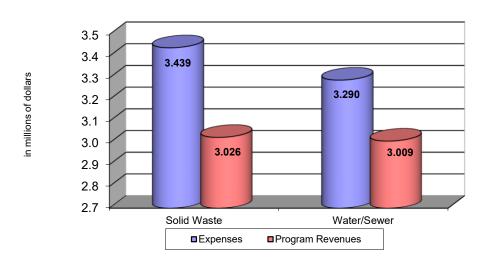

Governmental Activities Functional Expenses For Fiscal Year 2021

Business-type activities. Business-type activities increased Nash County's net position by \$295,200 over prior year. Key elements of this increase are as follows:

- Increase from Charges for Services with new customer growth from the Northern Nash Water System.
- Increase from award of capital grant/loan for project funding.
- Continued diligence in manageing operational costs.

Business-type Activities 2020-21 Expenses and Program Revenues

Financial Analysis of the County's Funds

As noted earlier, Nash County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Nash County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Nash County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of Nash County. At the end of the current fiscal year, Nash County's fund balance available in the General Fund was \$34,084,961, while total fund balance reached \$46,823,516. The Governing Body of Nash County has determined that the county should maintain an available for appropriation fund balance of 15% of general fund expenditures in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the county. The County currently has an available for appropriations (unassigned) fund balance of 25.46%, and an available fund balance of 36.26%, while total fund balance represents 49.81% of that same amount.

At June 30, 2021, the governmental funds of Nash County reported a combined fund balance of \$65,637,379 a 26.49% percent increase from the previous year. The primary reason for this increase was a result of the County receiving loan proceeds that were not used by the end of the year.

General Fund Budgetary Highlights: During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased revenues by \$1,892,559 or 2.13% due primarily to increase in Restricted Intergovernmental Revenues.

Differences between the original budget and final budget are briefly summarized as follows:

- \$825,186 increase in Restricted Intergovernmental Revenues.
- \$400,000 increase in donated funds for purchase of land for a new animal facility.
- \$246,332 recognition of proceeds for sale of home health.
- \$140,775 from recognition of receipts from insurance proceeds rebudgeted.

Proprietary Funds. Nash County's proprietary fund provides the same type of information found in the government-wide statements, but in more detail. Unrestricted net position of the Water/Sewer Fund and Solid Waste Fund at the end of the fiscal year amounted to \$545,473 and \$1,663,100 respectively and Northern Nash Water and Sewer District equaled \$997,511. The total change in net position was an increase of \$91,700. This change was primarily the result of capital contributions and increases in charges for services. The Utilities Fund includes operation of the Water/Sewer and Solid Waste Disposal Divisions. Other factors concerning the finances of this fund are addressed in Nash County's business-type activities later in this discussion.

Capital Asset and Debt Administration

Capital Assets. Nash County's capital assets for its governmental and business-type activities as of June 30, 2021, totals \$105,034,190 (net of accumulated depreciation). These assets include land and improvements, buildings, infrastructure, furniture and equipment vehicles, and construction in progress. The total net position for all proprietary funds is \$24,618,665.

Major capital asset transactions during the year include:

- Retirement and replacement of vehicles and equipment for Public Safety.
- Construction in progress on the Detention Facility Renovations, Jail Expansion, Miracle Park, Admin Building Public Health Monitoring Improvements and the New Elementary School Construction.
- Land purchase for a new animal facility.
- Addition of construction in progress for the Northern Nash Water System Project.

Nash County's General Obligation Bonds are currently rated Aa2 by Moody's and AA- by Standard & Poor's. Additionally, the County's Limited Obligation Bonds are rated Aa3 by Moody's and A+ by Standard & Poor's.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Nash County is \$633,734,290 for 2021 which is significantly more than Nash County's general obligation debt. The County has \$6,045,000 in General Obligation Bonds and \$11,378,000 in Water & Sewer Refunding Bonds at June 30, 2021.

Additional information regarding Nash County's long-term debt can be found in Note 7, on pages 63-67 in the notes to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the economic situation for Nash County:

- The June 2021 unemployment rate for Nash County is 6.5%; a decrease from 8.9% in prior year. The County's rate is slightly higher than the state average of 4.9%.
- Population estimate of the County has grown approximately 1.0% over 2020 estimate to 96,907 as of June 2021.
- Nash County's proximity to Raleigh-Durham and Eastern North Carolina make it a prominent area for economic prosperity and diversified workforce
- Total acreage zoned for industrial use in Nash County is approximately 5,700 acres.

Additional information regarding economic factors is provided in the statistical section of the Annual Report.

Impact of Coronavirus on the County

During the fiscal year, the state and the nation began to move out of the restrictions imposed by the global pandemic. Vaccinations for the pandemic were approved and the County began a process of holding clinics to get our citizens vaccinated and set up a call center in the County to accommodate questions and make appointments. The County offices did not close down but instead we worked to keep in person access for our citizens for services. We installed barriers, implemented additional cleaning requirements, temperature checking stations and hand sanitizing stations as well as protocol for wearing masks within the building. The County did set up work from home access when necessary due to quarantine requirements. In addition, the County set-up daily meetings to update our elected officials and citizens of our processes as well as the pandemic statistics. We were able to hold our County Commissioner Board meetings both virtually and in person to reduce the number of individuals in a room when necessary. The County shutdown parks and recreation and senior services locations but no employee was furloughed. The staff in parks and recreation were repurposed and the senior center staff was able to move to parking lot and online activities for our Seniors. The County maintained its cautious approach to non-recurring expenditures and with the assistance of COVID related grants have been able to mitigate any damage the coronavirus could have done to the County.

Budget Highlights for Fiscal Year Ending June 30, 2022

Government Activities

The Nash County fiscal year 2021-2022 budget was prepared during the global pandemic, as the County had begun the vaccination process. As the crisis continues to evolve, and we are hopeful for solutions, the full economic impacts of the global pandemic are not known. The budget delivers critically needed services but did go without budgeting several anticipated expansion items throughout the County. Property tax revenue, which is a significant revenue source for the County General Fund maintained the same rate at .67/\$100. The revenue projection did include a two percent increase based on the growth of the County's tax base. As always, the County leaders' used best efforts to continue the commitment to thoroughly evaluate budget requests, fund necessary operations, and keep the tax burden as low as possible.

The tax base is projected to provide revenues of \$52,155,4813 when calculated with the current collection percentage rate. The total projected assessed valuation for the County is \$7,984,000,000 for fiscal year 2021-22. No tax or fee increases were approved in the fiscal year 2022 budget.

Budgeted expenditures for fiscal year 2021-22 in the General Fund reflect a 5.0% increase from the previous fiscal year original budget of \$95,575,924 to \$100,234,574. The fiscal year 2021-22 budget appropriates \$5,843,963 from fund balance, with \$1,743,963 of this amount for replacement and expansion capital and \$1,007,755 from other restricted fund balance reserves, to balance the general fund budget.

Business Type Activities

The County budgets and operates the Central Nash Water and Sewer fund and the Northern Nash Water System Fund. The FY2021-2022 expenditure budget for the Water/Sewer fund serving Central Nash is \$2,789,904 a 4% increase over prior year budget and the Northern Nash Water System fund budget is \$619,960 a 14% increase over the prior year budget as Phase 1 of the area is fully operational. No fee increases were approved for fiscal year 2020-2021.

The solid waste rates in the County will remain the same for fiscal year 2021-2022. These rates should adequately cover the costs of operations. The budgeted expenditures decreased for the Solid Waste Fund by 2% over the prior year budget. This budget decrease is due primarily to budgeting replacement equipment for the landfill in the prior year.

Requests for Information

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Director of Finance, Nash County, 120 W. Washington St., Suite 3072, Nashville, NC 27856. You can also call (252)-459-9802, visit our website www.co.nash.nc.us or send an email to donna.wood@nashcountync.gov for more information.

Nash County, North Carolina Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position Governmental Fund June 30, 2021

Amounts reported for governmental activities in the statement of net position (Exhibit 1) are	
Total Fund Balance - Governmental Funds	\$ 65,637,379
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds (total capital assets on government-wide	
statement in governmental activities column)	114,858,614
Less accumulated depreciation	 (49,378,355)
Net capital assets	65,480,259
Net investment in joint venture	3,734,706
Net Pension Asset (Register of Deeds)	185,210
Contributions to the pension plan in the current fiscal year	3,122,063
Benefit payments and pension administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position	72,914
Contributions to OPEB plan in the current fiscal year	1,415,983
Deferred outflows of resources:	J
Pension related deferrals OPEB related deferrals	6,511,843 10,851,965
	10,651,705
Accrued interest receivable less the amount claimed as unearned revenue in the government-wide statements as these funds are unavailable in the fund	
statements	337,408
Deferred charges related to advance refunding bond issued - included on	
government-wide statements of net position but are not current financial resources	1,158,584
Deferred inflows of resources reported in the government-wide statements but not the fund statements	
Deferred inflows of resources for taxes receivable	1,466,835
Pension related deferrals OPEB related deferrals	(322,775) (8,093,649)
OPEB related deferrals	(8,093,049)
Assets and liabilities of the internal service funds used by management to	
account for insurance costs are included in governmental activities in the Statement of Net Position.	802,536
Liabilities that, because they are not due and payable in the current period, do	
not require current resources to pay and are therefore not reported in the fund statements:	
Bonds, leases, and installment financing	(52,689,096)
Compensated absences	(2,954,637)
Total OPEB liability Total pension liability - LEOSSA	(67,311,978) (4,224,942)
Net pension liability - LGERS	(15,022,408)
Accrued interest payable	 (437,909)
Total adjustment	 (55,917,088)
Net position of governmental activities	\$ 9,720,291

NOTE I: Summary of Significant Accounting Policies

The accounting policies of Nash County, North Carolina, and its discretely presented component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

Nash County is located in the eastern part of North Carolina in the coastal plains area and has a population of approximately 95,500. The County Seat is located in Nashville, North Carolina. The County, which is governed by a seven-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component units, legally-separate entities for which the County is financially accountable.

Blended Component Units

Central Nash Water and Sewer District (Central Nash) exists to provide and maintain water and sewer services for residents within the District. Under state law (G.S. 162A-89), the County's Board of Commissioners serves as the governing board for the District and there is a financial benefit between the District and County. Central Nash was reported as an enterprise fund in the County's financial statements. The District does not issue separate financial statements.

Component Units

The County's three discretely presented component units described below are reported in separate combining government-wide financial statements.

• Nash County Tourism Development Authority

The fifteen members of the Nash County Tourism Development Authority's governing board, including the Chairman are appointed by the County. The Finance Officer for the County serves as ex-officio Finance Officer for the Authority. The County levies, collects, and remits a room occupancy tax on behalf of the Authority. The Authority, which has a June 30 year-end, is presented as a Component Unit.

Nash Health Care Systems and Subsidiaries of Nash County, North Carolina

Nash Health Care Systems and Subsidiaries of Nash County is a Hospital Authority created pursuant to Article 12 of Chapter 131E of the North Carolina General Statutes (formerly Article 12 of Chapter 131). The subsidiaries are not-for-profit entities established under section 501(c)(3) of the Internal Revenue Code. The County appoints the fifteen-member governing board of the Authority, and there is a potential financial benefit/burden to the County. The Authority incudes the operations of Nash Hospitals Inc. and subsidiary, Nash Community Health Services, Inc., Nash MSO, In., Nash Medical Development Authority, NHCS Physicians, Inc., and Nash Health Care Foundation. The County leases the hospital facilities to the Authority in accordance with a thirty-year operating agreement (Note 5). The Authority, which has a June 30 year-end, is presented as a component unit.

Nash County ABC Board

The five members of the Nash County ABC Board's governing board are appointed by the County. The ABC Board is required by State Statute to distribute its surplus to the General Fund of the County. The ABC Board which has a June 30 year-end, is presented as a component unit.

Complete financial statements for each of the individual component units may be obtained at the administrative offices of those entities as follows:

Nash County Tourism Development Authority 120 W. Washington Street, Suite 3072 Nashville, NC 27856 Nash County ABC Board 1206 Eastern Avenue Nashville, NC 27856

Nash Health Care Systems and Subsidiaries of Nash County Nash General Hospital 2460 Curtis Ellis Drive Rocky Mount, NC 27804

B. Basis of Presentation - Basis of Accounting

Basis of Presentation, Measurement Focus - Basis of Accounting

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the *governmental* and *business-type* activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions. Other non-operating items such as investment earnings are ancillary activities.

The County reports the following major governmental funds:

General Fund - The General Fund is the primary operating fund of the County. It is used to account for all financial resources of the general government, except those required to be accounted for in another fund. The Revaluation Fund is a legally budgeted fund under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54, it is consolidated in the General Fund. Additionally, the County has legally adopted an Economic Development Fund. Under GASB 54 guidance, the Economic Development Fund is consolidated in the General Fund. The budgetary comparisons for the Revaluation Fund and the Economic Development Fund have been included in the supplemental information.

American Rescue Plan Fund: The fund is used to account for resources provided by the government to assist with COVID relief.

School Capital Project Fund: This capital project fund is used to account for School capital needs.

The County reports the following major enterprise funds:

Water and Sewer Fund: This fund is used to account for Central Nash water and sewer operations.

Solid Waste Fund: This fund is used to account for the County's solid waste disposal operations and convenience center operations.

Central Nash Water and Sewer District Fund (blended component unit): The district is used to account for the water and sewer expenditures in the Central Nash Water and Sewer District. The District operates the water distribution system with booster pump station and elevated storage tanks sewage pumping stations, and collection systems. This fund was used to track the debt service payments and capital assets for the Central Nash Water and Sewer District, but the revenues and expenses are part of the Water and Sewer Fund. This fund was consolidated with the Water and Sewer Fund in the 2021 fiscal year, so it will not be presented in future statements.

Northern Nash Water System Fund: This fund is used to account for the Northern Nash area operations and the cost of providing water lines to service the Northern Nash area.

Internal Service Fund - The Employee Healthcare Benefits and the Workers' Compensation Fund are used to account for cost of the County's healthcare and workers' compensation.

The County reports the following fund types:

Custodial Funds. Custodial funds are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, investment trust funds, or private-purpose trust funds. Custodial funds are used to account for assets the County holds on behalf of others that meet certain criteria. The County maintains the following custodial funds: the Municipal Tax Fund, which accounts for ad valorem and vehicle property taxes that are billed and collected by the County for various municipalities within the County but are not revenues to the County, and the Jail Inmate Pay Fund, which holds cash deposits made to inmates as payment for work performed while incarcerated as well as cash collections for the benefit of inmates from their friends and families.

Non-major Funds - The County has eighteen special revenue funds: Rural Operating Assistance Program Fund, Fire Districts Fund, Emergency Telephone System Fund, Controlled Substance Fund, Federal Asset Forfeiture Fund, Storm water Maintenance Fund, Tourism Fund, Homeland Security Grant Fund, Single Family Rehab Fund, Urgent Repair Program Fund, CDBG Grant Fund, Hazard Mitigation Plan Fund, Debris Removal Fund, COVID 19 Grant Project Fund, Representative Payee Fund, Fines and Forfeitures Fund, CDBG - CV Grant Fund, and Abandoned Manufactured Homes Fund. The County has eight capital project funds: Capital Reserve Fund, Middlesex Industrial Park Fund, Senior Center/Miracle Park Fund, Public Safety Radio Project Fund, Ag Center Renovation Project Fund, Highspeed Internet Project Fund, Detention Facility Project Fund, and Courthouse Expansion Project Fund.

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Agency Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result form providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. As of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues collected and held by the State at year-end on behalf of the County are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the special revenue funds (excluding grant projects), and enterprise funds. All annual appropriations lapse at fiscal year-end. Project ordinances are adopted for the special revenue grant funds, capital project funds and the enterprise capital project funds, which are consolidate with the operating funds for reporting purposes.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for the General Fund and at the functional level for the Special Revenue and the Enterprise Funds, and at the project level for the Capital Project Funds. The County Manager is authorized by the budget ordinance to transfer appropriations between departments (or function levels, as applicable) within a fund up to \$5,000; however, any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$5,000 must be approved by the governing board. During the year, several amendments to the original budget were necessary. As a result, appropriated fund balance increased in the General Fund by \$3,500,828 which is largely the result of transfers to capital project funds. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

D. Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity

1. Deposits and Investments

All deposits of the County, Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board are made in board-designated official depositories and are secured as required by G.S. 159-31. The County, Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County, Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State Law [G.S. 159-30(c)] authorizes the County, Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT).

The majority of the County, Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board's investments are carried at fair value. Non-participating interest earnings contracts are accounted for at cost. The North Carolina Capital Management Trust (NCCMT), which consists of two SEC-registered funds, is authorized by G.S. 159-30(c)(8). One of these funds, the Government Portfolio, is a 2a7 fund which invests in treasuries and government agencies and is rated AAAm by S&P and AAmf by Moody Investor Services. The Government Portfolio is reported at fair value.

2. Cash and Cash Equivalents

Governmental Activities

The County pools monies from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are considered cash and cash equivalents. The Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board consider demand deposits and investments purchased with an original maturity of three months or less, which are not limited as to use, to be cash and cash equivalents.

3. Restricted Assets

Unexpended debt proceeds are classified as restricted assets because their use is completely restricted to the purpose for which the debt was originally issued. Money in the Tax Revaluation Fund is also classified as restricted assets because its use is restricted per North Carolina General Statute 153A-150. The Reserve Contribution for Middlesex Elementary School is a required annual reserve contribution equivalent to 1/10th of the annual installment for a period of ten years and accumulation equivalent to one annual installment. Unspent grant proceeds are reflected as restricted cash as well. Customer deposits held by the County in the Utilities Fund before any services are supplied are restricted to the service for which the deposit was collected. In the Northern Nash Water and Sewer District, the 2021 debt service payment on the USDA loan is restricted for future payment.

General Fund	Tax Revaluation	\$ 411,062
General Fund	Reserve Contribution - School Debt	358,421
COVID Grant Funds	Unspent grant proceeds	91,264
School Capital Outlay	Unepent loan/grant proceeds	9 671 525

School Capital Outlay Unspent loan/grant proceeds 9,671,525
ARP Grant Funds Unspent grant proceeds 9,158,201
Total Governmental Activities 19,690,473

ъ.	TEC.	A 4
Kusu	iess- I vne	Activities

Water and Sewer Fund	Customer Deposits	118,064
Northern Nash Water System	Debt Service Reserve	331,450
Total Business-Type Activities		449,514
Total Restricted Cash		\$ 20,139,987

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2020.

5. Allowance for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015 are recorded at acquisition value. Minimum capitalization costs are: \$5,000 for all asset categories. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The County holds title to certain Nash Community College and Nash Rocky Mount Schools properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and Nash Community College and Nash Rocky Mount Schools give those entities the facilities, and provide that the County will convey title to the property back to the respective entities, once all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of Nash Community College and Nash Rocky Mount Schools, respectively.

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

Estimated Useful Lives

	Primary	Component
	Government	Units
Land Improvements	20 Years	5-40 Years
Buildings	40 Years	20-40 Years
Furniture and Equipment	3-20 Years	2-20 Years
Infrastructure	40 Years	
Vehicles	3-5 years	

8. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has several items that meets this criterion - a charge on refunding that had previously been classified as an asset, pension related deferrals, and OPEB related deferrals. In addition to liabilities, the Statement of Net Position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has four items that meet the criterion for this category - taxes receivable, prepaid taxes, other pension related deferrals, and OPEB related deferrals.

9. Long-Term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs are expensed in the reporting period in which they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as an other financing sources. Premiums received on the debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Compensated Absences

The vacation policies of the County provide for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. The County's liability for accumulated earned vacation and the salary-related payments as of June 30, 2021 is recorded in the governmental activities of the government-wide financial statements. For the County's proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded within those funds as the benefits accrue to the employees. The County has assumed a first in, first out method of using accumulated compensated time. The portion of that time estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The sick leave policies of the County provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the County has no obligation for accumulated sick leave until it is actually taken, no accruals for sick leave have been made.

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets; restricted and unrestricted. Restricted net position represents constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of four classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Non-Spendable Fund Balance – This classification includes amounts that a cannot be spent because they are either (a) not in a spendable form or (b) legally or contractually required to be maintained intact.

Prepaid Items – portion of fund balance that is not an available resource because it represents the year-end balance of prepaid items, which are not spendable resources.

Restricted Fund Balance - This classification includes revenue sources that are restricted to specific purposes externally imposed by creditors or imposed by law. Restricted fund balance is summarized as follows:

Restricted for Stabilization by State Statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Human Services - portion of fund balance that is restricted by revenue source for human services health program and portion of fund balance that can only be used to benefit beneficiaries under the Social Security's Representative Payee Program.

Restricted for Public Safety - portion of fund balance that is restricted by revenue source for the Emergency Telephone System Fund, Fire Protection, Controlled Substance, Federal Asset Forfeiture for law enforcement, Homeland Security, and Public Safety Radio Projects.

Restricted for Economic Development - portion of fund balance that is restricted by revenue source for Economic Development through Travel and Tourism, Stormwater maintenance, CDBG Projects and Corporate Park Projects.

Restricted for Transportation - portion of fund balance that is restricted by revenue source for the rural operating assistance program.

Restricted for Education - portion of fund balance that has been restricted by revenue source for school construction.

Committed Fund Balance - Portion of fund balance that can only be used for specific purpose imposed by resolution of the County's Board of Commissioners (highest level of decision making authority). Any changes or removal of specific purposes requires majority action by the Board of Commissioners.

Committed for Public Safety - portion of fund balance that can only be used for Public Safety for Controlled Substance and the Detention Facility.

Committed for Economic Development - portion of fund balance that can only be used for Economic Development.

Committed for Tax Revaluation - portion of fund balance that can only be used for tax revaluation.

Assigned Fund Balance - portion of fund balance that the County's Board of Commissioners has assigned.

Assigned for Subsequent Year's Expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed.

Assigned for Capital Projects - portion of fund balance that is assigned by management for debt service for capital projects or capital projects.

Unassigned Fund Balance - portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

Nash County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds, and county funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance, and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it's in the best interest of the County.

The County has adopted a minimum fund balance policy for the General Fund which instructs management to conduct business in such a manner that available fund balance is at least equal to or greater than 15% of General Fund expenditures. In the event of an emergency of approved one-time use of fund balance in which the reserve falls below the recommended percentage of 15%, the County will adopt a plan to replenish the reserve to the policy standard within 36 months.

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriation:

Total fund balance - General Fund	\$ 46,823,516
Less:	
Prepaid assets	18,818
Stabilization by State statute	12,719,737
Total available fund balance	\$ 34,084,961

12 Defined Benefit Pension Plan

The County participates in three cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System (LGERS), the Registers of Deeds' Supplemental Pension Fund (RODSPF), and the Law Enforcement Officers' Separation Allowance (LEOSSA) (collectively, the "state-administered defined benefit pension plans"). For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans' fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans.

13 Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from these estimates.

NOTE II: Stewardship, Compliance and Accountability

Deficit Fund Balance or Net Position of Individual Funds

None.

Excess of Expenditures over Appropriations

None.

NOTE III: Detail Notes on All Funds

A. Assets

1. Deposits

All of the County, Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County, Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board's agent in their respective names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County, Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County or the ABC Board or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County, Nash County Tourism Development Authority, Nash Health Care Systems and Subsidiaries, and Nash County ABC Board under the Pooling Method, the potential exists for the under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County relies on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The County and the ABC Board do not have formal policies regarding custodial credit risk for deposits.

At June 30, 2021 the County's deposits had a carrying amount of \$35,107,589 and a bank balance of \$36,915,947. Of the bank balance, \$250,000 was covered by federal depository insurance; and \$39,671,476 in interest bearing deposits was covered by collateral held under the Pooling Method. At June 30, 2021, Nash County had \$3,375 cash on hand.

At June 30, 2021, the carrying amount of deposits for the Nash County Tourism Development Authority's deposits was \$1,113,144 and a bank balance of \$1,113,144. Of the bank balance, \$250,000 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method.

At June 30, 2021, the carrying amount of deposits for the Nash Health Care Systems and Subsidiaries' deposits was \$68,858,153 and a bank balance of \$77,151,156. As of June 30, 2021, Systems held \$6,725 in petty cash included within cash and cash equivalents.

At June 30, 2021, the ABC Board's deposit had a carrying amount of \$3,003,328 and a bank balance of \$3,149,150. Of the bank balance, \$250,000 was covered by federal depository insurance and \$2,899,150 was covered by collateral held by the State Treasurer.

2. Investments

At June 30, 2021, the County had the following investments and maturities:

	Valuation					Greater	
	Measurement		Less Than	6-12		Than	%
	Method	Fair Value	6 Months	Months		One Year	Concentration
NCCMT - Government	Fair Value-						
Portfolio	Level 1	\$ 39,671,476	\$ 39,671,476	\$	- \$		- 100%
Total		\$ 39,671,476	\$ 39,671,476	\$	- \$		100%

At June 30, 2021, the TDA had \$197,117 invested with the North Carolina Capital Management Trust's Government Portfolio.

Because the NCCMT Government Portfolio has a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months. The NCCMT Government Portfolio has an AAAm rating from S&P and AAAmf by Moody's Investor Service.

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level Two debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk - This it's the risk that changes in interest rates will adversely affect the fair value of an investment. The County's policy limits its exposure to fair value losses from rising interest rates by limiting its investment portfolio to no less than 20% maintained in liquid investments at any point in time.

Credit Risk - State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs). The County policy allows investments in the NC Capital Management Trust Government Portfolio, US Treasury Securities, US Agency Securities specifically authorized in NCGS 159 and rated no lower than AAA, and commercial paper meeting the requirements of NCGS 159. The County's investments in the NC Capital Management Trust Government Portfolio carried a credit rating of AAA by Standard & Poor's as of June 30, 2021. The County's investment in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the US government and agencies, and in high grade money market instruments as permitted under North Carolina General Statute 159-30 as amended. The TDA has no policy on credit risk. These amounts are included within cash on the statement of net position.

Concentration of Credit Risk - The County limits amounts invested in US Treasury of Agencies to no more than 20% of total investments and commercial paper to no more than 10% per investment. A minimum of 20% of available investments must be liquid. At June 30, 2021, investments in U.S. government agencies and commercial paper representing greater than 5% of the County's total investments were: NCCMT - Government Portfolio at 100%.

3. Property Tax - Use-Value Assessment on Certain Lands

In accordance with the general statutes, agriculture, horticulture, and forest land may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

Year			
Levied	Tax	Interest	Total
2018	\$ 2,866,639	\$ 938,824	\$ 3,805,463
2019	2,864,726	680,372	3,545,098
2020	2,849,829	420,350	3,270,179
2021	2,820,272	-	2,820,272
Total	\$ 11,401,466	\$ 2,039,546	\$ 13,441,012

4. Receivables

Receivables at the government-wide level at June 30, 2021, were as follows:

	Taxes and					
	Related Accrued					
		Accounts		Interest		Total
Governmental Activities:						_
General	\$	973,452	\$	2,866,502	\$	3,839,954
Other Governmental		55,464		-		55,464

Construction Commitments

The County has active construction projects as of June 30, 2020. The projects include the construction of a new Elementary School, Middlesex Corporate Centre, which includes a water, sewer, and road project and a tank and water loop project; as well as the Northern Nash Water System project which includes water district projects. At June 30, 2021, the County's commitments with contractors are as follows:

			-	Remaining
<u>Project</u>	<u>Sp</u>	ent to Date	<u>C</u>	Commitment
Middlesex CC Tank / Water Loop / Water / Sewer Road	\$	1,063,050	\$	174,950
CDBG-DR		546,288		170,491
School Construction		-		16,864,000
Northern Nash Water System		5,523,641		880,096
	\$	7,132,979	\$	18,089,537

Discretely presented component units:

Activity for the ABC Board for the year ended June 30, 2021 was as follows:

	I	Beginning				Ending
		Balances	Increases	Decreases		Balances
Capital assets not being depreciated:

B. Liabilities

1. Payables

Payables at the government-wide level at June 30, 2021, were as follows:

	 Vendors
Governmental Activities:	
General	\$ 2,523,326
Other Governmental	147,446
Internal Service Fund	 853,659
Total Governmental Activities	\$ 3,524,431
Business-type Activities:	
Water and Sewer	\$ 242,743
Solid Waste	217,305
Northern Nash Water System	 50,020
Total Business-type Activities	\$ 510,068

2. Pension Plan Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The County is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic postretirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2021, was 10..84% of compensation for law enforcement officers, 10.20% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$3,200,785 for the year ended June 30, 2021.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported a liability of \$15,447,206 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2021, the County's proportion was 0.432% (measured as of June 30, 2020), which was a decrease of 0.007% from its proportion as of June 30, 2020 (measured as of June 30, 2019).

For the year ended June 30, 2021, the County recognized pension expense of \$5,259,234. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 rred Outflows Resources	 erred Inflows of Resources
Differences between expected and actual experience	\$ 1,950,711	\$ -
Changes in assumptions	1,149,575	-
Net difference between projected and actual earnings on pension plan investments Changes in proportion and differences between County contributions and	2,173,780	-
proportionate share of contributions	-	143,857
County contributions subsequent to the measurement date	3,200,785	 -
Total	\$ 8,474,851	\$ 143,857

\$3,200,785 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2022	\$ 1,421,168
2023	1,928,474
2024	1,137,240
2025	643,328
2026	-
Thereafter	 -
	\$ 5,130,210

Actuarial Assumptions. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 Percent Salary Increases 3.50 percent

Investment Rate of Return 7.00 percent, net of pension plan investment expense, including inflation

The plan actuary currently uses mortality rates based on the *RP-2014 Total Data Set for Healthy Annuitants Mortality Table* that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2021 are summarized in the following table:

		Long-Term Expected Real Rate
Asset Class	Target Allocation	of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	100.0%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2019 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 7.00 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease	Discount	1% Increase
	(6.00%)	Rate (7.00%)	(8.00%)
County's proportionate share of the			
net pension liability (asset)	\$ 31,340,698	\$ 15,447,206	\$ 2,238,597

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

Supplemental Pension Plan - Nash Health Care Systems and Subsidiaries

Systems' net pension asset as of June 30, 2021 was measured as of July 1, 2020, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date.

The total pension asset in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Investment Rate of Return 8%

Disability None assumed

Mortality RP-2014 Total Dataset Mortality Table with MP-2018 Projection Scale

Termination Table Crocker, Sarason and Straight T-5 Turnover Table

Assumed Retirement Age Age 65, or the 5-year anniversary of Plan participation, if later. However, any participant who will

attain age 62 with 30 years of vesting service is assumed to retire at an 80% rate as soon as eligible

for the unreduced benefit at that time.

Marriage Male spouses assumed to be 4 years older than their wives. It is assumed that 80% of all male and

65% of all female participants are married.

The longer-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage by adding expected inflation.

The discount rate used to measure the total pension liability was 8.0%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at the 10-year funding rate. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Asset

	Total Pension Plan Fiduciary Liability Net Position		Net Pension Asset	
Balance, June 30, 2020	\$ (96,691,423)	\$ 120,799,626	\$ 24,108,203	
Changes from prior year assumptions:				
Contributions	-	3,000,000	3,000,000	
Interest	(35,458)	-	(35,458)	
Differences between expected and actual	(373,743)	-	(373,743)	
Benefit payments	6,411,447	(6,411,447)	-	
Assumption changes (mortality table)	220,102	-	220,102

Administrative expense	-	35,458	35,458	
Changes for the current year:				
Interest	(6,959,059)	-	(6,959,059)	
Net investment income	-	7,410,265	7,410,265	
Administrative expense		(40,000)	(40,000)	
Net changes	(736,711)	(15,070,218)	(15,806,929)	
Balance, June 30, 2021	\$ (97,428,134)	\$ 105,729,408	\$ 8,301,274	

Sensitivity of the Net Pension Asset to Change in the Discount Rate

The following presents the net pension asset of Systems, calculated using the discount rate of 8.0%, as well as what Systems' net pension asset would be if it were calculated using a discount rate that is one percentage point lower (7.0%) or one percentage point higher (9.0%) than the current rate:

	1% Decrease (7.00%)	Discount Rate (8.00%)	1% Increase (9.00%)
Net Pension Asset	\$ (4,389,000)	\$ (4,890,000)	\$(12,749,000)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Nash Health Care Systems' Supplemental Retirement Plan financial report.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, Systems' recognized pension expense of \$3,269,139. Systems reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between actual and projected investment earnings on pension plan assets	\$	13,314,836	\$	5,475,328
Changes in assumptions	Ψ	220,102	Ψ	-
Contributions		3,000,000		
Total	\$	16,534,938	\$	5,475,328

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

(9,171,436) (410,406)

Year Ended June 30:	
2022	
2023	
2024	

(2,732,430) (2,096,639) (3,812,899)

Thereafter - (18,223,810)

b. <u>Law Enforcement Officers' Special Separation Allowance</u>

1 Plan Description

2025

2026

Nash County administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers. The Separation allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At the December 31, 2019 valuation date, the Separation Allowance's membership consisted of:

Retirees receiving benefits	6
Terminated plan members entitled	
to but not yet receiving benefits.	-
Active plan members	87
Total	93

Summary of Significant Accounting Policies:

Basis of Accounting

The County has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 73.

Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2019 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement.

Inflation 2.5 percent

Salary increases 3.50 to 7.35 percent, including inflation and productivity factor

Discount rate 1.93 percent

The discount rate is based on the S&P Municipal Bond 20 Year High Grade Rate Index as of June 30, 2020.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an experience study completed by the Actuary for the Local Government Employees' Retirement System for the five-year period ending December 31, 2014.

Mortality Rate

Deaths After Retirement (Healthy): Mortality rates are based on the Safety Mortality Table for Retirees. Rates for all members are multiplied by 97% and Set Forward by 1 year.

Deaths After Retirement (Disabled): Mortality rates are based on the Non-Safety Mortality Table for Disabled Retirees. Rates are Set Back 3 years for all ages.

Deaths Before Retirement: Mortality rates are based on the Safety Mortality Table for Employees.

Mortality Projection: All mortality rates are projected from 2010 using generational improvement with Scale MP-2019.

Contributions

The County is required by article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investments. The County paid \$106,682 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported a total pension liability of \$4,224,942. The total pension liability was measured as of December 31, 2020 based on a December 31, 2019 actuarial valuation. The total pension liability was rolled forward to the measurement date of December 31, 2020 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2021, the County recognized pension expense of \$432,731.

		Deferred Outflows of Resources	In	eferred flows of esources
Differences between expected and actual experience Changes of assumptions	\$	242,789 1,131,941	\$	83,706 74,529
County benefit payments and plan administrative expense mad subsequent to the measurement date Total	le 	72,914 1,447,644	\$	158,235

\$72,914 reported as deferred outflows of resources related to pensions resulting for benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2022	\$ 252,082
2023	254,670
2024	245,712
2025	229,194
2026	191,051
Thereafter	43.786

Sensitivity of the County's pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 1.93 percent, as well as what the County's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (0.93 percent) or 1-percentage-point higher (2.93 percent) than the current rate:

	19	% Decrease	Discount		1% Increase	
		(0.93%)	Rate (1.93%)			(2.93%)
County's proportionate share of	the					
net pension liability (asset)	\$	4,596,515	\$	4,224,942	\$	3,884,042

Schedule of Changes in Total Pension Liability Law Enforcement Officers' Special Separation Allowance

	2021
Beginning balance	\$ 3,000,531
Service Cost	140,395
Interest on the total pension liability	96,078
Changes of benefit terms	-
Differences between expected and actual experience in the	
measurement of the total pension liability	(99,650)
Changes of assumptions or other inputs	1,194,270
Benefit payments	(106,682)
Other changes	 _
Ending balance of the total pension liability	\$ 4,224,942

Changes of assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 3.26 percent at June 30, 2019 (measurement date) to 1.93 percent at June 30, 2020 (measurement date).

Changes in Benefit Terms. Reported compensation adjusted to reflect the assumed rate of pay as of the valuation date.

The plan currently uses mortality tables that vary by age and health status (i.e. disabled and healthy). The current mortality rates are based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description

The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of the State Treasurer and a Board of Trustees. The plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy

Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan.

The County's contributions for the year ended June 30, 2021 were \$257,748.

d. Supplemental Retirement Income Plan for Non-Law Employees

Plan Description

The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of the State Treasurer and a Board of Trustees. The plan provides retirement benefits to non-law employees of the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy

Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each employee's salary, and all amounts contributed are vested immediately. Also, the employees may make voluntary contributions to the plan.

The County's contributions for non-law employees for the year ended June 30, 2021 were \$1,295,097.

e. Registers of Deeds' Supplemental Pension Fund

Plan Description. Nash County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, cost-sharing multiple-employer defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Countributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$9,300 for the year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to

At June 30, 2020, the County reported an asset of \$185,210 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2020. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2020, the County's proportion was 0.7685%, which was a decrease of 0.0835% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the County recognized pension revenue of \$4,177. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred		Deferred	
	Outf	flows of	Inflows of	
	Res	sources	Re	sources
Differences between expected and actual experience	\$	-	\$	3,774
Net difference between projected and actual earnings on pension plan investments		-		15,848
Changes in proportion and differences between County contributions and proportionate share of contributions		8,083		5,017
County contributions subsequent to the measurement date		9,300		
Total	\$	17,383	\$	24,639

\$9,300 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2022	\$ (1,222)
2023	(4,190)
2024	(7,152)
2025	(3,992)
2026	-
Thereafter	-
	\$ (16,556)

Actuarial Assumptions. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 Percent

Salary Increases 3.50 to 7.75 percent, including inflation and productivity factor

Investment Rate of Return 3.75 percent,

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2021 is 1.4%.

The information above is based on 30 year expectations developed with the consulting actuary for the 2021 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.75 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75 percent) or 1-percentage-point higher (4.75 percent) than the current rate:

	1%	Decrease	Discount		1	1% Increase	
	((2.75%)	R	ate (3.75%)		(4.75%)	
County's proportionate share of the net pension							
liability (asset)	\$	(157,313)	\$	(185,210)	\$	(208,815)	

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

f. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability (asset) for LGERS and ROD was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019. The total pension liability for LEOSSA was measured as of June 30, 2020, with an actuarial valuation date of December 31, 2019. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	LGERS	ROD	LEOSSA	Total
Proportionate Share of Net Pension Liability (Asset) Proportionate of the Net Pension Liability	\$ 15,447,206 \$	(185,210) \$	-	\$ 15,261,996
(Asset)	0.43228%	0.80814%	n/a	
Total Pension Liability	\$ - \$	- \$	4,224,942	\$ 4,224,942
Pension Expense (Revenue)	\$ 5,259,234 \$	(4,177) \$	432,731	\$ 5,687,788

At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	LGERS	ROD	LEOSSA	Total
<u>Deferred Outflows of Resources</u> Differences between expected and actual experience	\$ 1,950,711	\$ -	\$ 242,789	\$ 2,193,500
Changes of assumptions	1,149,575	-	1,131,941	2,281,516
Net difference between projected and actual earnings on pension plan investment	2,173,780	-	-	2,173,780
Changes in proportion and differences between County contributions and proportionate share of contributions	-	8,083	-	8,083
County contributions (LGERS, ROD)/benefit payments and administration costs (LEOSSA) subsequent to the measurement date	3,200,785	9,300	72,914	3,282,999
Deferred Inflows of Resources Differences between expected and actual experience	\$ -	\$ 3,774	\$ 83,706	\$ 87,480
Changes of assumptions	-	-	74,529	74,529
Net difference between projected and actual earnings on pension plan investment	-	15,848	-	15,848
Changes in proportion and differences between County contributions and proportionate share of contributions	143,857	5,017	-	148,874

g. Other Postemployment Benefits

Plan Description. According to a County resolution, the County administers a single employer defined benefit plan to provide healthcare benefits (HCB Plan) and a Medicare Supplement Policy at age 65 to certain retirees of the County. This post employment health benefit is effective for retirees on or after January 1, 2001 and for employees hired before July 1, 2007, provided that they retire (including disability retirement) with unreduced benefits from the North Carolina Local Governmental Employees' Retirement System (System) and have worked the 10 years immediately prior to retirement with Nash County, the retiree will receive 100% premium coverage at the same rate as active employees coverage, retirees with 15 to 19 years credible service will receive 75% of the premium coverage from Nash County and retirees with 10 to 14 years of credible service will receive 50% of the premium costs from Nash County. The benefit applies only to the retired employee, not dependents. Retired employees may continue dependent coverage at the same level as prior to retirement at their personal expense; but not the supplement.

Benefits Provided. Effective for employees hired before July 1, 2012, the County will provide postemployment healthcare benefits to retirees to age 65 provided that they retire (including disability retirement) with unreduced benefits from the North Carolina Local Governmental Employees' System (System) and have at least twenty years of continuous credible service to Nash County. There is no supplement offered at age 65 to either the retiree or dependent. Retired employees may continue dependent coverage at the same level as prior to retirement at their personal expense. Employees hired on or after July 1, 2012 are not eligible to participate in the plan. The County pays the costs of coverage for these benefits as incurred on a pay-as-you-go basis. The County maintains health care coverage through a combination of self-insurance and private insurers.

Retired Employee's		Hired On or After July 1,	
Continuous Years of Creditable Service	Hired Pre-July 1, 2007	2007 and Before July 1, 2012	Hired On or After July 1, 2012
Less than 10 years	Not eligible for coverage	Not eligible for coverage	Not eligible for coverage
10-14 years	50% of health care benefits and 50% Medicare Supplement at age 65 (if selected at retirement)	50% of health care benefits paid by the County	Not eligible for coverage
15-19 years	75% of health care benefits and 75% Medicare supplement at age 65 (if selected at retirement)	75% of health care benefits paid by the County	Not eligible for coverage
20+ years	Full coverage of health care benefits and Medicare Supplement at age 65 (if selected at retirement)	Full coverage of health care benefits paid for by the County	Not eligible for coverage

Funding Policy: The County's members pay the current active employee rate for dependent coverage, if the retiree elects to purchase the coverage. The County has chosen to fund the healthcare benefits on a pay as you go basis.

Plan membership. Membership of the HCB Plan consisted of the following at June 30, 2020, the date of the latest actuarial valuation:

	General Employees:	Law Enforcement Officers:
Retirees and dependents receiving benefits	191	6
Terminated plan members entitled to but not yet	-	-
receiving benefits		
Active members	269	87
Total	460	93

Total OPEB Liability

The County's total OPEB liability of \$69,066,261 was measured as of June 30, 2020, and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.5 percent

Salary increases:

General Employees 3.50 to 7.75 percent, including inflation Law Enforcement Officers 3.50 to 7.35 percent, including inflation

Discount rate 2.21 percent

Healthcare cost trend rates:

Medical and Prescription Drug 5.25 percent for 2020 decreasing to an ultimate rate of 4.50 percent by 2024

Dental 4.00%

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of the measurement date.

Changes in the Total OPEB Liability

	Liability
Balances at June 30, 2019	58,715,917
Changes for the Year:	
Service Cost	1,112,077
Interest	2,069,208
Differences between Expected and Actual experience	(3,336,336)
Changes of assumptions or other inputs	11,933,217
Benefit payments	(1,427,822)
Net Changes	10,350,344
Balances at June 30, 2020	69,066,261

Changes of assumptions and other inputs reflect a change in the discount rate from 3.50 percent to 2.21 percent.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using scale MP-2015.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period January 1, 2010 - December 31, 2014, adopted by the LGERS Board.

Sensitivity of the net OPEB liability to changes in the discount rate.

The following presents the net OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21 percent) and 1-percentage-point higher (3.21 percent) than the current discount rate:

	1% Decrease	Discount Rate	1% Increase
	(1.21 percent)	(2.21 Percent)	(3.21 percent)
Total OPEB liability (asset)	\$ 82,523,624	\$ 69,066,261	\$ 58,605,053

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates.

The following presents the net OPEB liability of the County, as well as what the County's net OPEB liability would be if it were calculate using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Current	1% Increase
Total OPEB liability (asset)	\$ 58,085,495	\$ 69,066,261	\$ 83,230,615

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the County recognized OPEB expense of \$3,257,693. At June 30, 2021 the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred L		Deferred
	 Outflows		Inflows
Differences between expected and actual experience	\$ -	\$	5,377,534
Changes of assumptions	11,134,789		2,927,051
Benefit payments and administrative costs made subsequent to			
the measurement date	1,430,863		-
Total	\$ 20,870,237	\$	8,304,585

\$1,430,863 reported as deferred outflows of resources related to OPEB resulting from County benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease in the total OPEB liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30	
2022	\$ 73,415
2023	73,415
2024	2,218,975
2025	464,399
2026	-
Thereafter	-

h. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are established for employees not engaged in laws enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

i. Nash Health Care Systems and Subsidiaries - Postemployment Retiree Health Plan

Please see the separately issued financial report of Nash Health Care Systems and Subsidiaries for a complete description of the Health Care Systems' Postemployment Retiree Health Plan.

3 Closure and Post-Closure Costs

State and federal laws and regulations require the County to place a final cover on its landfill facility when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$573,403 reported as landfill closure and post closure care liability at June 30, 2021 represents a cumulative amount reported to date based on the use of 100% of the total estimated capacity of the landfill. The County closed the facility on December 31, 1998. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The County currently operates a Construction and Demolition landfill which was expanded in FY 2019. C & D closure liability is \$2,793,629 at June 30, 2021, based on the use of 94.1% of total estimated capacity. The County currently reports a combined liability of \$3,367,031 and will recognize the remaining estimated cost of closure and post closure care as the remaining estimated capacity is filled.

The County has met the requirements of a local government financial test that is one option under Federal and State laws and regulation that help determine if an entity is financially able to meet closure and post closure care requirements.

4 Deferred Outflows and Inflows of Resources

		Deferred	Deferred
	O	utflows of	Inflows of

5 Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in two self-funded risk financing pools administered by the North Carolina Association of County Commissioners Joint Risk Management Agency.

Through these pools, the County obtains property coverage equal to the replacement cost of owned property subject to total insured values, with sub-limits on coverage for specified perils; general, auto, professional, employment practices, and law enforcement liability coverage of \$2 million per occurrence. The pools also provide \$1 million in Cyber Event Coverage per loss occurrence. The County has the option to purchase higher liability and cyber limits. Auto physical damage for owned autos at actual cash value; crime coverage of \$250,000 per occurrence; and workers' compensation coverage up to the statutory limits are provided by the pools.

All property coverage and some liability coverage are subject to per occurrence deductibles, as selected by the County. The pools are audited annually by certified public accountants, and audited financial statements are available to the County upon request.

The pools are reinsured through a multi-state public entity captive for single occurrence losses in excess of \$500,000, up to a \$2 million limit for liability coverage and limits above the \$2,000,000 are provided by private reinsurers. For Cyber, the pool retains the first \$250,000 per loss occurrence. Single occurrence losses in excess of \$750,000 for workers' compensation are provided by a combination of the captive and a private reinsurer.

Through the captive, the Liability and Property Pool is reinsured for \$2,500,000 of annual aggregate losses in excess of \$500,000 per occurrence for property, auto physical damage and crime coverage, with additional limits of \$997,500,000 purchased through a group of commercial carriers through the multi-state public entity captive.

In accordance with G.S. 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through commercial crime coverage with a \$250,000 occurrence limit. Individuals holding positions requiring statutory bonds are covered elsewhere.

The County carries commercial coverage for other risks of loss. There have been no significant reductions in insurance coverage from the previous year, and settled claims have not exceeded coverage in any of the past four fiscal years.

6 Contingent Liabilities

a. Claims and Judgments

At June 30, 2021, the County was a defendant to various lawsuits. In the opinion of the County's management and the County attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position. Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

b. Environmental Matters

During May 1993, the County discovered that property owned by the County, which was formerly leased to a service station is contaminated as a result of leakage from underground fuel storage tanks. Consultants hired by the County have assessed the extent of the contamination and estimated the cleanup cost to total approximately \$200,000. By letter dated November 30, 1993, the County has been notified that the cost is eligible for reimbursement for the North Carolina Commercial Trust Fund. In order to retain eligibility, the County must continue to proceed with corrective action. The Trust Fund has a \$20,000 deductible, which the County believes has been met as of June 30, 2021. To date, \$65,912 has been submitted for reimbursement of which \$42,079 has been reimbursed. The State has frozen spending pending revision of regulations governing cleanup of contaminated soil.

7 Long-Term Obligations

a. Capital Leases

The County has entered into agreements to lease certain equipment. The lease agreements qualify as capital leases for accounting purposes, and therefore, have been recorded at the present value of the future minimum lease payments as of the date of lease inception.

An agreement was executed on June 1, 2016 for the lease of VOIP System and requires 59 monthly payments of \$7,246, beginning in 2016 and ending in 2021. Under the terms of the agreement, title passes to the County at the end of the lease term. The lease agreement was paid off completely in fiscal year 2021.

b. Installment Purchase

Serviced by Governmental Activities:

\$1,700,000 issued September 20, 2017, to fund the Nash County Middlesex Shell Building property, with annual principal installments of \$340,000 plus interest at 2.04%. The first payment is due on June 1, 2018, and the final payment is due on June 1, 2022. The County's outstanding noted from direct placement related to governmental activities of \$1,020,000 (shell building) is secured with collateral of the building. The note contains provisions that an event of default could a) declare the unpaid portion of the principal and interest components immediately due and payable b) proceed by appropriate court action to enforce performance by the County of the applicable covenants of the agreement or to recover for the breach thereof c) As provided in the Project Fund Agreement, pay over any balance remaining in the Project Fund to be applied against outstanding required payments in any manner reasonably deemed appropriate d) exercise all the rights and remedies of a secured party und the Uniform Commercial Code and may proceed as to the personal property portion of the Mortgaged Property in the same manners as provided in the Agreement for the real property portion, having no obligation to proceed against real or personal property in preference to the other e) direct the Deed of Trust Trustee to institute foreclosure proceedings and sell the property f)loss the right to possess, use and enjoy the Mortgaged Property (but may remain in possession of the Mortgaged Property as a tenant at will), and thereupon shall pay monthly in advance a fair and reasonable rental value for the use and occupation of the Mortgage property and upon demand, shall deliver possession of the Mortgaged property to the purchases of the Mortgage Property at any judicial or foreclosure sale under this agreement.

340,000

\$

\$19,034,000 Limited Obligation Refunding Bond Series 2016 on November 15, 2016, with interest due semi-annually on October 1 and April 1 and principal due on Oct 1 through 2030, interest rate of 2.07%. The County's outstanding note from direct borrowings related to governmental activities of \$18,419,000 is secured with collateral from buildings. The note contains provision that an event of default could require the County to prepay the obligations in in whole b) exercise all remedies available at law or in equity or under the Deed of Trust, include sale of the Mortgaged property, and apply the proceeds of any such sale or other disposition, after deducting all costs and expenses, including court costs and reasonable attorney's fees toward the principal component and accrued and unpaid interest of the balance.

17,776,000

\$14,000,000 October 11, 2016 to fund the courthouse expansion project, principal payments plus interest, at 1.85% rate, are due in annual installments through October 2031. The County's outstanding note from direct borrowings related to governmental activities of \$12,132,000 (Court House) is secured with collateral from the buildings. The note contains provision that an event of default could require the County to prepay the obligations in in whole b) exercise all remedies available at law or in equity or under the Deed of Trust, include sale of the Mortgaged property, and apply the proceeds of any such sale or other disposition, after deducting all costs and expenses, including court costs and reasonable attorney's fees toward the principal component and accrued and unpaid interest of the balance.

10,264,000

\$3,787,000 issued December 18, 2014 for Refunding Certificate of Participation 2004, due in principal annual installments, plus semi-annual interest, interest rate of 1.42% through December 2021. COPS debt includes \$1,486,551 for Community College, \$1,346,516 for schools, \$599,648 for Industrial Development and \$354,285 for Courthouse renovations. The County's outstanding note from direct borrowings related to governmental activities of \$821,000 is secured with collateral from buildings. The note contains provision that an event of default could require the County to prepay the obligations in in whole b) exercise all remedies available at law or in equity or under the Deed of Trust, include sale of the Mortgaged property, and apply the proceeds of any such sale or other disposition, after deducting all costs and expenses, including court costs and reasonable attorney's fees toward the principal component and accrued and unpaid interest of the balance.

226,000

\$7,342,300 issued March 17,2010 for Middlesex Elementary due in interest only quarterly installments through September 2012, thereafter, annual principal plus interest installments of \$399,274, interest rate of 2.05% through November 2042. The County's outstanding note from direct placement related to governmental activities of \$6,410,257 (Middlesex Elementary) is secured with collateral from the building. The note contains provision that an event of default could require the County to prepay the obligations in in whole b) exercise all remedies available at law or in equity or under the Deed of Trust, include sale of the Mortgaged property, and apply the proceeds of any such sale or other disposition, after deducting all costs and expenses, including court costs and reasonable attorney's fees toward the principal component and accrued and unpaid interest of the balance.

6,054,303

\$3,200,000 issued August 15, 2018 for Public Safety Radio Project, with semi-annual principal installments of \$320,000 plus interest at 2.6%. The first payment is on February 15, 2019, and final payment is due August 15, 2023. The County's outstanding note from direct placement related to governmental activities of \$2,880,000 (Radio Project) is secured with collateral from the equipment. The note contains provision that an event of default could require the County to prepay the obligations in in whole.

1,600,000

\$10,150,000 issued April 22, 2021 for the construction of a new elementary school (Northern Nash), with semi-annual principal installments ranging from \$675,000 to \$680,000 plus interest at 1.65%. The first payment is on August 1, 2021, and final payment is due February 1, 2036. This note is secured by the school building. Upon the occurrence of any event of default, the Lender may: (a) declare the entire amount of the principal component of the Installment Payments and accrued and unpaid interest component to the date of the declaration to be immediately due and payable; (b) exercise all remedies available at law or in equity or under the Deed of Trust, including the sale of the mortgaged property, and apply the proceeds of against the unpaid loan balance, or (c) proceed by appropriate court action to enforce performance by the County of the applicable covenants of the agreement.

10,150,000

Total: \$ 46,410,303

Refunding:

On December 18, 2014, the County issued \$3,787,000 of installment purchase refunding COPS bonds to be used for debt service payments of \$4,405,000 of COPS installments. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying amount of the old debt by \$10,744. This amount is being netted against the new debt and amortized over the life of the refunded debt, which is shorter than the life of the new debt issued. This refunding was undertaken to reduce total debt service payments over the next 7 years and resulted in an economic gain of \$501,256.

On November 15, 2016, for the purpose of refunding a portion of the County's outstanding Limited Obligation Bonds, Series 2010, the County issued \$19,034,000 of limited obligation advance refunding bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust to be used for all future debt service payments of \$16,540,000 of limited obligation bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying amount of the old debt by \$2,494,000. This amount is being netted against the new debt and amortized over the life of the refunded debt, which is shorter than the life of the new debt issued. This advance refunding was undertaken to reduce total debt service payments over the next 15 years by \$1,645,175 and resulted in an economic gain of \$1,410,871.

On May 20, 2021, the County issued \$11,378,000 of general obligation refunding bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust to be used for all future debt service payments of \$11,290,000 of GO water bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the statement of net position. The reacquisition price exceeded the net carrying amount of the old debt by \$88,000. This amount is being netted against the new debt and amortized over the life of the refunded debt, which is shorter than the life of the new debt issued. This advance refunding was undertaken to reduce total debt service payments over the next 20 years by \$4,331,593 and resulted in an economic gain of \$2,115,416.

Serviced by Business-Type Activities:

\$1,122,000 issued on December 31, 2006 for Bailey Water Project, due in semi-annual installments of fixed principal \$56,100, plus interest of 2.305% through May 2027. The County's outstanding note from direct placement related to enterprise activities of \$448,800 (Bailey Water Project) is secured with collateral of the system. The note contains provision that an event of default could require the County to prepay the obligations in in whole.

336,600

\$

\$1,500,000 issued on October 19, 2006 for Bailey/BOR/Bentridge water line construction project due in semi-annual installments of fixed principal \$75,000, plus interest of 4.35% through October 2026. The County's outstanding note from direct placement related to enterprise activities of \$562,500 (Water line construction) is secured with collateral of the system. The note contains provision that an event of default could require the County to prepay the obligations in in whole.

e. State Revolving Loans

Serviced by Business-Type Activities

The County has an outstanding State Revolving Fund loan promissory note from direct borrowings related to enterprise activities, each secured solely from the revenues of the benefited enterprise system. The note contains provisions that in the event of default, any other monies due to the County from the State may be withheld by the State and applied to the payment of the revolving loan obligation. The note also contains a provision that if certain conditions of the revolving loan are not met, the State could require the County to prepay the note in whole and have further commitment of funds withdrawn.

A revolving loan note from a direct borrowing was executed on July 16, 2018 in the amount of \$6,545,000, due in principal installments of \$327,250 on May 1 through 2040. Interest is due semi-annually on May 1 and November 1 at 1.03%. This revolving loan is being drawn down on a project cost reimbursement basis, and the first principal payment is due May 1, 2021.

Debt Related to Capital Assets

Of the total Governmental Activities debt listed only \$24,094,000 relates to assets the County holds title. Unspent restricted cash related to this debt amounts to \$9,216,550.

g. Conduit Debt Obligation

Nash County Industrial Facility and Pollution Control Authority has issued industrial revenue bonds to provide financial assistance to private businesses for economic development purposes. These bonds are secured by the properties financed, as well as letters of credit and are payable solely from the payments received from the private businesses involved. Ownership of the acquired facilities is in the name of the private business served by the bond issuance. Neither the county, the Authority, the State, nor any political subdivision, thereof, is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2021, there were no outstanding balances.

C. <u>Interfund Balances and Activity</u>

Transfers to/from other funds at June 30, 2021 consist of the following:

From the General Fund to the Revaluation Fund to provide funding for County revaluation in 2025.	\$ 100,000
From the General Fund to the Highspeed Internet Project to provide funding for the Highspeed Internet Project Phase 2.	1,475,000
From the General Fund to the County Capital Project Fund from Home Health proceeds to use for the Health Department construction / renovations.	246,332
From the General Fund to the NNWS Capital Proejct - Blue Heron Water Main Extension to provide funding for the County's portion until revenue is available from operations to reimburse the General Fund.	58,400
From the Public Safety Radio Project Capital Fund to the General Fund to transfer available funds for debt service paid from the General Fund.	58,885
From the Middlesex Corporate Center Shell Building to the General Fund to transfer remaining unspent funds for debt service paid from the General Fund.	193,181

Transfers (continued):

From the Courthouse Expansion Project to the General Fund to transfer remaining unspent funds for debt service paid from the General Fund.		642,608
From the Ag Center Capital Project Fund to the County Capital Project Fund from the unspent funds at the closeout of the project.	t.	5,862
From the Water and Sewer Fund to the Central Nash Water and Sewer District to provide funding for debt service and refunding.	:	11,911,024
Total	\$	14,691,292

Transfers are used to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided matching funds for various grant programs.

Balances due to/from other funds as of June 30, 2021, consist of the following:

Due to the General Fund from the Homeland Security Grant Fund to cover fund costs.	\$ 31,273
Due to the General Fund from the CDBG Grant Fund to cover fund costs.	689,796
Due to the General Fund from the Hazard Mitigation Plan Fund to cover fund costs.	237,852
Due to the General Fund from the Single Family Rehab Grant Fund to cover fund costs.	494
Due to the General Fund from the COVID-19 Grant Fund to cover fund costs.	97,329
Due to the General Fund from the CDBG - Coronavirus Relief Grant Fund to cover fund costs.	1,588
Due to the General Fund from Middlesex Corporate Park Capital Project Fund to cover fund	
costs.	1,220,531
Due to the Water & Sewer Fund from the NNWS Project Fund to cover fund costs.	 2,315,674
	\$ 4,594,537

The interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

D. Net Investment in Capital Assets

Debt Related to Capital Activities - Of the Governmental Activities debt listed, only \$24,094,000 relates to assets the County holds title.

The total net investment in capital assets at June 30, 2021 is composed of the following elements:

	Governmental Activities	Business-Type Activities			
Capital assets (Net of depreciation) Add:	\$ 65,480,259	\$ 39,553,931

NOTE IV: Joint Ventures

Nash Community College

The County, in conjunction with the State of North Carolina and the Nash County Public School Board of Education, participates in a joint venture to operate the Nash Community College (Community College). Each of the three entities appoints four members of the twelve-member Board of Trustees of the Community College. The Community College is a component unit of the State. The County has the basic responsibility for providing funding for the facilities of the Community College and for providing some financial support for the Community College's operation. The County has an ongoing financial responsibility for the college because of statutory responsibility to provide funding for the Community College's facilities. The County contributed \$2,395,226 to the Community College for operating purposes and \$415,000 for capital outlay during the year ended June 30, 2021. The participants in the joint venture do not have any equity interest in the Community College; therefore no equity interest has been reflected in the County's financial statements at June 30, 2021. Complete financial statements for the Community College may be obtained from the college's administrative offices at Old Carriage Road, Rocky Mount, North Carolina 27804.

Trillium

Effective July 1, 2017, the County transitioned its joint venture Local Management Entity (LME) participation from Eastpointe to Trillium Health Resources (Trillium). Trillium now operates with twenty-five other counties (including Nash County). Nash County appoints two board members to the seventeen Central Regional Advisory board of Trillium. The County will have an ongoing financial responsibility of the joint venture because the Center's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Center, so no equity will be reflected in the financial statements. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$120,000 from the General Fund to Trillium to supplement its activities for the fiscal year ending June 30, 2021. Complete financial statement for Trillium may be obtained from Trillium's office at 1708 E. Arlington Blvd., Greenville, NC 27858-5872.

Rocky Mount - Wilson Airport Authority

The County in conjunction with the City of Rocky Mount, City of Wilson, County of Edgecombe and Wilson County participates in a joint venture to operate the Rocky Mount - Wilson Airport Authority (the Authority) for the joint benefit of all co-sponsors. Upon dissolution of the Authority, the assets would be shared in proportion to each sponsor's original contribution. The County's initial contribution totaled \$100,000, which represents one-seventh of the total contribution. A seven-member board governs the Authority, two from each City and one from each County. All co-sponsors are obligated by contract to contribute funds on an annual basis, as needed, to enable the Authority to operate the airport. The County contributed \$47,857 for operating purposes to the Authority during the year ended June 30, 2021. The participating governments have an equity interest in the joint venture. The County has a share of 14% in the joint venture, and accordingly, an equity interest has been reflected in the County's financial statements in the Statement of Net Position as a non-current asset in the amount of \$3,734,706 at June 30, 2021. This amount represents 14% of the net position of the Authority shown in their audited financial statement report dated June 30, 2020. Complete financial statements for the Authority can be obtained from the Authority's administrative office at 250 Airport Drive, Elm City, North Carolina 27822.

Joint Cooperative Agreement - Down East Home Consortium

The County, in conjunction with the City of Rocky Mount, Edgecombe County and several towns in the two counties, participated in a joint venture to operate the Down East HOME Consortium (the "DEHC"), with the City of Rocky Mount acting as Lead Agency. The agreement commenced on June 30, 1996. Each of the participating governments appointed one member to a DEHC Home Coordinating committee. As part of the agreement, each participating government was allocated a percentage of the federal HOME funds based on a proration of its population.

On September 17, 2018, Nash County Board of Commissioners approved a resolution to discontinue membership in the DEHC. While no future funding or match requirement will be allocated to Nash County (beginning FY 19), funding from prior years is still outstanding. The County continues to participate until the DEHC completes the home repair commitments from previous DEHC funding years. The DEHC have completed three (3) of the four (4) housing repair unit commitments it is currently administering the rehabilitations on in Nash County. All are home rehabilitations in Nash County outside the City of Rocky Mount.

Complete financial statements for the DEHC may be obtained from the DEHC's administrative offices at 331 S. Franklin Street, Rocky Mount, North Carolina 27802.

Braswell Memorial Library

The County, in conjunction with the Library Association, the City of Rocky Mount and Edgecombe County, participates in a joint venture to operate the Braswell Memorial Library (Library). Each of the entities appoints members of the fourteen-member Board of Trustees of the Library. The County appoints five of the fourteen Board members. The County contributed \$859,061 to the Library's operating purposes and \$15,000 for branch library needs during the year ended June 30, 2021. In addition, the County has contributed \$143,600 of federal and State funds; primarily the State equalizing and block grants, to supplement the County's funding. Complete financial statements for the Library may be obtained from the Library's administrative offices at 727 N. Grace Street, Rocky Mount, North Carolina 27804.

NOTE V: Related Party Transactions

Nash County Healthcare Systems

During 1995, Nash County Healthcare Systems (Systems) renegotiated the existing operating lease agreement with Nash County for the use of the land and building originally purchased by the County (the "First Amendment"). Systems prepaid the lease amount of \$12 million in 1995. The renegotiated lease agreement, before extensions, was scheduled to expire in May 2000. During December 1997, Systems and the County extended the lease through May 2011 (the "Second Amendment"). Under the Second Amendment, additional considerations of \$300,000 per year was paid through 2001. During May 2001, Systems and the County extended the lease through May 2031 (the "Third Amendment"). Under the Third Amendment, Systems will pay the County additional consideration of 4.5 percent of System's net income, as defined from its immediately preceding fiscal year beginning with the lease year starting May 2002. In addition, the Third Amendment provided that additional consideration of \$300,000 would be paid to the County for the lease year ending April 2002. As of January 1, 2012, Systems and the County amended and restated the existing operating agreement (the Restated Agreement). The term of the restated Agreement expires on December 31, 2046, provided, however, that if any of the Series 2003 Bonds or any other additional bonds issued are outstanding as of the date of termination the term shall be extended until such time the additional bonds are paid in full but in no event shall the term be extended beyond December 31, 2049. Under the Restated Agreement, Systems will pay the County consideration of 4.5% of Systems' net income, as defined, from its immediate preceding fiscal year.

Due to Systems' net loss or agreement calculations in 2020, 2019, 2018, 2017, and 2016 there were no payments made to the County in 2021, 2020, 2019, 2018, 2017 and 2016.

NOTE VI: Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may by questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

Coronavirus Disease (COVID-19)

During the fiscal year 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic has had significant effects on global markets, supply chains, businesses, and communities. Specific to the County, COVID-19 is expected to impact various parts of its fiscal year 2021-22 operations and financial results. Management believes the County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonable estimated as events associated with the pandemic continue to develop.

NOTE VII: Special Item - Change in Joint Venture Interest

The County's equity interest in the Rocky Mount -Wilson Airport Authority increased by \$1,675,797 (see Joint Venture note above). Because of the significance of the change, this was reflected as a special item to avoid distorting revenues and expenditures for the current year.

NOTE VIII: Significant Effects of Subsequent Events

On September 22, 2021, the County entered an installment purchse contract for the construction and renovation of the Nash County Detention Facility for \$16,000,000 with principal payments due in 15 annual installments of \$1,066,000 plus interest (interest rate of 1.70%).

NOTE IX: Restatements

Change in Accounting Principle

The County implement Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, effective July 1, 2020. The statement establishes criteria for identifying fiduciary activities of all state and local governments and provides guidance on how to report fiduciary activities within the financial statements. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The statement also describes four fiduciary funds that should be reported if criteria outlined in the statement are met: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private purpose trust funds, and (4) custodial funds. The use of agency funds was eliminated. The statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources.

Change in Accounting Principle (continued)

As part of implementing the statement, the County performed a comprehensive review of its fiduciary relationships and applied the criteria within the guidance. As a result, fund balance and net position were restated as follows:

	activi Pos Inc	rnmental Nonmajor rities Net General Fund Special Revenu sition - Balance - Fund Balance - crease Increase Increase crease) (Decrease) (Decrease)		Revenue Balance - rease	Po Ci Ii	osition - ustodial Fund - ncrease ecrease)		
Cash related to funds held on behalf of incarcerated inmates was reclassified from the Agency Fund into fiduciary net position in a newly created Jail Inmate Pay Custodial Fund. The beginning liability was restated as fund balance.	\$	-	\$	-	\$	_	\$	38,784
Cash, taxes receivables and liabilities related to ad valorem and vehicle property taxes collected by the County on behalf of various municipalities were reclassified out of the Agency Fund into a newly created Municipal Tax Custodial Fund. The portion of liabilities attributable taxes receivable at the beginning of the year were restated as custodial net position.		-		-		-		42,053
Cash received under the Social Security Administration's Representative Payee Program net of liabilities owed for payments on behalf of beneficiaries were reclassified out of the Agency Fund into a newly created Representative Payee Special Revenue Fund. The portion of liabilities in the Agency Fund representing net cash available at the beginning of the year were restated as fund balance.		18,718		-		18,718

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the government's council is that the cost of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; where the government's council has decided that the periodic determination of net income is appropriated for accountability purposes.

- Water and Sewer Fund: This fund is used to account for the County's water and sewer operations.
- **Solid Waste Fund:** This fund is used to account for of the County's solid waste disposal operations.
- Central Nash Water and Sewer District Fund (blended component unit):
 This fund is used to account for the water and sewer project expenditures in the Central Nash Water and Sewer District.
- **Northern Nash Water System:** This fund is used to account for the water project expenditures in the Northern Nash area of Nash County.

The Statistical Section includes unaudited schedules showing relevant information on Nash County presented in the following five categories:

Financial Trends - Tables 1 - 4

These tables contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity - Tables 5 - 9

These tables contain information to help the reader assess the government's most significant local revenue source - the property tax.

Debt Capacity - Tables 10 - 13

These tables present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information - Tables 14 - 15

These tables offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

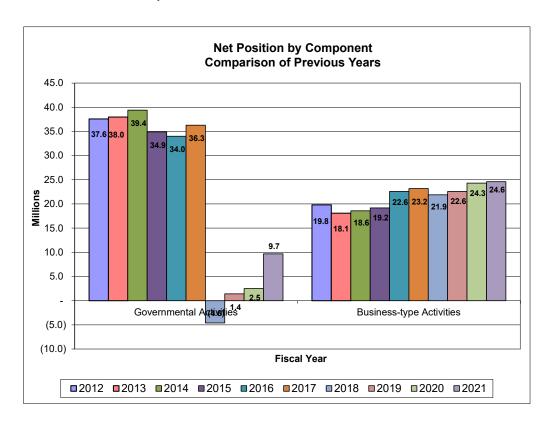

Operating Information - Tables 16 - 18

These tables contain service and inferastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

¹ The 2014 increase in restricted General Fund is due to \$8,221,349 of unspent debt proceeds as of June 30, 2014. Increase in assigned fund balance is primarily due to receipt of NC Eastern Region payout funds for Nash County of \$1,570,743 and Eastern Region debt proceeds of \$576,923. The increase in restricted bond project funds is due to \$7,240,896 of capital outlays for the Nash Community College.

NOTE: GASB Statement #54 (Fund Balance Reporting) established new fund balance classifications in FY11. Fiscal years 2009 and 2010 are prior to the implementation of GASB Statement #54 and the second section beginning with fiscal year 2011 shows the fund balance information after the implementation of GASB Statement #54.

Direct and Overlapping Governmental Activities Debt As of June 30, 2021 (amounts expressed in thousands)

Governmental Unit	Ou	Debt tstanding	Estimated Percentage Applicable	Estimated Share of Direct and Overlapping Debt		
Direct: Nash County	\$	52,689	100.00%	\$	52,689	
Overlapping: Town of Sharpsburg	\$	1,334	0.74%	\$	10	
Total direct and overlapping debt				\$	52,699	

Source: North Carolina Department of State Treasurer <u>www.nctreasurer.state.nc.us</u>

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Nash County. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

¹ The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.

Report On Internal Control Over Financial Reporting And On Compliance and Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards

Independent Auditors' Report

To the Board of County Commissioners Nash County, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Nash County, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Nash County basic financial statements, and have issued our report thereon dated October 19, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Nash County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Nash County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weakness or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Nash County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report On Compliance With Requirements Applicable To Each Major Federal Program And Internal Control Over Compliance In Accordance With OMB Uniform Guidance and the State Single Audit Implementation Act

Independent Auditors' Report

To the Board of County Commissioners Nash County, North Carolina

Report on Compliance for Each Major Federal Program

We have audited Nash County, North Carolina's, compliance with the types of compliance requirements described in the OMB Compliance Supplement and the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on each of the Nash County's major federal programs for the year ended June 30, 2021. Nash County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and State statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Nash County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *State Single Audit Implementation Act.* Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Nash County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Nash County's compliance.

Opinion on Each Major Federal Program

In our opinion, Nash County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021

Report on Internal Control Over Compliance

Management of Nash County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Nash County internal control over compliance with the types of requirements that could have direct and material effect on major federal program to determine the auditing procedures that are appropriate in the circumstance for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the OMB Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as items [2021-001, 2021-002, 2021-003, 2021-004 and 2021-005] that we consider to be significant deficiencies.

Nash County's response to the internal control over compliance findings identified in our audit are described in the accompanying Corrective Action Plan. Nash County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the OMB Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report On Compliance With Requirements Applicable To Each Major State Program And Internal Control Over Compliance In Accordance With OMB Uniform Guidance and the State Single Audit Implementation Act

Independent Auditors' Report

To the Board of County Commissioners Nash County, North Carolina

Report on Compliance for Each Major State Program

We have audited Nash County, North Carolina's, compliance with the types of compliance requirements described in the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that could have a direct and material effect on each of Nash County's major state programs for the year ended June 30, 2021. Nash County's major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with State statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Nash County's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and applicable sections of *Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as described in the Audit Manual for Governmental Auditors in North Carolina, and the *State Single Audit Implementation Act.* Those standards, Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Nash County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Nash County's compliance.

Opinion on Each Major State Program

In our opinion, Nash County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Nash County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Nash County's internal control over compliance with the types of requirements that could have and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charges with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items [2021-002, 2021-003, 2021-004 and 2021-005] that we consider to be significant deficiencies.

Nash County's response to the internal control over compliance findings identified in our audit are described in the accompanying Corrective Action Plan. Nash County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Nash County, North Carolina Schedule of Findings and Questioned Costs For the Year Ended June 30, 2021

Section II - Financial Statement Findings

None Reported.

Section III - Federal Award Findings and Questioned Costs

US Department of Health and Human Services

Passed through the NC Department of Health and Human Services Program Name:Temporary Assistance for Needy Families Cluster CFDA# 93.558

Finding: 2021-001

SIGNIFICANT DEFICENCY

Eligibility

Criteria: In accordance with the Temporary Assistance For Needy Families Work First Program eligibility

requirement and the Work First User Manual, each applicant / participant must provide a social security number, or apply for a social security number if the individual does not have one, or has lost

their card.

Condition: There was 1 error discovered during our procedures that OLV was not used when OVS showed

insufficient request of data.

Questioned Cost: There was no known affect to eligibility and there were no known questioned costs.

Context: We examined 25 TANF recipients from the TANF Eligibility Population Report provided by NC

DHHS. The find is being reported with the financial statement audit as it relates to TANF

administrative cost compliance audit.

Effect: For those certifications/re-certifications there was a chance that information was not properly

documented and reconciled to NC FAST and participant could have been approved for benefits for

which they were not eligible.

Cause: Ineffective documentation and case review process.

Recommendation: Case files should be reviewed internally to ensure proper documentation is in place for eligibility. The

results found or documentation made in case notes should clearly indicate what actions were

performed and the results of those actions.

Views of responsible offic and planned corrective

Views of responsible officials The County agrees with the finding.

Nash County, North Carolina Schedule of Findings and Questioned Costs For the Year Ended June 30, 2021

Section III - Federal Award Findings and Questioned Costs (Continued)

US Department of Health and Human Services

Passed through the NC Department of Health and Human Services Program Name: Medicaid Assistance Program (Medicaid; Title XIX)

CFDA# 93.778

Finding 2021-002

SIGNIFICANT DEFICENCY

Eligibility

Criteria: In accordance with 42 CFR 435, documentation must be obtained as needed to determine if a recipient

meets specific standards, and documentation must be maintained to support eligibility determinations. In accordance with 2 CFR 200, management should have an adequate system of internal controls procedures in place to ensure an applicant is properly determined or redetermined for benefits.

Condition: There were 16 errors discovered during our procedures that inaccurate information was entered when

determining eligibility.

Questioned Cost: There was no affect to eligibility and there were no questioned costs.

Context: We examined 60 Medicaid recipients from the Medicaid Beneficiary report provided by NC

Department of Health and Human Services to re-determine eligibility. These findings are being reported with the financial statement audit as it relates to Medicaid administrative cost compliance

audit.

Effect: For those certifications/re-certifications there was a chance that information was not properly

documented and reconciled to NC FAST and a participant could have been approved for benefits for

which they were not eligible.

Identification of a repeat

finding:

This is a repeat finding from the immediate previous audit, 2020-001.

Cause: Ineffective record keeping and ineffective case review process, incomplete documentation, and

incorrect application of rules for purposes of determining eligibility.

Recommendation: Files should be reviewed internally to ensure proper documentation is in place for eligibility. Workers

should be retrained on what files should contain and the importance of complete and accurate record keeping. We recommend that all files include online verifications, documented resources of income and those amounts agree to information in NC FAST. The results found or documentation made in

case notes should clearly indicate what actions were performed and the results of those actions.

Views of responsible officials The County agrees with the finding.

Section III - Federal Award Findings and Questioned Costs (Continued)

US Department of Health and Human Services

Passed through the NC Department of Health and Human Services Program Name: Medicaid Assistance Program (Medicaid; Title XIX)

CFDA# 93.778

Finding: 2021-003

SIGNIFICANT DEFICENCY

Eligibility

Criteria: Medicaid for Aged, Blind and Disabled case records should contain documentation that verifications

were done in preparation of the application and these items will agree to reports in the NC FAST system. In this process, the countable resources should be calculated correctly and agree back to the amounts in the NC FAST system. Any items discovered in the verification process should be

considered countable or non-countable resources and explained within the documentation.

Condition: There were 4 errors discovered during our procedures that resources in the county documentation and

those same resources contained in NC FAST were not the same amounts or files containing resources

were not properly documented to be considered countable or non-countable.

Questioned Cost: There were no known affects to eligibility and there were no known questioned costs.

Context: We examined 60 Medicaid recipients from the Medicaid Beneficiary report provided by NC

Department of Health and Human Services to re-determine eligibility. These findings are being reported with the financial statement audit as it relates to Medicaid administrative cost compliance

audit.

Effect: For those certifications/re-certifications there was a chance that information was not properly

Section III - Federal Award Findings and Questioned Costs (Continued)

US Department of Health and Human Services

Passed through the NC Department of Health and Human Services Program Name: Medicaid Assistance Program (Medicaid; Title XIX)

CFDA# 93.778

Finding: 2021-004

SIGNIFICANT DEFICENCY

Eligibility

Criteria: The Child Support Enforcement Agency (IV-D) can assist the family in obtaining financial and/or

medical support or medical support payments from the child's non-custodial parent. Cooperation requirement with Social Services and Child Support Agencies must be met or good cause for not

cooperating must be established when determine Medicaid eligibility.

Condition: There were 7 errors discovered during our procedures that referrals between DSS and Child

Support Agencies were not properly made.

Questioned Cost: There were no known affects to eligibility and there were no known questioned costs.

Context: We examined 60 Medicaid applicants from the Medicaid Beneficiary report provided by NC

Department of Health and Human Services to re-determine eligibility. These findings are being reported with the financial statement audit as it relates to Medicaid administrative cost compliance

audit.

Effect: For those certifications/re-certifications there was a chance that information was not properly

Nash County

Corrective Action Plan For the Year Ended June 30, 2021

Finding 2021-001

Name of contact person: Andrea Wilson, WFFA/WFES Supervisor

Corrective Action: When a caseworker runs OVS and is given an Insufficient Request Data result, the case worker should

check the Social Security Number to verify the number is correct and entered into the system. If the number is correctly entered into the system the case worker will run OLV for verification. The case worker will document OVS showed Insufficient Request Data therefore OLV was ran for verification.

Case worker will scan verifications.

Proposed completion date: Until Further Notice

Finding 2021-002

Name of contact person: Melissa McDaniels – IMC Supervisor III

Corrective Action: Training include Income Policy, how to review for self-employment income and utilize the income

wizard to enter weekly, bi-weekly and monthly income amounts so the system will calculate the income and leave less room for user error. Documentation of what income is being evaluated to also include why certain incomes are not counted. Training to include review of Household Composition, tax filing status and how to review the determinations of each case before completing/ releasing auto holds. Target 2nd parties will be complete at 2 per worker per week of cases processed within the month.

Feedback shared with worker to ensure training was effective.

Proposed completion date: Training will occur Nov. 2021, once the training is provided the additional 2nd parties of cases will

begin and continue for 2 months into Jan 2022.

Finding 2021-003

Name of contact person: Donneshia Sweet – Adult Medicaid Supervisor

Corrective Action: Medicaid caseworkers will receive additional and/or refresher training to include but not limited to the

entry of evidence in the NCFAST System. This will include the review of electronic verifications such as AVS, OVS and TWN and the entry of evidence on the dashboard. This will also include outside verification for life insurance and of tax value that is unable to be determine by the electronic verification systems. Accuracy check point will be completed by the caseworker by reviewing the case determinations to ensure correct income and resources values are entered correctly and counted

correctly for each household member on the dashboard.

They will ensure that the cash value or tax value amount is updated at each review and correctly entered at the time of application. Even if the resource is determined to be a noncountable resource, the value will be updated accordingly. Second Party reviews will continue to be conducted to monitor continued progress and to ensure policies and procedures are correctly followed by caseworkers. Documentation templates have also been created and put into place to assist in ensuring cases are thoroughly documented. Workers are given updated Job Aids as well as guides/desk references created from webinar trainings and/or policy. Case errors will be included on the Agenda for upcoming Staff Meetings and discussion will include review of accuracy/double checking determination decisions to ensure they are correct prior to authorizing or releasing determinations from hold on cases in NCFAST and ensuring correct income, tac value and cash value are correct on determinations prior to

authorizing or releasing cases from hold.

Proposed completion date: Ongoing - Management will continue to monitor progress of these issues, as well as any others found,

and address with training, staff meetings, etc as needed when discovered.

Nash County

Corrective Action Plan For the Year Ended June 30, 2021

Finding 2021-004

Name of contact person: Melissa McDaniels - IMC Supervisor III

Corrective Action:

Training to be provided to cover IV-D Referral Policy and Process, this will include OVS ACTS review, review of policy to know when a referral is required to include if a client requests to be referred. A laminated desk reference will be provided at the time of training, this will have examples of when a referral is needed along with how to enter the referral within NCFAST. Update documentation template to ensure IV-D referral reason is documented within case notes as to why the referral was needed or not. This will be shared with staff at the training provided and guidelines presented as to how this is a required documentation addition. Medicaid Supervisor, Team Leads and Staff Development will complete target 2nd parties on 2 cases per worker per week that have been processed within the same month to ensure each worker is following the process of reviewing ACTs and

submitting IV-D referrals when required.

Proposed completion date: Training will occur Nov. 2021, once the training is provided the additional 2nd parties of cases will

begin and continue for 2 months into Jan 2022.

Finding 2021-005

Name of contact person: Melissa McDaniels - IMC Supervisor III

Training to be provided to all caseworkers to include TWN and OVS learning gateway webinars. Corrective Action:

Review of policy for exparte process and system reviews.

Proposed completion date: Training will occur Nov. 2021, once the training is provided the additional 2nd parties of cases will

begin and continue for 2 months into Jan 2022.

Notes to the Schedule of Expenditures of Federal and State Financial Awards:

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of the Nash County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2021. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Nash County, it is not intended to and does not present the financial position, changes in net position or cash flows of Nash County.

Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Indirect Cost Rate

Nash County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4: Loans Outstanding

Nash County had the following loan balances outstanding at June 30, 2021 for loans that the grantor/pass-through grantor has still imposed continuing compliance requirements. Loans outstanding at the beginning of the year and loans made during the year are included in the SEFSA. The balance of loans outstanding at June 30, 2021 consist of:

	<u>AL#/</u>	Pass-through	<u>Amount</u>
Program Tile	<u>CFDA</u>	Grantor's Number	Outstanding
		H-SRP-D-17-0077-	
Connect NC Bond Program Loan	N/A	4W03-536704	\$ 6.217.750

Note 5: Cluster of Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Subsidized Child Care and Foster Care and Adoption.

	redetai	State/	rederar			
	AL#	Pass-through	(Direct &		Passed-through	
Grantor/Pass-through	CFDA	Grantor's	Pass-through)	State	to	Local
Grantor/Program Title	Number	Number	Expenditures	Expenditures	Subrecipients	Expenditures
1(a)	1(b)		1(c)(d),2	1(d)	1(e)	1(d)

Note 6: Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures of the County.
