#### **Independent Auditor's Report**

To the Honorable Mayor and Board of Town Commissioners Town of Fairmont, North Carolina

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Fairmont, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Fairmont ABC Board were not audited in accordance with Government Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented

component unit, each major fund, the aggregate remaining fund information of the Town of Fairmont, North Carolina as of June 30, 2021, and the respective changes in financial position and cash flows, where appropriate, thereof and the respective budgetary comparison for the General Fund for the year ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 3 through 9, and the Other Postemployment Benefits' Schedule of Changes in the Total OPEB Liability and Related Ratios, on page 48, respectively, the Local Government Employee's Retirement System's Schedules of the Proportionate Share of the Net Pension Liability and Contributions, on pages 44 and 45 respectively, and the Law Enforcement Officers' Special Separation Allowance schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll on pages 46 and 47 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express and opinion or provide any assurance.

#### Supplementary and other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Town of Fairmont, North Carolina. The combining and individual fund statements, budgetary schedules, and other schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, and other schedules, are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit, the procedures performed as described above, the combining and individual fund financial statements, budgetary schedules, and other schedules, are fairly stated in, all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

S. Presta Douglas ; Ossouta, Lel

In accordance with Government Auditing Standards, we have also issued our report dated October 20, 2021 on our consideration of the Town of Fairmont's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements, and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Town of Fairmont's internal control over financial reporting and compliance.

Lumberton, North Carolina October 20, 2021

#### Management's Discussion and Analysis

As management of the Town of Fairmont, we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town of Fairmont for the fiscal year ending June 30, 2021. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

#### **Financial Highlights**

The assets and deferred outflows of the Town of Fairmont exceeded its liabilities and deferred inflows at the close of the fiscal year by \$7,166,786.

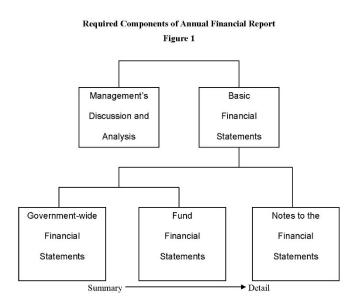

The government's total net position increased in the amount of \$89,708, primarily due an increase in operating & capital grant revenues.

As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$1,255,500. Approximately 62.84% of this total amount, or \$788,954, is available for spending at the government's discretion.

At the end of the current fiscal year, unreserved fund balance for the general fund was \$788,954 or 32.41% of total General Fund expenditures.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Town of Fairmont's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report also contains other supplementary information that will enhance the reader's understanding of the financial condition of the Town of Fairmont.

#### **Financial Statements**

The first two statements in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status. The next statements are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements.

**Financial Statements (continued).** There are three parts to the Fund Financial Statements: 1) the governmental funds statements, 2) the budgetary comparison statements, and 3) the proprietary fund statements.

The next section of the basic financial statements is the **Notes to the Financial Statements**. The notes explain in detail some of the data contained in those statements. After the notes, additional information is provided to show details about the Town's individual funds. Budgetary information required by the N.C. General Statutes can also be found in this part of the statements.

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, in a manner similar to the private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net position and how they have changed. Net position is the difference between the Town's total assets and total liabilities. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities, 2) business-type activities, and 3) component units. The governmental activities include most of the Town's basic services such as general government, public safety, highways/streets, sanitation, economic development, culture and recreation, and debt service. Property taxes and State and federal grant funds finance most of these activities. The business-type activities are those that the Town charges customers to provide. This includes the water and sewer services offered by the Town of Fairmont. The final category is the component unit. Although legally separate from the Town, the ABC Board is important to the Town because the Town exercises control over the Board by appointing its members, and because the Board is required to distribute a portion of its profits to the Town.

The government-wide financial statements can be found on pages 10 and 11 of this report.

**Fund financial statements**. The fund financial statements provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Fairmont, like other state and local governments, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of the Town can be divided into two categories, governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and monies that are unexpended at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*, which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps determine if there are more or less financial resources available to finance the Town's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Fairmont adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document.

**Governmental funds (continued).** The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

**Proprietary funds**. The Town of Fairmont has one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses the enterprise fund to account for its water and sewer activity. This fund is the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

**Notes to the financial statements**. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19-43 of this report.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Town's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 46.

**Interdependence with Other Entities.** The Town depends on financial resources flowing from, or associated with, both the federal government and the State of North Carolina. Because of this dependency, The Town is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations. It is also subject to changes in investment earnings and asset values associated with U.S. Treasury Securities because of actions by foreign governments and other holders of publicly held U.S. Treasury Securities.

#### **Government-wide Financial Analysis**

| Total net position       | \$           | 645,377   | \$       | 383,037   | \$ | 6,521,409      | \$        | 6,694,041 | \$                | 7,166,786   | \$          | 7,077,078  |

Government-wide Financial Analysis (continued). As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The assets and deferred outflows of the Town exceeded liabilities and deferred inflows by \$7,166,786 at the close of the current fiscal year. By far the largest portion of the Town's net position, 108.16%, reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, and infrastructure); less any related debt used to acquire those assets that are still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should note that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The restricted portion of net position, \$446,966, represents the Town's resources that are subject to external restrictions on how they may be used. The remaining balance, (\$1,031,927), is unrestricted.

**Governmental activities.** Governmental activities increased the Town's net position by \$262,340. The increase in net position was primarily due to an increase in revenues compared to the prior year. Operating expenditures decreased compared to the prior year. Unrestricted intergovernmental revenues were the largest revenue contributor for the governmental funds with 41.10% of total revenues. Ad valorem tax revenues were the next largest at 38.05%.

Capital and operating grants for governmental activities furnished resources to support the five functions of the Town: general government, public safety, transportation, environmental protection, and economic and community development.

**Business-type activities.** Business-type activities decreased the Town's net position by \$172,632. Key elements of this decrease are as follows:

• Total expenditures increased compared to the prior year.

#### Financial Analysis of the Government's Funds

As noted earlier, the Town of Fairmont uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

**Governmental Funds.** The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town's financing requirements.

At the end of the current fiscal year, the Town's governmental funds reported a combined fund balance of \$1,255,500. Of this total amount, \$788,954 constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that funds are not available for spending because these funds have already been committed 1) to liquidate contracts and purchase orders of the prior year, or 2) for a variety of other restricted purposes.

The General Fund is the chief operating fund of the Town of Fairmont. At the end of the fiscal year, unassigned fund balance for the General Fund was \$788,954 with a total fund balance of \$1,193,285. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 32.41% of total General Fund expenditures.

#### **General Fund Budgetary Highlights**

During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

**Proprietary Funds.** The Town of Fairmont's proprietary fund provides the same type of information found in the government-wide financial statements but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to a negative (\$375,557). Other factors concerning this fund have been discussed in the Town's business-type activities.

#### **Capital Assets and Debt Administration**

Capital Assets. The Town of Fairmont's investments in capital assets for its governmental and business-type activities as of June 30, 2021, totals \$10,425,562 (net of accumulated depreciation). The investments in capital assets includes land, buildings, improvements, furniture and equipment, infrastructure (including distribution systems), and vehicles.

#### **Town of Fairmont's Outstanding Debt**

The Town of Fairmont's total debt increased by \$553,060 during the fiscal year.

North Carolina's general statutes limit the amount of general obligation debt that a governmental unit can issue to 8% of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the Town of Fairmont is presently at \$6,768,193 (the amount of additional debt the town could obligate itself to under NC General Statute).

Additional information pertaining to the Town of Fairmont's long-term debt can be found in Note 3, beginning on page 40.

#### **Economic Factors and Next Year's Budgets and Rates**

• The unemployment rate for the Town and surrounding area is 7.30% at June 30, 2021, which is a decrease from a rate of 8.80% a year ago. This comparison is higher than the State's rate of 4.90% and the national rate of 6.10%.

#### **Request for Information**

This financial report is designed to provide a general overview of the Town of Fairmont's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 421 South Main Street, Fairmont NC 28340.

#### Town of Fairmont, North Carolina

## Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2021

## Amounts reported for governmental activities in the statement of activities are different because:

| Net change in fund balances - total governmental funds  | \$<br>84,640  |
|---|---------------|
| Governmental funds report capital outlays as  |               |
| expenditures. However, in the Statement of Activities the   |               |
| cost of those assets is allocated over their estimated  |               |
|   |               |
| useful lives and reported as depreciation expense. This is  |               |
| the amount by which capital outlays exceeded  |               |
| depreciation in the current period  |               |
| Capital outlay expenditures which were capitalized \$ 265,465   |               |
| Depreciation expense for governmental assets (52,970)   | 212,495       |
| Contributions to the pension plan in the current fiscal   |               |
| year are not included in the Statement of Activities  | 62,566        |
| Revenues in the statement of activities that do not provide   |               |
| current financial resources are not reported as revenues  |               |
| in the funds.   |               |
| Change in deferred revenue for tax revenues   | 26,361        |
|   |               |
| The issuance of long-term debt provides current financial   |               |
| resources to governmental funds, while the repayment of   |               |
| the principal of long-term debt consumes the current  |               |
| financial resources of governmental funds. Neither  |               |
| transaction has an effect on net position. Also,  |               |
| governmental funds report the effect of issuance costs,   |               |
| premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and |               |
| amortized in the statement of activities. This amount is  |               |
| the net effect of these differences in the treatment of long-   |               |
| term debt and related items.  |               |
| New long-term debt issued (176,972)   |               |
| Principal payments on long-term debt 53,277   | (123,695)     |
| Some expenses reported in the statement of activities do  |               |
| not require the use of current financial resources and,   |               |
| therefore, are not reported as expenditures in governmental funds.                                      |               |
| Compensated absences -  |               |
| Pension expense (104,033)   |               |
| OPEB plan expense 104,006   | <br>(27)      |
| Total change in net position of governmental activities   | \$<br>262,340 |

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Fairmont, North Carolina, and its discretely presented component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies.

#### A - Reporting Entity

The Town of Fairmont is a municipal corporation that is governed by an elected mayor and a six-member council. As required by generally accepted accounting principles, these financial statements present the Town and its component unit, a legally separate entity for which the Town is financially accountable. The discretely presented component unit presented below is reported in a separate column in the Town's financial statements in order to emphasize that it is legally separate from the Town.

#### **Town of Fairmont ABC Board**

The Town appoints the members of the ABC Board's governing board. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the Town. The ABC Board, which has a June 30 year-end, is presented as if it were a Proprietary Fund. Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at Town of Fairmont ABC Board, c/o Town of Fairmont, Post Office Box 248, Fairmont, North Carolina 28340.

#### **B** - Basis of Presentation

Government-wide Statements: The Statement of Net Position and Statement of Activities display information about the primary government and its component unit. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the Statement of Activities. Program revenues include (a) fees and charges paid by the recipients of goods and services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category – governmental and proprietary – are presented. The Town has no fiduciary funds to report. The emphasis of the fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from the exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The Town reports the following major Governmental fund:

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **B** - Basis of Presentation - Fund Accounting (continued)

General Fund - The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are Ad Valorem taxes, State grants, and various other taxes and licenses. Primary expenditures are for public safety, street maintenance and construction, and sanitation services.

The Town reports the following non-major Governmental funds:

Special Revenue Funds - Special Revenue Funds account for specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The Town maintains two Special Revenue Funds - the Rural Business Enterprise Grant Fund and the Cemetery Fund.

Proprietary Funds include the following fund type:

Enterprise Funds - Enterprise Funds account for those operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that the periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Town of Fairmont has one Enterprise Fund, the Water and Sewer Fund.

#### C - Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 60 days after year-end, except for property taxes. Ad Valorem taxes receivable are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### C - Measurement Focus and Basis of Accounting (continued)

Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town of Fairmont because the tax is levied by Robeson County and then remitted to and distributed by the State. Most intergovernmental revenue and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Grant revenue that is unearned at year-end is recorded as deferred inflows of resources.

#### D - Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General and the Enterprise Funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Special Revenue Fund and the Capital Projects Fund. All budgets are prepared using the modified accrual basis of accounting.

Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds and at the object level for the multi-year funds. The Town Manager is authorized to transfer appropriations within a fund up to \$2,500; however, the governing board must approve any revisions that alter the total expenditures of any fund or exceed \$2,500. During the year, several amendments to the original budget were necessary, the effects of which were not material.

A budget calendar is included in the North Carolina General Statutes that prescribes the last day on which certain steps of that budget procedure are to be performed. The following schedule lists the tasks to be performed and the date by which each is required to be completed.

- April 30 Each department head will transmit to the budget officer the budget requests and the revenue estimates for their department for the budget year.
- June 1 The budget and the budget message shall be submitted to the governing board. The public hearing on the budget shall be scheduled at this time.
- June 30 The governing board shall adopt the budget ordinance.

#### E - Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity

#### Deposits and Investments

All deposits of the Town and of the ABC Board are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The Town and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain nonguaranteed federal agencies; certain high quality issues of commercial paper and banker's acceptances and the North Carolina Capital Management Trust (NCCMT).

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### E - Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity (continued)

#### Deposits and Investments (continued)

The Town's and the ABC Board's investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT Government Portfolio, a SEC-registered (2 a-7) external investment pool, is measured at fair value. The NCCMT-Term Portfolio is bond fund, has no rating, and is measured at fair value. As of June 30, 2021, the Term portfolio has a duration of .15 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

In accordance with State law, the Town of Fairmont has invested in securities that are callable and which provide for periodic interest rate increases in specific increments until maturity. These investments are reported at fair value as determined by quoted market prices.

#### Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

#### Restricted Assets

Money in the Rural Business Enterprise Grant Fund and Cemetery Fund are classified as restricted assets because its use is restricted to those funds. Powell Bill funds are classified as restricted cash because it can be expended only for the purposes of maintaining, repairing, constructing, reconstructing or widening of local streets per G.S. 136-41.1 through 136-41.4. Restricted cash at June 30, 2021 in the Governmental Activities was \$182,849.

#### Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, interest does not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2020. As allowed by State law, the Town has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the Town's General Fund, ad valorem tax revenue is reported net of such discounts.

#### <u>Inventory</u>

The inventories of the Town and the ABC Board are valued at cost (first-in, first-out), which approximates market. The Town's General Fund inventory consists of expendable supplies that are recorded as expenditures when purchased. The inventories of the Town's Enterprise Funds and those of the Town of Fairmont ABC Board consist of materials and supplies held for consumption. The cost of these inventories is recorded as an expense as the inventories are consumed.

#### Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain threshold and an estimated life in excess of two years. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to June 30, 2015 are recorded at their estimated fair market value at the date of donation. Donated capital assets received after June 30, 2015 are recorded at acquisition value. General infrastructure assets acquired prior to July 1, 2003, consist of the road network and water and sewer system assets that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### E - Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity (continued)

#### Capital Assets (continued)

Capital assets of the Town are depreciated on a class life basis at the following rates:

| Buildings and infrastructure | 2%  |
|------------------------------|-----|
| Improvements                 | 10% |
| Equipment and vehicles       | 17% |

Property, plant, and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

|                         | Useful Life |
|-------------------------|-------------|
| Buildings               | 25 years    |
| Furniture and equipment | 10 years    |

#### Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town has two items that meet this criterion – pension and OPEB related deferrals. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has several items that meet the criteria for this category – property taxes receivable, pension and OPEB related deferrals.

#### **Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### Compensated Absences

The vacation policies of the Town and the ABC Board provide for the accumulation of up to thirty days of earned vacation leave with such leave being fully vested when earned. For the Town's government-wide and proprietary funds and the ABC Board, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned – when material. The Town has assumed a first-in, first-out method of using accumulated compensated time.

Both the Town and the ABC Board's sick leave policies provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the Town nor the ABC Board has any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### E - Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity (continued)

#### Net Position / Fund Balances

Net position in government-wide and proprietary fund financial statements are classified as invested in capital assets, net of related debt; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through State statute.

In the governmental fund financial statements, fund balance is composed of three classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Restricted fund balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding encumbrances are included within RSS. RSS is included as a component of restricted net position and restricted fund balance on the face of the balance sheet.

Restricted for Streets – Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Restricted for Public Safety – portion of fund balance that is restricted by revenue from asset forfeiture funds.

Restricted for Economic Development - portion of fund balance restricted for economic development [G.S. Chapter 159, Article 3, Part 2].

Unassigned fund balance – portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town of Fairmont has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-town funds, town funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and, lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Town.

#### E - Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity (continued)

#### <u>Defined Benefit Cost-Sharing Plans</u>

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town of Fairmont's employer contributions are recognized when due and the Town of Fairmont has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

#### NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A - Significant violations of Finance-Related Legal and Contractual Provisions

1. Noncompliance with North Carolina General Statutes

None

B - Deficit in Fund Balance or Net Position of Individual Funds

None

#### C - Excess of Expenditures over Appropriations

For the fiscal year ended June 30, 2021, expenditures made in the Town's General Fund exceeded the authorized appropriations made by the governing board for public safety by \$190. Additionally, the expenditures made in the Town's water and sewer fund exceeded the authorized appropriations made by the governing board in the water treatment department by \$3,618, the water maintenance department by \$5,031, the sewage treatment department by \$56,437, and the sewer contract operations and maintenance department by \$6,313. Management and the Board will more closely review the budget reports to ensure compliance in future years.

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS

#### A - Assets

#### **Deposits**

All the deposits of the Town and the ABC Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the Federal Deposit Insurance Coverage level are collateralized with securities held by the Town's or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town and the ABC Board, these deposits are considered to be held by the Town's and the ABC Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town or the ABC Board under the Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town and ABC Board have no policy regarding custodial risk for deposits.

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)**

#### A - Assets (continued)

#### Deposits (continued)

At June 30, 2021, the Town's deposits had a carrying amount of \$997,195, and a bank balance of \$1,068,095. Of the bank balance, \$250,000 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method. At June 30, 2021, the Town's petty cash fund totaled \$850.

At June 30, 2021, the carrying amount of deposits for the ABC Board was \$55,091, and the bank balance was \$62,652. Federal Deposit Insurance covered all of the bank balance.

#### **Investments**

At June 30, 2021, the Town of Fairmont had \$218,681 invested with the North Carolina Capital Management Trust's Governmental Portfolio which carried a credit rating of AAAm by Standard and Poor's. The Town has no policy regarding credit risk.

#### Receivables – Allowances for Doubtful Accounts

The amounts presented in the Balance Sheet and the Statement of Net Position for the year ended June 30, 2021 are net of the following allowances for doubtful accounts: General Fund – Taxes receivable: \$243,006.

#### Capital Assets

Capital asset activity for the Primary Government for the year ended June 30, 2021, was as follows:

| Governmental activities:           | Beginning  |                    | al activities: Beginning |              | Ending |

Pension Plan and Postemployment Obligations

#### Local Governmental Employees' Retirement System

Plan Description. The Town of Fairmont is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at <a href="https://www.osc.nc.gov">www.osc.nc.gov</a>.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. Town of Fairmont employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town of Fairmont's contractually required contribution rate for the year ended June 30, 2021, was 9.70% of compensation for law enforcement officers and 8.95% for general employees, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town of Fairmont were \$92,009 for the year ended June 30, 2021.

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)

#### **B** - Liabilities (continued)

Pension Plan and Postemployment Obligations (continued)

#### Local Governmental Employees' Retirement System (continued)

Refunds of Contributions – Town employees, who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the Town reported a liability of \$370,922 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2020, the Town's proportion was 0.01038%, which was a decrease of 0.00291% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the Town recognized pension expense of \$127,597. At June 30, 2021, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred Outflows of Resources |         | ws of Inflo |        |  |
|---|--------------------------------|---------|-------------|--------|--|
| Differences between expected and actual experience      | \$                             | 46,841  | \$          | -      |  |
| Changes of assumptions                                  |                                | 27,604  |             | -      |  |
| Net difference between projected and actual earnings on |                                |         |             |        |  |
| pension plan investments                                |                                | 52,197  |             | -      |  |
| Changes in proportion and differences between Town      |                                |         |             |        |  |
| contributions and proportionate share of contributions  |                                | 23,240  |             | 27,337 |  |
| Town contributions subsequent to the measurement date   |                                | 92,009  |             | -      |  |
| Total   | \$                             | 241,891 | \$          | 27,337 |  |

\$92,009 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: |               |
|---------------------|---------------|
| 2022                | \$<br>35,968  |
| 2023                | 46,449        |

#### **B** - Liabilities (continued)

Pension Plan and Postemployment Obligations (continued)

## Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Actuarial Assumptions. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salary increases 3.50 to 8.10 percent, including inflation

and productivity factor

Investment rate of return 7.00 percent, net of pension plan investment

expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2020 are summarized in the following table:

| Asset Class          | Target Allocation | Long-Term Expected<br>Real Rate of Return |
|----------------------|-------------------|---|
| Fixed Income         | 29.0%             | 1.4%                                      |
| Global Equity        | 42.0%             | 5.3%                                      |
| Real Estate          | 8.0%              | 4.3%                                      |
| Alternatives         | 8.0%              | 8.9%                                      |
| Credit               | 7.0%              | 6.0%                                      |
| Inflation Protection | 6.0%              | 4.0%                                      |
| Total                | 100.0%            |   |

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)**

#### **B** - Liabilities (continued)

Pension Plan and Postemployment Obligations (continued)

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

The information above is based on 30-year expectations developed with the consulting actuary for the 2019 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's proportionate share of the net pension asset to changes in the discount rate. The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate:

|                                       | 1%               | Discount     | 1%               |
|---------------------------------------|------------------|--------------|------------------|
|                                       | Decrease (6.00%) | Rate (7.00%) | Increase (8.00%) |
| Town's proportionate share of the net |                  |              |                  |
| pension liability (asset)             | \$ 752,560       | \$ 370,922   | \$ 53,754        |

*Pension plan fiduciary net position.* Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

#### **B** - Liabilities (continued)

Pension Plan and Postemployment Obligations (continued)

#### Law Enforcement Officers Special Separation Allowance

#### 1. Plan Description.

The Town of Fairmont administers a public employee retirement system (the *Separation Allowance*), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2019, the Separation Allowance's membership consisted of:

| Retirees receiving benefits  | - |
|--|---|
| Terminated plan members entitled to but not yet receiving benefits | - |
| Active plan members  | 6 |
| Total _  | 6 |

#### 2. Summary of Significant Accounting Policies

Basis of Accounting. The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statement 73.

#### 3. Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2019 valuation. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50 percent

Salary increases 3.25 to 7.75 percent, including inflation

and productivity factor

Discount rate 1.93 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2019.

Mortality rates are based on the RP-2000 Mortality tables with adjustments for mortality improvements based on Scale AA.

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)**

#### **B** – Liabilities (continued)

Pension Plan and Postemployment Obligations (continued)

Law Enforcement Officers Special Separation Allowance (continued)

#### 3. Contributions.

The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings.

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the Town reported a total pension liability of \$144,821. The total pension liability was measured as of December 31, 2020 based on a December 31, 2019 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2020 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2021, the Town recognized pension expense of \$17,268.

|  |           | eferred<br>tflows of | Deferred<br>Inflows of |        |
|--|-----------|----------------------|------------------------|--------|
|  | Resources |                      | Resources              |        |
| Differences between expected and actual experience | \$        | 20,228               | \$                     | 34,040 |
| Changes of assumptions                             |           | 42,169               |                        | 3,104  |
| County benefit payments and plan administrative    |           |                      |                        |        |
| expense made subsequent to the measurement date    |           | -                    |                        |        |
| Total  | \$        | 62,397               | \$                     | 37,144 |

Amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: |              |
|---------------------|--------------|
| 2022                | \$<br>4,782  |
| 2023                | 4,782        |
| 2024                | 5,062        |
| 2025                | 4,766        |
| 2026                | 2,970        |

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)**

#### **B** - Liabilities (continued)

Pension Plan and Postemployment Obligations (continued)

#### Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. The law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2021, were \$26,215, which consisted of \$17,120 from the Town and \$9,095 from the law enforcement officers.

#### Other Postemployment Benefits

According to a Town resolution, the Town provides postemployment health care benefits to retirees of the Town, provided they participate in the North Carolina Local Governmental Employees' Retirement System (LGERS) and have at least five years of creditable service with the Town. In addition, the Town pays the full cost of these benefits with a minimum of twenty years of creditable service with the Town. Retirees who do not meet the aforementioned criteria have the option to purchase coverage themselves and their dependents through the Town for eighteen months. The entire cost of this insurance is borne by the retirees. The Town maintains health care coverage through private insurers.

Membership of the Plan consisted of the following at June 30, 2020, the date of the latest actuarial valuation:

|  |           | Law         |
|--|-----------|-------------|
|  | General   | Enforcement |
|  | Employees | Officers    |

#### **Total OPEB Liability**

The Town's total OPEB liability of \$2,340,554 was measured as of June 30, 2020 and was determined by an actuarial valuation date of June 30, 2019.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation 2.50 percent

Salary increases 3.50 to 7.75 percent, including inflation

Discount rate 2.21 percent

Healthcare cost trend rates Pre-Medicare 7.00 percent

Medicare 5.00 percent Dental 4.00 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of the measurement date.

#### **Changes in the Total OPEB Liability**

|   | Total OPEB Liabilit |           |  |  |
|---|---------------------|-----------|--|--|
| Balance at 6/30/19  | \$                  | 1,885,450 |  |  |
| Service cost  |                     | 29,585    |  |  |
| Interest on the total pension liability                   |                     | 65,878    |  |  |
| Changes of benefit terms                                  |                     | -         |  |  |
| Differences between expected and actual experience in the |                     |           |  |  |
| measurement of the total OPEB liability                   |                     | (17,974)  |  |  |
| Changes of assumptions of other inputs                    |                     | 443,765   |  |  |
| Benefit payments  |                     | (66,150)  |  |  |
| Other changes   |                     | <u>-</u>  |  |  |
| Balance at 6/30/20  | \$                  | 2,340,554 |  |  |
|   |                     |           |  |  |

Changes in assumptions and other inputs reflect a change in the discount rate from 3.50% to 2.21%.

Mortality rates were based on the RP-2014 Total Date Set for Healthy Annuitants Mortality Table.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period of January 1, 2010 through December 31, 2014.

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)**

#### Other Postemployment Benefits (continued)

Sensitivity of the total OPEB Liability to changes in the discount rate. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21 percent) or 1-percentage-point higher (3.21 percent) than the current discount rate:

|                      | 1%          | Discount    | 1%          |
|----------------------|-------------|-------------|-------------|
|                      | Decrease    | Rate        | Increase    |
|                      | (1.21%)     | (2.21%)     | (3.21%)     |
| Total OPEB liability | \$2,799,634 | \$2,340,554 | \$1,984,739 |

Sensitivity of the total OPEB Liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

|                      | 1%          | Discount    | 1%          |
|----------------------|-------------|-------------|-------------|
|                      | Decrease    | Rate        | Increase    |
| Total OPEB liability | \$1,945,357 | \$2,340,554 | \$2,860,729 |

#### OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ending June 30, 2021, the Town recognized OPEB expense of \$101,602. At June 30, 2021, the Town reported deferred outflows or resources and deferred inflows of resources related to OPEB from the following sources:

Deferred

**Deferred** 

|  | Outflows of Resources |         | Inflows of<br>Resources |         |
|--|-----------------------|---------|-------------------------|---------|
| Differences between expected and actual experience | \$                    | =       | \$                      | 48,504  |
| Changes of assumptions                             |                       | 378,505 |                         | 111,782 |
| Benefit payments and plan administrative           |                       |         |                         |         |
| expense made subsequent to the measurement date    |                       | -       |                         | -       |
| Total  | \$                    | 378,505 | \$                      | 160,286 |

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)**

#### **B** - Liabilities (continued)

Pension Plan and Postemployment Obligations (continued)

#### Other Postemployment Benefits (continued)

Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: |               |
|---------------------|---------------|
| 2022                | \$<br>6,139   |
| 2023                | 8,944         |
| 2024                | 39,032        |
| 2025                | 56,385        |
| 2026                | 57,630        |
| Thereafter          | <br>50,089    |
|                     | \$<br>218,219 |

#### Other Employment Benefits

The Town has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Government Employees' Retirement System (Death Benefit Plan), a multi-employer, State-administered, cost sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits, Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employees death, but the benefit may not exceed \$50,000 or be less than \$25,000. All death benefit payments are made from the Death Benefit Plan. The Town has no liability beyond the payment of the contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. The Town considers these contributions to be immaterial.

#### Deferred Outflows and Inflows of Resources

Deferred outflows of resources at year-end are comprised of pension related deferrals of \$304,288 and OPEB deferrals of \$378,705.

Deferred inflows of resources at year-end are comprised of pension deferrals of \$64,481, and OPEB deferrals of \$160.286.

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)**

#### **B** - Liabilities (continued)

#### Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in three self-funded risk-financing pools administered by the North Carolina League of Municipalities. Through these pools, the Town obtains general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insured values of the property policy, workers' compensation coverage up to statutory limits, and employee health coverage. The liability and property exposures are reinsured through commercial carriers for claims in excess of retentions as selected by the Board of Trustees each year. Stop loss insurance is purchased by the Board of Trustees to protect against large medical claims that exceed certain dollar cost levels. Specific information on the limits of the reinsurance, excess and stop loss policies purchased by the Board of Trustees can be obtained by contacting the Risk Management Services Department of the NC League of Municipalities. The pools are audited annually by certified public accountants, and the audited financial statements are available to the Town upon request.

In accordance with G.S. 159-29, the finance officer and tax collector are individually bonded for \$50,000 and \$10,000, respectively. The remaining employees that have access to cash are covered under a blanket insurance policy. The Town carries commercial coverage for all other risks of loss. Settled claims have not exceeded coverage in any of the past three fiscal years. The Town does not carry flood insurance for the simple fact none of its buildings are located in a designated flood area. The Fairmont ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The ABC Board has property, general liability, auto liability, workers' compensation, and employee health coverage. The ABC Board also has liquor legal liability coverage. Claims have not exceeded coverage in any of the past three fiscal years.

#### **Long-Term Obligations**

#### **Installment Purchase**

During the 2018 fiscal year, the Town entered into a direct placement loan of \$133,882 with First Bank for the purchase of two pieces of equipment. The equipment is pledged as collateral for the debt while the debt is outstanding. Payments are made annually in the amount of \$29,255, including interest at the rate of 2.9% for the next five years. In the event of default, the interest rate shall be increased by 5.0%.

| Years ending June 30: | <br>Total    | P1 | rincipal | Interest |       |  |
|-----------------------|--------------|----|----------|----------|-------|--|
| 2022                  | \$<br>29,255 | \$ | 27,705   | \$       | 1,550 |  |
| 2023                  | 29,255       |    | 28,702   |          | 553   |  |
| Total                 | \$<br>58,510 | \$ | 56,407   | \$       | 2,103 |  |

During the 2021 fiscal year, the Town entered into a direct placement loan of \$176,973 with Santander Bank for the purchase of a streetsweeper. The equipment is pledged as collateral for the debt while the debt is outstanding. Payments are made annually in the amount of \$27,976, including interest at the rate of 3.22% for the next six years.

| Years ending June 30: | Total      |        | Total |    | Total Pri |              | rincipal | <br>Interest |  |  |

#### **NOTE 3 - DETAIL NOTES ON ALL FUNDS (continued)**

#### **B** - Liabilities (continued)

#### Long-Term Obligations (continued)

#### General Obligation Indebtedness

General obligation bonds issued to finance the construction of facilities utilized in the operations of the water and sewer system and are being retired by its resources are reported as long-term debt in the Water and Sewer Fund. The general obligation bonds are collateralized by the full faith, credit, and taxing power of the Town. The Revenue Bond is secured by and payable from a pledge of sewer system revenues, only. Principal and interest requirements are appropriated when due.

Bonds payable at June 30, 2021, are comprised of the following issues:

#### General Obligation Bonds - Serviced by the Water and Sewer Fund

| \$1,250,000 - 2002A Sanitary Sewer Bonds due in annual installments ranging from \$14,000 to \$56,000, beginning in 2004 through 2041; interest at 4.5%  | \$<br>890,500 |
|--|---------------|
| \$1,750,000 - 2002B Sanitary Serial Bonds due in annual installments ranging from \$19,000 to \$76,000, beginning in 2004 through 2041; interest at 4.5% | 1,243,500     |
| P Rond – Serviced by the Water and Sewer Fund  |               |

#### <u>Revenue Bond – Serviced by the Water and Sewer Fund</u>

| \$385,000 - 2014 Revenue Serial Bonds due in various annual installments through 2053; interest at 2.25% | <br>333,000     |
|--|-----------------|
| Total  | \$<br>2,467,000 |

#### **NOTE 4 - RELATED ORGANIZATION**

The mayor of the Town of Fairmont appoints the three-member board of the Town of Fairmont Housing Authority. The Town is accountable for the Housing Authority because it appoints the governing board; however, the Town is not financially accountable for the Housing Authority. The Town of Fairmont is also disclosed as a related organization in the notes to the financial statements for the Town of Fairmont Housing Authority.

#### NOTE 5 - SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

#### **Federal and State Assisted Programs**

The Town has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

#### NOTE 6 - FUND BALANCE

The following schedule provides management and citizens with information on the portion of General Fund fund balance that is available for appropriation:

| Total fund balance-General Fund           | \$1,193,285 |
|---|-------------|
| Less:                                     |             |
| Stabilization by State Statute            | 264,147     |
| Streets-Powell Bill                       | 113,558     |
| Public Safety                             | 7,076       |
| Assigned - subsequent year's expenditures | 19,550      |
| Remaining Fund Balance                    | 788,954     |

#### **NOTE 7 – SUBSEQUENT EVENTS**

Subsequent events were evaluated through October 20, 2021, which is the date the financial statements were available to be issued.

#### Required Supplementary Financial Data

Report On Internal Control Over Financial Reporting
And On Compliance and Other Matters Based On An Audit Of Financial Statements
Performed In Accordance With Government Auditing Standards

To the Honorable Mayor and Board of Town Commissioners Town of Fairmont, North Carolina

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Fairmont, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprises the Town of Fairmont's basic financial statements and have issued our report thereon dated October 20, 2021. The financial statements of the Fairmont ABC Board were not audited in accordance with *Government Auditing Standards*.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Fairmont's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Fairmont's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control described in the accompanying schedule of findings and responses that we consider to be material weaknesses (item 2021-001).

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Fairmont's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as item 2021-001.

#### Town of Fairmont's Response to Findings

S. Presta Douglas of Vosonita, LLP

The Town of Fairmont's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses/schedule of findings and questioned costs. The Town's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Lumberton, North Carolina

#### Town of Fairmont, North Carolina Schedule of Findings and Questioned Costs (continued) For the Year Ended June 30, 2021

#### **Section II. Financial Statement Findings**

#### MATERIAL WEAKNESS / MATERIAL NONCOMPLIANCE

Finding 2020-001 Material Noncompliance

**Excess of Expenditures over Appropriations** 

Criteria: N.C. General Statute 159-8(a) states that all moneys received and expended by a local

government should be included in the budget ordinance.

Condition: The Town expended more than appropriated in the annual budget ordinance in multiple

departments in the General Fund and Water and Sewer Fund. The amount of expenditures

that exceeded appropriations by department are presented in Note 2 on page 25.

Effect: Expenditures were incurred that had not been budgeted.

Cause: The Town did not monitor reports at frequent intervals to ensure budgetary compliance.

Repeat Finding: This is not a repeat finding.

Recommendation: Management should closely monitor the budget versus actual statements to ensure actual

expenditures are within budgetary constraints.

Views of responsible officials and planned corrective actions:

The Town agrees with the finding and agrees to adhere to the correction action plan on page

68.
