## INDEPENDENT AUDITOR'S REPORT

To the Mayor and Town Council  
Town of Polkville  
Polkville, North Carolina

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of Town of Polkville, North Carolina as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Opinions***

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of Town of Polkville, North Carolina, as of June 30, 2021, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3–10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary and Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Polkville, North Carolina's basic financial statements. The individual fund financial statements, budgetary schedules, and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund financial statements, budgetary schedules, and other schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the procedures performed as described above, the individual fund financial statements, budgetary schedules, and other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Town of Polkville, North Carolina Management's Discussion and Analysis**

As management of the Town of Polkville, we offer readers of the Town of Polkville's financial statements this narrative overview and analysis of the financial activities of the Town of Polkville for the fiscal year ended June 30, 2021. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

### **Financial Highlights**

- The assets and deferred outflows of resources of the Town of Polkville exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$1,277,246 (*net position*).
- The government's total net position decreased by \$22,615.
- As of the close of the current fiscal year, the Town of Polkville's governmental fund reported ending fund balance of \$340,489 an increase of \$6,388 in comparison with the prior year. Approximately 59.38 percent of this total amount, or \$202,195, is available for spending at the government's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$202,195, or 281.52 percent of total general fund expenditures for the fiscal year.

### **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to Town of Polkville's basic financial statements. The Town's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Polkville.

Town of Polkville  
Management Discussion and Analysis

**Required Components of Annual Financial Report**

**Figure 1**

**Basic Financial Statements**

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 9) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are two parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the

Town of Polkville  
Management Discussion and Analysis

notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net position and how it has changed. Net position is the difference between the Town's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities; and 2) business-type activities. The governmental activities include most of the Town's basic services such as parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the Town charges customers to provide. These include the sewer services offered by the Town of Polkville.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

### **Fund Financial Statements**

The fund financial statements (see Figure 1) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Polkville, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. The Town of Polkville operates two funds, the governmental fund and the proprietary fund.

**Governmental Funds** – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between government activities (reported in the Statement of Net Position and

Town of Polkville  
Management Discussion and Analysis

the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Polkville adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

**Proprietary Fund**-The Town of Polkville has one proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town of Polkville uses an enterprise fund to account for its sewer activity. This fund is the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

**Notes to the Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 20 of this report.

Town of Polkville  
Management Discussion and Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of the Town of Polkville exceeded liabilities and deferred inflows by \$1,277,246 as of June 30, 2021. The Town's net position decreased by \$22,615 for the fiscal year ended June 30, 2021. However, the largest portion (73.26%) reflects the Town's net investment in capital assets (e.g. land, buildings, machinery, and equipment). The Town of Polkville uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Polkville's net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town of Polkville's net position \$138,294 (10.8%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$203,235 is unassigned.

Several particular aspects of the Town's financial operations influenced the total unrestricted governmental net position:

- Interest rates went up earning more interest than anticipated.
- Continued diligence in the collection of property taxes by maintaining a tax collection percentage of 99.14%. The statewide average in fiscal year 2021 was 98.96%.

Town of Polkville  
Management Discussion and Analysis

**Governmental activities.** Governmental activities decreased the Town's net position by \$3,612. Key elements of this decrease are as follows:

- The Town paved some streets in the current year.

**Business-type activities:** Business-type activities decreased the Town of Polkville's net position by \$19,003. This is primarily due to depreciation of the sewer system.

**Financial Analysis of the Town's Funds**

As noted earlier, the Town of Polkville uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the Town of Polkville's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town of Polkville's financing requirements.

The general fund is the chief operating fund of the Town of Polkville. At the end of the current fiscal year, Town of Polkville's fund balance available in the General Fund was \$202,195, while total fund balance reached \$340,489. The governing body of Town of Polkville has determined that the Town should maintain an available fund balance of 8% of general fund expenditures in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the Town. The Town currently has an available fund balance of 281.52% of general fund expenditures, while total fund balance represents 474.07% of the same amount.

**General Fund Budgetary Highlights:** During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

**Proprietary Fund:** The Town of Polkville's proprietary fund provides the same type of information found in the government-wide statements but in more detail. Unrestricted net position at the fiscal year-end in the Sewer Fund was \$882. Factors concerning the finances of this fund have already been addressed in the discussion of the Town of Polkville's business-type activities.

Town of Polkville  
Management Discussion and Analysis

**Capital Asset and Debt Administration**

**Capital assets.** The Town of Polkville's investment in capital assets for its governmental activities as of June 30, 2021, totals \$322,629 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, and park facilities. The investment in capital assets for its business-type activities totals \$613,088 (net of accumulated depreciation).

There were no major capital asset transactions during the year (there were no significant demolitions or disposals):

**Town of Polkville's Capital Assets  
(net of depreciation)**

**Figure 4**

	Governmental Activities		Business-type Activities		Total

Total	<u>\$ 322,629</u>	<u>\$ 332,707</u>	<u>\$ 613,088</u>	<u>\$ 631,303</u>	<u>\$ 935,717</u>	<u>\$ 964,010</u>

Additional information on the Town's capital assets can be found in note III. A. 3 of the Basic Financial Statements.

**Long-term Debt.** As of June 30, 2021, the Town of Polkville has no outstanding debt.

**Town of Polkville's Outstanding Debt  
General Obligation and Revenue Bonds**

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Town of Polkville is \$2,368,640.

Town of Polkville  
Management Discussion and Analysis

**Economic Factors and Next Year's Budgets and Rates**

The following key economic indicators reflect the growth and prosperity of the Town.

- Stability and low unemployment. The Town of Polkville's unemployment rate is consistent with the State average and is expected to remain stable.
- COVID-19 had minimal effects on the town as we are a small operation with two part-time employees, no Town Hall hours, and little risk to revenues.

**Budget Highlights for the Fiscal Year Ending June 30, 2022**

**Governmental Activities:** Property taxes are expected to remain steady. The Town has maintained its property tax rate for 2022 and the tax rate is \$.05 per \$100 and the Town can not lower this rate because that would make them ineligible to receive Powell Bill funds.

**Business-Type Activities:** Sewer rates were not increased in 2022 and revenues are expected to remain steady.

The Town has received \$35,203.50 in Local Fiscal Recovery Funds through the American Rescue Plan and is participating in training in order to properly budget and expend these funds.

**Requests for Information**

This report is designed to provide an overview of the Town's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Director of Finance, Town of Polkville, P O Box 146, Polkville, NC 28136-0146.

**Balance of the Governmental Funds to the Statement of Activities**  
**For the Year Ended June 30, 2021**

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$ 6,388
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period	(10,078)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
Change in unavailable revenue for tax revenues	78
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	-
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Donation of Land to County	-
Rounding	-
Total changes in net position of governmental activities	<u>\$ (3,612)</u>

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

**I. Summary of Significant Accounting Policies**

The accounting policies of the Town of Polkville conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

**A. Reporting Entity**

The Town of Polkville is a municipal corporation located in Cleveland County that is governed by an elected mayor and a four-member council who are elected for a two-year term. The Town Council and Mayor are responsible for day-to-day operations of the Town and the collection and disbursement of funds and preparation of the annual budget.

**B. Basis of Presentation**

*Government-wide Statements:* The statement of net position and the statement of activities display information about the primary government. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the Town's funds. Separate statements for each fund category-*governmental* and *proprietary*-are presented. The Town has no fiduciary funds to report. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

The Town reports the following major governmental fund:

**General Fund.** The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, and sanitation services.

The Town reports the following major enterprise fund:

**Water and Sewer Fund.** This fund is used to account for the Town's sewer operations.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

*Government-wide and Proprietary Fund Financial Statements.* The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish between revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's enterprise fund is charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Sales taxes are considered shared revenue for the Town of Polkville because the tax is levied by Cleveland County and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

**D. Budgetary Data**

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund and the Enterprise Fund. All annual appropriations lapse at the fiscal-year end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for the multi-year funds. All amendments must be approved by the governing board. The budget ordinance must be

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity

1. Deposits and Investments

All deposits of the Town are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The Town may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

The Town's investments with a maturity of more than one year at acquisition and non-money market investments are reported at fair value as determined by quoted market prices.

2. Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents.

3. Restricted Assets

Powell Bill funds are classified as restricted cash because they can only be expended for the purposes outlined in G.S. 136-41.1 through 136-41.4.

Town of Polkville Restricted Cash

Governmental Activities		
General Fund	Streets	\$ 117,881
Total governmental activities		<u>\$ 117,881</u>
Total Restricted Cash		<u><u>\$ 117,881</u></u>

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, interest does not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2020. As allowed by State law, the Town has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the Town's General Fund, ad valorem tax revenues are reported net of such discounts.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the financial statements and expensed as the items are used.

7. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization costs is considered to be \$5,000 for all assets. Donated capital assets received prior to June 15, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical value. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

In July 2003, the Town increased its capitalization policy for Furniture and Equipment from \$1,000 to \$5,000 to improve the efficiency in keeping the accounting records.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Vehicles	5
Buildings	40
Improvements	25
Furniture and equipment	10
Sewer lines and equipment	30-50

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town has no items that meet this criterion. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition that applies to a future period and so will not be recognized as revenue until then. The Town has two items that meet this criterion-property taxes receivable and unearned grant revenues.

9. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities type statement of net position.

The Town of Polkville has no long-term debt.

10. Net Position/Fund Balances

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Non-spendable Fund Balance-This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance- This classification includes amounts that are restricted to specific purposes imposed by creditors or imposed by law.

Restricted for Stabilization by State statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as “restricted by State statute”. *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is “imposed by law through constitutional provisions or enabling legislation”. RSS is reduced by inventories and prepaids as they are classified as non-spendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net Position and Restricted fund balance on the face of the balance sheet.

Restricted for streets - Powell Bill - portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Committed Fund Balance-portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of Town of Polkville’s governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned Fund Balance-portion of fund balance that Town of Polkville intends to use for specific purposes.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year’s budget that is not already classified in restricted or committed. The governing body approves the appropriation; however the budget ordinance authorizes the Finance Officer to modify the appropriations by resource or appropriation within funds up to \$2,500.

Unassigned - portion of fund balance that has not been restricted, committed or assigned to specific purposes or other funds.

The Town of Polkville has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Director will use resources in the following hierarchy: loan proceeds, federal funds, State funds, local non-town funds, town funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Director has the authority to deviate from this policy if it is in the best interest of the Town.

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

The Town of Polkville has also adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the Town in such a manner that available fund balance is at least equal to or greater than 8% of budgeted expenditures. Any portion of the general fund balance in excess of 8% of budgeted expenditures may be appropriated for one-time expenditures and may not be used for any purpose that would obligate the Town in a future budget.

**II. Stewardship, Compliance, and Accountability**

**A. Excess of Expenditures over Appropriations**

For the fiscal year ended June 30, 2021, the expenditures made in the Town's General Fund related to Powell Bill exceeded the authorized appropriations made by the governing board by \$10,340. This over-expenditure occurred because of a paving project completed in order to spend Powell Funds so that amounts on hand would not exceed the allowed amount. The Clerk and Council will more closely review the budget reports to ensure compliance in future years.

**III. Detail Notes on All Funds**

**A. Assets**

**1. Deposits**

All the deposits of the Town are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's agents in the Town's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town, these deposits are considered to be held by the Town's agents in the Town's name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no policy regarding custodial credit risk for deposits.

At June 30, 2021, the Town's deposits had a carrying amount of \$332,462 and a bank balance of \$332,554. Of the bank balance, \$250,000 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method.

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

**2. Receivables - Allowances for Doubtful Accounts**

The amounts presented in the Balance Sheet and the Statement of Net Position are net of the following allowances for doubtful accounts:

Fund	6/30/2021
General Fund:	
Taxes receivable	<u>\$ 126</u>

**3. Capital Assets**

**Primary Government**

Capital asset activity for the Primary Government for the year ended June 30, 2021, was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
<b>Governmental activities:</b>				
<b>Capital assets not being depreciated:</b>				
Land	\$ 211,351	\$ -	\$ -	\$ 211,351

<b>Governmental activity capital assets, net</b>	<u>\$ 332,707</u>			<u>\$ 322,629</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

General government	\$ 2,205
Culture and Recreation	<u>7,873</u>
Total Depreciation	<u>\$10,078</u>

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

	Beginning Balances	Increases	Decreases	Ending Balance
<b>Business-type activities:</b>				
<b>Water and Sewer Fund</b>				
<b>Capital assets being depreciated:</b>				
Sewer Lines & Equipment	\$ 833,000	\$ -	\$ -	\$ 833,000
Total capital assets being depreciated	833,000	-	-	833,000
<b>Less accumulated depreciation for:</b>				
Sewer Lines & Equipment	201,697	18,215	-	219,912
Total accumulated depreciation	201,697	\$ 18,215	\$ -	219,912
<b>Water and Sewer fund capital assets, net</b>				
Business-type activities capital assets, net	<u>\$ 631,303</u>			<u>\$ 613,088</u>

**B. Liabilities**

**1. Deferred Inflows of Resources**

Deferred inflows of resources at year-end are composed of the following:

	Unavailable Revenue
Taxes receivable (General Fund)	\$ 158
Unearned Grant revenue	7,028
	<u>\$ 7,186</u>

**2. Risk Management**

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town has general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insurance values of the property policy. The Town carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years. The Town does not carry flood insurance. The Town has a \$50,000 fidelity bond for the finance director.

**C. Interfund Balances and Activity**

Balances due to/from other funds at June 30, 2021 consist of the following:

Due to the General Fund for Sewer Expenses	\$14,539
--	----------

The interfund balance resulted from sewer expenses paid from the general fund checking.

**Town of Polkville, North Carolina**  
**Notes to the Financial Statements**  
**For the Fiscal Year Ended June 30, 2021**

**D. Fund Balance**

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

<b><i>Total fund balance-General Fund</i></b>	<b><i>\$340,489</i></b>
Less;	
Stabilization by State Statute	19,712
Streets - Powell Bill	117,881
Prepaid Expenses	-
Working Capital / Fund Balance Policy	6,050
Remaining Fund Balance	196,846

The Town of Polkville has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the Town in such a manner that available fund balance is at least equal to or greater than 8% of budgeted expenditures.

**IV. Summary Disclosure of Significant Contingencies**

**Federal and State Assisted Programs**

The Town has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

**V. Impact of Coronavirus on the Town**

Coronavirus had very limited effect on the Town. The Town is a small operation with two part-time employees and no operating hours at the Town Hall. Subsequent to year-end the Town received \$35,204 in Local Fiscal Recovery Funds through the American Rescue Plan Act due to COVID legislation.
