November 17, 2021

The Honorable Mayor, City Council, and the Citizens of the City of Statesville, North Carolina

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of the City of Statesville for the fiscal year ended June 30, 2021. The financial statements were prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with generally accepted governmental auditing standards by a firm of licensed certified public accountants. We believe the data is presented in a manner designed to set forth fairly the financial position and results of operations for the City of Statesville for fiscal year ended June 30, 2021.

This report consists of management's representations concerning the finances of the City of Statesville. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Statesville has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Statesville's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Statesville's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Statesville's financial statements have been audited by Martin Starnes & Associates, CPAs, P.A. of Hickory, North Carolina, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Statesville for the fiscal year ended June 30, 2021 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Statesville's financial statements for the fiscal year ended June 30, 2021 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

Management is required by GAAP to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Statesville's MD&A can be found immediately following the report of the independent auditors.

#### **Profile of the City**

The City of Statesville, North Carolina is located in the central position of Iredell County in the Midwestern part of the State approximately 45 miles north of Charlotte and approximately 40 miles west of Winston-Salem. The City of Statesville is Iredell County's second largest city and is the county seat.

The City of Statesville has a unique and interesting history in its more than 225 years of existence. On December 19, 1789, the North Carolina General Assembly created the Town of Statesville, primarily because of its central location in Iredell County and western North Carolina. The City of Statesville was formally incorporated on January 9, 1847 as the area began to grow in number and prosperity. The City of Statesville is empowered to levy a property tax on both real and personal properties located within its municipal boundaries. The City of Statesville currently has a land area of 24.5 square miles and a population of approximately 26,000 citizens.

The City of Statesville has operated under the Council/Manager form of government since 1949. The Mayor and eight council members are elected on a non-partisan basis with six council members elected from wards and two elected at-large. All nine elected officials serve four-year staggered terms. Policy-making and legislative authority are vested in the City Council. Other major duties of the City Council include adopting an annual budget, establishing the annual property tax rate, enacting local ordinances and appointing the City Manager and members of various boards and commissions. In addition, the City Council has the authority to call for bond referenda and enter into contracts.

The City Manager serves at the pleasure of the City Council and is responsible for daily municipal operations, including preparation of the annual budget and appointment of employees. The City Manager supervises and coordinates the activities of the city's departments, attends City Council meetings, and makes recommendations on appropriate matters of business. The City Manager is responsible for implementing the policies of the City Council, advises the City Council on the financial condition of the city, and represents the city in business with other parties.

The City of Statesville provides a wide range of services, including police and fire protection; construction and maintenance of streets and sidewalks and other infrastructure; recreational activities and cultural events; sanitation collection; planning and community development; and general administration. In addition, the City owns and operates an airport, electric, stormwater and water/sewer utilities, and a Civic Center. This report includes all of the City's financial activities in providing these services.

As required by GAAP, the City's financial statements present all of the financial activities of the primary government (City of Statesville) and its two component units, legally separate entities for which the City is financially accountable. The City Council appoints members of the Alcoholic Beverage Control Board and the Statesville Convention and Visitors Bureau. However, the City does not participate in the managerial control of operations of either organization. These organizations are included as discretely presented component units in the financial statements.

The annual budget serves as the foundation for the City of Statesville's financial planning and control. As required by North Carolina General Statutes, the departments of the City are required to submit requests for appropriations to the City Manager no later than April 30 each year. The City Manager uses these requests as the starting point for developing a proposed budget. The City Manager presents a proposed budget to the City Council for review no later than June 1. The City Council is required to hold a public hearing on the proposed budget and to adopt a final budget no later than July 1. The appropriated budget is prepared by fund and department. Budgets are legally enacted by adoption of the governing board of an annual budget ordinance or a project ordinance.

#### Letter of Transmittal

The annual budget ordinance and project ordinances may be formally amended as required by the governing board within the guidelines of the Local Government Budget and Fiscal Control Act. The City Manager is authorized to reallocate departmental appropriations as he deems necessary, and he may transfer appropriations between departments of the same fund with an official report to the governing board on such transfers. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. A project ordinance is used to establish a budget for a project that extends over more than one fiscal year. Project length budget-to-actual comparisons for each governmental fund, for which a project length budget has been adopted, is also included in this report.

Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds. Encumbrances outstanding at year-end do not constitute expenditures or liabilities. Outstanding encumbrances are collapsed under stabilization by state statute and as such a part of restricted fund balance.

#### **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Statesville operates.

#### **Local Economy**

Statesville is home to a wide range of businesses from high-tech manufacturing to distribution and service industries and was well-positioned to benefit from the economic recovery and return to a stable economic base. At June 30, 2021, the unemployment rate in Iredell County declined to 4.7%.

The City's economy also benefits from its exceptional transportation access with Interstates 77 and 40 connecting within its boundaries. Statesville's close proximity to Charlotte and Greensboro and their international Airports attracts progressive businesses to the area's many industrial sites. Rail lines and Statesville's own growing regional Airport provide additional transportation options.

A variety of industrial and business parks and sites throughout the City provide focus points for economic development. The City has an effective economic development policy for recruitment of business and industry to Statesville and partners with the Statesville Regional Development Corporation to assist companies investigating new operations or expansions in the area.

Over the past several years, several significant grants were awarded to the Statesville Regional Airport. These grants are being used for capital improvement projects including construction of a new southeast parallel taxiway, a glideslope and localizer project, and land acquisition. City leaders believe these Airport improvements will continue to create economic development opportunities for the City and Iredell County.

Additionally, the City's Water and Sewer Fund projects continue to amplify the City's stance of preparing for growth. A new regional business park in the southern area of the City is expected to be a sizeable water and sewer user.

#### Long-term Financial Planning

The City follows the statutory provisions of the Local Government Budget and Fiscal Control Act in developing its annual budget. The City maintains an unassigned fund balance in the General Fund above the minimum level required by the North Carolina Local Government Commission of eight (8) percent; historically the City's unassigned fund balance in the General Fund is well above the average of cities in the same population group and above the statewide average for all municipalities. This level of fund balance aids in maintaining adequate cash flows, generates interest income, provides for the use of a pay-as-you-go capital policy, eliminates the need for short-term borrowing, and maintains investment grade bond ratings.

The City maintains a capital reserve fund to accumulate resources for major capital outlays. The City's capital improvement program (CIP) is a six-year plan for capital equipment and improvements. Each year, the City Council adopts a CIP to identify and prioritize the capital needs of the City during the upcoming fiscal year, plus five (5) planning years. The City avoids borrowing for capital outlays by maintaining a pay-as-you-go policy and multi-year planning enables the City to use the pay-as-you-go approach in providing for capital outlay needs in most cases.

#### Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Statesville, North Carolina for its comprehensive annual financial report for the fiscal year ended June 30, 2020. This was the thirtieth consecutive year that the City of Statesville has received this prestigious award.

In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The City of Statesville also received GFOA's Distinguished Budget Presentation Award for its annual budget document for fiscal year beginning July 1, 2020. This was the nineteenth consecutive year that the City of Statesville has received this prestigious award. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

#### Letter of Transmittal

The preparation of this report could not have been accomplished without the assistance and dedication of the entire staff of the Finance Department. We also appreciate the cooperation and assistance of other City departments. We would also like to express our appreciation to the Mayor and City Council for their continued support and leadership in conducting the financial activities of the City in a responsible manner.

Respectfully submitted,

Ron Smith City Manager Brian Roberts Finance Director

### Government Finance Officers Association

Certificate of Achievement for Excellence in Financial Reporting

Presented to

### City of Statesville North Carolina

For its Annual Comprehensive Financial Report For the Fiscal Year Ended

June 30, 2020

Christopher P. Morrill

Executive Director/CEO

"A Professional Association of Certified Public Accountants and Management Consultants"

#### **Independent Auditors' Report**

The Honorable Mayor and Members of the City Council City of Statesville Statesville, North Carolina

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Statesville, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City of Statesville ABC Board, which represents 90.79 percent, 83.13 percent, and 98.01 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by another auditor, whose report has been furnished to us and, our opinion, insofar as it relates to the amounts included for the City of Statesville ABC Board, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement. The financial statements of the Statesville Convention & Visitors Bureau and the City of Statesville ABC Board were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Statesville, North Carolina, as of June 30, 2021, and the respective changes in financial position, and where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Other Post-Employment Benefits Schedule of Changes in the Total OPEB Liability and Related Ratios, the Local Government Employees' Retirement System Schedules of the Proportionate Share of the Net Pension Liability (Asset) and Contributions, and the Law Enforcement Officers' Special Allowance Schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Employee Payroll, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economical, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Statesville's basic financial statements. The introductory section, combining and individual fund financial statements, budgetary schedules, other schedules, and statistical tables, as well as the accompanying Schedule of Expenditures of Federal and State Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors.

In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2021, on our consideration of the City of Statesville's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*, in considering the City of Statesville's internal control over financial reporting and compliance.

Hickory, NC

November 17, 2021

As management of the City of Statesville, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Statesville for the fiscal year ended June 30, 2021. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the City's financial statements, which follow this narrative.

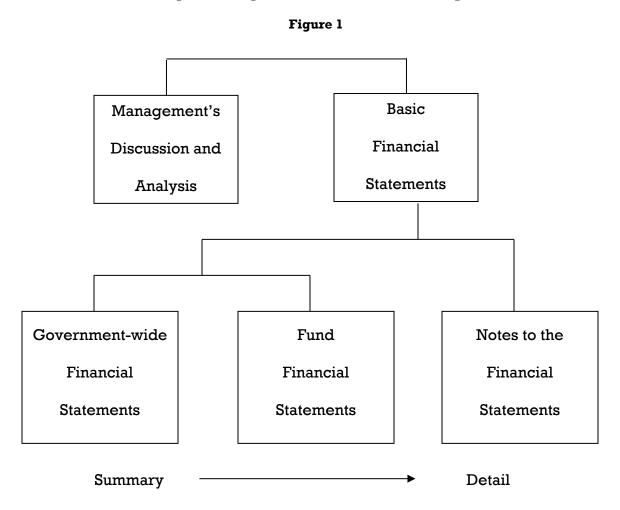

#### Financial Highlights

- The assets and deferred outflows of resources of the City of Statesville exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$268,370,340 (net position).
- The City's total net position increased by \$21,728,632, due to the operating results of the City's governmental activities increasing by \$4,965,496, and the City's business-type activities increasing by \$16,763,136.
- As of the close of the current fiscal year, the City of Statesville's governmental funds reported combined ending fund balances of \$37,618,247, an increase of \$6,019,680 from the prior year. Approximately 61.17% of this total amount, or \$23,009,643, is available for spending at the City Council's discretion.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$23,189,923, or 65.16%, of total General Fund expenditures and transfers out.
- The City of Statesville's total debt increased by \$1,940,072 during the current fiscal year. The increase is the net result of the City's principal payments of \$3,059,928 against \$5,000,000 of new debt within the Water and Sewer Fund.
- The City of Statesville has no outstanding bonded debt and, therefore, has no current bond rating.

#### Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Statesville's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the City of Statesville.

#### **Required Components of Annual Financial Reports**

#### **Basic Financial Statements**

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-Wide Financial Statements**. They provide both short- and long-term information about the City's financial status.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the City's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements, 2) the budgetary comparison statements, and 3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the City's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the City's finances, similar in format to the financial statements of a private-sector business. The government-wide statements provide short- and long-term information about the City's financial status as a whole.

The two government-wide statements report the City's net position and how they have changed. Net position is the difference between the City's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the City's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the City's basic services such as public safety, recreation and parks, and general administration. Property taxes, sales taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the City charges customers to provide. These include the water and sewer and electric services offered by the City of Statesville. The final category is the component units. Although legally separate from the City, the ABC Board and the Statesville Convention and Visitors Bureau are component units of the City. The ABC Board and the Convention and Visitors Bureau are important to the City because the City exercises control over both boards by appointing their members.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

#### **Fund Financial Statements**

The fund financial statements (see Figure 2) provide a more detailed look at the City's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Statesville, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or noncompliance) with finance-related legal requirements, such as the General Statutes or the City's budget ordinance. All funds of the City of Statesville can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year end that will be available for spending in the next year. Governmental funds are reported using an accounting method called modified accrual accounting, which provides a short-term spending focus. As a result, the governmental fund financial statements give a detailed short-term view that helps the reader determine if there are more or less financial resources available to finance the City's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The City of Statesville adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the City, the management of the City, and the decisions of the City Council about which services to provide and how to pay for them. It also authorizes the City to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the City complied with the budget ordinance and whether or not the City succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Council; 2) the final budget as amended by the Council; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. The difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

**Proprietary Funds** – The City of Statesville has two different kinds of proprietary funds. *Business-type Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses business-type funds to account for its airport operations, electric services, water and sewer services, stormwater services and its civic center operations. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities. *Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among the functions of the City of Statesville. The City uses one internal service fund to account for three activities - employee health insurance, worker's compensation, and property and casualty liability insurance costs. Because the associated costs are predominantly governmental rather than business-type activities, the internal service fund has been included within the governmental activities in the government-wide financial statements.

**Notes to the Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements and are located after Exhibit 8 in the basic financial statements.

**Other Information** – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the City of Statesville's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information is located after the notes to the financial statements.

| Restricted                                | 8,481,374               | 6,273,851               | =                        | -                        | 8,481,374                | 6,273,851                |
| Unrestricted                              | 23,203,719              | 20,128,176              | 63,303,651               | 57,410,031               | 86,507,370               | 77,538,207               |
| Total net position                        | \$ 75,738,623           | \$ 70,773,127           | \$ 192,631,717           | \$ 175,868,581           | \$ 268,370,340           | \$ 246,641,708           |

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of the City of Statesville exceeded liabilities and deferred inflows by \$268,370,340 as of June 30, 2021. The City's net position increased by \$21,728,632 for the fiscal year ended June 30, 2021. However, the largest portion of net position \$173,381,596 (64.61%) reflects the City's net investment in capital assets (e.g. land, buildings, machinery, and equipment); less any related debt still outstanding that was issued to acquire those items and restricted assets. The City of Statesville uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Statesville's net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the City of Statesville's net position \$8,481,374 (3.16%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$86,507,370 (32.23%) is unrestricted.

**Governmental Activities** – The City's total net position from Governmental Activities increased by \$4,965,496.

- Revenues from Ad Valorem Taxes, the City's main source of Govt. Activity revenue, increased by \$663,817, or 3.67%, from the prior year due to growth in the City's tax base.
- Revenues from all Govt. Activities increased by \$3,514,614, while expenses increased by \$2,164,706.
- Transfers Out totaled \$119,788.

**Business-Type Activities** – The City's total net position from Business-Type Activities increased by \$16,763,136.

- Revenues for business-type activities from charges for services increased by \$4,613,458, or 6.64%, which resulted in the largest increase in revenues for business-type activities. However, other Business-Type Revenues from grants and investment earnings decreased by \$1,768,217 or 38.11%.
- Expenses for business-type activities increased by \$923,483, or 1.56%.
- Transfers In totaled \$119,788.

#### Financial Analysis of the City's Funds

As noted earlier, the City of Statesville uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds** - The focus of the City of Statesville's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the City's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2021, the governmental funds of the City of Statesville reported a combined fund balance of \$37,618,247; an increase of 19.05% from last fiscal year.

The General Fund is the chief operating fund of the City of Statesville. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$23,189,923 while total fund balance was \$32,288,395; an increase of \$7,486,255 from prior year. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 65.16% of total General Fund expenditures including any transfers out other funds. Total fund balance represents 90.72% of total General Fund expenditures including any transfers out other funds.

General Fund Budgetary Highlights - During the fiscal year, the City revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and state grants; and 3) increases in appropriations that become necessary to maintain services. Significant highlights of the General Fund as presented on a modified accrual basis are:

- General Fund revenues exceeded expenditures by \$1,209,248 before any transfers.
- Ad valorem tax revenues of \$18,820,501 exceeded budget estimates by \$839,501
- Unrestricted intergovt. revenues of \$11,899,771 exceeded budget estimates by \$3,465,921
- Expenditures were \$5,595,539 lower than budget appropriation.

**Proprietary Funds** – The City of Statesville's proprietary fund statements provide additional information than found in the government-wide statements. For the fiscal year, the net position improved for all proprietary funds. At the end of the fiscal year, the unrestricted net position for the Airport Fund is \$(2,933,781); Electric Fund is \$48,774,522; the Water and Sewer Fund is \$14,834,545; the Civic Center Fund is \$1,995,104: and the Stormwater Fund is \$1,429,311.

#### Capital Asset and Debt Administration

Capital Assets – The City of Statesville's investment in capital assets for its governmental and business-type activities as of June 30, 2021, totals \$195,403,733 (net of accumulated depreciation). These assets include buildings, utility systems infrastructure, land, roads, machinery and equipment, park facilities, and vehicles.

North Carolina General Statutes limit the amount of general obligation debt that a unit of government can issue to 8% of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the City of Statesville as of June 30, 2021 is \$244,679,000. As stated earlier, the City of Statesville does not have any outstanding bonded debt being supported by property taxes. Additional information on the City's long-term debt obligations can be found in the financial notes on pages 56-60.

Economic Factors and Next Year's Budget and Rates

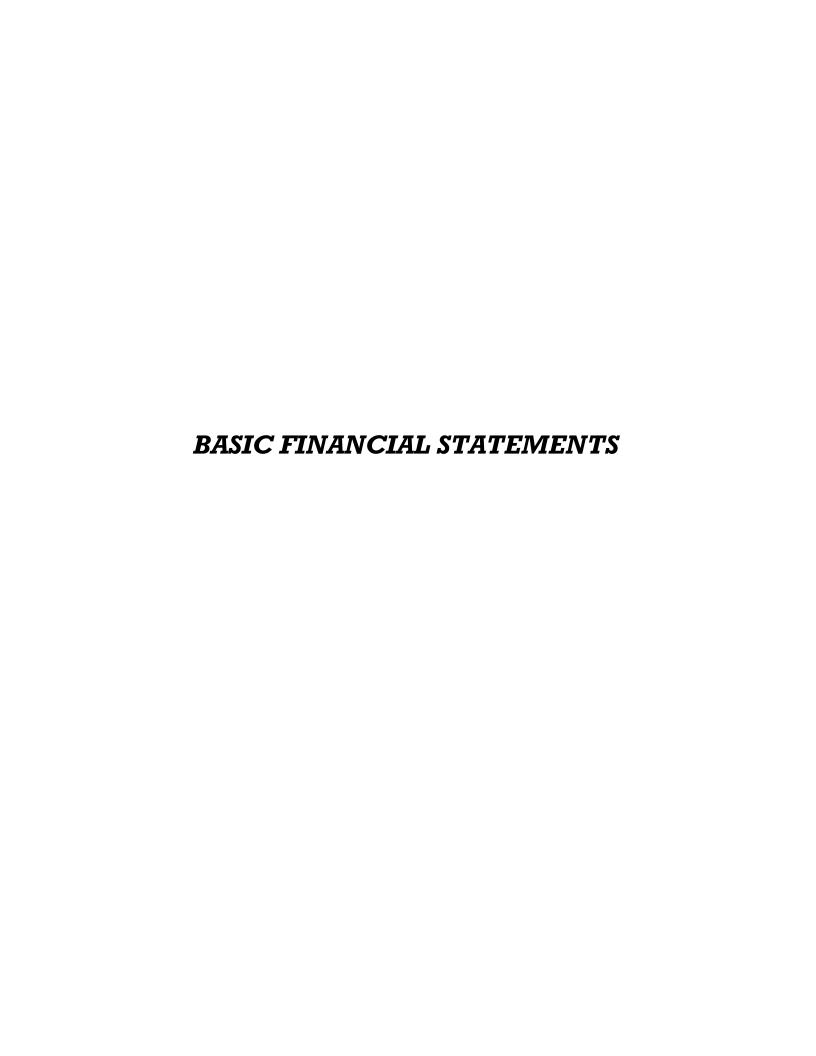

- Due to the ongoing COVID-19 pandemic and economic impacts, revenue estimates contained in the City of Statesville's 2021-2022 operating and capital budget continued on a conservative basis except for an estimated sales tax increase.
- The City did not increase its tax rate.
- Water and sewer rates were increased by 20% effective July 1, 2021 to provide for operations, capital and debt service obligations in the coming years due to major expansion projects at the City's sewer plants.
- The City expects to receive over \$8,000,000 through the American Rescue Plans.

**Request for Information** - This report is designed to provide an accurate and transparent overview of the City's finances for any stakeholder with an interest in this area. ### CITY OF STATESVILLE, NORTH CAROLINA STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES GOVERNMENTAL FUNDS

FOR THE FISCAL YEAR ENDED JUNE 30, 2021

|   | Total<br>Governmental<br>Funds           |    |             |
|---|--|----|-------------|
| Total net change in fund balances-governmental funds (continued)  |  | \$ | 6,019,680   |
| Amounts reported for governmental activities in the Statement of Activities are different   | because:                                 |    |             |
| Governmental funds report capital outlay as expenditures. However, in the Stat of Activities the cost of those assets is allocated over their estimated useful levie reported as depreciation expense. This is the amount by which capital outlay exdepreciated in the current period.  | s and                                    |    |             |
| Capital outlay Loss on disposal of asset Depreciation expense   | \$ 2,768,338<br>(914,082)<br>(3,039,228) |    | (1,184,972) |
| Revenues in the Statement of Activities that do not provide current financing resources are not reported as revenues in funds.  |  |    |             |
| Change in deferred revenue for tax revenues   | (66,578)                                 |    |             |
| Change in other receivables   | 114,118                                  |    |             |
| Pension expense - LGERS   | (1,092,725)                              |    |             |
| Pension expense - LEOSSA  | (280,066)                                |    |             |
| Other post-employment benefits  | 28,016                                   |    | (1,297,235) |
| The issuance of long-term provides current financing resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financing resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance cospremiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. |  |    |             |
| Principal redemption  | 867,402                                  |    |             |
| Decreases in accrued interest payable   | 6,485                                    |    | 873,887     |
| Some expenses reported in the Statement of Activities do not require the use of current financing resources and , therefore, are note reported as expenditures i governmental funds.  | n  |    |             |
| Compensated absences  | (127,481)                                |    | (127,481)   |
| Net income of internal service funds determined to be governmental-type   |  |    | 681,617     |
| Changes in net position of governmental activities (Exhibit 2)  |  | \$ | 4,965,496   |

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Statesville and its discretely presented component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

#### A. Reporting Entity

The City of Statesville is a municipal corporation that is governed by an elected Mayor and an eight-member Council. As required by generally accepted accounting principles, these financial statements present the City and its component units, legally separate entities for which the City is financially accountable. The discretely presented component units described below are reported in separate columns in the City's financial statements in order to emphasize that they are legally separate from the City. The discretely presented component units have a June 30 year end.

#### **Discretely Presented Component Units**

#### City of Statesville Alcoholic Beverage Control Board

The City of Statesville Alcoholic Beverage Control Board (the "ABC Board") operates within the City's geographical boundaries, exists for the benefit of its residents, and is governed by a City-appointed governing board. The City does not approve the Board's budget and does not select its management. The City does not finance any of the Board's deficits but is entitled to receive 40% of net income after deductions for required law enforcement, education, and proper working capital, plus liquor-by-the-drink net income. The Board is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the Board may be obtained from the entity's administrative offices at the City of Statesville Alcoholic Beverage Control Board, P.O. Box 902, 311 South Center Street, Statesville, NC 28677.

#### Statesville Convention and Visitors Bureau

The Statesville Convention and Visitors Bureau (the "CVB") was chartered as the Statesville Tourism Development Authority by S.L. 1988-112/House Bill 1568 of the 1998 session laws of the North Carolina General Assembly, effective August 20, 1998. During the year ended June 30, 2003, the Board, by resolution and change of by-laws, changed the name of the organization to Statesville Convention and Visitors Bureau. The purpose of the Bureau is to promote travel and tourism in the City of Statesville. The Statesville City Council appoints the Bureau's ninemember Board and designates its chair. The budget of the Bureau is approved by the Board of the Bureau and the Statesville City Council concurs with the budget. The Bureau is presented as if it were a governmental fund. Complete financial statements for the Bureau may be obtained from the entity's administrative offices at the Statesville Convention and Visitors Bureau, 300 S Center St, Statesville, NC 28677.

#### B. Basis of Presentation

Government-wide Statements: The Statement of Net Position and the Statement of Activities display information about the primary government and its component units. These statements include the financial activities of the overall government. Eliminations have been made to minimize the effect of internal activities upon revenues and expenses. Interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the Statement of Activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The effects of interfund activity have been eliminated from the government-wide financial statements.

Fund Financial Statements: The fund financial statements provide information about the City's funds. Separate statements for each fund category – governmental and proprietary – are presented. The City has no fiduciary funds to report. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

The City reports the following major governmental fund:

General Fund – The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, state and federal grants, and various other taxes and licenses. The primary expenditures are for public safety, streets, sanitation, recreation and parks, and general government.

**Proprietary funds'** operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings. The City reports the following major enterprise funds:

**Airport Fund** – The Airport Fund is used to account for the City's airport operations. For additional information, see financial note regarding change in accounting principles.

Electric Fund - The Electric Fund is used to account for the City's electric operations.

**Water and Sewer Fund** – The Water and Sewer Fund is used to account for the City's water and sewer operations.

**Civic Center Fund** – The Civic Center Fund is used to account for civic center activities such as weddings, musical events, meetings, and other special events.

Stormwater Fund - The Stormwater Fund is used to account for stormwater operations.

Additionally, the City reports the following non-major funds:

Non-major Special Revenue and Capital Project Funds – Non-major funds account for revenues, activities and capital projects for specific purposes. The City currently maintains thirteen non-major funds. They are the Occupancy Tax Fund, Home Program Fund, Drug Enforcement Fund, Economic Development Fund, Domestic Violence Grant Fund, Secondary E-911 Fund, General Equipment Capital Reserve Fund, Streetscape Capital Fund, Transportation Grant – TAP Fund, Brookdale NC – 21 Connector Fund, Shelton Avenue Multi-Use Path Fund, Municipal Service Center Fund, and the Bethlehem Road Capital Project Fund.

The City reports the following fund types:

Internal Service Fund – Internal Service Fund account for operations that provide services to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis. The City has one internal service fund, the Risk Management Fund, that accounts for the City's self-insured health plan that manages health claims and wellness program, self-insured worker's compensation that manages worker's compensation claims, and property and casualty liability insurance. The property and casualty liability insurance pays all losses above the deductible for general coverage, auto liability, police liability, public official's liability, municipal equipment and boiler and machinery. Each department or division contributes a defined share of premiums based upon respective exposures. Other revenue sources include collection of subrogated claims and interest earned. Insurance premiums, claims and costs are paid from the Fund.

#### C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the City are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City enterprise funds and of the City's internal service fund are charges to customers for sales and services. The City also recognizes as operating revenue the system development fees that are reserved in the Water and Sewer Capital Fund for future expansion. Operating expenses for enterprise funds and internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The City considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the current year. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, state law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as beer and wine tax, collected and held by the state at year-end on behalf of the City are recognized as revenue. Sales taxes are considered shared revenue for the City of Statesville because the tax is levied by Iredell County and then remitted to and distributed by the state. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have satisfied. Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

#### D. Budgetary Data

The City's budgets are adopted as required by North Carolina General Statutes. An annual budget ordinance is adopted for the General Fund, Occupancy Tax Fund, and enterprise funds. All annual appropriations lapse at fiscal yearend. Project ordinances are adopted for all other special revenue funds, the capital projects funds and the enterprise capital projects funds. The City's Risk Management Fund, internal service fund, operates under a financial plan that was adopted by the City Council at the time the City's budget ordinance was approved, as is required by the General Statutes. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds and at the project level for multi-year funds.

Expenditures may not legally exceed budgeted appropriations at the departmental level for all annually budgeted funds, funding source level for multi-year capital project funds, and fund level for enterprise capital project funds. However, in the related ordinance, the City Council authorizes the City Manager to approve transfers between departments of the same fund with an official written notification to the City Council. Department directors may request unlimited transfers of appropriations within their department with the concurrence of the City Manager and without governing board notification. Any revisions that alter total expenditures of any fund must be approved by the governing board. During the year, several amendments to the original budgets were necessary, the effects of which were not material. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

#### E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity

#### **Deposits and Investments**

All deposits of the City, the ABC Board, and the CVB are made in Board-designated official depositories and are secured as required by state law G.S. §159-31. The City, the ABC Board, and the CVB may designate, as an official depository, any bank or savings and loan association whose principal office is located in North Carolina. Also, the City, the ABC Board, and the CVB may establish time deposit accounts, money market accounts, and certificates of deposit.

State law G.S. §159-30(c) authorizes the City, the ABC Board, and the CVB to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and banker's acceptances and the North Carolina Capital Management Trust (NCCMT). The City's, and the ABC Board's, and the CVB's investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT - Governmental Portfolio, an SEC-registered (2a-7) money market fund, is measured at fair value. Because the NCCMT Government Portfolio has a weighted average maturity of less than 90 days, it is presented as an investment with a maturity of less than 6 months.

In accordance with state law, the City has invested in securities which are callable and which provide for periodic interest rate increases in specific increments until maturity. These investments are reported at fair value as determined by quoted market prices.

#### Cash and Cash Equivalents

The City pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents. All CVB funds are considered to be cash and cash equivalents.

#### **Restricted Assets**

Unexpended debt proceeds are presented as restricted cash as their use is completely restricted to the purposes for which the funds were received or designated for by an outside third party. Currently the Water and Sewer Fund has \$4,994,151 in unexpended debt proceeds. Powell Bill Funds are classified as restricted cash because it can be expended only for the purposes of maintaining, repairing, constructing, reconstructing, or widening of local streets per G.S. 136-41.1 through 136-41.4. Powell bill funds amount to \$733,308 held in the General Fund. Customer deposits held by the City before any services are supplied are restricted to the service for which the deposit was collected. Currently, the City presents as restricted assets the utility deposits of \$1,199,597 held by the Electric Fund, Planning Department deposits of \$6,811 in the General Fund. Advance from grantors is presented as restricted cash as their use is restricted to the purposes for which the grant funds were received or designated for by an outside third party. The Airport fund currently has \$250,000 as advance from grantors.

#### Ad Valorem Taxes Receivable

In accordance with state law G.S. §105-347 and G.S. §159-13(a), the City levies and creates a lien for ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. These taxes are due on September 1 (lien date); however, interest does not accrue until the following January 6<sup>th</sup>. The taxes levied are based on the assessed values as of January 1, 2020.

#### **Allowance for Doubtful Accounts**

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

#### **Inventory and Prepaid Items**

The inventories of the City are valued at cost, which approximates market, using the average cost method. The inventories of the City's General Fund consist of expendable supplies that are recorded as expenditures as used rather than when purchased.

The inventories of the City's enterprise funds consist of material and supplies held for subsequent use. The cost is expensed with consumed rather than when purchased.

The inventories of the ABC Board consist of supplies held for resale. The cost of these inventories is recorded as an expense as the inventories are consumed or sold.

Certain payments to vendors reflect costs applicable to future accounting periods, are recorded as prepaid items in both government-wide and fund financial statements and expensed as the items are used.

#### **Capital Assets**

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of one year. Minimum capitalization costs are as follows: buildings, improvements, substations, lines, and other plant and distribution systems, \$25,000; infrastructure, \$100,000; furniture, equipment, and vehicles, \$5,000. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to June 30, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received prior to June 30, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 30, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. General infrastructure assets acquired prior to July 1, 2003, consist of the road network and sidewalk sub-network assets that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The Statesville Convention and Visitors Bureau had no capital assets at June 30, 2021. Capital assets are depreciated using the straight-line method over the following estimated useful lives for City assets:

|                      | Estimated    |
|----------------------|--------------|
| Asset Class          | Useful Lives |
| Buildings            | 40 years     |
| Infrastructure       | 50 years     |
| Vehicles             | 6-10 years   |
| Substations and      |              |
| distribution systems | 20-40 years  |
| Other improvements   | 25 years     |

Property, plant, and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

|                       | Estimated           |
|-----------------------|---------------------|
| Asset Class           | <b>Useful Lives</b> |
| Land improvements     | 15 years            |
| Buildings             | 30 years            |
| Furniture & equipment | 5-7 years           |

#### **Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The City has two items, pension and OPEB deferrals, in the current year that meet this criterion. In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of

resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The City has several items that meet the criterion for this category - prepaid taxes, OPEB deferrals and pension deferrals.

#### **Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred. Prepaid insurance costs are expensed over the life of the debt. In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **Compensated Absences**

The vacation policies of the City, the ABC Board, and the CVB provide for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. For the City's government-wide and proprietary funds and the ABC Board and CVB, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The City has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements. The City provides its employees with compensated time at 1.5 times their regular rate in lieu of overtime pay up to 240 hours. After the 240 hours have been reached, the employees are paid overtime at 1.5 times their regular rate. Police and Fire earn holiday pay for those hours worked on official holidays.

The City's, the ABC Board's, and CVB's sick leave policies provide for an unlimited amount of earned sick leave. Sick leave for the City vests after 20 years of service and an expense and a liability are recorded. Sick leave does not vest for the ABC Board or CVB. The ABC Board and CVB have no obligation for accumulated sick leave until it is actually taken; thus, no accrual for sick leave has been made.

#### **Net Position/Fund Balances**

Net position in government-wide and proprietary fund financial statements are classified as net invested in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

#### **Fund Balances**

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent. The governmental fund types classify fund balances as follows:

Non-spendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - Portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Prepaid Items - Portion of fund balance that is not an available resource because it represents the prepaid items for the next year's expenditures.

<u>Restricted Fund Balance</u> – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State Statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as non-spendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Public Safety - Portion of fund balance that is restricted for drug seizure funds and police grants.

Restricted for Economic Development - Portion of fund balance that is restricted for home program (HUD) and occupancy tax funds.

Restricted for Transportation - Portion of fund balance that is restricted for Powell Bill funds.

<u>Committed Fund Balance</u> – Portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of City of Statesville's governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation. The City Council currently has committed \$252,739 for the

funding of the Law Enforcement Officers' Special Separation Allowance pension. The City Council also has committed \$4,841,135 for the funding of capital outlay within various capital projects.

<u>Assigned Fund Balance</u> – Portion of fund balance that the City of Statesville's governing board intends to use for specific purposes. The City Council has assigned \$1,000,000 for the funding of subsequent years appropriations.

<u>Unassigned Fund Balance</u> – That portion of total fund balance that is available for appropriation which has not been restricted, committed, or assigned to specific purposes or other funds. Only the General Fund may report a positive unassigned fund balance. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned for those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The City of Statesville has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, state funds, local non-City funds, and City funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and, lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the City.

#### Defined Benefit Cost-Sharing plans (Pensions)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The City of Statesville's employer contributions are recognized when due and the City of Statesville has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

#### II. DETAIL NOTES ON ALL FUNDS

#### A. Assets

#### **Deposits**

All of the deposits of the City, the ABC Board, and CVB are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed federal depository insurance coverage level are collateralized with securities held by the City's or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City, the ABC Board, and CVB, these deposits are considered to be held by the City's, the ABC Board's and CVB's agents in their names. The amount of the pledged collateral is based on an approved averaging method for noninterest-bearing deposits and the actual current balance for interest bearing deposits. Depositories using the Pooling

Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the City, the ABC Board, CVB or the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the City, the ABC Board, and CVB under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows.

However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The City, the ABC Board, and CVB do not have policies regarding custodial risk for deposits but relies on the State Treasurer to enforce standards of minimum capitalization for all Pooling Method financial institutions and to monitor them for compliance. The City complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2021, the City's deposits had a carrying amount of \$58,377,111 and a bank balances of \$58,391,930. The City maintained \$3,675 in petty cash and other funds. Of the bank balance, \$622,431 was covered by federal depository insurance, and the excess funds was covered by collateral held under the Pooling Method.

At June 30, 2021, the Statesville Convention and Visitors Bureau's deposits had a carrying amount of \$234,106 and a bank balance of \$235,846 all of which was covered by federal depository insurance. The Statesville Convention and Visitors Bureau maintained an investment with the NCCMT governmental fund of \$98,294 (see investment note).

At June 30, 2021, the ABC Board's deposits had a carrying amount of \$1,095,320 and a bank balance of \$1,035,420. Of the bank balance, \$250,000 was covered by federal depository insurance. Amounts in excess of FDIC insurance are collateralized under the Pooling Method.

At June 30, 2021 the City had \$46,057,197 with NCCMT Government Portfolio which carried a credit rating of AAAm by Standard and Poor's and AAAmf by Moody's Investors Service.

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of Fair Value Hierarchy: Level 1 debt securities are valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level 2 debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' benchmark quoted prices.

Interest Rate Risk. To reduce interest rate risk, the investments shall be diversified by (1) investing in securities in varying maturities and (2) continuously investing a portion of the portfolio in readily available funds such as a mutual fund for local government investment certified by the Local Government Commission pursuant to G.S. §159-30(c)(8), currently the North Carolina Capital Management Trust. The City's governing board enacted a formal investment policy that provides for diversification and minimizes credit risks by varying the investment's maturity dates.

Credit Risk. To reduce credit risk, the City's adopted investment policy provides that investment shall be diversified by (1) limiting investments to avoid over-concentration in securities from a specific issuer or business sector, excluding U.S. Treasury securities, and (2) Limiting investment in securities that have higher credit risks. The City's and CVB's investment in the NC Capital Management Trust Government Portfolio carried a credit rating of AAAm by Standard & Poor's and AAA-mf by Moody's Investors Service as of June 30, 2021.

As of June 30, 2021, the City's investment balances were as follows:

Total

|                            | Valuation          |            |            |        |
|----------------------------|--------------------|------------|------------|--------|
|                            | Measurement        |            | Less 6     | 6-12   |
| Investment Type            | Method             | Fair Value | Months     | Months |
| NCCMT Government Portfolio | Fair Value Level 1 | 46,057,197 | 46,057,197 | -      |
|                            |                    |            |            |        |

#### **Pension Plan Obligations**

a. North Carolina Local Government Employees' Retirement System

Plan Description. The City of Statesville and the ABC Board are participating employers in the statewide Local Governmental Employees' Retirement System (LGERS), a costsharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. provides retirement and disability benefits to plan members and beneficiaries. The CVB does not participate in LGERS. Article 3 of G. S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members - nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report for the State of North Carolina. The state's Annual Comprehensive Financial Report includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters).

Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. City of Statesville employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The City of Statesville's contractually required contribution rate for the year ended June 30, 2021, was 10.84% of compensation for law enforcement officers and 10.22% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the City of Statesville were \$2,157,902 for the year ended June 30, 2021.

Refunds of Contributions. City employees, who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the City reported a liability of \$10,412,251 for its proportionate share of the net pension liability and the ABC Board reported \$111,135. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The City's proportion of the net pension liability was based on a projection of the City's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2020, (measurement date) the City's proportion was .29138%, which was an increase of .00356% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the City recognized pension expense of \$3,614,871. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred     | Deferred   |  |
|---|--------------|------------|--|
|   | Outflows of  | Inflows of |  |
|   | Resources    | Resources  |  |
| Differences between expected and actual experience        | \$ 1,314,886 | \$ -       |  |
| Changes of assumptions                                    | 774,876      | -          |  |
| Net difference between projected and actual earnings on   |              |            |  |
| pension plan investments                                  | 1,465,245    | -          |  |
| Changes in proportion and differences between employer    |              |            |  |
| contributions and proportionate share of contributions    | 116,602      | 64,797     |  |
| Employer contributions subsequent to the measurement date | 2,157,902    | -          |  |
|   |              |            |  |
| Total   | \$ 5,829,511 | \$ 64,797  |  |
|   |              |            |  |

\$2,157,902 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending |                 |  |  |
|-------------|-----------------|--|--|
| June 30     | Amount          |  |  |
| 2022        | \$<br>1,033,622 |  |  |
| 2023        | 1,356,638       |  |  |
| 2024        | 782,912         |  |  |
| 2025        | 433,640         |  |  |
| 2026        | -               |  |  |
| Thereafter  | _               |  |  |
|             |                 |  |  |
| Total       | \$<br>3,606,812 |  |  |

Actuarial Assumptions. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 3.0 percent

Salary increases 3.50 to 8.10 percent, including inflation and

productivity factor

Discount rate 7.00 percent, net of pension plan investment

expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements. The actuarial assumptions used in the December 31, 2019 valuation with the exception of the discount rate were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014. Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns, and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis.

These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2020 are summarized in the following table:

|                      |            | Long-Term      |
|----------------------|------------|----------------|
|                      | Target     | Expected Real  |
| Asset Class          | Allocation | Rate of Return |
| Fixed income         | 29.0%      | 1.4%           |
| Global equity        | 42.0%      | 5.3%           |
| Real estate          | 8.0%       | 4.3%           |
| Alternatives         | 8.0%       | 8.9%           |
| Credit               | 7.0%       | 6.0%           |
| Inflation protection | 6.0%       | 4.0%           |
|                      | 100%       |                |

The information above is based on 30-year expectations developed with the consulting actuary for the 2020 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount Rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the City's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate:

|                      | 1%            | Discount      | 1%           |
|----------------------|---------------|---------------|--------------|
| City's Proportionate | Decrease      | Rate          | Increase     |
| Share of the Net     | (6.00%)       | (7.00%)       | (8.00%)      |
| pension liability    | \$ 21,125,318 | \$ 10,412,251 | \$ 1,508,935 |

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report (ACFR) for the State of North Carolina.

#### b. Law Enforcement Officers' Special Separation Allowance

1) Plan Description. The City of Statesville and the ABC Board administer a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the City's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to .85% of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. A separate report was not issued for the plan.

All full-time law enforcement officers of the City and the ABC Board are covered by the Separation Allowance. At December 31, 2019, the Separation Allowance's membership consisted of:

|   | City | ABC Board |
|---|------|-----------|
| Inactive members currently receiving benefits | 12   | 0         |
| Active plan members                           | 67   | 0         |
| Total   | 79   | 0         |

#### 2) Summary of Significant Accounting Policies:

Basis of Accounting – The City has chosen to fund the Separation Allowance on a payas-you-go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. The ABC Board has chosen to fund the Separation Allowance on a "pay-as-you-go" basis. Benefits are recognized when due and are payable in accordance with terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria outlined in GASB Statements 73.

Actuarial Assumptions – The entry age actuarial normal cost method was used in the December 31, 2019 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50 percent

Salary increases 3.25 to 7.75 percent, including inflation and

productivity factor

Discount rate 1.93 percent

The discount rate used to measure the TPL is the S&P Municipal Bond 20-Year High Grade Rate Index.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an experience study completed by the Actuary for the Local Government Employees' Retirement System for the five-year period ending December 31, 2014.

Deaths After Retirement (Healthy): Mortality rates are based on the Safety Mortality Table for Retirees. Rates for all members are multiplied by 97% and Set Forward 1 year.

Deaths Before Retirement: Mortality rates are based on the Safety Mortality Table for Employees.

Deaths After Retirement (Beneficiary): Mortality rates are based on the Below-median Teachers Mortality Table for Contingent Survivors. Rates for make members are Set Forward 3 years. Rates for female members are Set Forward 1 year. Because the contingent survivor tables have no rates prior to age 45, the Below-median Teachers Mortality Table for Employees is used for ages less than 45.

Deaths After Retirement (Disabled): Mortality rates are based on the Non-Safety Mortality Table for Disabled Retirees. Rates are Set Back 3 years for all ages.

Contributions – The City is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay-asyou-go basis through appropriations made in the General Fund operating budget. The City's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. There were no contributions made by employees. The City paid \$174,420, and the ABC Board paid \$0 as benefits came due for the reporting period.

#### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the City reported a total pension liability of \$3,605,212. The total pension liability was measured as of December 31, 2020 based on a December 31, 2019 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2020 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2021, the City recognized pension expense of \$450,989.

|   | Deferred<br>Outflows of<br>Resources |                              | Deferred<br>Inflows of<br>Resources |                  |
|---|--------------------------------------|------------------------------|-------------------------------------|------------------|
| Difference between expected and actual experience<br>Changes in assumptions and other inputs<br>Benefit payments subsequent to the measurement date | \$                                   | 322,296<br>808,065<br>81,711 | \$                                  | -<br>53,904<br>- |
| Total   | \$                                   | 1,212,072                    | \$                                  | 53,904           |

\$81,711 paid as benefits came due subsequent to the measurement date have been reported as deferred outflows of resources and will be recognized as a decrease of the total pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending |              |  |
|-------------|--------------|--|
| June 30     | Amount       |  |
| 2022        | \$ 254,732   |  |
| 2023        | 258,828      |  |
| 2024        | 212,093      |  |
| 2025        | 215,556      |  |
| 2026        | 135,248      |  |
| Thereafter  | -            |  |
| Total       | \$ 1,076,457 |  |

Sensitivity of the City's Total Pension Liability to Changes in the Discount Rate. The following presents the City's total pension liability calculated using the discount rate of 1.93 percent, as well as what the City's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (0.93 percent) or 1-percentage-point higher (2.93 percent) than the current rate:

|                         | 1%           | Discount     | 1%           |
|-------------------------|--------------|--------------|--------------|
|                         | Decrease     | Rate         | Increase     |
|                         | (0.93%)      | (1.93%)      | (2.93%)      |
| Total pension liability | \$ 3,910,569 | \$ 3,605,212 | \$ 3,327,077 |

## Schedule of Changes in Total Pension Liability Law Enforcements' Special Separation Allowance

|   | 2021            |
|---|-----------------|
| Beginning balance, total pension liability        | \$<br>2,468,072 |
| Changes for the year:                             |                 |
| Service cost at end of year                       | 118,641         |
| Interest  | 77,616          |
| Difference between expected and actual experience | 247,035         |
| Changes in assumptions and other inputs           | 868,268         |
| Benefit payments                                  | (174,420)       |
| Net changes                                       | 1,137,140       |
| Ending balance, total pension liability           | \$<br>3,605,212 |

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an experience study completed by the Actuary for the Local Government Employees' Retirement System for the five-year period ending December 31, 2014.

## Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources of Related to Pensions

Following is information related to the proportionate share and pension expense for all pension plans:

|  | LGERS |            | LEOSSA |           |    | Total      |
|--|-------|------------|--------|-----------|----|------------|
| Pension expense  | \$    | 3,614,871  | \$     | 450,989   | \$ | 4,065,860  |
| Pension liability                                      |       | 10,412,251 |        | 3,605,212 |    | 14,017,463 |
| Proportionate share of the net pension liability       |       | 0.29138%   |        | N/A       |    | -          |
| Deferred of Outflows of Resources:                     |       |            |        |           |    |            |

#### c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The City and the ABC Board contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the City and ABC Board. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Annual Comprehensive Financial Report (ACFR) for the State of North Carolina. The state's ACFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 required the City to contribute each month an amount equal to 5% of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the Plan.

The City's contribution for the year ended June 30, 2021, was \$212,159. No amounts were forfeited. The City provides a Section 401(k) plan for this purpose. The ABC Board's contributions for the year ended June 30, 2021 were \$20,271.

City provides a 401K matching program where the City will match 50% of those employees' participating in the 401K program up to maximum of 2.50%.

## Other Post-Employment Benefits (OPEB)

#### a. Healthcare Benefits

Plan Description. Under the terms of a City resolution, the City administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). The City Board has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits Provided. Participating retired employees are required to pay for coverage based on the City's current funding rates for the group as determined by the third-party administrator. Health care and prescription drug coverage are available to eligible retirees under age 65. Dental coverage is available at the retirees' expense. The retiree may continue dependent coverage (and pay the full cost of this coverage) if enrolled in dependent coverage at the time of retirement. Dependent coverage terminates upon the spouse becoming eligible for Medicare, upon the retiree becoming eligible for Medicare, or upon the retirees' death, whichever comes first. The City Council may amend the benefit provisions. A separate report was not issued for the plan. Retired employee members and active employee's membership in the HCB Plan consisted of the following at June 30, 2020, the date of the latest actuarial valuation:

|                                   | City |
|-----------------------------------|------|
| Inactive members or beneficiaries |      |
| currently receiving benefits      | 20   |
| Active members                    | 401  |
| Total                             | 421  |

#### **Total OPEB Liability**

The City's total OPEB liability of \$1,207,781 was measured as of June 30, 2020 and was determined by an actuarial valuation as of June 30, 2020.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation 2.50 percent

Salary increases 3.50 to 7.75 percent, including wage inflation

Discount rate 2.21 percent

Healthcare Cost Trends:

Pre-Medicare 7.00 percent for 2020 decreasing to an ultimate

rate of 4.50% by 2030

### **Changes in the Total OPEB Liability**

| Balance as of July 1, 2020                        | \$<br>1,736,228 |
|---|-----------------|
| Changes for the year:                             |                 |
| Service cost at the end of year                   | 73,421          |
| Interest  | 62,142          |
| Difference between expected and actual experience | (758, 181)      |
| Changes in assumptions and other inputs           | 163,076         |
| Benefit payments                                  | <br>(68,905)    |
| Net changes                                       | (528,447)       |
| •   |                 |
| Balance as of June 30, 2021                       | \$<br>1,207,781 |

Changes in assumptions and other inputs reflect a change in the discount rate from 3.50% to 2.21%.

The City selected a Municipal Bond Index Rate equal to the Bond Buyer 20-year General Obligation Bond Index published at the last Thursday of June by The Bond Buyer, and the Municipal Bond Index Rate as of the measurement date as the discount rate used to measure the TOL.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014, adopted by the LGERS board.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2020 valuation were based on a review of recent plan experience performed concurrently with the June 30, 2020 valuation.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21 percent) or 1-percentage-point higher (3.21 percent) than the current discount rate:

|                      | 1%           | Discount     | 1%           |
|----------------------|--------------|--------------|--------------|
|                      | Decrease     | Rate         | Increase     |
|                      | (1.21%)      | (2.21%)      | (3.21%)      |
| Total OPEB liability | \$ 1,351,246 | \$ 1,207,781 | \$ 1,080,604 |

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

|                      |    | 1%        |    | 1%        |    |           |
|----------------------|----|-----------|----|-----------|----|-----------|
|                      | ]  | Decrease  |    | Rate      |    | Increase  |
| Total OPEB liability | \$ | 1,044,320 | \$ | 1,207,781 | \$ | 1,406,894 |

## OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the City recognized OPEB expense of \$1,075. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|   | L  | )eferred   | J         | Deferred   |  |
|---|----|------------|-----------|------------|--|
|   | Οι | utflows of | 0         | utflows of |  |
|   | R  | esources   | Resources |            |  |
| Difference between expected and actual experience | \$ |            | \$        | 888,789    |  |
| Benefit payments made and administrative expenses |    |            |           |            |  |
| incurred subsequent to the measurement date       |    | 135,869    |           | -          |  |
| Changes in assumptions and other inputs           |    | 194,497    |           | 351,280    |  |
|   |    | _          |           |            |  |
| Total   | \$ | 330,366    | \$        | 1,240,069  |  |
|   |    |            |           |            |  |

\$135,869 reported as deferred outflows of resources related to OPEB resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total OPEB liability in the year ending June 30, 2022. Other amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

## OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

| Year Ending |        |             |  |  |
|-------------|--------|-------------|--|--|
| June 30     | Amount |             |  |  |
| 2022        | \$     | (142,488)   |  |  |
| 2023        |        | (142,488)   |  |  |
| 2024        |        | (142,488)   |  |  |
| 2025        |        | (142,488)   |  |  |
| 2026        |        | (142,488)   |  |  |
| Thereafter  |        | (333,132)   |  |  |
| Total       | \$     | (1,045,572) |  |  |

#### **Other Employee Benefits**

Life Insurance. The City has also elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Government Employee's Retirement System (Death Benefit Plan), a multiple-employer, state-administered, cost-sharing plan active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. The City also provides additional term life insurance and any amounts over the \$50,000 term life insurance limit is considered taxable. The contributions to the death benefit plan cannot be separated between the post-employment benefit amount and the other benefit amount. The City and the ABC Board have no liability beyond the payment of monthly contributions. Contributions are determined as a percentage of monthly payrolls, based upon rates established annually by the state. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. Because the benefit payments are made by the Death Benefit Plan and not by the City and the ABC Board, the City and the ABC Board does not determine the number of eligible participants. The City considers these contributions to be immaterial.

### **Deferred Outflows and Inflows of Resources**

The City has several deferred outflows of resources. Deferred outflows of resources are comprised of the following:

| Source   | Amount       |
|--|--------------|
| LGERS contributions to pension in current fiscal year                | \$ 2,157,902 |
| Benefit payments and administrative expenses for LEOSSA              |              |
| made subsequent to measurement date                                  | 81,711       |
| OPEB benefit payments made subsequent to measurement date            | 135,869      |
| Differences between expected and actual experience                   | 1,637,182    |
| Changes in assumptions   | 1,777,438    |
| Net difference between projected and actual earnings on pension plan | 1,465,245    |
| Changes in proportion and differences between employer contributions |              |
| and proportionate share of contributions                             | 116,602      |
|  |              |
| Total deferred outflows of resources                                 | \$ 7,371,949 |

Deferred inflows of resources at year end are comprised of the following:

|                                       | Statement of<br>Net Position |           |    |         | Nonmajor<br>Funds |         |
|---------------------------------------|------------------------------|-----------|----|---------|-------------------|---------|
| Prepaid taxes                         | \$                           | 66,212    | \$ | 66,212  | \$                | _       |
| Property taxes - General Fund         |                              | -         |    | 42,390  |                   | -       |
| Other receivables                     |                              | -         |    | 124,361 |                   | 569,193 |
| OPEB difference between expected and  |                              |           |    |         |                   |         |
| actual experience                     |                              | 1,240,069 |    | -       |                   | -       |
| Changes in proportion and differences |                              |           |    |         |                   |         |
| between employer and proportionate    |                              |           |    |         |                   |         |
| share of contributions                |                              | 118,701   |    | -       |                   | -       |
|                                       |                              |           |    |         |                   |         |
| Total deferred inflows of resources   | \$                           | 1,424,982 | \$ | 232,963 | \$                | 569,193 |

#### **Risk Management**

- a. General Liability, Surety Bonds, Property Insurance and Auto Liability. The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases various insurance policies, including general liability and auto liability coverage of \$4 million per occurrence, property coverage of \$105,879,205 per occurrence (after a \$10,000 deductible). The City carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year and settled claims have not exceeded coverage in any of the past three fiscal years. The City's flood insurance is \$1,000,000 with a \$50,000 deductible. In accordance with G.S. 159-29, the City's employees that have access to \$100 or more at any given time of the City's funds are performance bonded through a commercial surety bond. The Finance Director and the Tax Collector are bonded for \$250,000 and \$50,000, respectively. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.
- b. Self-funded Group Health. The City is exposed to various risks of loss related to medical and illness needs of employees. The City and employees participate in a cost-share plan for group health insurance. The City established the Health Insurance Fund (Internal Service Fund) to account for its self-insurance plan. The City has contracted with the Aetna to administer the plan. The City is responsible for claims up to \$150,000 per covered employee/dependent per policy term. Claims greater than \$150,000 per covered employee/dependent per policy term, and those in excess of the aggregate stop loss of 125% of expected net claims, are insured by the private insurance carrier. All employees of the City are eligible to participate in the program and make payments to the Health Insurance Fund based on actuarial estimates of the amounts needed to pay claims. The claims liability of \$363,000 reported in the fund at June 30, 2021 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The \$363,000 claims liability represents total estimated claims incurred but not reported (IBNR), as provided by the plan administrator's actuary.
- c. Self-funded Workers' Compensation. The City is self-funded for workers' compensation. Through this self-funded workers' compensation program, the City obtains workers' compensation coverage up to the statutory limits, with no deductible. The workers' compensation program is administered by a third-party administrator. The fund is reinsured through an insurance company for single occurrence losses of \$400,000 for all City employees. The claims liability of \$282,281 reported in the fund at June 30, 2021 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The \$282,281 claims liability represents total estimated claims incurred but not reported (IBNR), as provided by the plan administrator's actuary.

### **Claims and Judgments**

At June 30, 2021, the City was a defendant to various lawsuits; however, no provision has been made in the financial statements for any contingent liabilities. In the opinion of the City's management and the City attorney, the ultimate outcome of these legal matters will not have a material adverse effect on the City's financial position.

#### **Long-Term Obligations**

a. Notes Payable.

The ABC Board's annual report dated June 30, 2021 reported the following outstanding long-term debt:

The ABC Board has a note payable with a bank secured by real estate. At June 30, 2021, the outstanding balance was \$529,221. Monthly payments of principal and interest are \$5,265 per month. The note bears interest rate of 3.25% per annum. Maturity is on May 24, 2031. Maturities are as follows:

| Year  | Endina |  |
|-------|--------|--|
| 1 Cai | шиши   |  |

| June 30 | F         | Principal |    | nterest |
|---------|-----------|-----------|----|---------|
| 2022    | \$ 48,009 |           | \$ | 16,368  |
| 2023    |           | 49,464    |    | 14,790  |
| 2024    |           | 50,964    |    | 13,163  |
| 2025    |           | 52,509    |    | 11,488  |
| Beyond  |           | 328,275   |    | 30,912  |
| Total   | \$        | 529,221   | \$ | 86,721  |

The ABC Board has a line of credit with a bank that is unsecured. At June 30, 2021, the outstanding balance was \$0. The note bears interest at 4.125% per annum and matures on December 31, 2048.

The ABC Board's accumulated vacation at June 30, 2021 was \$43,965. The current portion of the accumulated vacation pay is not considered material.

| No interest rate note payable to the state of North Carolina Clean Water State Revolving Loan Fund in 20 annual installments beginning with \$237,247 reduced to \$192,401 and annual of \$222,999 thereafter through 2036. | <br>3,334,479    |
| Total Water and Sewer Fund debt   | \$<br>25,933,690 |

The City's outstanding notes from direct placements related to governmental activities is \$1,082,598.

A note of \$1,082,598 which is secured with collateral of the items being created with the debt contains a provision that an event of default would result in: (1) the timing of repayment of outstanding amounts become immediately due; (2) enforce the City's performance of the applicable covenants of the agreement or recover for the breach thereof; (3) pay over any balance remaining in any applicable project funds to be applied against outstanding required payments in any manner the bank may reasonably deem appropriate; and (4) avail itself of all available remedies under the agreement, including execution and foreclosure under execution on personal property or foreclosure and recovery of attorney's fees and other expenses.

The City's outstanding notes from direct borrowings related to business-type activities is \$25,933,690.

A direct borrowing note of \$150,000 which is secured with collateral of items being created with the debt contains a provision that states, failure to adopt on or before completion of project, place into effect and agree to maintain the principal sum is paid, a schedule of fees that will adequately provide for proper operation, maintenance and administrations of the project and for repayment of all principal of and interest on loans. In the event of default, monies owed to the City by the State of North Carolina may be used to satisfy the debt requirement.

A direct borrowing note of \$5,000,000 which is secured with collateral of items being created with the debt contains a provision that states, failure to adopt on or before completion of project, place into effect and agree to maintain the principal sum is paid, a schedule of fees that will adequately provide for proper operation, maintenance and administrations of the project and for repayment of all principal of and interest on loans. In the event of default, monies owed to the City by the State of North Carolina may be used to satisfy the debt requirement.

A direct borrowing note of \$246,806 which is secured with collateral of items being created with the debt contains a provision that states, failure to adopt on or before completion of project, place into effect and agree to maintain the principal sum is paid, a schedule of fees that will adequately provide for proper operation, maintenance and administrations of the project and for repayment of all principal of and interest on loans. In the event of default, monies owed to the City by the State of North Carolina may be used to satisfy the debt requirement.

A direct borrowing note of \$3,640,634 which is secured with collateral of items being created with the debt contains a provision that states, failure to adopt on or before completion of project, place into effect and agree to maintain the principal sum is paid, a schedule of fees that will adequately provide for proper operation, maintenance and administrations of the project and for repayment of all principal of and interest on loans. In the event of default, monies owed to the City by the State of North Carolina may be used to satisfy the debt requirement.

A direct borrowing note of \$13,561,771 which is secured with collateral of items being created with the debt contains a provision that states, failure to adopt on or before completion of project, place into effect and agree to maintain the principal sum is paid, a schedule of fees that will adequately provide for proper operation, maintenance and administrations of the project and for repayment of all principal of and interest on loans. In the event of default, monies owed to the City by the State of North Carolina may be used to satisfy the debt requirement.

A direct borrowing note of \$3,334,479 which is secured with collateral of items being created with the debt contains a provision that states, failure to adopt on or before completion of project, place into effect and agree to maintain the principal sum is paid, a schedule of fees that will adequately provide for proper operation, maintenance and administrations of the project and for repayment of all principal of and interest on loans. In the event of default, monies owed to the City by the State of North Carolina may be used to satisfy the debt requirement.

The following table summarizes the annual requirements to amortize all long-term debt outstanding:

|                                | Notes Payable |               |           |           |    | Total Debt |  |  |

The composition of interfund balances as of June 30, 2021 is as follows:

An interfund loan of \$5,474,161 which is secured with collateral of items being created with the debt contains a provision that states, failure to adopt on or before completion of project, place into effect and agree to maintain the principal sum is paid, a schedule of fees that will adequately provide for proper operation, maintenance and administrations of the project and for repayment of all principal of and interest on loans.

An interfund loan of \$3,210,000 which is secured with collateral of items being created with the debt contains a provision that states, failure to adopt on or before completion of project, place into effect and agree to maintain the principal sum is paid, a schedule of fees that will adequately provide for proper operation, maintenance and administrations of the project and for repayment of all principal of and interest on loans.

Serviced by the Airport Fund:

A variable rate interfund loan from the Electric Fund to the Airport Fund in 20 annual installments of \$273,708 beginning in 2022 through 2041, plus applicable interest.

\$ 5,474,161

000 451

Serviced by the Water and Sewer Fund:

A variable rate interfund loan from the Electric Fund to the Water and Sewer Fund in

\$ 3,210,000

Due to/from other funds at June 30, 2021 consist of the following:

| Receivable Fund | Payable Fund                | <u>Amount</u> | <u>Purpose</u>                 |
|-----------------|-----------------------------|---------------|--------------------------------|
| General Fund    | Shelton Ave. Multi-Use Path | \$173,469     | Short-term cash shortfall      |
|                 |                             |               | due to timing of grant revenue |

The following table summarizes the annual requirements to amortize all interfund payables:

|  | ]    | Principal     |    | Interest | 7  | otal I<br>Payn |               |

## III. JOINTLY GOVERNED ORGANIZATIONS

### North Carolina Municipal Power Agency Number 1

The City is a member of the North Carolina Municipal Power Agency Number 1 (Agency). The purpose of the Agency was to issue bonds and to purchase a 75% interest in the Catawba Project Number 2 Nuclear Station Generating Plant and a 37% interest in the Support Facilities of the Station. The City of Statesville is contractually allocated, under power sales agreement, a 9.8639% interest in the Agency, with the balance being shared by eighteen other municipalities. Each municipality appoints one commissioner to the Agency's governing board.

The Agency's outstanding long-term debt less current maturities as of December 31, 2017 was \$974,125,000. The City of Statesville, in the event of payment default by other members, would be liable for a pro rata share of the increase, not to exceed 125% of the originally agreed-upon share. Therefore, the City's share would never exceed 12.3299% of the total operating expenses (including debt service) of the Agency.

The City is billed monthly for 9.8639% of the operating expenditures (including debt service) of the Agency and is obligated to purchase all bulk power supply requirements from the Agency. All payments to the Agency by the City must be made from operating revenues of the Electric Fund, and cannot, by law, be paid by other revenues earned or taxes levied by the City. The City agrees that it will fix and collect rates at a sufficient amount to provide for the pro rata costs and other operating expenses of its Electric Fund. Except for the power sales purchase requirements, no municipality has any obligation, entitlement, or residual interest. The City's purchase of power for the fiscal year ended June 30, 2021 totaled \$33,814,772 to the Agency, \$702,315 to the Southeast Power Agency and \$8,210 for customer's co-generation for a total of \$34,517,087.

#### **Centralina Council of Governments**

The City, in conjunction with eight counties and 49 other municipalities established the Centralina Council of Governments (COG). The participating governments established the COG to coordinate various funding received from federal and state agencies. Each participating government appoints one member to the COG's governing board. The City paid membership fees of \$6,198 to the COG during the fiscal year ended June 30, 2021.

#### IV. JOINT VENTURE

The City and the members of the City's fire department each appoint two members to the five-member local Board of Trustees for the Firefighter's Relief Fund. The State Insurance Commissioner appoints one additional member to the local board of trustees. The Fireman's Relief Fund is funded by a portion of the fire and lighting insurance premiums that insurers remit to the state. The state passes these moneys to the local board of the Firefighter's Relief Fund. The funds are used to assist fire fighters in various ways. The City obtains an ongoing financial benefit from the Fund for the on-behalf of payments for salaries and fringe benefits made to members of the City's fire department by the Board of Trustees. The participating governments do not have any equity interest in the joint venture, so no equity has been reflected in the financial statements at June 30, 2021. The Firefighter's Relief Fund does not issue separate audited financial statements. Instead, the local Board of Trustees files an annual financial report with the State Firefighter's Association. This report can be obtained from the Association at 323 West Jones Street, Suite 401, Raleigh, North Carolina 27603.

#### V. RELATED ORGANIZATION

The five-member Board of the City of Statesville Housing Authority is appointed by the Mayor of the City of Statesville. The City is accountable for the Housing Authority because it appoints the governing board; however, the City is not financially accountable for the Housing Authority. The City of Statesville is also disclosed as a related organization in the notes to the financial statements for the City of Statesville Housing Authority.

#### VI. SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

#### Federal-and State-Assisted Programs

The City has received proceeds from several federal and state grants. Periodic audits of the grants are required, and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

In March, 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19), a worldwide pandemic. The COVID-19 pandemic has had significant effects on global markets, supply chains, businesses, and communities. Specific to the City, COVID-19 is expected to impact various parts of its fiscal year 2021-22 operations and financial results. Management believes the City is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as events associated with the pandemic continue to develop.

#### VII. NET INVESTMENT IN CAPITAL ASSETS

|                                  | Governmental  | Business-Type  |  |  |  |
|----------------------------------|---------------|----------------|--|--|--|
|                                  | Activities    | Activities     |  |  |  |
| Capital assets                   | \$ 45,136,128 | \$ 150,267,605 |  |  |  |
| less: long-term debt             | 1,082,598     | 25,933,690     |  |  |  |
| add: unspent debt proceeds       |               | 4,994,151      |  |  |  |
|                                  |               |                |  |  |  |
| Net investment in capital assets | \$ 44,053,530 | \$ 129,328,066 |  |  |  |

#### VIII. FUND BALANCE

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriation:

| Total fund balance - General Fund         |    | 32,288,395 |
|---|----|------------|
|   |    |            |
| Less: Inventory                           |    | 17,331     |
| Stabilization by state statute            |    | 7,085,880  |
| Transportation                            |    | 733,308    |
| Separation Allowance - law enforcement    |    | 252,739    |
| Subsequent year's appropriations          |    | 1,000,000  |
| Prepaids                                  |    | 9,214      |
| Unassigned - available for appropriations | \$ | 23,189,923 |

The outstanding encumbrances are amounts needed to pay any commitments related to purchase orders and contracts that remain unperformed at year-end. Outstanding encumbrances at year end for the General Fund were \$2,396,227.

## IX. Subsequent Events

The City of Statesville was awarded \$8,773,103 from the Federal American Rescue Plan (ARP). Subsequent to year-end the City of Statesville received \$4,386,552. The remaining amount of \$4,386,551 is expected to be received within the next 12 months.

#### Notes:

<sup>(1)</sup> Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net assets are considered restricted when 1) externally imposed by creditors (such as debt convenants), grantors, contributors, or laws or regulation of other governments or 2) imposed by law through constitutional provisions or enabling legislation.

#### Notes:

<sup>(1)</sup> Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net assets are considered restricted when 1) externally imposed by creditors (such as debt convenants), grantors, contributors, or laws or regulation of other governments or 2) imposed by law through constitutional provisions or enabling legislation.

<sup>(1)</sup> Assessed valuations are established by the Board of County Commissioners at 100 percent of estimated market value. A revaluation of real property is required by the North Carolina General Statutes at least every eight years. The last revaluation was completed January 1, 2019, levied for fiscal year ending June 30, 2020. Tax rates for the City and districts are found on Table 13.

# Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

#### **Independent Auditor's Report**

To the Honorable Mayor and Members of the City Council City of Statesville Statesville, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Statesville, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 17, 2021. Our report includes a reference to other auditors who audited the financial statements of the City of Statesville ABC Board, as described in our report on the City of Statesville, North Carolina's financial statements. The financial statements of the City of Statesville ABC Board and the Statesville Convention and Visitors Bureau were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances or reportable non-compliance associated with the City of Statesville ABC Board or the Statesville Convention and Visitors Bureau.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Statesville's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Statesville's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be a material weakness or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Statesville's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; Required by the Uniform Guidance and the State Single Audit Implementation Act

#### **Independent Auditor's Report**

To the Honorable Mayor and Members of the City Council City of Statesville Statesville, North Carolina

#### Report on Compliance for Each Major Federal Program

We have audited the City of Statesville, North Carolina's compliance with the types of compliance requirements described in OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021. The City of Statesville's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings, Responses, and Questioned Costs.

### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the City of Statesville's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Statesville's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Statesville's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the City of Statesville complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

#### **Report on Internal Control over Compliance**

Management of the City of Statesville is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Statesville's internal control over compliance with the requirements that could have a direct and material effect on each major federal program in order to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Statesville's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Report on Compliance for Each Major State Program; Report on Internal Control Over Compliance; Required by the Uniform Guidance and the State Single Audit Implementation Act

#### **Independent Auditor's Report**

To the Honorable Mayor and Members of the City Council City of Statesville Statesville, North Carolina

#### Report on Compliance for Each Major State Program

We have audited the compliance of the City of Statesville, North Carolina, with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of the City of Statesville's major state programs for the year ended June 30, 2021. The City of Statesville's major state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings, Responses, and Questioned Costs.

#### Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the City of Statesville's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; applicable sections of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the City of Statesville's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the City of Statesville's compliance.

#### **Opinion on Each Major State Program**

In our opinion, the City of Statesville complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2021.

#### **Report on Internal Control over Compliance**

Management of the City of Statesville is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Statesville's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program in order to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Statesville's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material non-compliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### CITY OF STATESVILLE, NORTH CAROLINA SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS YEAR ENDED JUNE 30, 2021

#### Notes to the Schedule of Expenditures of Federal and State Financial Awards:

#### Note 1: Basis of Presentation

The accompanying Schedule of Expenditures of Federal and State Awards (SEFSA) includes the federal and state grant activity of the City of Statesville under the programs of the federal government and the State of North Carolina for the year ended June 30, 2021. The information in this SEFSA is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of the City of Statesville, it is not intended to and does not present the financial position, changes in net position or cash flows of the City of Statesville.

#### Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### Note 3: Indirect Cost Rate

The City of Statesville has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.
